Surrender All - Joni Lamb 2008-09-16

Incredible things happen when you give up control. As a young wife and mom-to-be, Joni Lamb never imagined a dream and Duct tape could launch a growing television network and career as host of two programs that reach millions of viewers worldwide every day with help, hope, and wisdom. Then a simple act of surrender to God helped her use ordinary things to achieve her extraordinary dreams. That same simple act can help you find unshakeable peace, incredible power, and confident purpose too. Surrender All contains practical know-how and Joni's remarkable story of how giving up control to God can... • deepen every relationship, • buoy any career, • strengthen all finances, • restore your health; • get you through great loss or failure. Drawing upon her experiences as a wife, mother, and television personality, Joni also shares the inspiring stories of others, celebrities and everyday folk, who found fresh hope in difficult circumstances by surrendering all: • the couple whose marriage was fully restored—two years after their divorce, • the mother whose faithful prayers for her drug-dealing son received an unexpected answer, • the romance novelist who surrendered her career and found a whole new level of success, • and the renowned sportscaster whose alcohol addiction nearly destroyed his life...until he chose to believe that God had greater plans for his future. You can step confidently into your own divinely-designed destiny, Joni's story reveals; she comes alongside to show you the way to making real the dreams of a heart willing to Surrender All.

Seduction, Surrender, and Transformation - Karen J. Maroda 2013-06-17

Seduction, Surrender, and Transformation demonstrates how interpersonal psychoanalysis obliges analysts to engage their patients with genuine emotional responsiveness, so that not only the patient but the analyst too is open to ongoing transformation through the analytic experience. In so doing, the analyst moves from the position of an "interpreting observer" to that of an "active participant and facilitator" whose affective communications enable the patient to acquire basic self-trust along with self-knowledge. Drawing on the current literature on affect, Maroda argues that psychological change occurs through affect-laden interpersonal processes. Given that most patients in psychotherapy have problems with affect management, the completing of cycles of affective communication between therapist and patient becomes a vitally important aspect of the therapeutic enterprise. Through emotionally open responses to their patients and careful use of patient-prompted self-disclosures, analysts can facilitate affect regulation responsibly and constructively, with the emphasis always remaining on the patients' experience. Moments of mutual surrender - the honest emotional giving over of patient to analyst and analyst to patient - epitomize the emotionally intense interpersonal experiences that lead to enduring intrapsychic change. Maroda's work is profoundly personal. She does not hesitate to share with the reader how her own personality affects her thinking and her work. Indeed, she believes her theoretical and clinical preferences are emblematic of the way in which the analyst's subjectivity necessarily shapes theory choice and practice preferences in general. Seduction, Surrender, and Transformation is not only a powerful brief for emotional honesty in the analytic relationship but also a model of the personal openness that, according to Maroda, psychoanalysis demands of all its practitioners.

The Power of Shakti - Padma Aon Prakasha 2009-07-24

Transformational wisdom designed for both women and men to access and enhance the inner power of the Divine • Reveals how to activate your sacred sexual self and find your soul mission • Shows how to access the wisdom of the Galactic Center • Explains why men need the Shakti Circuit to connect with the Divine Masculine Shakti is the Divine life force that ceaselessly manifests, creates, and activates. Igniting this

living power within is the key for both men and women to transform themselves and attain union, harmony, and peace. The fluid intelligence of Shakti enflames, empowers, and awakens, igniting life force, joy, and organic wisdom within. Uniting the forms of Tantra Yoga found in Indian, Tibetan, and Aramaic sacred traditions, Padma Aon Prakasha reveals how to activate the power of Shakti by opening the 18 energetic pathways of the Shakti Circuit. The Circuit begins with galactic energy entering the body at the Alta Major chakra, located at the back of the head. Traveling down the pillar of the spine through the root chakra, the Circuit passes through the Seven Gates of the Womb-Grail to link the sacred sexual center and the heart center. From the heart, the energy completes the Circuit by traveling to the third eye and back to the Alta Major starting point to reveal the All-seeing eye. Centered on the womb in women and the hara in men, the Shakti Circuit links the soul, body-mind, emotions, and chakras to the power and loving wisdom of the Galactic Center. The Power of Shakti includes the insights and experiences of both men and women as they activate the power of Shakti and shows that clearing all 18 pathways of the Shakti Circuit enables us to activate our sacred sexual self and find our soul mission.

The 48 Laws of Power - Robert Greene 2000-09-01

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Are you longing for your life to be easier and more fun? Would you like to stop pushing, micromanaging, and forcing things so you can relax? What if you could enjoy what you have instead of always lusting for 'more'? What if you could live in 'the zone', propelled by powerful currents toward the right people and opportunities? If you answer 'yes' to all these questions and desire lasting positive change, then prepare to experience the ecstasy of surrender. Are you longing for your life to be easier and more fun? Would you like to stop pushing, micromanaging and forcing things so you can relax? What if you could enjoy what you have

instead of always lusting for 'more'? What if you could live in 'the zone', propelled by powerful currents toward the right people and opportunities? What if you could stop worrying about money and live with more emotional ease in the moment? If you answer 'yes' to all these questions and desire lasting positive change, then prepare to experience the ecstasy of surrender. The art of letting go, Dr Judith Orloff explains, is the secret key to manifesting power and success in all areas of life, including work, relationships, sexuality, radiant aging, and health and healing. With her stunning gift for storytelling coupled with her unique, results-oriented approach to physical, emotional and spiritual health - marrying neuroscience, psychiatry, intuitive medicine, energy techniques and more - Judith provides a powerful, practical and accessible map for anyone who is longing to be happier but who feels stuck, burned-out, tense, worried or afraid to let go. Letting Go - David R. Hawkins, M.D., Ph.D. 2014-01-15

Letting Go describes a simple and effective means by which to let go of the obstacles to Enlightenment and become free of negativity. During the many decades of the author's clinical psychiatric practice, the primary aim was to seek the most effective ways to relieve human suffering in all of its many forms. The inner mechanism of surrender was found to be of great practical benefit and is described in this book. Dr Hawkins's previous books focused on advanced states of awareness and Enlightenment. Over the years, thousands of students had asked for a practical technique by which to remove the inner blocks to happiness, love, joy, success, health and, ultimately, Enlightenment. This book provides a mechanism for letting go of those blocks. The mechanism of surrender that Dr Hawkins describes can be done in the midst of everyday life. The book is equally useful for all dimensions of human life: physical health, creativity, financial success, emotional healing, vocational fulfillment, relationships, sexuality and spiritual growth. It is an invaluable resource for all professionals who work in the areas of mental health, psychology, medicine, self-help, addiction recovery and spiritual development.
