[How to Attract Women](#) - Leonardo Bustos 2015-09-10

How to Attract Women Attract more women with humor by reading this wildly funny and entertaining book! You will be taken through a step by step formula that will help you to easily develop the high status humor skills and alpha male body language habits that women are subconsciously attracted to at a primal level. You will discover how fun and exciting it is to confidently approach practically any woman, anytime, anywhere and instantly have a fun and humorous connection with her. I'll show you a guaranteed foolproof method that has allowed me to engage attractive women in deep and thoughtful rapport by asking the right questions that cause her to become emotionally aroused. Men are aroused more by visual cues. A man looks at a woman searching for sexual stimuli like a jeweler looks for perfection in a flawless gem. Visual cues convey information about a woman's health, fertility, and youth. Women are aroused more by psychological cues. A woman looks at a man much like a detective would a suspected criminal who is about to commit another crime. The visual cues a woman looks for are status, resources, commitment, kindness, stability, and humor. Just as you are attracted to a beautiful face, ass, and breasts, so are women attracted to "male cleavage," or the attractor factors that include high status humor. I'm going to show you how to develop those psychological cues that women can't help but be attracted. With a little practice, you'll start to notice that women will begin to smile at you more when you stimulate the emotional part of their brains that make them laugh. You'll especially notice how they will start engaging you more in a playful manner and will then want to start spending more time with you. Women want men to pursue them for sex. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. Luckily for you, there is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There is no doubt that women want to be sexually attractive and desired by men.

They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You grew up with a modern "female blueprint" and I'm going to show you how to record over it. I'm happy for the women's liberation movement and equality, but along with it became the feminization of American society. The Equal Rights Movement for women in the 60's has caused role reversals and gender confusion that contradicts the conditioning of tens of thousands of years of customary male-female roles. Male and female blueprints that took around 200,000 years to evolve upended suddenly over the last 50. That is a 4,000 to 1 ratio! That's like starting on less than the 1-inch line on a football field of a hundred yards. It's no wonder the modern male population is so confused. One of the primary reasons so many feminized males (often referred to as wusses) are unsuccessful in attracting women is they act like women themselves. It won't work! You can't reverse a few hundred thousand years of conditioning over a 50-year period and expect different results. The methods you're about to learn were scientifically tested and proven to work in social experiments. This information has been carefully researched and documented from experts in the fields of evolutionary psychology, sociology, neuroscience, evolutionary biology, anthropology, and many other fields too numerous to mention. This book can change your life!

Approach and Talk to a Girl - J. Covey 2019-09-24

Nervous to Approach and Talk to Women 1-on-1? Wipe Your Tears - The Final Solution is Here... [Currently, buy the Paperback and get the Kindle eBook included for free. Soon, it won't be free] If anyone had told me I'd be amazing and confident in getting women some years ago, I wouldn't believe. I have been through what you're going through. I was scared to approach and talk to the women I liked. After so much frustration, I decided enough was enough-just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWW, we gave a list of words

that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (In-Direct opener) and DO (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends" Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them.

We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more. Finally, we revealed something that'll FOREVER change your life in the dating game and stay ahead of other men with picture illustrations. A secret you can't find anywhere online or offline. *How to Approach Women in Everyday Situations ? Learn How to Flirt and Pick Up Any Girl* - Lucas Lautier 2018-08-18

How to Attract and Approach a Woman - Roman G. Turkowsky  
2012-04-04

Picture this. If you are a guy that has spent any time in any place at all trying to talk to a woman, you know how this scene goes. You see the woman of your dreams. Okay, this may be a little exaggeration. But you see a pretty woman somewhere. Of course, when you see her, you naturally want to go talk to her. Thus far, you haven't done a thing wrong. You walk over to her and say hi. She greets you back, not incredibly interested. As pretty as she is, there is no doubt that she has been randomly approached by men that look just as good, if not better than you on a regular basis. This is just to be expected, no matter how good you think you look, or actually do. She is just used to it. You introduce yourself and offer your hand to shake. She accepts your hand and tells you her name. Once again, you are doing just fine. This is where the story starts to go downhill, though. There is an awkward pause as she looks at you expecting you to say something else. After all, you approached her. You try desperately to think of something to say. All that comes out is three strikes in a single question because you have nothing better to say. She answers you absently, and looks around for someone

that she knows to talk to, greeting them from across the room. She smiles and takes off, politely casting a "nice to meet you" over her shoulder as she runs off with her friends, planning to talk about you when she gets over there and not talk to you for the rest of the night. And you have failed. Now, your question or statement, whatever it was, can be one of many different things. No matter what you said to her or asked her, the message portrayed was the same exact thing. And she read the message loud and clear. What was the message? It is simply: I have nothing to say. That is why she walked away from you without any interest whatsoever. That is why she will not remember your name in fifteen minutes, if she remembers it that long. And that is why you are going home alone.

**The Easiest Way to Meet and Pick Up Girls-Ever!!** - Dusty White  
2006-07-27

As of January 2014 I am taking this book off of the market forever. I stated when I wrote this that it was not for mass public distribution. This book was always to be limited to under 10,000 copies. Sales have been astounding (far more than I ever imagined) and it is time to let the existing copies wear out, and return this information back to the few people who actually do it well. I have unpublished all digital versions of this book and they will not return either. This book will not be sold again. Thank you to everyone who read--and used it--when you did. That was an interesting period in my life. But that was then, and this is not then. This book takes all of the guesswork out of meeting women. It is not about relationships or raising a family, and it is not another hokey book on how to have some mysterious "secret power" over women. This book teaches you how to get a date tonight-without having to spend any money. Anyone can do this. You will approach women any time, anywhere, instantly getting them interested in knowing you, without feeling nervous or having to resort to pick-up lines. You will know what to say first, what to say after that, how to grab her attention and focus it exclusively on you-and get her number or a date on-the-spot. The first section of this book analyzes every possible way you could approach women. The second section of this book reveals a secret, devious way to pick up

almost every woman you meet without her even guessing that you are working your magic on her. Subsequent sections provide help and troubleshooting guides. We won't make you a "guru of getting girls." We will get you "dates." The biggest problem most men have in getting dates is knowing how to approach attractive girls they see every day of the week (at the office, gas station, standing in line anywhere). Too many men rely on nightclubs, bars, and personal ads to get dates, ignoring the women they see e-v-e-r-y d-a-y.

Discover the art of instant attraction and become the type of man girls beg for! One rejection after another...Trust me, I know the feeling. Most of my teenage years I've been the weird guy who always chocked and felt anxious when he tried to approach a girl. Even worse, most of the advice I got was from some jocks who told me to basically treat women like dirt. This only led to the girl feeling grossed out by me and well... me feeling grossed out by myself.... Luckily, I'm not the type who admits defeat. So, I started doing some proper research and took advice form men who oozed charisma and attracted women instantly and ethically wherever they went. I'll admit...it took a couple of years for me to master everything. But that's because I had to go through trial and error and trim out all the nonsense. I'm going to warn you from the beginning. It's not going to be easy and the magic won't happen overnight. It'll require you to step outside your comfort zone...a lot. [How To Attract Women With Humor](#) - Leonard Bustos 2013-09-16

I'm going to show you how fun and exciting it is to approach practically any woman, practically anywhere, and have an immediate humorous connection with her. Women are actively looking for those men who have the ability to unlock the code to their natural instinctive desires, and your going to learn how to develop those "Attractor Factors" that tap into a woman's primal needs and desires. I'm going to let you in on a little secret. Real men want to have sex with as many beautiful women as they possibly can. I know you're probably shocked at this astonishing revelation, but don't be alarmed. It's not your fault, and it's nothing to hide or be ashamed of. In fact, if your ancestors didn't feel the same way, you wouldn't be here. It's important to add that most honorable men in a relationship generally restrain themselves from acting on this primal desire mostly because of love and respect and to avoid hurting their partners. However, that doesn't mean this powerful urge still doesn't exist. To this day learning to control this instinctive impulse tends to be the ultimate male dilemma. Guess what? Women desire and crave sex too. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. There is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There's no doubt that women want to be sexually attractive and wanted by men. They are actively looking for those men

who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You will become in so many words - simply irresistible. Attraction is not a choice. These are natural biological reactions embedded in our DNA developed over tens of thousands of years. Just as men have these responses to attractive women, so do women have similar reactions when they observe men with certain masculine traits. We often think of the male as competing with other males for the prize of mating with the female, but women, of course, also compete for the opportunity to mate with the male who has the most desirable traits. I'm going to teach you what those masculine traits are and how you can develop and use them so that you become more attractive and irresistible to women. I'm happy to report that some of you guys will be very relieved to know that looks aren't at the top of the list of attraction for women. I'm just saying..... If you want to experience life's ultimate pleasure of falling in love and being in love - with all of the benefits that come with it - like incredible sex, great companionship, having someone to laugh with, someone to be there for you through good times and bad - and just having a partner to share and experience life with; then I promise to show you how to connect with her if you are willing to take the necessary steps I'm about to share. I can't think of a more important decision in life that you will ever make regarding your happiness than with whom you choose to share your life. Finding a quality woman all begins with meeting her, and in order to meet her, you'll need to know how to approach and cause her to be attracted and interested in you.

**Get Over Yourself!** - Patti Novak 2008-12-30

True love doesn’t just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won’t mean a thing if you don’t feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what’s not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do’s and don’ts of the first date, the second date, and beyond. Remember, it’s not a job interview or therapy session. Pretend you’re meeting a new friend, not a prospective husband or wife. Finding your one and only isn’t about having the right shoes or a flat stomach. It’s about being true to yourself, being vulnerable, and being ready for love. Whether you’re new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you’ve always wanted and deserve.
