

How Do You Get A Woman To Give You Money

Smart Girls Marry Money - Elizabeth Ford
2009-05-05

Why does society applaud a girl who falls for a guy's "big blue eyes" yet denounces one who chooses a man with a "big green bankroll"? After all, isn't earning power more a reflection of a man's values and character? *Smart Girls Marry Money* challenges the ideals and assumptions women have blindly accepted about love and marriage -- and shows how they've done so at their own economic peril. In this brazen manifesto, authors Elizabeth Ford and Daniela Drake use cold hard facts, real science, and true stories to present a compelling case for why mercenary marriages make the most sense for future happiness. *Smart Girls* taps into a growing, collective suspicion that the post-feminist world isn't all it's cracked up to be. Female "empowerment" has women working hard to look sexier than ever, while carrying more than their fair share financially. Yet sadly, statistics prove that: not only do women continue to earn far less than their male counterparts, they also suffer far more economically when marriages fail. Ford and Drake think it's high time that women get their heads out of the clouds and start caring about their own security -- the kind that can be measured in dollars and common sense. With an irreverent, straight-talk tone, the authors serve up a sound case and intriguing strategy for how women can truly "have it all." Sure to spark conversation and controversy, *Smart Girls Marry Money* will ultimately empower women with a new way to take control of both their economic and romantic lives.

[We Should All Be Millionaires](#) - Rachel Rodgers 2021-05-04

Are you ready to fill your life with more peace, power, and joy? *We Should All Be Millionaires* details a realistic, achievable, step-by-step path to creating the support, confidence, and plan you need to own your success and become the millionaire the world needs you to be. Only 10 percent of the world's millionaires are women, making it difficult for women to wield the economic power that will create lasting equality. Whatever is stopping you from having seven

figures in the bank—whether it's shaky confidence, knowledge gaps when it comes to wealth building tactics, imposter syndrome, a janky mindset about money (it's okay, we've all been there!), or simply not knowing where to begin—this book shows you how to clear every obstacle in your way, show up, and glow up. *We Should All Be Millionaires* will forever change the way you think about money and your ability to earn it. In this book, Rachel Rodgers— a Black woman, mother of four, attorney, business owner, and self-made millionaire— shares the lessons she's learned both in her own journey to wealth and in coaching hundreds of women through their own journeys to seven figures. Inside, you'll learn: Why earning more money is not "selfish" or "greedy" but in fact, a revolutionary act that brings the economy into balance and creates a better world for all. Why most of the financial advice you've heard in the past (like "skip your daily latte to save money") is absolute, patriarchal nonsense. An eye-opening history lesson on how women and people of color have been shut out of the ability to build wealth for centuries—and how we can fix this. How to stop making broke-ass decisions that leave you feeling emotionally and financially depleted and start making million-dollar decisions instead. Why aiming to earn \$100K per year is not enough, and why you need to be setting your goals much higher. Strategies to bring more money in the door and fatten your bank account immediately. (Including Rodgers' \$10K in 10 Days Challenge which hundreds of women have completed—with incredible results.) It's time to construct an entirely new attitude about money, claim your power, and build the financial security that you need and deserve — so you can stop just surviving, and start thriving. Let's begin.
