

Sex Crimes

[Sex Crimes](#) - Ronald M. Holmes 1991

Sexual crimes such as rape, sexually motivated murder and child molestation are constantly in the news, but how much is really known about the minds of the perpetrators? Holmes has gathered together, from interviews and written correspondence with convicted sex offenders, an exhaustive account of the mind of the violent sex offender. He also discusses cultural and historical perspectives of sexual behavior. In so doing, he provides a framework for discussing abnormal, normal, nuisance and violent sexual behavior.

Sex Crime - Terry Thomas 2015-11-19

Sex Crime, Third edition offers a comprehensive and integrative introduction to sex crime, written by an expert in the field. The third edition has been fully expanded and updated to include further coverage of a range of critical topics, including child sexual exploitation, child pornography, female sex offenders, treatment approaches such as the 'Good Lives Model' and the European Convention on Human Rights. Delving into and beyond the news headlines about sexual crimes that seem to appear on our screens and in our newspapers almost every day, this third edition draws on a range of high profile case studies, such as Vanessa George, Stuart Hall, Jimmy Savile and Operation Yewtree and also offers a review of all relevant legislation. This new edition also includes an analysis of possible causes of sex offending, as well as public and professional responses to sex crime. Including an examination of the policing of sexual crime; the prosecution of the accused; the sentencing and punishment of sexual offenders; and 'public protection' measures, this new edition covers all of the key aspects of sex crime and how it is dealt with. Wide-ranging and authoritative, *Sex Crime*, Third edition presents a complex area in a straightforward and understandable manner. Thomas guides the reader through the range of policies and law which have accumulated over the years, making this essential reading for academics and students engaged in the study of sex crime, sexual violence and the treatment of sex offenders. It will also be of great interest to criminal justice practitioners.

Thematic Prosecution of International Sex Crimes - Morten Bergsmo 2018-06-01

[Sex, Crime and Literature in Victorian England](#) - Ian Ward 2014-11-01

The Victorians worried about many things, prominent among their worries being the 'condition' of England and the 'question' of its women. *Sex, Crime and Literature in Victorian England* revisits these particular anxieties, concentrating more closely upon four 'crimes' which generated especial concern amongst contemporaries: adultery, bigamy, infanticide and prostitution. Each engaged questions of sexuality and its regulation, legal, moral and cultural, for which reason each attracted the considerable interest not just of lawyers and parliamentarians, but also novelists and poets and perhaps most importantly those who, in ever-larger numbers, liked to pass their leisure hours reading about sex and crime. Alongside statutes such as the 1857 Matrimonial Causes Act and the 1864 Contagious Diseases Act, *Sex, Crime and Literature in Victorian England* contemplates those texts which shaped Victorian attitudes towards England's 'condition' and the 'question' of its women: the novels of Dickens, Thackeray and Eliot, the works of sensationalists such as Ellen Wood and Mary Braddon, and the poetry of Gabriel and Christina Rossetti. *Sex, Crime and Literature in Victorian England* is a richly contextual commentary on a critical period in the evolution of modern legal and cultural attitudes to the relation of crime, sexuality and the family.

Sex Crimes: Oxford Bibliographies Online Research Guide - Karen Terry 2010-05

This ebook is a selective guide designed to help scholars and students of criminology find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how

the cited sources are interrelated related. A reader will discover, for instance, the most reliable introductions and overviews to the topic, and the most important publications on various areas of scholarly interest within this topic. In criminology, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide has been created as a tool for cutting through that material to find the exact source you need. This ebook is a static version of an article from Oxford Bibliographies Online: Criminology, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of criminology. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.aboutobo.com.

Sex Crimes - Donna Vandiver 2022-04-11

Sex Crimes: Research and Realities, 2nd edition, provides succinct overviews and details of the research regarding sex crimes and the persons who commit them, dispelling common myths related to sex crimes that have been contradicted in the scientific literature in recent decades. Throughout the book, survivors of sexual violence are highlighted, including those who have engaged in activism leading to positive changes for victims of sexual violence or came forward with their stories of sexual victimization despite being told "nothing can be done." The book begins with a broad overview of the number and types of sex crimes that occur annually, then outlines several theories developed to explain sex crimes specifically, along with descriptions of popular criminological theories that have been applied to persons who have committed a sex crime. The next several chapters provide details regarding different types of sex crimes. Subsequently, the authors provide an overview of juveniles and females who commit sex crimes, and of sex crimes that occur within an institution, such as college campuses and sports or youth organizations. New to this edition is a chapter that focuses on victims of sex crimes and the victimology of sexual violence. Attention is given to the nuances of investigating sex crimes and policies (such as registration and civil commitment laws) affecting persons who have committed a sex crime. The conclusion provides an overview of the myths regarding sex crimes and the persons who commit them, again with a summary of what research has unveiled while highlighting areas of recommended future research. This book is suitable for an undergraduate or graduate-level course for a variety of social science fields. It is invaluable for treatment providers, law enforcement officers, detectives, or policy makers.

[The Oxford Handbook of Sex Offences and Sex Offenders](#) - Teela Sanders 2017

Provides comprehensive, even-handed analysis of the myriad of topics related to sex offenses, including pornography, sex trafficking, criminal justice responses, and the role of social media in sex crimes. Extending beyond the existing scholarly research on the topic, this volume teases out the key debates, controversies, and challenges involved in addressing sex crimes.

Current Perspectives on Sex Crimes - Ronald M. Holmes 2002

A combination of reprinted articles, most published during the past two years, and original contributions solicited for the anthology, offer a snapshot of the criminal justice understanding of various crimes relating to or involving sex. After a basic overview of sex in the 21st century, they look at nuisance sex behaviors and crime; homosexuality, transvestism, and transsexualism; juvenile sex crimes and behaviors of offenders and victims; dangerous sex crimes; rape; and special issues and concerns.

[Forensic Investigation of Sex Crimes and Sexual Offenders](#) - Chris Rush Burkey 2014-09-25

The investigation of sex crimes is a specific function for many law enforcement agencies, requiring an understanding of how to investigate, process crime scenes, interact with victims and offenders, and prepare for court. Drawing on new methods of investigation and the effects of such crimes on victims, *Forensic Investigation of Sex Crimes and Sexual Offenders* provides in-depth coverage in these areas, offering a valuable supplement for criminal justice courses and an accessible guide for law enforcement.

Sex Offenders - Sean Maddan 2022-09-14

In *Sex Offenders: Crimes and Processing in the Criminal Justice System*, Maddan and Pazzani draw on their extensive research and teaching experience to provide coverage of all facets of sex crimes and sexual deviance in the United States. The text emphasizes rape and sexual offenses against children and society's responses through the criminal justice system, including enforcement and investigation, the courts, corrections, and post-punishment treatment. Up-to-date information, statistics, and research assessments include imprisonment, historical punishments, recidivism, registration and notification requirements (SORN), residence restrictions, civil commitments, and treatment. The impact of sex offenses on victims' lives is treated in depth, as are possible directions for future policies to better address the threat posed by sex offenders. Students reading this book will get a true sense of the U.S. sex offender problem, the responses of the criminal justice system, and what can be done to further decrease the incidence of sex offending. New to the Second Edition: A fresh examination of sexual harassment in the workplace in light of the #MeToo movement. Incorporation throughout the book of the etiology of sexual harassment. In-depth consideration of why sexual harassment is not handled through the criminal justice system as a criminal offense. Updated literature, research, and statistics on sex crimes and criminal justice processing. New example stories that highlight more recent real-world instances of sex crimes and criminal justice responses to sex crimes. Professors and students will benefit from: An overview of sex offenses in the United States covers major theories to account for sex offending, legal statutes defining sex crimes, types of sex offenses and offenders, sex crime victims' characteristics, policing of sex crimes, and society's responses to sex crimes (including registries, residence restrictions, civil commitments, and treatment). A focus on sex offenses through the criminal justice system framework examines the pros and cons of various strategies, including criminal statutes, law enforcement and court processing approaches, and correctional techniques for treating or warehousing sex offenders. Real-world narratives in each chapter illustrate and provide a practical perspective on the complexity and impact of the sex offense under discussion for society, perpetrator, and victim. Accessibly written chapters include learning objectives, lists of key terms, exercises, and essay questions for review and information retention.

Sex as Crime? - Gayle Letherby 2013-05-13

This book brings together chapters by academics, researchers and practitioners to analyse how crimes such as sex work, domestic violence and rape and sexual assault have risen up the Government agenda in recent years. For example, the 'Paying the Price' consultation exercise on sex work in 2004, and recent legislation around sex crimes, including the Sex Offences Act (2003). This is a multi-disciplinary, social scientific, pro-feminist collection, which draws upon practice, empirical research, documentary analysis and overviews of research in the areas of sex work and sexual violence. Within *Sex as Crime* there are two distinct sub-sections: 'Sex for Sale' and 'Sex as Violence', but the broader and overriding link of sex as crime remains a paramount theme that spans the collection. Chapters include discussions of the impact of new regulations on street sex workers, and of street sex work on community residents, the use of the internet by men who pay for sex and men who sell it, sexual violence and identity, sex crimes against children and protecting children online and working with sex offenders. Other chapters explore reasons for such offending behaviour.

Virgin or Vamp - Helen Benedict 1993-09-09

In the last few years, the national press has lavished coverage on several major sex-related scandals: the Clarence Thomas-Anita Hill hearings, the William Kennedy Smith rape trial, and the Mike Tyson case. With each event came lurid stories pitting either a loose or virginal woman against an unwilling or monstrous man. Such extreme coverage, argues Helen Benedict, perpetuates myths that are harmful to victims of these crimes (and sometimes to the accused). In *Virgin or Vamp* Benedict examines the press's treatment of four notorious sex crimes from the past decade--the Rideout marital rape trial in Oregon, the Big Dan's pool table gang rape in Massachusetts, the "Preppy Murder" in New York City, and the Central Park jogger case--and shows how victims are labelled either as virgins or vamps, a practice she condemns as misleading and harmful. Benedict also looks at other factors that perpetuate the misunderstanding of rape. For instance, she shows how the New York press presented the Central Park jogger rape case as motivated by racism because of its unwillingness to consider rape an issue of gender. She also addresses our inherent language

bias, the press's tendency to use sexually suggestive language to describe crime victims, and its preference for crimes against whites. In conclusion, Benedict offers a number of solutions that will help reporters cover these increasingly common crimes without further harming the victims, the defendants, or public understanding.

Sex Crimes - Alice S. Vachss 1993

Prosecutor Vachss describes her most famous cases and the system's "rape collaborators"--police and judges whose attitudes benefit the enemy; elected officials and attorneys obsessed with their political futures; and a legal system that disbelieves cries of rape.

Managing High Risk Sex Offenders in the Community - Jackie Craissati 2004-06-02

How can a psychological framework improve the success of risk management? The management of sex offenders in the community is of paramount concern to the general public, and this is reflected in the numerous recent changes to public protection procedures. *Managing High Risk Sex Offenders in the Community* covers both the assessment and management of high risk sex offenders in the community, with an emphasis on evidence-based approaches. The reader will be able to access the most widely used actuarial approaches to risk assessment and understand the clinical themes that underpin such variables. The book answers questions including: * Are sex offenders likely to escalate their behaviour if not stopped? * Is the risk on the streets or at home? * Can we differentiate between those offenders who will and those who will not reoffend? This book links psychologically-based theoretical principles with practical considerations for professionals in the field. By demystifying the current state of knowledge on risk posed by sex offenders, practitioners will be well placed to engage in defensible decision-making and strive for best practice in the community.

Sex Crime and the Media - Chris Greer 2012-12-06

Sex crime has become one of the most intense areas of public and political concern in recent decades. This book explores the complex influences that shape its construction in the press. Media representations give important clues as to how we should perceive the nature and extent of sex crime, how we should think and feel about it, how we should respond to it, and the measures that might be taken to reduce risk.

Understanding the media construction of sex crime is central to understanding its meaning and place in our everyday lives. Unlike much of the existing research, this book explores the construction of sex crime at every stage of the news production process. It then locates the findings within a wider context of cultural, economic and political change in late modernity. The book; shows how increased market competition and tabloidisation has altered fundamentally the way in which news is produced, communicated and consumed discusses representations of the full range of sex crimes from consensual homosexual offences and prostitution to serial rape and sex murder draws upon extensive empirical research in Northern Ireland, while addressing issues relevant to advance capitalist societies across the globe

Forensic and Medico-legal Aspects of Sexual Crimes and Unusual Sexual Practices - Anil Aggrawal 2008-12-22

From sexual abuse and fetishism to necrophilia and sadomasochism, this unique volume identifies fourteen classifications of unusual sexual pathologies. Emphasizing the physical and psychological aspects of sexuality itself, the book presents detailed comparisons of legal and medical definitions, historical aspects, current incidence, and geographical prevalence of these offenses. It also explores the potential causes, discussing etiological theories and reviewing psychopathology. Highlighting the cross-cultural nature of the forensic aspects of human sexuality, the book examines various case studies in the context of international legislation. It also covers minor aberrant behavior such as coprolalia and troilism.

Sex Crimes and Offenders - Mary Clifford 2022-05-02

Sex Crimes and Offenders emphasizes the need to focus on individual perpetrators while also stressing the importance of looking at the offender's social and cultural environments, as well as the social and political responses designed to hold perpetrators accountable and help support victims

Sex Crimes, Honour, and the Law in Early Modern Spain - Renato Barahona 2003-01-01

Based on approx. 350 lawsuits from the Sala de Vizcaya at the Archivo de la Real Chancillería de Valladolid, between 1500 and 1750.

Sex Crimes and Sex Offenders - Donna Vandiver 2016-12-08

Sex Crimes and Sex Offenders: Research and Realities provides an overview of social scientific theory and research on sex crimes and sex offenders. Most other books on the market are focused on a single issue—such as treatment, rape, pedophilia, theory, etc. This book is unique in that it covers the most current theory and research along with individual cases of sex crimes (e.g., Kobe Bryant, Jerry Sandusky, and other case studies), effectively linking theory and research with the realities of sex crimes and sex offenders as well as their victims. Vandiver, Braithwaite, and Stafford are careful to dispel myths and to focus on the heterogeneity of sex crimes and sex offenders, and not on any one issue or population or theory. Instead, they weave a framework using a full range of theoretical concepts and research data to

integrate their discussions of crimes, offenders, victims, treatments, and policy implications. The result is a valuable resource for students and early-stage researchers investigating sex crimes or offenders.

Practical Investigation of Sex Crimes - Thomas P. Carney 2003-09-17

Because of the sensitive nature of sex crimes, police officials must develop a specialized set of interviewing skills to effectively investigate them. Written by former Commanding Officer of the Manhattan Special Victims Squad Thomas P. Carney, *Practical Investigation of Sex Crimes: A Strategic and Operational Approach* provides a day-to-day guide f
