**Game** - Roosh Valizadeh 2018-08-21

Game teaches men a 9-step program for meeting and attracting women in an age when smartphones, feminism, and anti-masculinity propaganda have made connecting with the opposite sex harder than ever. It will help you achieve casual or monogamous relationships while safeguarding you from sexual harassment and rape accusations that have increased due to the spread of social justice and hashtag activism. Game was written after the author's 17-year obsessive journey into the art of seducing women. The book begins with... -The 8 beliefs you must internalize to attract women without conscious effort -How to maximize your physical appearance so that most of a seduction is complete before you even begin talking -The hygiene and body flaws that turn women off without you realizing it -8 attraction triggers that cause a woman to be deeply drawn into a man -3 destroyers of attraction that turn off just about all women in their physical prime The biggest chapter is on approaching. Even if you don't have a large social circle, or any friends at all, Game teaches you how to have pleasant face-to-face interactions with women. You'll learn... -How to walk out your front door and casually meet women during the day in a way that won't make you anxious -How to meet girls at night in bars, clubs, or on the street -Dozens of word-for-word examples of how to approach women and converse with them -The best way to know that a girl likes you and will show up on a first date -The number one sign that a girl is ready to be kissed so that you never have to worry about being physically "rejected" -How to move things to the bedroom on the same day or night you meet a girl If you're not a fan of casual hook-ups, the book has you covered with a traditional dating

program. You'll learn... -How to contact a girl using a text messaging script that gets right to the point of scheduling a date -6 fun date questions to ask that help reveal if she's worth a long-term relationship -6 conversational guidelines that prevent you from running out of things to say -How to "qualify" and tease a girl so that she always sees you as a high-value man -The smoothest way to move things to a private home when she's ready for intimacy -A safe progression to having consensual sex that won't get you in trouble with the law Once you start dating a girl you like, you'll enjoy the chapter on relationships. You'll learn... - How to lovingly mold a girl into your ideal partner while resisting her efforts to train you into a beta male slave -The most important standards you must uphold to maintain the integrity of the relationship -How to regain attraction after your girlfriend becomes distant -6 warning signs that tell you a girl is not worth marriage -How to know if your girlfriend is cheating on you You'll also find two large appendices. They share... - The best way to enter social circles where women will see you as the apex male -How to get intimate with a girl in your social circle so that things don't get weird or awkward -An easy trick to identify which foreign cities contain women that will be most receptive to your look and personality -How to plan for trips that maximize the chance you'll get lucky with foreign women The above only scratches the surface of what Game contains. It is seminal work of a hyper-sexualized man who dedicated tens of thousands of hours into understanding women and attracting them while fending off defamatory attacks from mainstream feminists and fake news journalists who want to criminalize healthy masculinity. Whether your goal is to have fun in a big city with lots of women or fall in love with only one before getting married, Game will help you accomplish your goals in a way that keeps you safe from degrading cultural winds that continue to divide men and women.
