The Illustrated Guide To Threesome Sexual Positions: How To Take Sex To The Next Level - C. W. Pollard 2012-01-29

First of all, in the right situation, threesomes can be a lot of fun. There is an air of play that manifests itself in a threesome that does not necessarily appear when a couple is making love. There is a lot of sexual exploration and usually a lot of laughing and giggling in a threesome. Threesomes also have a way of capturing our imaginations and our fantasies as well. A man will fantasize about being with two women. A woman will fantasize about what it is like to be with two men. Both sexes fantasize about what it is like to be with a partner from each gender at the same time. If you have had a threesome you probably had fun. If you haven't you are most likely curious. Either way, whoever you are, there is a good chance that a threesome is somewhere in your fantasy wishes. This book was designed for both people who are new to threesomes and people who are experienced. Inside you will find detailed information concerning many threesome sexual positions. Some may be familiar, however, many may never have crossed your mind. The author has compiled this work in the hopes that you can experience them all as you explore this more tantalizing and seductive realm of human sexuality. With this book, you will certainly have fun doing so!

An Illustrated Guide to Practical Sexual Positions - C. W. Pollard 2012-01-12

When you first start having sex, you are just happy to be doing it and you give little thought to all the possibilities that exist as to how men and women pair together. That doesn't last long. Once you have begun having sex, there is a strong desire to explore and see just how many ways you can find that we can fit

together with no pieces left over. This book was written to aid you in that quest. Now, there is nothing new about a sexual positions manual. The famous Indian love manuals were written thousands of years ago and stand as proof to humankind's enduring desire for knowledge on the subject. However, based on my own experience, many of the love manuals that exist are full of impractical positions that you need to be a contortionist to appreciate. I'm not and I am willing to bet you aren't either. Chances are you are a horny man or woman that is set on seeing what practical possibilities exist for you in the bedroom. Hopefully, this is what you are getting in this book. This is a book full of practical sexual positions. These positions are comfortable and can be assumed by anyone. You don't need any sex swings, straps, pulleys or cranes to make them work. Two horny people and a comfortable place will suffice. In addition to not needing anything special to assume these positions, this book also will present in practical terms, the strengths and weaknesses of the positions in no nonsense, easy to understand terms. This is exactly the book you need to spice up your bedroom antics and create a richer, more fulfilling, wilder and interesting sex life!
