Submissive Training [Doms and Acquaintances 2] Jennifer Denys [Siren Allure: Erotic Consensual BDSM Romance, M/F with M/F/M and F/F elements, public exhibition, spanking, whipping, caning, shaving, piercing, sex toys, HEA] Desperate for Dominant Ben to show an interest in her, Kat is persuaded by a friend to attend a beginners submissive and BDSM training conference in the hope of finding out how to attract him. She is shocked to find he is one of the trainers. Meanwhile, Ben doesn't think she is submissive enough for him and conceives of increasingly intimate tasks to prove he is right, despite admiring her courage in staying. As the conference progresses, Kat is fascinated by what she learns and completes each task, hoping all the while to convince him of her submissiveness—although some tasks she finds more difficult than others. Confused by his growing feelings for her, Ben keeps pushing her away until her tenacity finally wears him down and he insists on her taking a final exam to prove herself. Is this a step too far for Kat? ** A Siren Erotic Romance [Submissive's Guide To BDSM Vol. 1](#) Matthew Larocco 2016-05-03

What does it really mean to be a submissive, or sub? Much of what we see in BDSM practice, especially in the mainstream, focuses on how to become dominant and act like the ideal Dom or Master, or "Top." However, a lot of newcomers are confused as to how this works. They vaguely understand that the submissive or sub or slave is supposed to obey. But they don't understand the emotional dynamics, or how to act like the ideal sub, or even how to enjoy the experience. That's what this book is going to teach you: How to be a better sub, and have a happy & healthy BDSM lifestyle. Here are just some of the things you will discover in

volume 1 of "Submissive's Guide To BDSM": - Why you want to experience punishment... - The science of pain & pleasure... - Type of Doms to beware of... - How to pick the right Dom just for you... - How to protect yourself from wannabe Doms and predators... - The right way to explore taboo fantasies in BDSM... - Type of limits and when & how to use them... - How to communicate with your Dom... - Common mistakes new subs make... - How to "train" your Master... - How to "fire" your Dom if it's not working out... - And much more...

Submissive Training Vol. 2 Elizabeth Cramer 2015-03-06 Whether you have always dreamed about life in a collar or just discovered a desire to be sexually adventurous, there is a place for you in the fetish world of submission. The culture of kink, once thought to be limited to couples who wore leather pants and played slap-and-tickle in the bedroom, has grown into a varied and well defined umbrella for sexual identity. Because fetish culture, like all cultures, grows and changes with the people who practice it, there are distinct roles and categories that developed to help women define their preferences and find like-minded people and playmates. Women in BDSM relationships no longer have to start with the basic tenets of submission to wrap that skin around their differences. Now you can look into the whole spectrum of submissive behavior and find the place you feel most fulfilled and comfortable. From women who enjoy the occasional bondage session handcuffed to their headboard to the girls who want to be fed out of a bowl and locked in a crate at night - there is a place for everyone. In this Submissive Training guide we will look at twelve subcultures of submission (including the New Misogyny), explaining the overall principles and practices of each one and illustrating the pros and cons inherent in each style of sexual diversity. All people are different and you may not find one that covers everything you like, or don't like - but chances are you'll see something in one of these subcultures that makes you say, "That's what I want."

Dom's Guide To Submissive Training Elizabeth Cramer

2015-03-06 A Dom/sub relationship doesn't just happen. It is a finely crafted and designed system of expectations and joys. In order for you and your submissive lady to "fit" one another and create a lasting, happy union there must be a period of training. It does not matter if your sub has thirty years of experience in submission or just read 50 Shades of Grey and decided to try it herself. She will need to be trained for the best relationship to emerge. "Dom's Guide to Submissive Training" was specifically written for doms/masters. It is designed to provide you with a step-by-step blueprint on how to train your new sub. It goes from preparation all the way down to the closing ceremony including advanced techniques & tips. Training can be one of the most exciting, challenging and fun parts of the relationship. A well-trained sub will not only serve you in the capacity you deserve, but will have built up the two most important elements in any BDSM relationship - trust and consistency. Following the instructions in this guide will allow you to show yourself as a worthy master, who is in control, experienced and able to guide you both to the best possible life.

131 Dirty Talk Examples Elizabeth Cramer 2015-03-01 Are you one of those people who want to spice up their love life with the addition of dirty talk, longing to hear certain words or phrases whispered, moaned, growled, or simply uttered but just plain don't know how to get started? The first thing to understand is that dirty talk isn't dirty. There's nothing shameful or wrong about it. Men and women are hard-wired differently. Men like to hear, while women like to visualize, and that's completely natural too. A man wants to hear what their partner wants done to them, or wants to do for them before it's done. Hearing the words, screamed, moaned, whimpered, or whispered just flat out does it for most men. Women like to hear the words and imagine what those words or phrases will mean to them, how their partner will react, or how something will feel, even seconds or milliseconds

beforehand, giving their brains time to process the possibilities, thus heightening the sensations. In this guide you will learn 131 tried-and-tested, proven-to-work phrases you can use for getting your partner in the mood, during foreplay, during & after love making. Both for-man & for-woman phrases are included. You will learn many ways to get started talking dirty and how to build it up gradually so you are comfortable & sound confident when you say them. Using correctly they will make your lover addicted to your voice & drive him/her wild in bed.

BDSM Primer Elizabeth Cramer 2015-03-03 BDSM is a whole different world where people speak in their own formal and informal language, have rules and social norms, and create expectations based on everything from names to symbols you employ. As a sex educator and an active member in the BDSM community, I found most information floating around to be inaccurate and some even unhealthy. As a primer this guide will demystify the world of BDSM and present it in a straightforward and easy-to-understand way to you. This guide is more than just a list of who and what. It is a map that will take you into the heart of the BDSM lifestyle, explore the motivations and expectations, and offer suggestions for the safe and sensual journey you are undertaking. In "BDSM Primer for Women", you will learn: - The vocabulary, roles, and rituals - The reasons you may want to participate in this lifestyle - Ways and places to get started - Safety concerns and legal issues - Emotions, consequences, and actions - What actions meet what needs - What kinds of fetishes meet what kinds of needs - How to communicate healthfully - How to create your sexual self - And much more...

Submissive Training Elizabeth Cramer 2015-03-05 Nothing will prepare you for a life of submission in the same way as your formal training. Submissive training isn't just a "good idea" when it comes to creating a BDSM relationship. It is essential.

"Submissive Training: 23 Things You Must Know About How To Be A Submissive" is designed to help you know what to expect

when you go through training with a new Dom. Every couple is unique and every Dom may have different ways of teaching you the systems of service he prefers. However, these are the basics all trained subs and slaves learn and employ in daily life. Rushing into a relationship or service contract with a Dom without training puts the future of your time together at risk. All of the arguments, resistance, misunderstandings and hurt feelings that go with a new submissive's experiences can be eradicated by a period designated for learning, listening, trial and error. Even if you have been with a previous Dom you will need to go through an abbreviated training time to ensure your patterns and understandings match one another. Training is a way to "get in the same rhythm" and find the perfect groove. If you are a Dom, this guide is the perfect gift to give to your new sub. If you are a sub, this guide will teach you how to go through your submissive training. As you go through these things on the journey to become the woman you were made to be, you will be tested but you will also be proud, joyful and, perhaps for the first time in your life, you will be at peace.

Make Her Orgasm Again and Again Elizabeth Cramer

2015-03-07 You've been thinking about her all day. Over and over in your mind you've been imagining the two of you making love tonight. You don't just want the evening to be a good experience. It needs to be a great experience for both of you. Searching your thoughts for the best wine to select or the right words to say, it dawns on you that the way to make the night memorable for you both is to ensure it ends with her having an explosive orgasm that rocks her world and shows you are an attentive and amazing lover. If that's the case, this book is for you. Mysterious, explosive, transcendent, hot, joyous, pulsing, out-of-control release; no matter how you describe it, orgasm is a one-of-a-kind experience. Every woman is a little different in how she feels it, and how she feels about it. Yet, this unique and supremely pleasurable moment is one of the most sought-after and

misunderstood in our sexual lives. "Make Her Orgasm Again and Again" takes you through the experience of female orgasm. You will know what to say to your lover to heat up her mood. You will learn foreplay tricks that put your woman on her toes and ready for what's to come next. It shows you different types of orgasms and the techniques to achieve them. You will know the real truth about female ejaculation, the G-spot and how to stimulate it, and simple techniques to give her multiple mind-blowing, squirting orgasms all in the same night.

Submissive Training Vol. 3 Elizabeth Cramer 2015-03-06 There are a number of reasons a woman may choose online submission. It's a good way to ease into the community by making friends and observing other people at a safe distance. Creating an online persona allows women to keep their real names and identifiers private. This not only helps maintain physical safety but also gives her the freedom to talk about sexual fantasies and naughty ideas without fearing judgment from other people or consequences on the job. Online submission also allows for a sexual experience rooted in the world of fantasy. A woman can take on any role or persona she wants, and perform acts she would not be willing or able to do in real life. She can express emotion, devotion and talk as dirty as she likes without feeling self-conscious or uncomfortable. While the scenarios sometimes described in online submission can be pure fantasy (seemingly endless sexual romps with multiple orgasms and no pain or soreness), the feelings of lust, love, loyalty, friendship, and arousal are all very real and can be a part of a vibrant sexual life. This Submissive Training guide will take you into the world of online submission, along with safety protocols and techniques for making the digital fantasy a physical reality. You will also learn how to make the transition from online submission to a real life meeting.

Care and Nurture for the Submissive Elizabeth Cramer 2015-03-05 Submission can be described by a lot of words but "easy" isn't one of them. Discovering and honoring your desire to

submit takes courage, strength and passion. Learning to follow the lead and rhythm set by another, and stretching your limits to accommodate training and service can challenge and exhaust you. The discipline to hold your tongue, retrieve your paddle, or wait around endlessly while knot after knot is being tied as part of a bondage ritual drains your energy. Submission stretches, taxes, pushes, and exposes your body and soul to the whim and desire of another. Submissive women need support, care and nurture to continue on this journey in a healthy fashion. "Care and Nurture for the Submissive" offers tips, understandings, and pathways to tend the fragile and beautiful souls of submissive women. Self-care is not selfish; it is essential. Only when you are taking care of yourself as a healthy, whole being can you give that self to another with a full heart and free joy.

Domination & Submission Michael Makai 2014 The definitive handbook on Domination and Submission (D/s) relationships and the BDSM lifestyle. A must-read for anyone considering or curious about non-traditional relationships within a fetish culture context. Funny, insightful, educational, and inspiring. Author Michael Makai goes in-depth on Dominants, submissives, switches, primals, and their relationship dynamics. Learn about BDSM activities, bondage, toys, groups, protocols, and safety. This book even dares to go where others fear to tread: Primal relationships, online BDSM relationships, the Gorean subculture, first meetings, religion vs. kink, and the many ways it can all go wrong. You'll love Michael Makai's irreverent and humorous treatment of this subject as he gives you the benefit of his 35+ years of experience in the D/s and BDSM lifestyles.

Dom's Guide To Submissive Training Vol. 3 Elizabeth Cramer 2015-03-08 You may think that every Master has a huge house filled with either gothic décor or fluffy white couches, and a ridiculously full selection of paddles, straps, whips, crops, restraints, sex toys, and bondage gear. Fortunately, you don't have to pay a hundred dollars for a specialty flogger or purchase

a wedge from Extreme Restraints for three hundred bucks in order to be a great Dom and provide your sub with hours of bondage, spanking and fun. Most of the things you need to give your submissive the spanking of a lifetime, a punishment to fit the crime, or just an incredible bondage experience can be found right in your own home. Your sub will not only enjoy the variety of experiences in her sessions but also appreciate your creativity. "Dom's Guide to Submissive Training Vol. 3" gives you 31 common objects you already own or can purchase for minimal cost and keep right out in the open that will enhance your BDSM relationship and provide you and your sub hours of pleasure. Aside from the cost savings, there is another benefit to using everyday objects in your BDSM training and session fun - discretion. Not every person can be seen walking down the street or through an airport with a leather whip in his hand or a wooden paddle in his bag. Many Doms must conceal their activities from employers, social circles, or vanilla spouses. Common objects make it easier to engage in important rituals without detection.
