The Pub Landlord's Great British Pub Quiz Book

- Al Murray 2010-12-08

Who invented the pub quiz? The British, of course! Who doesn't enjoy a rousing question-and-answer session over a pint and some scratchings? Indeed, what higher calling is there than standing in the pub loudly demanding answers to difficult questions like 'd'you want some?' Here, for your pleasure, Britain's leading pub landlord, The Pub Landlord, presents the finest collection of facts imaginable. Enjoy the attention of friends and strangers by revealing how many James Bonds there were, how many times the French have capitulated and exactly how long those pickled eggs have been in that jar on the bar. The ladies love a well-read man and this book will give you the tools needed to impress her (don't worry, answers are included). None of your French-type philosophical musings

here. No, this is a proper quiz for the Great British Public. In a public house. Or your living room.

The Sex Myth - Brooke Magnanti 2012-05-03

Brooke Magnanti looks at all these questions and more - and proves that perhaps we've all been taking the answers for granted. Brooke Magnanti is no stranger to controversy. As Belle de Jour she enthralled and outraged the nation in equal measure. Now her real identity is out in the open, Brooke's background as a scientist and a researcher can come to bear in her fascinating investigation into the truth behind the headlines, scandals and moral outrage that fill the media (and our minds) when it comes to sex. Using her entertaining and informed voice, Brooke strips away the hype and looks at the science behind sex and the panic

Two Girls, One on Each Knee - Alan Connor
2013-11-07

Two Girls, One on Each Knee: A History of Cryptic Crosswords is an audaciously constructed book on the pleasures and puzzles of cryptic crosswords and their linguistic wordplay, from Alan Connor, the Guardian's writer on crosswords On 21 December 2013, the crossword puzzle will be 100 years old. In the century since, it has evolved into the world's most popular intellectual pastime: a unique form of wordplay, the codes and conventions of which are open to anyone masochistic enough to get addicted. In Two Girls, One on Each Knee, Alan Connor celebrates the wit, ingenuity and

frustration of setting and solving puzzles. From the beaches of D-Day to the imaginary worlds of three-dimensional puzzles, to the British school teachers and journalists who turned the form into the fiendish sport it is today, encompassing the most challenging clues, particular tricks, the world's greatest setters and famous solvers, PG Wodehouse and the torturers of the Spanish Inquisition, this is an ingenious book for lovers of this very particular form of wordplay. Note: The book begins with a puzzle in a standard 15-by-15 grid which incorporates all the basic clue types. The answers are also the chapter titles. Alan Connor writes twice-weekly about crosswords for the Guardian. He has contributed pieces about language for the BBC and the Guardian and works in radio and television, writing for Charlie Brooker, Caitlin Moran and Sue Perkins. His most recent writing was A Young Doctor's Notebook, a TV adaptation of Mikhail Bulgakov stories starring Daniel Radcliffe and Jon Hamm.
