Responding to Human Trafficking - Alicia W. Peters 2015-08-31

Signed into law in 2000, the Trafficking Victims Protection Act (TVPA) defined the crime of human trafficking and brought attention to an issue previously unknown to most Americans. But while human trafficking is widely considered a serious and despicable crime, there has been far less consensus as to how to approach the problem—owing in part to a pervasive emphasis on forced prostitution that overshadows repugnant practices in other labor sectors affecting vulnerable populations. *Responding to Human Trafficking* examines the ways in which cultural perceptions of sexual exploitation and victimhood inform the drafting, interpretation,

and implementation of U.S. antitrafficking law, as well as the law's effects on trafficking victims. Drawing from interviews with social workers and case managers, attorneys, investigators, and government administrators as well as trafficked persons, Alicia W. Peters explores how cultural and symbolic frameworks regarding sex, gender, and victimization were incorporated into the drafting of the TVPA and have been replicated through the interpretation and implementation of the law. Tracing the path of the TVPA over the course of nearly a decade, *Responding to Human Trafficking* reveals the profound gaps in understanding that pervade implementation as service providers and criminal justice authorities strive to collaborate and perform their duties.

Ultimately, this sensitive ethnography sheds light on the complex and wide-ranging effects of the TVPA on the victims it was designed to protect.

Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States

- National Research Council 2013-11-12

Every day in the United States, children and adolescents are victims of commercial sexual exploitation and sex trafficking. Despite the serious and long-term consequences for victims as well as their families, communities, and society, efforts to prevent, identify, and respond to these crimes are largely under supported, inefficient, uncoordinated, and unevaluated.

Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States examines commercial sexual exploitation and sex trafficking of U.S. citizens and lawful permanent residents of the United States under age 18.

According to this report, efforts to prevent,

identify, and respond to these crimes require better collaborative approaches that build upon the capabilities of people and entities from a range of sectors. In addition, such efforts need to confront demand and the individuals who commit and benefit from these crimes. The report recommends increased awareness and understanding, strengthening of the law's response, strengthening of research to advance understanding and to support the development of prevention and intervention strategies, support for multi-sector and interagency collaboration, and creation of a digital information-sharing platform. A nation that is unaware of these problems or disengaged from solutions unwittingly contributes to the ongoing abuse of minors. If acted upon in a coordinated and comprehensive manner, the recommendations of Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States can help advance and strengthen the nation's emerging efforts to

prevent, identify, and respond to commercial sexual exploitation and sex trafficking of minors in the United States.

Open Blind Eyes - Rachel Timothy 2020-11-24
Open Blind Eyes brings you face to face with the reality of sex trafficking in America through the true story viewpoint of a girl from a small town. Rachel was only nine years old when she was first approached by a perpetrator who was known to her as a teacher and coach. She goes into detail of the process of being groomed and how the evil of what was happening to her in the dark remained unseen by everyone around her. She describes how she coped for so many years by blocking out the memories only to have them resurface when she was an adult with a family of her own. Rachel had no idea that when she would pursue justice it would end up putting her right back in the world of trafficking. It wasn't until her church family saw the signs and believed what she was saying that she was able to start the process of finding freedom. Rachel

shows her faith and love of God during the highs and lows of her journey and she prays for each person who reads her story. That their eyes will be opened and their actions will lead us toward ending sex trafficking in our world.

Sex Trafficking - Siddharth Kara 2017-08-29
“The best book ever written on human trafficking for sexual exploitation”—the basis for the feature film, *Trafficked*, starring Ashley Judd (Kevin Bales, president of Free the Slaves). Every year, hundreds of thousands of women and children are abducted, deceived, seduced, or sold into forced prostitution. These trafficked sex slaves form the backbone of one of the world's most profitable illicit enterprises and generate huge profits for their exploiters, for unlike narcotics, which must be grown, harvested, refined, and packaged, sex slaves require no such “processing,” and can be repeatedly “consumed.” In this book, Kara provides a riveting account of his four-continent journey into this unconscionable industry,

sharing the moving stories of its victims and revealing the shocking conditions of their exploitation. He draws on his background in finance, economics, and law to provide the first ever business analysis of contemporary slavery worldwide, focusing on its most profitable and barbaric form: sex trafficking. Kara describes the local factors and global economic forces that gave rise to this and other forms of modern slavery over the past two decades and quantifies, for the first time, the size, growth, and profitability of each industry. Finally, he identifies the sectors of the sex trafficking industry that would be hardest hit by specifically designed interventions and recommends the specific legal, tactical, and policy measures that would target these vulnerable sectors and help to abolish this form of slavery, once and for all. The author will donate a portion of the proceeds of this book to the anti-slavery organization, Free the Slaves. “Sex trafficking is more of a problem than most people realize. Read this

well-written book and find out.”—Kirk Douglas [TrafficKing](#) - Conchita Sarnoff 2020-01-21 Advocate and abolitionist Conchita Sarnoff risked her life to tell the truth about a Wall Street billionaire hedge fund manager who is now a level-3 registered sex offender. [TrafficKing](#) uncovers a child sex trafficking case of epic proportions and the longest-running human trafficking case in U.S. legal history—more poignant than the Lewinsky case, Watergate scandal, and Profumo affair combined. Eleven years after the registered level-3 sex offender was arrested, four cases associated with his 2005 criminal investigation remain open. The pedophile was not prosecuted under The Trafficking Victims Protection Act (TVPA), a law enacted in Florida in 2000. In this gripping exposé, Sarnoff finds out why. [TrafficKing](#) is a true story exposing the dark side of the human condition: avarice, lust, power, and influence peddling at the highest levels of government.

transformed me. The girl who desperately wanted to belong, who felt powerless, who clawed, and scratched her way out of every corner she was backed into, was gone.” At the age of sixteen, Cyntoia Brown, a survivor of human trafficking, was arrested for killing a man who had picked her up for sex. Two years later, she was sentenced to life in prison. Brown reflects on the isolation, low self-esteem, and sense of alienation that drove her straight into the hands of a predator. Once in prison, she attempts to build a positive path and honor the values her beloved adoptive mother, Ellenette, taught her, but Cyntoia succumbs to harmful influences that drive her to a cycle of progress and setbacks. Then, a fateful meeting with a prison educator turned mentor offers Cyntoia the opportunity to make the pivotal decision to strive for a better future, even if she’s never freed. In these pages, Cyntoia shares the details of her transformation, including a profound encounter with God, an unlikely romance, an

unprecedented outpouring of support from social media advocates and A-list celebrities, and her release from prison. A coming-of-age memoir set against the shocking backdrop of a life behind bars, *Free Cyntoia* takes you on a spiritual journey as Cyntoia struggles to overcome a lifetime of feeling ostracized and abandoned by society.

Religious Responses to Sex Work and Sex Trafficking - Lauren McGrow 2022-08-01

This book examines the history, theological beliefs and current contextual practices of faith-based NGOs who work in the area of human trafficking that involves the sex industry. There are hundreds of religious organizations around the globe who minister with human trafficking survivors and sex workers, but what is really happening on the ground and how do theological beliefs support a faith-based response? Many of these groups represent their work as a cosmic battle against evil forces, yet important structural critiques are ignored in the urgency to rescue women and children. Using perspectives from both NGO staff and sex workers, an

interdisciplinary panel of contributors examine specific organizations, highlight marginalized voices, and analyze undergirding methodologies. In doing so, the authors provide clear critiques and establish best practice guidelines for faith-based NGOs and future religious leaders, affirming an intersection of justice based upon critical reflection and careful action. This book addresses with nuance an important topic that is often over-simplified. It will, therefore, be of great interest to scholars studying the interaction of religion to sex work and human trafficking, as well as academics of religious studies and theology more generally.

and their implementation. Uniquely it brings together, and brings to life, the voices of policymakers, non-government agencies and trafficked women. The analysis is grounded in rich empirical work and research in Europe, Asia, Australia and North America. This book examines how sex trafficking has been mobilized within anti-trafficking policies across the globe and offers a close examination of the dominant international framework, drawing upon a rich and diverse set of case studies: Australia, Serbia and Thailand. This analysis draws upon over 100 interviews with trafficking 'experts' across the three nations-including policymakers, police, immigration authorities, socialworkers, lawyers, UN agencies, local and international NGOs, activists. Critically, it also draws upon the voices of women who have been trafficked.

was enslaved into the dangerous world of sex trafficking while living in an upper-middle class suburb of Detroit. Her story peels the cover off of this horrific criminal activity and gives dedicated activists as well as casual bystanders a glimpse into the underbelly of trafficking. And it all happened while living at home without her parents ever knowing about it. Involuntarily involved in a large underground criminal ring, Ms. Flores endured more as a child than most adults will ever face their entire lives. In this book, Ms. Flores discusses how she healed the wounds of sexual servitude and offers advice to parents and professionals on preventing this from occurring again, educating and presenting significant facts on human trafficking in modern day America.

Handbook of Research on Present and Future Paradigms in Human Trafficking - Essien, Essien D. 2022-05-20

Human trafficking is currently regarded as a contemporary form of slavery. However, despite many initiatives undertaken over the last two decades to tackle the problem, there seems to be a disproportionate emphasis on the social phenomenon. Trafficking in persons remains a little-explored area in scholarship with many inconsistencies and ambiguities yet to be attended to. Human trafficking is a multifaceted issue that requires a multidisciplinary approach that must be studied and considered thoroughly and with heavy regard to the many layers of the issue. The Handbook of Research on Present and Future Paradigms in Human Trafficking presents a comprehensible view of what constitutes the underpinning of human trafficking, the means of combating it, its moral implications, and offers possible solutions toward curbing its excesses,

inconsistencies, and ambiguities. Covering a range of topics such as social change, human rights, and ethics, this major reference work is ideal for researchers, scholars, practitioners, government officials, policymakers, instructors, academicians, and students.

The Pimping of Prostitution - Julie Bindel 2019-06-15

This book examines one of the most contested issues facing feminists, human rights activists and governments around the globe - the international sex trade. For decades, the liberal left has been conflicted as to whether prostitution activists or abolitionists hold the correct view, and debates are ongoing as to who holds the key to the solutions facing the women and girls involved. Over the course of two years, Bindel conducted 250 interviews in almost 40 countries, cities and states, traveling around Europe, Asia, North America, Australia, New Zealand, and East and South Africa. Visiting legal brothels all around the world, Bindel got to

know pimps, pornographers, survivors of the sex trade, and the women being sold by men classed as 'business entrepreneurs'. Whilst meeting feminist abolitionists, pro-prostitution campaigners, police and government officials, and the men who drive the demand, Bindel uncovered the lies, mythology and criminal activity that shroud this global trade, and suggests here a way forward for the women seeking to abolish the oldest oppression.

Informed by the lived human experience of those interviewed, this book will be of great interest to feminists, students, criminal justice advocates, criminologists and human rights activists.

Impossible to put down. This book provides all anyone needs to know about the reality of prostitution in moving, insightful prose that engages and disposes of every argument ever raised in its favor.” —Catharine A. MacKinnon, law professor, University of Michigan and Harvard University Born into a troubled family, Rachel Moran left home at the age of fourteen. Being homeless, she was driven into prostitution

to survive. With intelligence and empathy, she describes the exploitation she and others endured on the streets and in the brothels. Moran also speaks to the psychological damage inherent to prostitution and the inevitable estrangement from one’s body. At twenty-two, Moran escaped the sex trade. She has since become a writer and an abolitionist activist.
