

Healing Love Thru The Tao

The Inner Smile - Mantak Chia 2008-08-12

A guide to the foundational practice of “smiling to the organs” to promote deep relaxation and internal health • Presents exercises that dissolve the physical and mental tensions that can cause energy blockages and unhealthy chi flow • Shows how to recognize illness at its inception on the organ level and how to balance the emotions to heal it
The Inner Smile is a practice that focuses gratitude and joy on the internal organs to resolve the physical and mental tensions that can lead to illness. In Taoism negative emotions--anger, sadness, depression, fear, and worry--are seen as low-grade energy that causes chronic disease and steals our major life force by creating energy blockages. Master Mantak Chia shows that the internal awareness produced by the simple yet powerful Inner Smile meditation practice flushes the organs of poisonous negative energy that may be blocking chi energy flow in order to nourish the entire body. Just as a genuine outer smile transmits positive energy and has the power to warm and heal, an inner smile produces a high grade of energy that promotes powerful internal healing, deep relaxation, happiness, and longevity. Smiling to the organs and thanking them for the work they do helps to reawaken the intelligence of the body, which, once activated, can dissipate emotional imbalances and inner disharmony before serious illness manifests.

Taoist Foreplay - Mantak Chia 2010-07-13

Sexual techniques and traditional Chinese medicine for increased pleasure • Reveals how to enhance relationships by harmonizing male and female energies • Includes easy-to-follow, illustrated acupressure massage routines • Shows how to maintain sexual health with prostate massage and jade egg exercises Taught to Chinese emperors, their wives, and their concubines for thousands of years, Taoist sexual techniques help lovers harmonize their cycles of pleasure and utilize the abundance of reproductive power that is otherwise wasted in non-procreative sex. Combining the study of sex with traditional Chinese medicine, these practices stimulate and sustain sexual desire through the meridians and pressure points and enhance relationships by harmonizing male (yang) and female (yin) energies. Using easy-to-follow illustrations, Taoist Foreplay guides lovers through simple acupressure massage routines connecting all the points and channels that increase pleasure and spark arousal. It shows how to prolong peak moments, maintain sexual health through prostate massage and jade egg exercises, and sustain the intensity of first love through all the seasons of a maturing relationship. It also explains how to reveal and overcome incompatibility with the Taoist Zodiac. From foreplay to climax, these practices offer a way to keep the flame of sexual energy alive.

Taoist Shaman - Mantak Chia 2011-01-25

The shamanic roots of Taoist practice • Explains the principles of the Taoist Medicine Wheel, including the Five Elements, the animals of the Chinese zodiac, and the trigrams of the I Ching • Includes exercises from the “Wheel of Love” to access the Tao of Ecstasy • Contains illustrated teaching stories about the Eight Immortals Thousands of years ago the immortals known as the Shining Ones shipwrecked on the Chinese coast. Passing their shamanic practices--such as ecstatic flight and how to find power animals and spirit guides--on to the indigenous people, they also taught them the wisdom of the Medicine Wheel. From the Taoist Medicine Wheel came the principles of Yin and Yang, the Five Elements, the Eight Forces, the Chinese zodiac, and the I Ching. The Taoist Medicine Wheel can also be found at the foundation of traditional Chinese medicine and the esoteric sexual practices of Taoist Alchemy. In the Taoist Shaman, Master Mantak Chia and Kris Deva North explain the shamanic principles of the Taoist Medicine Wheel, how it is oriented on the Five Elements rather than the Four Directions, how it relates to the twelve animals of the Chinese zodiac and the trigrams of the I Ching, and how it aligns with the Eight Forces of the Pakua. Through illustrated teaching stories, the authors show how the energetic principles of each of the Eight Forces are reflected in the Eight Immortals. Revealing the wheel’s application to sacred sexuality, they offer exercises from the “Wheel of Love” to strengthen and deepen relationships as well as providing a means to access the Tao of Ecstasy.

Act of Terror - Marc Cameron 2018-03-27

No one knows who may be the next threat in this “action-packed” thriller by the New York Times-bestselling author of National Security

(Publishers Weekly). From coast to coast, our nation is witnessing a new wave of terror. Suicide bombers incite blind panic and paralyzing fear. A flight attendant tries to crash an airliner. A police officer opens fire on fans in a stadium. And at CIA headquarters, a Deputy Director goes on a murderous rampage. The perpetrators appear to be American—but they are covert agents in a vast network of terror, selected and trained for one purpose only: the complete annihilation of America. Special Agent Jericho Quinn has seen the warning signs. As a classified “instrument” of the CIA reporting directly to the president, Quinn knows that these random acts of violence pose a clear and present danger. But Quinn may not be able to stop it. The search for terrorists has escalated into an all-out witch hunt. And somehow, Quinn's name is on the list... “Quinn is most definitely one of the best characters in the thriller realm.”—Suspense Magazine

Healing Light of the Tao - Mantak Chia 2008-05-27

The guide to engaging and directing the three primordial forces of Earth, Heaven, and Higher Self to achieve enlightenment and immortality • Explains how to circulate the life force, or chi, by balancing yang (male) and yin (female) currents of bioenergy • Includes an overview of the complete Taoist body/mind/spirit system along with newly refined methods of activating the life force • The sequel to the classic Awaken Healing Energy Through the Tao In 1983, Mantak Chia introduced the “Microcosmic Orbit” to the West. Prior to that time, most of the Eastern energy practices transmitted to the West were incomplete, dealing only with the ascending yang/masculine channel, which shoots life-force energy up the spine. The Microcosmic Orbit showed practitioners how to establish the descending yin/feminine channel of the life-force energy loop. Within Taoist systems, cultivating feminine energy has always been seen as the key to gaining balance and wholeness. Healing Light of the Tao presents the more advanced methods of chi cultivation in the Microcosmic Orbit, offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body/mind/spirit system. The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force, Cosmic Force, and Universal Force (Heavenly chi) into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health, sexual vitality, and emotional balance, but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality.

EMDR and the Universal Healing Tao - Mantak Chia 2016-12-15

Exercises to deactivate emotional triggers, transform negative emotions into positive ones, and heal from PTSD, depression, anxiety, and addiction • Provides illustrated step-by-step instructions on how to combine the eye movements of EMDR therapy with the energetic practices of the Universal Healing Tao • Reveals how negative emotions are stored in the organs, where they also have effects on physical, mental, and spiritual health • Explains how to release stored negative emotions, transform them into positive energy, and harmonize the energies of your organs Through the energy psychology practices from the 5000-year-old Taoist Chi Kung system, you can recycle negative emotional states into positive energy for your spiritual, emotional, and physical benefit. By combining these ancient practices with the recently developed therapy of EMDR, or Eye Movement Desensitization and Reprocessing, you can produce fast, profound relief from emotional trauma, as well as address the emotional imbalances underlying depression, anxiety, PTSD, and even addiction. In this illustrated guide, Master Mantak Chia and Doug Hilton explain how to integrate the eye movements of EMDR with the energetic exercises of the Universal Healing Tao to rid yourself of the negative feelings associated with past trauma, build up positive feelings about handling similar events in the future, and remove any physical sensations connected to the issue. The authors explore how negative emotions are stored in the organs, the effects they have on physical, mental, and spiritual health, and the maladaptive emotional states people develop to deal with the pressures of modern life. Providing step-by-step instructions for each practice, the authors show how to deactivate your emotional triggers, trace energy disturbances back to the affected organ systems, transform negative emotions into positive ones, and harmonize the organs with EMDR and the Universal Healing Tao techniques of the Inner Smile, the Six Healing

Sounds, and the Microcosmic Orbit. The result is a powerful self-healing practice that can be learned and applied quickly and easily.

Taoist Cosmic Healing - Mantak Chia 2003-10-20

- Includes practices for cleansing the blood of toxins, relieving pain, using sexual energy for healing, and other tools for the treatment and prevention of disease
- Explains the unique healing potential of chi kung color therapy and how to harness universal and earthly elemental energies in healing
- By Mantak Chia, coauthor of *The Multi-Orgasmic Man*

Taoists believe in an underlying unity that permeates the universe and intimately binds all things. *Taoist Cosmic Healing* presents chi kung techniques that develop and strengthen awareness of the forces and energetic principles of the universe and the earthly six directions, allowing the reader to draw upon these forces for healing themselves and others. *Taoist Cosmic Healing* teaches the reader how to use the major acupuncture points in the hands to activate, open, and balance the chi meridians throughout the body. This practice allows the student to detoxify and rejuvenate the major organ systems and, when combined with specific body positions and the chi kung stance, to heal others. Through Mantak Chia's profound understanding of the ancient esoteric science of guiding chi energy, students can learn how to harness the astral energies of specific stars. Master Chia also explains the important role that compassion and positive energy play in enhancing one's ability to heal. He presents for the first time in the West the details of chi kung color therapy and how it can activate and strengthen the immune system.

The Tao of Healing - Haven Treviño 2010-10-05

The profound, poetic wisdom of the Tao Te Ching lends itself beautifully to the subject of healing. Haven Trevino's modern adaptation of this ancient work captures the essence of the original in language accessible to all. *The Tao of Healing* gives wonderful insight and hope to both healers and those in need of healing. Trevino, a student of the Tao Te Ching for many years, began this inspirational work after he was diagnosed with Lou Gehrig's disease, an event that motivated him "to bring into focus a whole range of creative skills, experiences, lessons, and visions." Haven Trevino spent more than 12 years studying alternative healing methods and shamanism, and his gentle, accepting spirit shows through every verse of this wonderful book.

Inner Alchemy Astrology - Mantak Chia 2013-07-01

Strengthen the qualities in your Taoist astrological chart with Inner Alchemy techniques and Universal Healing Tao exercises • Describes how to interpret your Taoist astrology birth chart and discover the unique combination of Five Elements underlying your personality, health, and destiny • Reveals how to strengthen your birth chi with Inner Alchemy techniques and Universal Healing Tao exercises • Explains how

to calculate your wealth phase, organ health, and luck cycles Each of us is born with a unique combination of heavenly and earthly energies dictated by the stars overhead and the season on Earth at the moment you take your first breath. Known in Taoist astrology as the Four Pillars of Destiny, this "birth chi" can be calculated using the year, month, day, and time of your birth. Master Mantak Chia and astrologer Christine Harkness-Giles reveal how to interpret your birth chi and strengthen weaknesses within your astrological energies. They explain how each of us is ruled by one of the Five Elements--Wood, Fire, Earth, Metal, and Water--in a Yin or Yang state. For each Element and Yin or Yang combination, the authors describe personality traits, ideal career paths, and emotional and health issues. They reveal how to discover your levels of success, wealth, and power; how your astrological strengths will manifest; and how to understand your relationships with partners, friends, and family. They also explain how to use your chart to calculate your organ health and annual luck cycles. The authors show how to use Inner Alchemy techniques, such as color therapy and feng shui, and Universal Healing Tao exercises, such as the Healing Sounds and Chi Kung, to harmonize and strengthen the inborn imbalances and weaknesses in your chart. This hands-on method of astrology allows you to take control of your health and destiny by connecting your personal energy with the energies of the cosmos.

Taoist Ways to Transform Stress Into Vitality - Mantak Chia 1985

The Alchemy of Sexual Energy - Mantak Chia 2009-12-23

Taoist techniques for replenishing our internal energy with universal cosmic energy • Shows how to transform excess sexual energy (Ching Chi) into self-healing energy • Presents advanced Cosmic Healing Chi Kung practices, which gather the limitless resources of Cosmic Chi for healing • Explains how opening of the three tan tiens to the six directions allows personal consciousness to connect directly to higher sources of energy Taoists consider our sexual energy to be the creative force that we can use to regenerate the body's internal energy, but we must learn how to harness excess sexual energy and transform it into chi, or life-force energy. When we circulate the sexual energy in the Microcosmic Orbit--a continuous energy loop that runs up the spine and down the front of the body--we transform it into self-healing energy that can be stored in the organs and the three tan tiens: energy centers in the brain, the heart center, and the lower abdomen. The Alchemy of Sexual Energy builds upon Microcosmic Orbit practices discussed in *Healing Light of the Tao*. The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe. By learning to open the three tan tiens to the six directions, the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body. This energy, too, can be stored in the three tan tiens and used as needed for healing. When we learn to flow in this way with the energy of the Tao, life ceases to be a struggle.

Healing Love through the Tao - Mantak Chia 2005-07-15

A new edition of the bestseller • The first book to reveal in the West the Taoist techniques that enable women to cultivate and enhance their sexual energy • Reveals Taoist secrets for shortening menstruation, reducing cramps, and compressing more chi into the ovaries for greater sexual power • Teaches the practice of total body orgasm For thousands of years the sexual principles and techniques presented here were taught by Taoist masters in secret only to a small number of people (sworn to silence), in the royal courts and esoteric circles of China. This is the first book to make this ancient knowledge available to the West. The foundation of healing love is the cultivation, transformation, and circulation of sexual energy, known as jing. Jing energy is creative, generative energy that is vital for the development of chi (vital life-force energy) and shen (spiritual energy), which enables higher practices of spiritual development. Jing is produced in the sexual organs, and it is energy women lose continually through menstruation and child bearing. Mantak Chia teaches powerful techniques developed by Taoist masters for the conservation of jing and how it is used to revitalize women's

physical, mental, and spiritual well-being. Among the many benefits conferred by these practices are a reduction in the discomfort caused by menstruation and the ability to attain full-body orgasm.

Sexual Reflexology - Mantak Chia 2003-05-22

Moves reflexology beyond the realm of foot massage and into the realm of sexuality. • Offers acupressure methods to build intimacy and heighten sexual pleasure. • Helps couples find their sexual energy potential and physical compatibility. • Provides techniques to perform time-tested Taoist sexual-spiritual exercises. • By Mantak Chia, coauthor of *The Multi-Orgasmic Man*. The most powerful reflex points on the body are on the sexual organs. While the practice of reflexology is normally associated with massage of the feet, in *Sexual Reflexology* Mantak Chia gives applications for using the sexual reflex points in lovemaking, transforming sexual intercourse into a form of ecstatic acupressure. By combining the classic Taoist sexual texts with modern reflexology theory, the author provides a unique opportunity for couples to practice sexual intimacy as an act of healing. Mantak Chia shows how to evaluate a person's sexual energy potential as well as how the size and shape of the sexual organs determine a couple's compatibility. In addition to the specific ecstatic acupressure exercise instructions, he provides thoughtful commentary on ancient Taoist practices that reveal how we can all use our sexual essence to create healthy and loving relationships.
