Call Me Ghostly - Vella Day 2023-09-28

A witch, the granddaughter of a voodoo priestess, and a vampire walk into a bar. Only kidding. They are on a cruise to Mexico, but that's not the important part. What is important, is that when someone is murdered, the cruise turns into a ghostly whodunit. Hi, I'm Rihanna Samuels, a 19-year old mind reader from Witch's Cove, Florida. Not to brag, but I received my first photo gig aboard a 55-passenger yacht for

Valentine's week to Mexico! Can you say excited? Everything is perfect, until I meet my roommate—some super rich, tattooed girl from New Orleans who seems to hate life. Yay, me. Believe it or not, things go from bad to worse when I find a dead body in our cabin. And that is only the beginning of the strange events that unfold. I'd give you a hint, but I don't want to spoil it. Who the murderer is, I don't know, but solving a crime isn't new to me. Unfortunately, this isn't an ordinary case. After all, the murderer is still on board. All I know is that I'm going to need a lot of help to figure out who did it. Wish me luck.

Will might own his own company, but nothing seems to interest him anymore. The solution? He needs to find his mate. As luck would have it, while on a camping trip, what does he find? Her! In the site next to his no less is Acacia, a woman who is incredibly beautiful. Be still his beating heart. So what if she has no idea how to light a stove? She's the one! Life can't get any better until she proves she's not really human, and his hopes are shattered. Is there anything Acacia can do to convince him they belong together? Forever. Bevon is thrilled that his older brother is next in line to become the Feyrion king, since freely roaming both Tarradon and Feyrion suits Bevon just fine. Thrilled he's finally found his mate, Jackson tries to win over the long-legged Selena, but she rebuffs him at every turn. He's not worried though. His panther side won't let anything come between them, not even Selena herself.

Trust or run? The wrong decision will be deadly. After losing three loved ones, Detective Dominic Rossi is an expert at keeping his distance from all things female—that is until he meets Tessa Redman, a woman who seems mighty troubled. She's definitely hiding something from him, but that only brings out his need to protect even more. When a hot looking detective begins snooping around Tessa's bar, she panics, believing he's there on behalf of her ex-husband—a cop on the take who she turned

in—a man who swore he'd kill her. But Dom's random tenderness awakens something deep inside her, and while he doesn't seem anything like her ex, the guy is a cop—and a rich one at that. Only after several of her patrons are murdered and her father is killed is she forced to decide: trust Dominic or run for her life?

[The Knitting Quandary](#) - Vella Day 2023-10-22

Join me and my best friend Millie as we are given our first official time travel job: that of finding a rogue time traveler and escorting him back to the present. The time frame? Ancient Greece right after Aristotle opened his school called the Lyceum. I will be the first to admit that I was apprehensive about the accommodations and food back then, but neither turned out to be a problem. Other than the fact I couldn't wear my glasses--since they hadn't been invented yet--it was pretty luxurious back then. Okay, we couldn't drink the water. Instead, we had wine. Oh, the hardship. The cool part of the job was that the great philosopher Aristotle said

he'd help us out, despite him not being told of our exact mission. As usual, things didn't go smoothly, and we ended up having to search for Aristotle who disappeared before we could move on with our job. If you'd like to hear about our adventure, close your eyes and picture the Parthenon and all of the ancient Grecian temples. The luxury will surprise you.

Destiny In Flames - Vella Day 2018-08-21

One shifter. One mate. No exceptions. When dragon shifter, Declan Sinclair, was asked to travel to Earth to heal someone, he thought it would be an easy in--easy out affair. Boy had he been wrong. Not the healing part, but what happened during his one-hour visit: he met Chelsea McKinnon. The bad part? His body had exploded with need like he'd never experienced before, which was wrong on so many levels. Declan already had a mate. Sure she'd died in the line of battle, but everyone was aware of the golden rule: one shifter, one mate, no exceptions. So what the hell was going on? The

moment wolf shifter, Chelsea laid eyes on Declan, she knew the two of them belonged together. She was so convinced they were fated for each other that she gave up her life on Earth and moved to Tarradon. So what if Fate said they couldn't be together. She'd find a way. Too bad the journey wasn't anything like she thought it would be. Instead it was dangerous and challenging, but oh, so hot.

Missing Persons detective Jake Kinsey needs a high profile case to land him a job in Homicide. Both are determined to find evidence that will lead the police to the killer's doorstep. What they don't expect is to lose their hearts to each other in the process, nor end up as the killer's next targets.
