Professor Kelli's Guide to Finding a Husband - M. S. W. Kelli Miller 2010-05-22

I know what you're thinking. You hate me. You got a glimpse of my ring and you're pissed. I know your kind because I was once your kind. Every time I saw a happy couple I could feel last night's dinner coming up. When I saw wedding magazines I wanted to take a blowtorch to each one of them. Engagement rings? The only way you could talk to me about Okara's was if you were going to feed one to your pet rabbit. Yes, I was sick. Sick of set-ups, match-ups, and break-ups. I've been on blind dates and I've been on dates where I wish I were blind. But I finally did find Mr. Right. And I'm going to show you how. Through humor, empowerment, and basic common sense clinical social worker "Professor Kelli" instills confidence in women, makes them laugh at their situation (or the men they've dated), and teaches them the process of letting

go and staying present. Sure, it's about finding a husband but it's more about finding you first.

6 Fun Date Ideas to Win Her Heart - Kym Kostos
2014-05-15

In my 35 years of dating since I was fifteen years old, I have had my fill of good dates and bad dates. I am pretty sure we have all had those dates from hell that we tell our friends or ones that we just soon want to forget. So, what about the ones that turned out perfect? Don't have too many of those? Don't worry, because in this book I will give you some ideas and dates from start to finish for fun first dates, romantic dates, creative dates, indoor dates, outdoor dates, cheap dates that are easy on your wallet and even a date for those who are miles apart in a long distance relationship. Guys always want to impress a girl and sweep her off her feet, but sometimes have no clue as to where to start. Females by nature are great planners, especially when it comes to events, dinners, parties, and yes, even dates. Why? Because we pay attention to detail and

that is what is the most important thing. Details tell a girl how you feel about her. Simple details to intricate ones, either way they are signs of what you really feel about the girl. If you take a lot of time planning a great date, that tells the girl that you are interested in her and want to get to know her better, especially if it's a date that allows you two to talk and get to know each other better. Girls love dates like that! Taking a girl out, tossing a burger down her throat and taking her to a movie is just plain boring. That's something you do AFTER you have won her heart and even then, it's questionable. Whatever happened to the courtship of dating? When you take the time to plan and give her a date to remember, it shows that you care and want to impress the girl. You don't have to have a lot of money either to do this.

How to Build Up a Loving Relationship - Ivline Telfort 2010-02-27

The book you are about to read, *How to Build Up a Loving Relationship*, is a love story. The author focuses essentially on the kind of love existing between men and women—leading to marriage, kids, and the rest. If you have the gift of reading between the lines, you will discover other types of love as well. *How to Build Up a Loving Relationship* glorifies the love of life in general, the love of beauty, and family. Each reading may provide a different understanding. The application of this book in your daily life depends largely on the step at which your personal love relationship is at the moment. The author voluntarily did not include exhaustive lists of dos

and don'ts that have the magic to keep a relationship alive. The reason she explained is simple. The thing one can do depend too much on external factors like money and free time availability. However, she recommends all of us to love and respect our partners as much as we love and respect ourselves. The publication of this book fulfills an old promise the author made when she was in high school. She used to function as a freelance counselor to her peers and found some of the stories so interesting that she promised to write a book about love at the appropriate time. Of course, no one believed her. *How to Build Up a Loving Relationship* is easy to read and is even funny at times although the subject is a very serious one. The author wishes that this book will help you master the most complicated emotion.

AM I THE ONLY ONE CRAZY? - Myron Lee
2014-07-29

The desire to write this book was at first born out of frustration of yet another failed relationship. In the midst of this frustration, I attempted to explain what I felt love really was, to someone who I thought at that moment to not have a clue. From this relationship, I began to explore my mind and remember how love first found me. From there, this book was born. In no

way am I professing to be an authority on love or relationships. I have no degrees or licenses which can validate it. I am only sharing my most intimate experiences—allowing you to be there and hopefully feel what I felt and see through my eyes, my life as it existed in those moments. To say that I'm a hopeless romantic is a very accurate description of a huge part of me. I believe in the truth of love, because love is responsible for our very existence. If not for our father in heaven, none of us would exist. My hope is that, you will be inspired by my story and that you will avoid many of the situations I encountered by cherishing yourself and the essence of love. If you do this, then I will have accomplished my goal. May love live on in you.

coming weeks are more mistakes. Better ones. And then one that I'll forever call my favorite mistake. After the day I've had, I'd sooner eat my boot than cook something. My brother Zack agrees, so we go to this hillbilly bar, where we keep a tab. One cranky woman and her sidekick show up, looking like lawyers among us cowboys, and we ask if we can help. The cranky one thinks we're trying to steal her car, but the other one softens. All is fine and dandy until she hits us with something that would shock a groundhog back into his burrow until hell freezes over. The look in her eyes is what gets me. Fear. I can't stand that in a woman. Especially this one, with the tough exterior, making out like she's fine when inside she's a crumbling mess. Never figured she'd turn things around like she does. Never figured I'd be the one to help her put it all back together.
