Find Your Perfect Partner - Wayne C. Allen 2012-12-01

You've likely realized that the screwy relationships you have been in were the direct result of you not thinking about how to create an excellent one. Pretending the important, life-altering decision to relate is "a matter of the heart" is not only stupid, it doesn't work! Many moons ago, psychotherapist Wayne C. Allen made a clear decision about his

"next" relationship. He decided that his brain (not just his heart) needed to be in charge of the process. He came up with a strategy for finding the person he wanted -- He called it...The List of 50. His strategy worked. He met his perfect partner (in 2017, they've been together 34 years!) Wayne began sharing the process with his clients -- soon, they demanded a book... and Find Your Perfect Partner is the result. Written by a therapist with over 30 years of experience, this book gives you the tools you need to actually think through what kind of person you want to be with. His clients have tested this process for the last 30 years, and now it's available to you! Here's a quote from a client: "When I showed my List of 50 to one friend he said, "Do you have a short list that us mere mortals could aspire to?" My answer was, "I had a short list and it got me my ex-husband. I'm being more particular now." Find Your Perfect Partner is a guide to figuring out the whole attraction / dating / relationship thing. You'll discover: ~reasons for failed relationships and the high divorce rate ~how hormones get in the way ~how past relationships are great guides to getting the next one right ~why you need to think about what works in your successful friendships ~which traits must be a match between you and your perfect partner This book examines what doesn't work, then helps you to map out what's been missing from your past relationships. It gives you an easy to follow strategy for re-setting your mental filters, so that the next person you meet is a much better fit. You'll have a better sense of why compatibility is so important, and have a time tested method for both opening your eyes to new possibilities, and for finding your perfect partner. Follow along with the text, work through the exercises, and put the book's insights into practice. You'll be amazed with the results. One more quote! "My list has been an active part of my relationship building since I drafted it. I have modified the list

several times, based on how relationships worked out. It was also interesting to note, how few elements of my list my ex-wife matched, similar to what you said about your first marriage. I feel that using the process you recommend does improve the quality of the choices you make. Of course, building the other relating skills will complement this as well."

Putting Her in Her Place - Ryan Hale 2016-10-24

Girls are hardwired to obey and submit. The problem is men and women have reversed gender roles. This is causing men to become feminized and women to become masculinized. I can prove this. You don't see many girls wearing dresses any more, do you (?), because they are all out wearing what men wear; namely: pants, teeshirts, etc. I mean come on, SERIOUSLY! If you want to have the best possible relationship with a girl, where she obeys and submits like a good little girl, then you have to train her back to childhood obedience. You must instill the fear of God in her, letting her know that you are in control of her, and that she must obey you. The more you train her, the more she will start to fall in love with you. The more she will start to accept you as her dominant master. The more she will submit to you and obey you in everything you tell her to do. The less she will try and make decisions on her own. The more she will accept your punishments when she has wronged you. I am not a mysoginistic man. I don't want you reading this thinking I am. I am a man who has a wonderfully loving relationship with my girl, who learned this secret and now want to share it with you. I watch too man of my male friends go through the pain and torment of relationships with girls. They don't know how to train a girlfriend, so they keep getting hurt, fucked, and you whatever other adjective you want to fill in the blank with. It doesn't have to be this way. It should not be this way. This book will help you fix it. I don't let my girl do anything adult. She has to play and do childlike activities. I am the adult, she is the little girl. I make her color, fingerpaint, journal in a diary (that I get to read), make her stand in a corner when she acts up, make her take a nap when she's tired, and withhold priveliges from her when she doesn't want to comply with my instructions. She loves me, let me assure you. She will never leave me,

because she knows I am her answer and have her best interest at heart. She yearns to be taken care of and protected by me. She loves submitting and being dominated. The sex is amazing, let me share. You can have the same. Read this book. Do what it instructs you to do. Start training your girl today. You will win in the end, I promise. Start reading and taking notes! This is more than a book, it's a course! Grab Your Copy Now

MIXED NUTS - Rick Cormier 2016-04-21

"Highly irreverent, but filled with wisdom and infused with deep caring, *Mixed Nuts* is a memoir of a life working in psychotherapy." "Some people assume that all therapists are new-agey hand-holders who just listen and nod like bobbleheads, then suggest an astrology reading, a gluten-free diet, and your choice of complimentary love flower or polished healing stone on your way out the door. That's not me. My job is to help fix what's broken." What Women Want in a Man - Kelly Jones Lee 2019-11-21

What Women Want in a Man Tips to Understand what Your Girlfriend Really Wants and Build a More Lasting and Stable Relationship Over Time There is a lot of speculations about what women want in a man. Men have tried figuring this out for decades and women have tried to help them along the way as well. I've found that most of the books on the topic miss the important elements of it. Sure, it's easy to say that woman like charming men, but why? Why are they drawn to them? Most of these books don't explain it and motivate men to change their entire existence for a woman. I don't believe that anyone should change who they are for another person. Instead, they should change what they do and how they do it. Things can be improved upon, but some things are also best left untouched. No one seems to handle this in any of their books. Instead, it's some money-making scheme with poor quality books and bad advice. I've been with all sorts of men and I am happily married now. I can teach

you what I know, tell you the things my husband does that drive me crazy, and even the things that makes me love him more along the way. Perhaps I'll even share some secrets, too. This book will contain the following to help you better understand women and what they want. These benefits are well worth reading the book. Understanding that nobody is perfect Understanding that everyone is different How to change what you do for the better to benefit you and your partner Keeping your sense of self while adopting new habits Remembering that what you want is important, too A general idea of what women are looking for in a man and a relationship Tips and tricks to better understand women It's important to know all of these things. Why? Because each individual should stay just that; an individual. Most books encourage you to change into just another gentleman, but the truth is that women don't want clones. That is why this book is going to help you far more than most other books on the market concerning this topic. Most books on the web are of poor quality and don't solve the problems at hand. My intention is to create books that help people solve whatever problems they might have without changing themselves entirely. I want to use my own experiences and my own troubles to help others overcome theirs. I won't tell you exactly how to do things. I might give a few tips, but the rest is up to you. The key to solving problems is to understand them, and that's my job: to explain it all to you. The answers you seek are in this book and I can assure you that it will help you immensely with understanding women better. I am a woman myself, after all. No one can explain what goes on in a woman's head better than a woman herself. If you Buy this book right now, all the secrets can be yours.

[How to Get Your Ex Girlfriend Back](#) - C. Powell 2012-01-24

The answer to the question 'can i get my girlfriend back?' is yes... probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.

How to Be a Good Girlfriend and Keep Your Boyfriend Happy -

Andres Munsel 2015-04-12

Why should the women of today - who want to be treated equally to men - be motivated to go above and beyond in their relationship? The truth is, some women don't feel any desire to go out of their way to make their partners especially happy, and that's their prerogative. But contributing that bare minimum to a relationship makes you far from perfect, and makes the relationship far from perfect too. Even more so now that 21st century men are increasingly realizing their own shortcomings and attempting to correct them. Luckily, you're here reading this now because you probably aren't among the status quo: You're ready to take a path of self-improvement for the benefit of your relationship and the happiness of your boyfriend. Kudos! The perfect woman (in the opinion of most men) is an assertive and confident leader at work, a gourmet chef at home, a goddess in bed, and a master organizer. She's not only skilled, intuitive, intelligent, well-read, witty, and positive, but can put her hair in a pony-tail and whoop ass better than the best, when needed. Sure, this massive expectation isn't exactly fair, but that's the meaning and price of perfection. Getting into a relationship is easy, but keeping a relationship happy is hard work - even more so if you wish to be the unequivocal

owner of your man's heart and mind.

Hypnotize Your Wife Live a Better Life [Or Your Girlfriend for That Matter] - The Nameless Hypnotist 2015-02-23

People have been conditioned to believe certain things about the way relationships should operate. Sometimes gender roles are blurred. In recent times this seems to be more evident, doesn't it? My beliefs, now, are that gender roles should be very specific and quite clearly defined. I believe that men are the stronger sex. I believe that men tend to be more logical thinkers. I believe girls should be subservient; that is: prepared to obey their man unquestioningly and are, by nature, the weaker sex. I also believe when a girl knows her place and a man knows his place in a relationship that the relationship functions better and both sexes are happier. When a girl is docile; that is, ready to accept control or instruction; submissive, she knows instinctively that the relationship is solid and that she will be rewarded for her submissiveness. This causes her to lose her depression, her fear, and her feelings of uncertainty and constant confusion and lack of safety. These are positive benefits that have been forgotten by girls, which, when reminded, and rekindled, prove their significance and relevance to the girl's happiness. The more your girl accepts your control and instruction the more happy both of you will be, let me assure you. This is something most men and girls get excited about when they adhere to their respective gender roles. In many ways this book will teach you a relationship system that utilizes conversational hypnosis; so that, as a man, you can define your relationship in this way, so you are happy and your wife or girlfriend is

happy too. It is your responsibility to learn this information and even more your responsibility to implement it; that is, training your wife or girlfriend to be servient. Follow these instructions carefully and your

wife or girlfriend will be the perfect little girl you've always hoped her to be. I promise. Grab Your Copy Now! Do not think twice; I promise it works!
