Our Life Our Way William L. Rush 2019-10-29 Our Life Our Way, A Memoir of Active Faith, Profound Love, and Courageous Disability Rights explores an extraordinary love story grown out of engagement with both disability rights advocacy and Christian faith communities. This important memoir contains thoughtful, often-entertaining, and sometimes heart-wrenching anecdotes of a couple's journey to create their profoundly intimate relationship and Christian marriage, in a world not yet ready for them. William Rush and Christine Robinson's timely meeting, when the United States was close to granting civil rights to all Americans with disabilities, sets the stages for their intensely human and difficult journey of breaking down many societal and systemic barriers to full participation in the larger society. How will the couple deal with the local KKK grand dragon who is threatening William, an outspoken person with a significant disability? How will they respond to posturing state politicians using persons with disabilities as bargaining chips with potentially dire consequences? How will they react to well-meaning but not always well-informed government officials pushing quick fixes? Against such opposition, can they create their own life, supported by their local disability rights and Christian faith communities? Girded by a local Christian congregation's willingness to engage with this nontraditional couple, their faith is tested and grows stronger through much adversity. Faith-filled acts of mercy and grace and active and meaningful participation provide restoration on their arduous journey. Deepening their relationship with God results in a desire for a Christian marriage. Through a series of vignettes, several deeply human themes are explored: developing enduring relationships, standing up for one's rights and advocating for one's needs, and what it means to growing deeply in love with a faithful God while tribulations abound. Through sheer grit, they model for each of us how to create our own lives, our own way.

His Favorites Kate Walbert 2019-06-11 A “tense, taut, and thrilling” (Marie Claire) novel about a teenage girl, a predatory teacher, and a school’s complicity from the highly acclaimed, bestselling National Book Award finalist and author of *A Short History of Women*—“riveting, terrifying, exactly the book for our times” (Ann Patchett). They were on a lark, three teenaged girls speeding across the greens at night on a “borrowed” golf cart, drunk. The cart crashes and one of the girls lands violently in the rough, killed instantly. The driver, Jo, flees the hometown that has turned against her and enrolls at a prestigious boarding school. Her past weighs on her. She is responsible for the death of her best friend. She has tipped her parents’ rocky marriage into demise. She is ready to begin again, far away from the accident. “Devastatingly relevant” (Vogue) and “fueled by gorgeous writing” (NPR), *His Favorites* reveals the interior life of a young woman determined to navigate the treachery in a new world. Told from her perspective many years later, the story coolly describes a series of shattering events and a school that failed to protect her. “Before things turn treacherous, there’s a moment when predation can feel dangerously like kindness...Walbert understands this...His Favorites begs to be read” (Time).

Generational Dysfunctions Anica Walston 2011-05 *Generational Dysfunctions Vol. I.*, is a series of stories about four women's individual struggles. The stories are outlined by their own poetic piece which gives a small peek into the women's suffering and pain. These women reflect on their choices and decisions they have made which have paved the way to their current state of mind and circumstances. Some of them feel regret and pain. They refuse to accept their circumstances until it is too late. Their pride will not allow them to reveal their true identity of just being human. Then there are the women who will not waiver due to their position and try to embrace their conditions and learn from life's lessons. They hide from their truths and live by their own selfish reasoning. The women's reflections allow them to ponder bettering their current situations or living with the choices they have made. Their flaws are their internal scars. Not being self-aware may lead them to accept defeat, which will eventually be detrimental to their sanity. Detached, isolated, narcissistic, and deceitful are their imperfections. Their stories touch on issues which women have suffered throughout time. As heartbreaking as some of their realities appear their situations are realistic and relatable. *Generational Dysfunctions* is about what a woman will tolerate and deem acceptable as it directly relates to their own conditions.

Shadow of Victory David Weber 2016-11-01 The Mesan Alignment is revealed, and, for Honor Harrington and the Manticoran Star Kingdom, this means war! Unintended Consequences Sometimes things don't work out exactly as planned. The Mesan Alignment has a plan—one it's been working on for centuries. A plan to remake the galaxy and genetically improve the human race—its way. Until recently, things have gone pretty much as scheduled, but then the Alignment hit a minor bump in the road called the Star Empire of Manticore. So the Alignment engineered a war between the Solarian League, the biggest and most formidable interstellar power in human history. To help push things along, the Alignment launched a devastating sneak attack which destroyed the Royal Manticoran Navy's industrial infrastructure. And in order to undercut Manticore's galaxy-wide reputation as a star nation of its word, it launched Operation Janus—a false-flag covert operation to encourage rebellions it knows will fail by promising Manticoran support. The twin purposes are to harden Solarian determination to destroy the Star Empire once and for all, and to devastate the Star Empire's reputation with the rest of the galaxy. But even the best laid plans can have unintended consequences, and one of those consequences in this case may just be a new dawn of freedom for oppressed star nations everywhere. At the publisher's request, this title is sold without DRM (Digital Rights Management). About *Shadow of Freedom*: “This entry is just as exciting as Weber’s initial offering . . . The result is a fast-paced and action-packed story that follows [our characters] as they move from reaction to command of the situation. Fans of this venerable space opera will rejoice to see Honor back in action.”—Publishers Weekly “This latest Honor Harrington novel brings the saga to another crucial turning point . . . Readers may feel confident that they will be Honored many more times and enjoy it every time.”—Booklist About David Weber and the Honor Harrington series: “. . . everything you could want in a heroine . . . Excellent . . . plenty of action.”—Science Fiction Age “Brilliant! Brilliant! Brilliant!”—Anne McCaffrey “Compelling combat combined with engaging characters for a great space opera adventure.”—Locus

The Picture House Murders Fiona Veitch Smith 2023-08-29 'You know a book is good when you get up, realize you finished it last night and are really disappointed that you can't read it with your breakfast. This book reminds me of the best golden age of mystery writers, especially Agatha Christie and Dorothy Sayers... Can't wait for the next one!' Reader review 5 stars Murder is no occupation for a lady... or is it? 1929: Miss Clara Vale is a woman ahead of her time. But during the film, a fire suddenly engulfs the picture house, with tragic consequences. It seems at first an accident, but Clara soon begins to question if it was in fact a carefully orchestrated murder. She's suddenly in the middle of a deadly mystery and will discover her scientific skills make her a sleuth to be reckoned with... Can she catch the killer before they strike again? The first in a brand-new, glittering Golden Age cozy mystery series. Fans of Verity Bright, Helena Dixon and TE Kinsey will be hooked from the very first page to the final breathtaking finale.

Network Better Jeremy Marchant 2018-10-31 Most books and presentations on networking stick to its behavioural aspects. This approach is necessary but not sufficient. Successful networking is about the successful initiation and nurturing of relationships with other business people, which requires emotional intelligence and an understanding of how to apply it in order to sustain networking relationships. When networking is not going well (or at all), many businesspeople's response is 'OK, I'm doing what you told me. How come it isn't working?' The answer is that people don't so much need behavioural tips (though these are always useful and are included in this book), they need to understand why they are getting in their own way, and how to move aside. On the whole, people don't successfully change their behaviour without understanding why they should. *Network Better* provides the necessary insight into what's going on as well as many practical, tried-and-tested suggestions and encouragements to enable you to do just that.

The Domino Affect M.E. Austin 2023-10-23 Amy loves games almost as much as she loves music. This is a book of games that has music ringing in her ears. Bam! Bam-bam. Boom... Board games. Card games. Oh, puzzles too. Games of chance. Mind games. Head games... She's played one game for over a decade, all while listening to music. This has spread out over thirty-three years, which then turns into...nineteen more years. Maybe even more. Who knows? She doesn't know. She has never known. Why? Well, that's because she's lost. Lost... Always. The games follow her. Surround her. They're everywhere. Games she played yesterday, today, and games she's ready to play tomorrow. Each with a lesson. One she never thought she would have to learn...until the whole family packed up one day and moved. From that moment, everything changed, because this move, out of all her other moves, is the one that made her someone she doesn't quite remember. Truthfully, she can't remember much. That's why she writes it down. To remember things. Not everything. She does not want to remember all of it. LOL. There are things that she would like to forget. It's a never-ending issue. Issue. Nope. Plural (s). Issues. All...over the places. For the past twenty-four years, she has raised a family of three boys and a bunch of cats and dogs in between. But this isn't about that completely. She has been put under a microscope by the US government. And she hasn't had a real voice since forever ago. Hmm... 5 + 1 + 2 + 1 + 3 + 3 + 2 + 1 + 4 + 2 + 2 Anyway, this saga of a story will make you giggle, make you laugh out loud, and maybe make you sad. Maybe not. But she wants somebody to feel what she feels, because that way, she'll know that she's not crazy. What she is...she is happy, sad, mad, glad. Mainly mad. At everyone. Even her mom. That is why she wrote a story of happiness and pain. Frustration and anger. Joy and sorrow. Full of ups and downs, both good and bad. Madness and gladness. And every emotion she has never felt the right way. Or the left way. This book is full of self-discovery and her own personal issues, because she wakes up lost. Lost... Every day. Including yesterday, tomorrow, and at some point, today. Oh, boy. This is the start of everything. Again. Now sit down. Buckle up. And enjoy the ride.

Ducks in a Row??? Please Walt F. J. Goodridge 2013-02-27 This book is part of The Integrated Life(tm) series. THE CONCEPT: "In the pursuit of economic survival, bodily sustenance and social acceptance, people often (1) disregard their passion in order to focus on a practical career, (2) allow their diet to undermine their health, and (3) deny their sexual and gender wiring in order to conform to societal concepts of relationship. Therein lies the majority of unhappiness in our modern life." The solution is to live the integrated life! Take the Integrated Life(tm) online test at <http://www.integratedlifetest.com> and discover how integrated these areas of your life are! Then, read the book to learn what to do about it! **** THE DEFINITION: ducks in a row: Everything is ready, all preparations are complete. To have everything just the way you want it before you take the next step. usage example: "I definitely want to quit my job and pursue my passion, but I want to get all my ducks in a row before I hand in my resignation." THE FLAW: "I've never met a set of ducks who liked standing in a row for too long." Sure, we've all seen ducks in a row. The trouble is, watch them long enough and they eventually break formation. In other words, if you're waiting for things to be perfect and stay perfect for before you act on your dreams in general, and if your success quitting your job and becoming an entrepreneur in particular is contingent on those ducks staying in line for the duration of your adventure in freedom, you might be in for a rude awakening. THE TRUTH: "It's not about the freakin' ducks!! It never was and never will be." If you make it about the ducks, then you've got to keep herding ducks every day of your life. On the other hand, if you practice taking action regardless of what formation the ducks are in, you'll be better prepared for the realities of life and business! It's about finding the courage to do something you need to do whether the ducks are arranged the way you want them to be or not! It's your dirty little secret--a convenient excuse. And I'm going to expose it. The truth is, there ARE no ducks!!! THE STORY: "I felt like a piece of my soul was dying each day I showed up to work." Many years ago, I walked away from my soul-draining, life-sapping, energy-depleting, freedom-robbing job as a civil engineer, to become a passionpreneur and nomadpreneur. In this second in the In Search of a Better Belief System series, I'll take you through the step-by-step mental, emotional and physical process of what it took to make that decision, hand in my resignation, burn that bridge, and walk away from my "good job" with no safety net and not even a penny in savings! There was something in particular that gave me the courage to do it, and I'm going to share that with you in all its gory detail! Something will click for you.
