Adult video news: selling xxx without the sex -- The means of production: vivid video and

femme productions --

Solidifying shame: community standards, regulation, and

adult video -- Epilogue: one last thing : limousines and legacies

The Bloodiest Thing That Ever Happened In Front Of A

Camera - Stephen Milligen 2017-04-06

How porno chic became porno hell. In the early 1970s,

outrageous claims were made of a new blood-spattered

cinematic extreme. This was the legend of the 'snuff movie',

which promoted the inhuman notion that a woman had been

murdered to satisfy the sexual appetite of a jaded public. The story was produced by a kind of madness incarnate, but it reflected the desperation of America in cultural turmoil.

'Snuff' was a backlash against the naïve liberalism of the

counterculture, embraced by people who preferred to

believe the worst about their society. Once unleashed the

concept was embraced and manipulated by the tabloid

media and a variety of political and social crusaders, each

using it to further their own cause. Brutal, evil, ghastly

beyond belief, snuff became an iconic urban legend. This book

is the true, startling and hideously exploitative history

of that legend and how it was created. SNUFF—THE

BLOODIEST THING THAT EVER HAPPENED IN FRONT

OF A CAMERA!

Dogs in the Leisure

Experience - Neil Carr

2014-11-19

This book explores the social and cultural constructions and

debates of what are dogs and what is leisure. It looks at how

working dogs play a significant role in leisure experiences such as ensuring the safety of air transport, and considers the differing roles and changing acceptance of dogs' involvement in sport. Within the setting of the animal welfare and sentience debates, it examines the leisure needs of dogs and their owners.

Providing an original contribution to our understanding of dogs as both participants and objects in the leisure experience, this book is a useful resource for researchers in leisure, hospitality and tourism.

Obscene Profits - Frederick S. Lane 2001

First Published in 2001.

Routledge is an imprint of Taylor & Francis, an information company.

The Moving Image - 2005

The Producers -

Reefer Madness - Eric Schlosser 2004-04-01

New York Times Bestseller:
The shadowy world of "off the books" businesses—from

marijuana to migrant workers—brought to life by the author of *Fast Food Nation*. America's black market is much larger than we realize, and it affects us all deeply, whether or not we smoke pot, rent a risqué video, or pay our kids' nannies in cash. In *Reefer Madness*, the award-winning investigative journalist Eric Schlosser turns his exacting eye to the underbelly of American capitalism and its far-reaching influence on our society. Exposing three American mainstays—pot, porn, and illegal immigrants—Schlosser shows how the black market has burgeoned over the past several decades. He also draws compelling parallels between underground and overground: how tycoons and gangsters rise and fall, how new technology shapes a market, how government intervention can reinvigorate black markets as well as mainstream ones, and how big business learns—and profits—from the underground. "Captivating . . . Compelling tales of crime and punishment

as well as an illuminating glimpse at the inner workings of the underground economy. The book revolves around two figures: Mark Young of Indiana, who was sentenced to life in prison without parole for his relatively minor role in a marijuana deal; and Reuben Sturman, an enigmatic Ohio man who built and controlled a formidable pornography distribution empire before finally being convicted of tax evasion. . . . Schlosser unravels an American society that has 'become alienated and at odds with itself.' Like *Fast Food Nation*, this is an eye-opening book, offering the same high level of reporting and research." —Publishers Weekly

[The Encyclopedia of American Independent Filmmaking](#) - Vincent LoBrutto 2002-12-30

Independent filmmaking is often regarded as a relatively recent phenomenon, yet the so-called movement has actually existed as long as movies themselves. In this indispensable single-volume reference work, LoBrutto surveys the subject from

cinema's inception through the 21st century. Written in an accessible style and including biographical, critical, factual, and bibliographical information, this remarkable source encompasses films and filmmakers operating independently from the studio system in concept, financing, production, and distribution. Such a broad interpretation of independent filmmaking separates it from that of commercial Hollywood, a conglomerate existing to create product rather than support personal artistic vision. Many of the entries' subjects have rarely been investigated and studied—yet knowledge of independent filmmaking is vital to any understanding the cinematic medium, making this an essential book for any library's film shelves.

Sexual Deviance and Society - Meredith G. F. Worthen 2016-06-10

In a society where sexualized media has become background noise, we are frequently discouraged from frank and open discussions about sex and

offered few tools for understanding sexual behaviors and sexualities that are perceived as being out of the norm. This book encourages readers to establish new ways of thinking about stigmatized peoples and behaviors, and to think critically about gender, sex, sexuality and sex crimes. *Sexual Deviance and Society* uses sociological theories of crime, deviance, gender and sexuality to construct a framework for understanding sexual deviance. This book is divided into four units: Unit I, *Sociology of Deviance and Sexuality*, lays the foundation for understanding sex and sexuality through sociological frameworks of deviance. Unit II, *Sexual Deviance*, provides an in depth dialogue to its readers about the sociological constructions of sexual deviance with a critical focus on contemporary and historical conceptualizations. Unit III, *Deviant Sexual Acts*, explores a variety of deviant sexual acts in detail, including sex in public, fetishes, and sex work. Unit IV,

Sex Crimes and Criminals, examines rape and sexual assault, sex crimes against children, and societal responses to sex offenders and their treatment within the criminal justice system. Utilizing an integrative approach that creates a dialogue between the subjects of gender, criminology and deviance, this book is a key resource for students interested in crime and deviance, gender and sexuality, and the sociology of deviance. [A History of X](#) - Luke Ford 1999

This in-depth, comprehensive history of cinematic pornography is the first book of any kind to detail sex in film. It probes the earliest attempts of a century ago and chronicles the proliferation of porn to the present, concentrating on the last quarter-century since the legendary *Deep Throat*, when porn penetrated popular culture. Luke Ford is the best-known source on the contemporary world of pornography - the only journalist writing about the

industry, yet not employed by the industry. It is this unique position that gives Ford the objectivity he needs to successfully complete a project such as this.

The Most Typical Avant-Garde - David E. James

2005-05-30

Los Angeles has nourished a dazzling array of independent cinemas: avant-garde and art cinema, ethnic and industrial films. This panoramic history of film production outside the commercial studio system reconfigures Los Angeles, rather than New York, as the true centre of avant-garde cinema in the US.

The Coyote's Bicycle: The Untold Story of 7,000 Bicycles and the Rise of a Borderland Empire - Kimball Taylor

2016-02-22

For readers of Jon Krakauer and Susan Orlean, *The Coyote's Bicycle* brings to life a never-before-told phenomenon at our southern border, and the

human drama of those who would cross. It wasn't surprising when the first abandoned bicycles were found along the dirt roads and farmland just across the border from Tijuana, but before long they were arriving in droves. The bikes went from curiosity, to nuisance, to phenomenon. But until they caught the eye of journalist Kimball Taylor, only a small cadre of human smugglers?coyotes?and migrants could say how or why they'd gotten there. This is the story of 7,000 bikes that made an incredible journey and one young man from Oaxaca who arrived at the border with nothing, built a small empire, and then vanished. Taylor follows the trail of the border bikes through some of society's most powerful institutions, and, with the help of an unlikely source, he reconstructs the rise of one of Tijuana's most innovative coyotes. Touching on immigration and globalization, as well as the history of the US/Mexico border, *The Coyote's Bicycle* is at once an immersive

investigation of an outrageous occurrence and a true-crime, rags-to-riches story.

Reel Pleasures - Laura Fair
2018-01-16

Reel Pleasures brings the world of African moviehouses and the publics they engendered to life, revealing how local fans creatively reworked global media—from Indian melodrama to Italian westerns, kung fu, and blaxploitation films—to speak to local dreams and desires. In it, Laura Fair zeroes in on Tanzanians' extraordinarily dynamic media cultures to demonstrate how the public and private worlds of film reception brought communities together and contributed to the construction of genders, generations, and urban citizenship over time. Radically reframing the literatures on media exhibition, distribution, and reception, Reel Pleasures demonstrates how local entrepreneurs and fans worked together to forge the most successful cinema industry in colonial sub-Saharan Africa. The result is a major

contribution to the literature on transnational commodity cultures.

Library Journal - 1999

[A Taste for Brown Sugar](#) -
Mireille Miller-Young
2014-10-30

A Taste for Brown Sugar boldly takes on representations of black women's sexuality in the porn industry. It is based on Mireille Miller-Young's extensive archival research and her interviews with dozens of women who have worked in the adult entertainment industry since the 1980s. The women share their thoughts about desire and eroticism, black women's sexuality and representation, and ambition and the need to make ends meet. Miller-Young documents their interventions into the complicated history of black women's sexuality, looking at individual choices, however small—a costume, a gesture, an improvised line—as small acts of resistance, of what she calls "illicit eroticism." Building on the work of other black feminist theorists, and

contributing to the field of sex work studies, she seeks to expand discussion of black women's sexuality to include their eroticism and desires, as well as their participation and representation in the adult entertainment industry. Miller-Young wants the voices of black women sex workers heard, and the decisions they make, albeit often within material and industrial constraints, recognized as their own.

Porn Studies - Linda Williams
2004

A collection of contemporary work on pornographic film and video, edited by one of the founders of the field.

Plucked - Rebecca M. Herzig
2016-11

"From using clamshell razors and homemade lye depilatories in the colonial era to using

diode lasers and prescription pharmaceuticals in the twenty-first century, Americans have gone to great lengths to remove body hair deemed unsightly, unattractive, or unhealthy. In *Plucked*, Rebecca M. Herzig examines both the causes and consequences of routine hair removal in the U.S. *Plucked* illuminates some of the broad social and environmental effects of seemingly 'personal' choices: widespread experimentation on animals, exploitation of workers, exacerbation of racial divisions, and more. An engrossing, multidimensional history of cultural attitudes toward body hair and the increasingly sophisticated tools used to remove it, *Plucked* reveals the complex political significance of even the most mundane activities of modern life."--Back cover.
