Ottoman Turkish and Çağatay MSS in Canada - Eleazar Birnbaum 2015-03-10

All known Ottoman Turkish and Çağatay manuscripts in Canada are described in detail, accompanied by many colour illustrations. Of the total of over 275 manuscripts, covering a wide range of subjects, more than 200 are in the collection of Professor Eleazar Birnbaum. Many are rare and most were calligraphed between

the 15th and 17th centuries.

One L - Scott Turow 2014-05-22

One L, Scott Turow's journal of his first year at law school was a bestseller when it was first published in 1977, and has gone on to become a virtual bible for prospective law students. Not only does it introduce with remarkable clarity the ideas and issues that are the stuff of legal education; it brings alive the anxiety and

competitiveness - with others and, even more, with oneself - that set the tone in this crucible of character building. Turow's multidimensional delving into his protagonists' psyches and his marvellous gift for suspense prefigure the achievements of his bestselling first novel, *Presumed Innocent*. Each September, a new crop of students enter Harvard Law School to begin an intense, often gruelling, sometimes harrowing year of introduction to the law. Turow's group of One Ls are fresh, bright, ambitious, and more than a little daunting. Even more impressive are the faculty: Perini, the dazzling, combative professor of contracts, who presents himself as the students' antagonist in their struggle to master his subject; Zechman, the reserved professor of torts who seems so indecisive the students fear he cannot teach; and Nicky Morris, a young, appealing man who stressed the humanistic aspects of law. Will the One Ls survive? Will they excel? Will they make the *Law Review*, the outward and visible sign of

success in this ultra-conservative microcosm? With remarkable insight into both his fellows and himself, Turow leads us through the ups and downs, the small triumphs and tragedies of the year, in an absorbing and thought-provoking narrative that teaches the reader not only about law school and the law but about the human beings who make them what they are.

Supreme Ambitions - David Lat 2015
Supreme Ambitions details the rise of Audrey Coyne, a recent Yale Law School graduate who dreams of clerking for the U.S. Supreme Court someday. Audrey moves to California to clerk for Judge Christina Wong Stinson, a highly regarded appeals-court judge who is Audrey's ticket to a Supreme Court clerkship. While working for the powerful and driven Judge Stinson, Audrey discovers that high ambitions come with a high price. Toss in some headline-making cases, a

Shards of Hope - Nalini Singh 2015-12-29
"The "smoldering heat, epic romance, and awesome action"* of Nalini Singh's New York Times bestselling series continues as two Arrows find themselves caught in a chilling conspiracy that spans all three races. Awakening wounded in a darkened cell, their psychic abilities blocked, Aden and Zaira know they must escape. But when the lethal soldiers break free from their mysterious prison, they find themselves in

a harsh, inhospitable landscape far from civilization. Their only hope for survival is to make it to the hidden home of a predatory changeling pack that doesn't welcome outsiders. And they must survive. A shadowy enemy has put a target on the back of the Arrow squad, an enemy that cannot be permitted to succeed in its deadly campaign. Aden will cross any line to keep his people safe for this new future, where even an assassin might have hope of a life beyond blood and death and pain. Zaira has no such hope. She knows she's too damaged to return from the abyss. Her driving goal is to protect Aden, protect the only person who has ever come back for her no matter what. This time, even Aden's passionate determination may not be enough because the emotionless chill of Silence existed for a reason. For the violent, and the insane, and the irreparably broken like Zaira"--

Deadly Mix - Carl Krause 2022-05-04

Deadly Mix is a detective novel with elements of a police procedural; it starts off as an inverted story then delivers a series of twists before its dramatic and unexpected climax. Deadly Mix is aimed at readers who enjoy Sue Grafton's Alphabet Murder Mysteries; its writing is reminiscent of Tony Hillerman's novels. Intrigue,

romance and humor, both dark and captivating, mix tastefully with a touch of philosophy and prejudice to tempt a new audience of mystery readers. Veteran private investigator, Nicholas Kane and his naive Mensa genius fiancée, Madeline Sugarman, brave the harsh and dangerous world of murder and intrigue. This intensity is softened by Maddie's outrageous sense of humor, often to Nick's chagrin. Interspersed with tasteful love scenes and true love that doesn't always run smoothly, this tale is sure to titillate the readers to smiles and maybe even a tear or two.
