See What You Made Me Do Jess Hill 2020-10-01 Every year in England and Wales alone, one in twenty adults suffer domestic abuse, two thirds of them women. Every week, two men kill a woman they were intimate with. And still we ask the wrong question: Why didn't she leave? Instead, we should ask: Why did he do it? Investigative journalist Jess Hill puts perpetrators - and the systems that enable them - in the spotlight. Her radical reframing of domestic abuse takes us beyond the home to explore how power, culture and gender intersect to both produce and normalise abuse. She boldly confronts uncomfortable questions about how and why society creates abusers, but can't seem to protect their victims, and shows how we can end this dark cycle of fear and control. See What You Made Me Do is a profound and bold confrontation of this urgent crisis and its deep roots. It will challenge everything you thought you knew about domestic abuse.

Her picture-perfect life—living in Boston, married to a brilliant cardiothoracic surgeon, raising their beautiful son, Asher—was upended when her husband revealed a darker side. She never imagined that she would end up back in her sleepy New Hampshire hometown, living in the house she grew up in and taking over her father’s beekeeping business. Lily Campanello is familiar with do-overs, too. When she and her mom relocate to Adams, New Hampshire, for her final year of high school, they both hope it will be a fresh start. And for just a short while, these new beginnings are exactly what Olivia and Lily need. Their paths cross when Asher falls for the new girl in school, and Lily can’t help but fall for him, too. With Ash, she feels happy for the first time. Yet she wonders if she can trust him completely. . . . Then one day, Olivia receives a phone call: Lily is dead, and Asher is being questioned by the police. Olivia is adamant that her son is innocent. But she would be lying if she didn’t acknowledge the flashes of his father’s temper in Ash, and as the case against him unfolds, she realizes he’s hidden more than he’s shared with her. Mad Honey is a riveting novel of suspense, an unforgettable love story, and a moving and powerful exploration of the secrets we keep and the risks we take in order to become ourselves.

White Fragility Robin DiAngelo 2019-02-07 The International Bestseller 'With clarity and compassion, DiAngelo allows us to understand racism as a practice not restricted to "bad people." In doing so, she moves our national discussions forward. This is a necessary book for all people invested in societal change' Claudia Rankine Anger. Fear. Guilt. Denial. Silence. These are the ways in which ordinary white people react when it is pointed out to them that they have done or said something that has - unintentionally - caused racial offence or hurt. After, all, a racist is the worst thing a person can be, right? But these reactions only serve to silence people of colour, who cannot give honest feedback to 'liberal' white people lest they provoke a dangerous emotional reaction. Robin DiAngelo coined the term 'White Fragility' in 2011 to describe this process and is here to show us how it serves to uphold the system of white supremacy. Using knowledge and insight gained over decades of running racial awareness workshops and working on this idea as a Professor of Whiteness Studies, she shows us how we can start having more honest conversations, listen to each other better and react to feedback with grace and humility. It is not enough to simply hold abstract progressive views and condemn the obvious racists on social media - change starts with us all at a practical, granular level, and it is time for all white people to take responsibility for relinquishing their own racial supremacy. 'By turns mordant and then inspirational, an argument that powerful forces and tragic histories stack the deck fully against racial justice alongside one that we need only to be clearer, try harder, and do better' David Roediger, Los Angeles Review of Books 'The value in White Fragility lies in its methodical, irrefutable exposure of racism in thought and action, and its call for humility and vigilance' Katy Waldman, New Yorker 'A vital, necessary, and beautiful book' Michael Eric Dyson

Bereft of the company of her beloved mentors, the only other person around her with any working knowledge of aberrations the junior Ogi Oshino, apparently a relative of the Hawaiian-shirted folklorist, she feels a bit alone and blue, and sick with dread that the devil residing in her left arm courtesy of the Monkey's Paw might act up again while she sleeps. Investigating a rumor that she fears might lead back to her, the former star ends up peering into an abyss of negativity called Roka—a "wax flower" to take the characters' meaning. Class Divisions in Serial Television Sieglinde Lemke 2016-12-21 This book brings the emergent interest in social class and inequality to the field of television studies. It reveals how the new visibility of class matters in serial television functions aesthetically and examines the cultural class politics articulated in these programmes. This ground-breaking volume argues that reality and quality TV's intricate politics of class entices viewers not only to grapple with previously invisible socio-economic realities but also to reconsider their class alignment. The stereotypical ways of framing class are now supplemented by those dedicated to exposing the economic and socio-psychological burdens of the (lower) middle class. The case studies in this book demonstrate how sophisticated narrative techniques coincide with equally complex ways of exposing class divisions in contemporary American life and how the examined shows disrupt the hegemonic order of class. The volume therefore also invites a rethinking of conventional models of social stratification.

Historicizing Post-Discourses Tanya Ann Kennedy 2017-02-02 Examines how postfeminism and postracialism intersect to perpetuate systemic injustice in the United States. Historicizing Post-Discourses explores how postfeminism and postracialism intersect in dominant narratives of triumphalism, white male crisis, neoliberal and colonial feminism, and multiculturalism to perpetuate systemic injustice in America. By examining various locations within popular culture, including television shows such as Mad Men and The Wire; books such as The Help and Lean In; as well as Hollywood films, fan forums, political blogs, and presidential speeches, Tanya Ann Kennedy demonstrates the dominance of postfeminism and postracialism in US culture. In addition, she shows how post-discourses create affective communities through their engineering of the history of both race and gender justice. Tanya Ann Kennedy is Associate Professor of Humanities at the University of Maine at Farmington and the author of "Keeping Up Her Geography": Women's Writing and Geocultural Space in Twentieth-Century U.S. Literature and Culture.

The War on Terror Derek Paget 2015-05-22 This book explores the ways in which television has engaged directly and indirectly with the new realities of the post-9/11 world. It offers detailed analysis of a number of key programmes and series that engage with, or are haunted by, the aftermath of the events of September 11 in the USA and what is unavoidably through problematically and contentiously referred to as the resulting 'war on terror'. The substantive part of the book is a series of independent chapters, each written on a different topic and considering different programmes. It includes series and single dramas representing the invasion of Iraq (The Mark of Cain, Occupation and Generation Kill), comedic representations (Gary, Tank Commander), documentary (the BBC Panorama's coverage of 9/11), 'what if' docudramas (Dirty War), 9/11 in popular series (CSI:NY) and representations of Tony Blair in drama and docudrama. The book concludes with an extended reflection on contemporary docudrama and an interview with filmmaker and docudramatist Peter Kosminsky.
