Fake Geek Girls - Suzanne Scott 2019-04-16
Reveals the systematic marginalization of

women within pop culture fan communities

When Ghostbusters returned to the screen in

Downloaded from
legacy.opendemocracy.net on 2021-07-22

2016, some male fans of the original film boycotted the all-female adaptation of the cult classic, turning to Twitter to express their disapproval and making it clear that they considered the film's "real" fans to be white, straight men. While extreme, these responses are far from unusual, with similar uproars around the female protagonists of the new Star Wars films to full-fledged geek culture wars and harassment campaigns, as exemplified by the #GamerGate controversy that began in 2014. Over the past decade, fan and geek culture has moved from the margins to the mainstream as fans have become tastemakers and promotional partners, with fan art transformed into official merchandise and fan fiction launching new franchises. But this shift has left some people behind. Suzanne Scott points to the ways in which the "men's rights" movement and antifeminist pushback against "social justice warriors" connect to new mainstream fandom, where female casting in geek-nostalgia reboots is vilified and historically feminized forms of fan engagement—like cosplay and fan fiction—are treated as less worthy than male-dominant expressions of fandom like collection, possession, and cataloguing. While this gender bias harkens back to the origins of fandom itself, Fake Geek Girls contends that the current view of women in fandom as either inauthentic masqueraders or unwelcome interlopers has been tacitly endorsed by Hollywood franchises and the viewer demographics they selectively champion. It offers a view into the inner workings of how digital fan culture converges with old media and its biases in new and novel ways.

A Call to Remember - Shaina Fertig 2022-11-21
Piper Jean Potts Streyle was brutally murdered on July 29, 1996 by serial killer, Robert Leroy Anderson. He had taken the life of another woman in 1994 and failed to take another. Streyle was abducted from her home in Canistota, South Dakota mid-morning, leaving behind two small children, who had witnessed the kidnapping. She was presumably ruined and her body has never been recovered. I was the little girl who witnessed a kidnapping: visions of hell to always be etched in my mind. I was also the girl who would not testify in a court of law. I was the girl who hid behind her soft blanket and

would not face the stark terrifying truth. I would not affirm, again, the face I knew was my mother's murderer. I would not testify. I am that girl. I wish to no longer be known as the girl who would not testify, but as the woman who will. I will testify. I will speak and I will tell. This is my testimony, through the recalling of memories, answering: A Call to Remember.

Good Girl, Bad Blood (A Good Girl's Guide to Murder, Book 2) - Holly Jackson 2020-04-30
The New York Times best-selling, brilliantly crafted crime-thriller sequel to the no.1 debut of 2019, A GOOD GIRL'S GUIDE TO MURDER. A GOOD GIRL'S GUIDE TO MURDER IS THE WINNER OF THE BRITISH BOOK AWARDS' CHILDREN'S BOOK OF THE YEAR 2020 AND SHORTLISTED FOR THE WATERSTONES CHILDREN'S BOOK PRIZE 2020

Mothers of Invention - Miléna Santoro 2002
Mothers of Invention draws together innovative works of fiction written by French and Quebec feminists in the mid-1970s. Through an analysis of the strategies adopted by Hlne Cixous, Madeleine Gagnon, Nicole Brossard, and Jeanne Hyvrard as they rework maternal and (pro)creative metaphors and play with language and conventions of genre, Milna Santoro identifies a transatlantic community of women writers who share a subversive aesthetic that participates in, even as it transforms, the tradition of the avant-garde in twentieth-century literature. Santoro elucidates notoriously difficult works by the four "mothers of invention" studied - Cixous and Hyvrard from France, and Gagnon and Brossard from Quebec - showing how the rethinking of images associated with femininity and motherhood, a disruptive approach to language, and a subversive relation to novelistic conventions characterize these writers' search for a writing that will best express women's desires and dreams. Mothers of Invention situates such ideologically motivated textual practices within the avant-garde tradition, even as it suggests how women's experimental writings collectively transform our understanding of that tradition. Santoro makes clear the shared ethical and aesthetic commitments that nourished a transatlantic community whose contribution to mainstream literature and cultural productions, including postmodernism, is still being felt today.

Visual Citizenship - Catherine Bouko

2023-10-13

This book explores visual political engagement online - how citizens participate in the dynamism of life in society by expressing their opinions and emotions on various issues of democratic life in image-based social media posts, independently of collective actions. Looking beyond large digital social movements to focus on the everyday, the book provides a well-documented and comprehensive framework of key notions, concrete methods and examples of empirical insights into everyday visual citizenship on social media. It shows how the visual has become ubiquitous in citizens' communication on social media, focusing on how citizens use visual content to express their emotions and opinions on social media platforms when they discuss politics in a large sense. With this book, every reader interested in political communication, visual communication and/or new media is fully equipped to analyse everyday visual citizenship on social media platforms. The Open Access version of this book, available at <http://www.taylorfrancis.com>, has been made available under a Creative Commons [Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND)] 4.0 license.

Love Me Like You Do - Erika Kelly 2022-10-27

How did the hottest hockey player in the NHL wind up braiding hair and hosting tea parties? Because someone was foolish enough to name him co-guardian of their children. That's how. Cole Montgomery's living his best life--until he gets a call from an attorney letting him know he's been entrusted with the care of two little girls. He can't imagine why anyone would think he was a good role model. He can't even keep a plant alive. Lingerie designer Hailey Casselton grew up with a free-spirited mother. So, when she finds out she's the temporary co-guardian to two children, she's determined to give them the best Christmas they've ever had. Unfortunately, she has to live with the jerk from high school who ruined her senior year. But she gets a glimpse of the man behind Cole's larger-than-life persona, and she likes what she sees. He might be used to living for himself, but he works hard to change his ways and meet the needs of these lost and scared girls. It doesn't take long for her to enter dangerous territory--falling for a guy

who's never going to settle down. Except...as much as Cole keeps saying he can't wait to get his freedom back...he can't deny these girls--and okay, even Hailey--have become the very best part of his life. And he's not quite sure what to do about that.

dooms ordinary high school boy, Aijo Rentaro, with a grand total of a hundred potential girlfriends! But this is no problem for Rentaro, who has plenty of love to go around! This time, the girlfriends try their hand--or perhaps their legs--at spoiling their boyfriend. Blue sky, warm sun, and a cool breeze. All he needs now is a soft place to rest his head upon. It's time to find out which of his girlfriends has the comfiest lap!

21st Century Media and Female Mental Health - Fredrika Thelandersson 2022-10-22

This open access book examines the conversations around gendered mental health in contemporary Western media culture. While early 21st century-media was marked by a distinct focus on happiness, productivity and success, during the 2010s negative feelings and discussions around mental health have become increasingly common in that same media landscape. This book traces this turn to sadness in women's media culture and shows that it emerged indirectly as a result of a culture overtly focused on happiness. By tracing the coverage of mental health issues in magazines, among female celebrities, and on social media this book shows how an increasingly intimate media environment has made way for a profitable vulnerability, that takes the shape of marketable and brand-friendly mental illness awareness that strengthens the authenticity of those who embrace it. But at the same time sad girl cultures are proliferating on social media platforms, creating radically honest spaces where those who suffer get support, and more capacious ways of feeling bad are formed. Using discourse analysis and digital ethnography to study contemporary representations of mental illness and sadness in Western popular media and social media, this book takes a feminist media studies approach to popular discourse, understanding the conversations happening around mental health in these sites to function as scripts for how to think about and experience mental illness and sadness

Bargain-blogging with tools such as WordPress®, TypePad®, and Vox Choosing a content management system like Expression Engine or Movable Type Managing blog content, using tags and moderating comments Selecting a professional designer and choosing from off-the-rack templates An introduction to podcasting and videocasting Finding, joining and managing blog communities Protecting your online identity Using a blog to better your business

The Greatest Show on Earth - Daniel Buck 2005-03

In this black comedy, the spotlight shines upon those who love it most: the self-obsessed, self-help culture and the media that generates hysteria for the sake of entertainment, bringing the cults of victimhood and celebrity together. Nothing is sacred in the network competitions for the next big hit, and in their treatment of newsworthy events, the line between truth and fiction doesn't matter as much as the almighty dollar. Satire, it has been said, is not possible in America because everything eventually comes true. Tragedy, you might say, is both cheapened and still to come when the media gets involved. The Greatest Show on Earth is a timely commentary about the media frenzy surrounding allegations of sex abuse and the popular mania for Reality TV.

The Unbeatable Squirrel Girl - Ryan North

2018-02-28

Collects The Unbeatable Squirrel Girl #22-26 and material from A Year Of Marvels #4. Squirrel Girl goes savage! When Doreen Green and Nancy Whitehead enter a mysterious programming competition, they don't suspect that the prize for winners will be an all-expenses-paid trip to...the Savage Land! Will Squirrel Girl fight a dinosaur? Will Squirrel Girl fight two dinosaurs?! Will we come up with really excellent reasons why these fights would take place, reasons that both justify the fights while also telling the story of what lead to this dinosaur-punching smashup: a story which, even though it stars dinosaurs and Squirrel Girls, contains within it the chance for us to recognize, perhaps for the first time, our most personal and secret selves? Of course! Plus, jokes and a super villain who's causing major problems - it's the complete package!

The Dickens Mirror - Ilsa J. Bick 2015-03-01 Critically acclaimed author of The Ashes Trilogy, Ilsa J. Bick takes her new Dark Passages series to an alternative Victorian London where Emma Lindsay continues to wade through blurred realities now that she has lost everything: her way, her reality, her friends. In this London, Emma will find alternative versions of her friends from the White Space and even Arthur Conan Doyle. Emma Lindsay has nowhere to go. Her friends are dead. Eric and Casey are lost to the Dark Passages. Emma commands the cynosure, a device that allows for safe passage between the Many Worlds, to put her where she might find her friends again. But Emma wakes up in the body of Little Lizzie, all grown up. And in this alternative Victorian London, Elizabeth McDermott is mad. Elizabeth's physician, Dr. Kramer, has drugged her to allow Emma—who's blinked to this London before—to emerge as the dominant personality. Elizabeth is dying, and if Emma can't find a way out, everyone as they exist in this London will die with her.
