

# Sexuality And The Politics Of Rights In Southern Africa Oliver Phillips

The Globalization of Sexuality - Jon Binnie 2004-05-24

Explores the relationships between the national state, globalization and sexual dissidence.

The Oxford Handbook of Global Lgbt and Sexual Diversity Politics -

Michael J. Bosia 2020

Struggles for LGBT rights and the security of sexual and gender minorities are ongoing, urgent concerns across the world. For students, scholars, and activists who work on these and related issues, this handbook provides a unique, interdisciplinary resource. In chapters by both emerging and senior scholars, the Oxford Handbook of Global LGBT and Sexual Diversity Politics introduces key concepts in LGBT political studies and queer theory. Additionally, the handbook offers historical, geographic, and topical case studies contextualized within theoretical frameworks from the sociology of sexualities, critical race studies, postcolonialism, indigenous theories, social movement theory, and international relations theory. It provides readers with up-to-date empirical material and critical assessments of the analytical significance, commonalities, and differences of global LGBT politics. The forward-looking analysis of state practice, transnational networks, and historical context presents crucial perspectives and opens new avenues for debate, dialogue, and theory.

Constitutions and Gender - Helen Irving 2017-06-30

Constitutions and gender is a new and exciting field, attracting scholarly attention and influencing practice around the world. This timely handbook features contributions from leading pioneers and younger scholars, applying a gendered lens to constitution-making and design, constitutional practice and citizenship, and constitutional challenges to gender equality rights and values. It offers a gendered perspective on the constitutional text and record of multiple jurisdictions, from the long-established, to the world's newly emerging democracies. *Constitutions and Gender* portrays a profound shift in our understanding of what constitutions stand for and what they do.

The Global Trajectories of Queerness - Ashley Tellis 2016-06-10

The Global Trajectories of Queerness critically investigates the circulation of the term "queer" in the Global South, its political economy underpinnings and its cultural politics. The collection offers theorizations and detailed ethnographies of contemporary same-sex culture in sixteen countries.

**Sexuality in the Legal Arena** - Didi Herman 2000-01-01

The essays in this book explore a wide range of themes of current interest and controversy, with a particular focus on lesbian and gay issues, nationality postcoloniality, sexuality and criminality, and the politics of rights struggles.>

**Anthropologica** - 2006

**The Human Rights Reader** - Micheline Ishay 2007

This book presents the most comprehensive collection of essays, speeches, and documents, from historical and contemporary sources, available on the subject of human rights.

**Men of the Global South** - Doctor Adam Jones 2008-02-29

*Men of the Global South: A Reader* is the most diverse and accessible volume yet published on men and masculinities throughout the developing world. A Reader that also offers a wide range of original contributions, it explores male experience in a uniquely vivid and accessible way. Adam Jones provides a framing introduction that surveys the growing literature on Southern men and masculinities, and links it to the broader study of gender and development. Six main sections portray different aspects of male experience in the global South: 'Family and Sexuality', 'Ritual & Belief', 'Work', 'Governance and Conflict', 'Migrations' and 'Masculinities in Motion'. The text, richly complemented by a number of photographs, serves as an ideal introduction to the lives of men and boys from Africa, the Middle East, Asia, and Latin America/the Caribbean. This book will appeal to students and scholars of gender and development, as well as to general readers interested in gaining a greater understanding and appreciation of men's roles, challenges, and contributions worldwide.

*African Sexualities* - Sylvia Tamale 2011-06-23

A groundbreaking book, accessible but scholarly, by African activists. It uses research, life stories, and artistic expression—including essays, case studies, poetry, news clips, songs, fiction, memoirs, letters, interviews, short film scripts, and photographs—to examine dominant and deviant sexualities and investigate the intersections between sex, power, masculinities, and femininities. It also opens a space, particularly for young people, to think about African sexualities in different ways.

*Namibia's Rainbow Project* - Robert Lorway 2014-11-28

What are the consequences when international actors step in to protect LGBT people from discrimination with programs that treat their sexualities in isolation from the "facts on the ground"? Robert Lorway tells the story of the unexpected effects of The Rainbow Project (TRP), a LGBT rights program for young Namibians begun in response to President Nujoma's notorious hate speeches against homosexuals. Lorway highlights the unintended consequences of this program, many of which ran counter to the goals of local and international policy makers and organizers. He shows how TRP inadvertently diminished civil opportunities at the same time as it sought to empower youth to claim their place in Namibian culture and society. Tracking the fortunes of TRP over several years, Namibia's Rainbow Project poses questions about its effectiveness in the faces of class distinction and growing inequality. It also speaks to ongoing problems for Western sexual minority rights programs in Africa in the midst of political violence, heated debates over anti-discrimination laws, and government-sanctioned anti-homosexual rhetoric.

Beyond Virtue and Vice - Alice M. Miller 2019

*Beyond Virtue and Vice* examines human rights practices that bring criminal law to bear on sexuality, gender, and reproduction and seek to articulate if, when, and under what conditions, recourse to criminal law is compatible with human rights in matters of gender expression and equality, sexuality, and reproductive health and justice.

**Transgender Refugees and the Imagined South Africa** - B

Camminga 2018-11-01

This book tracks the conceptual journeying of the term 'transgender' from the Global North—where it originated—along with the physical embodied journeying of transgender asylum seekers from countries within Africa to South Africa and considers the interrelationships between the two. The term 'transgender' transforms as it travels, taking on meaning in relation to bodies, national homes, institutional frameworks and imaginaries. This study centres on the experiences and narratives of people that can be usefully termed 'gender refugees', gathered through a series of life story interviews. It is the argument of this book that the departures, border crossings, arrivals and perceptions of South Africa for gender refugees have been both enabled and constrained by the contested meanings and politics of this emergence of transgender. This book explores, through these narratives, the radical constitutional-legal possibilities for 'transgender' in South Africa, the dissonances between the possibilities of constitutional law, and the pervasive politics/logic of binary 'sex/gender' within South African society. In doing so, this book enriches the emergent field of Transgender Studies and challenges some of the current dominant theoretical and political perceptions of 'transgender'. It offers complex narratives from the African continent regarding sex, gender, sexuality and notions of home concerning particular geo-politically situated bodies.

**Heterosexual Africa?** - Marc Epprecht 2008-08-15

*Heterosexual Africa? The History of an Idea from the Age of Exploration to the Age of AIDS* builds from Marc Epprecht's previous book, *Hungochani* (which focuses explicitly on same-sex desire in southern Africa), to explore the historical processes by which a singular, heterosexual identity for Africa was constructed—by anthropologists, ethnopsychologists, colonial officials, African elites, and most recently, health care workers seeking to address the HIV/AIDS pandemic. This is an eloquently written, accessible book, based on a rich and diverse range of sources, that will find enthusiastic audiences in classrooms and in the general public. Epprecht argues that Africans, just like people all over the world, have always had a range of sexualities and sexual identities. Over the course of the last two centuries, however, African societies

south of the Sahara have come to be viewed as singularly heterosexual. Epprecht carefully traces the many routes by which this singularity, this heteronormativity, became a dominant culture. In telling a fascinating story that will surely generate lively debate, Epprecht makes his project speak to a range of literatures—queer theory, the new imperial history, African social history, queer and women's studies, and biomedical literature on the HIV/AIDS pandemic. He does this with a light enough hand that his story is not bogged down by endless references to particular debates. *Heterosexual Africa?* aims to understand an enduring stereotype about Africa and Africans. It asks how Africa came to be defined as a "homosexual-free zone" during the colonial era, and how this idea not only survived the transition to independence but flourished under conditions of globalization and early panicky responses to HIV/AIDS.

**The Cultural Politics of Female Sexuality in South Africa** -

Henriette Gunkel 2010-01-21

Sexual identity has emerged into the national discourse of post-apartheid South Africa, bringing the subject of rights and the question of gender relations into the nation's politics. This book is a reflection on the effects of these discourses on non-normative modes of sexuality and on the country more generally.

**Historical Dictionary of Women in Sub-Saharan Africa** - Kathleen

Sheldon 2016-03-04

This second edition of *Historical Dictionary of Women in Sub-Saharan Africa* contains a chronology, an introduction, appendixes, and a bibliography. The dictionary section has over 700 cross-referenced entries on individual African women in history, politics, religion, and the arts; on important events, organizations, and publications.

**Men of the Global South** - Doctor Adam Jones 2006-10

'Men of the Global South' focuses on the lives and roles of Third World men. This edited work uses original and wide-ranging research which significantly enlarges the field of gender and development. It is an excellent textbook for undergraduates and postgraduates in development studies.

**Sexuality and the Politics of Rights in Southern Africa** - Oliver Phillips 2005

Exploring sexuality and what constitutes appropriate sexual behaviours in South Africa and Zimbabwe, this book views sexuality as an instrument of social regulation and traces the historical continuities between colonialism and current debates. The distinctly contrary ways that both countries have approached sexuality epitomize either the intransigence of the e~traditionale(tm) or the promise of e~liberatione(tm). Phillips analyzes their differences and similarities, including the contrasting role of the constitution as a platform for rights in each country, their different engagement with customary law and legal subjectivity within the context of a range of concerns, including: gender equality expressions of cultural authenticity rights in local attempts to define the post-colonial nation. A powerful look at the key elements of gender relations, post-colonial nationhood and sexual rights, this book is an invaluable legal reference resource for all those interested in the interface between sexuality, gender and the law.

**Sexuality and Social Justice in Africa** - Marc Epprecht 2013-07-11

The persecution of people in Africa on the basis of their assumed or perceived homosexual orientation has received considerable coverage in the popular media in recent years. Gay-bashing by political and religious figures in Zimbabwe and Gambia; draconian new laws against lesbians and gays and their supporters in Malawi, Nigeria and Uganda; and the imprisonment and extortion of gay men in Senegal and Cameroon have all rightly sparked international condemnation. However, much of the

analysis has been highly critical of African leadership and culture without considering local nuances, historical factors and external influences that are contributing to the problem. Such commentary also overlooks grounds for optimism in the struggle for sexual rights and justice in Africa, not just for sexual minorities but for the majority population as well. Based on pioneering research on the history of homosexualities and engagement with current LGBT and HIV/AIDS activism, Marc Epprecht provides a sympathetic overview of the issues at play and a hopeful outlook on the potential of sexual rights for all.

**Protection of Sexual Minorities since Stonewall** - Phil C.W. Chan 2013-09-13

The Stonewall Riot in New York in 1969 marked the birth of the sexual minority rights movement worldwide. In the subsequent four decades, equality and related rights on grounds of sexual orientation and gender identity have been enshrined in many African, Asian, Australasian, European and North American countries, thanks to better informed discourses of the natures of sexual orientation, gender identity, equality and rights that systematic scientific and socio-legal research has generated. Discrimination, harassment and persecution on grounds of a person's sexual orientation or gender identity, however, continue to pervade the laws and social norms in all developed and developing countries. In tribute to the courage of those who participated in the Stonewall Riot, this book examines the progress and stalemate in various countries on five continents, as well as in the development of international law, concerning the rights of persons belonging to sexual minorities. This book covers issues including homophobic bullying and gay-straight alliances in schools; the merits and problems that legislation prohibiting hate speech on grounds of sexual orientation presents; criminal justice systems in relation to male rape victims and to criminalisation of HIV exposure and transmission; the development of sexual minority rights, from historical and socio-legal perspectives, in Hong Kong, Japan, Singapore, and Zimbabwe; the lives of transgender persons in Asian countries; the evolution, operation and impact of international and domestic refugee laws on sexual orientation and gender identity as grounds for refugee status and asylum; and the conflicts between law, religion and sexual minority equality rights that inhere in the same-sex marriage debate in Ireland. This book was previously published as a special double issue of *The International Journal of Human Rights*.

**Queer Mobilizations** - Scott Barclay 2009-09-01

Fighting for marriage and family rights; protection from discrimination in employment, education, and housing; criminal law reform; economic justice; and health care reform: the LGBT movement is engaged in some of the most important cultural and political battles of our times. Seeking to reshape many of our basic social institutions, the LGBT movement's legal, political, and cultural campaigns reflect the complex visions, strategies, and rhetoric of the individuals and groups knocking at the law's door. The original essays in this volume bring social movement scholarship and legal analysis together, enriching our understanding of social movements, LGBT politics and organizing, legal studies, and public policy. Moreover, they highlight the struggle to make the law relevant and responsive to the LGBT community. Ultimately, *Queer Mobilizations* examines how the LGBT movement's engagement with the law shapes the very meanings of sexuality, sex, gender, privacy, discrimination, and family in law and society. Contributors: Ellen Ann Andersen, Steven A. Boutcher, Bayliss Camp, Casey Charles, Ashley Currier, Courtenay W. Daum, Shauna Fisher, David John Frank, Jonathan Goldberg-Hiller, Charles W. Gossett, Marybeth Herald, Nicholas Pedriana, Darren Rosenblum, Susan M. Sterett, and Amy L. Stone.
