Classroom Wars - Natalia Mehlman Petrzela 2015

Natalia Petrzela explores how in the late 1960s and 1970s, a growing number of Americans fused conventional values about family and personal morality with an Anglo jingoism, specifically marrying concerns about sexuality and language and blurring the distinction between public and private. Focusing on Spanish-bilingual and sex education in California, this book charts how during a time of extraordinary social change, grass-roots citizens defined the schoolhouse and family as politicized sites.

Now is not the time for the church to stay quiet on the issues that will determine America's future. This is the moment for the church to reject the left's muzzle and turn the tide for this nation"--Dust jacket flap.

Missing Bodies - Monica Casper 2009-07

We know more about the physical body—how it begins, how it responds to illness, even how it decomposes—than ever before. Yet not all bodies are created equal, some bodies clearly count more than others, and some bodies are not recognized at all. In *Missing Bodies*, Monica J. Casper and Lisa Jean Moore explore the surveillance, manipulations, erasures, and visibility of the body in the twenty-first century. The authors examine

bodies, both actual and symbolic, in a variety of arenas: pornography, fashion, sports, medicine, photography, cinema, sex work, labor, migration, medical tourism, and war. This new politics of visibility can lead to the overexposure of some bodies—Lance Armstrong, Jessica Lynch—and to the near invisibility of others—dead Iraqi civilians, illegal immigrants, the victims of HIV/AIDS and "natural" disasters. *Missing Bodies* presents a call for a new, engaged way of seeing and recovering bodies in a world that routinely, often strategically, obscures or erases them. It poses difficult, even startling questions: Why did it take so long for the United States media to begin telling stories about the "falling bodies" of 9/11? Why has the United States government refused to allow photographs or filming of flag-draped coffins carrying the bodies of soldiers who are dying in Iraq? Why are the bodies of girls and women so relentlessly sexualized? By examining the cultural politics at work in such disappearances and inclusions of the physical body the authors show how the social, medical and economic consequences of visibility can reward or undermine privilege in society.

[Either Civilized or Phobic](#) - Abhijit Naskar 2017-05-31

"Love has no gender - compassion has no religion - character has no race." After giving the world three distinct works on humanism, one of twenty-first century's most influential thinkers Abhijit Naskar rises with his fourth humanizing work of egalitarianism, in the Humanism Series. Here once again in his philosophical hands Biological Sciences come to the termination of the society's primeval prejudice against Homosexuality. Following the line of his previous three books entitled *Principia Humanitas*, *We Are All Black* and *The Bengal Tigress*, the current book reinforces the global vision of rational thinking and one humanity in the psyche of the civilized society. "Either Civilized or Phobic" is a beautiful treatise on human sexuality with the focus being on homosexuality. Here Naskar enables us to delve deep into the neural realm of the human mind, to get acquainted with the development of the neurological circuits that shape a person's sexual identity. He reveals to us in his unique philosophical manner, how all the stigmas attached to same sex orientation are mere social constructs driven by ignorance and prejudice. Naskar calls upon the conscientious humans to rise against the evils of human character and reshape the norms of the society with nothing but humanism in their heart.

Sex Education - Randy Engel 2016-03-31

Proves why classroom sex education is always wrong and always harmful; that it destroys modesty; awakens the passions; promotes sexual activity and fosters acceptance of sexual sins. Shows where it comes from; who promotes it; that it is all-pervasive. Gives the Church's position; that sex education is the right and duty of parents only; which may be delegated to others; but never usurped! A must for parents; teachers and priests.
