

Beating Tantra At Its Own Game Spiritual Sexuality

Forthcoming Books - Rose Army 1990

Beating Tantra at Its Own Game - Arthur Lytle 2002-09

Tantra introduces a middle path, extending the male and female physical relations.

Mother of the Universe - Lex Hixon 2004

Triadic Mysticism - Paul E. Murphy 1986

This book is the first consistent theological treatment of the subject of Hindu thought known to itself as Trika or Triadism and popularly as Kashmir Saivism. Few Indic theologies equal it in architectonic power and mystical profundity. Its highest category and goal is consciousness or Light whose foremost characteristic is Freedom. This goal can be attained through four ways (upayas). The theology of these ways pertains to Gnostic or knowledge oriented Triadism whose prime theologian is Ahhinavagupta the emperor of Indic speculation.

A Method of Tantric Bliss - Bodhi Avinasha 2005-01-01

A Method for Tantric Bliss presents a practical approach to spiritual awakening leading to a joyful experience of who you really are and your oneness with all things, your bliss. Created on a solid foundation of ancient principles and practices with deep psychological insights, The Ipsalu formula works for everyone who practices it.

Tantric Visions of the Divine Feminine - David Kinsley 2023-07-28

The Hindu pantheon is rich in images of the divine feminine—deities representing a wide range of symbolic, social, and meditative meanings. David Kinsley's new book documents a highly unusual group of ten Hindu tantric goddesses, the Mahavidyas, many of whom are

strongly associated with sexuality and violence. What is one to make of a goddess who cuts her own head off, or one who prefers sex with a corpse? The Mahavidyas embody habits, attributes, or identities usually considered repulsive or socially subversive and can be viewed as "antimodels" for women. Yet it is within the context of tantric worship that devotees seek to identify themselves with these forbidding goddesses. The Mahavidyas seem to function as "awakeners"—symbols which help to project one's consciousness beyond the socially acceptable or predictable. Drawing on a broad range of Sanskrit and vernacular texts as well as extensive research in India, including written and oral interpretations of contemporary Hindu practitioners, Kinsley describes the unusual qualities of each of the Mahavidyas and traces the parallels between their underlying themes. Especially valuable are the many rare and fascinating images he presents—each important to grasping the significance of the goddesses. Written in an accessible, engaging style, Kinsley's book provides a comprehensive understanding of the Mahavidyas and is also an overview of Hindu tantric practice.

The Cosmic Play of Power - Sanjukta Gupta 2013-01-01

In Hindu theology, Divine Power is conceived as a divine woman—the Goddess. Sometimes she is wholly autonomous and sometimes she is the divine spouse of the creator God, Siva or Visnu. She is also held to be the evolving material source of every created phenomenon. Religious texts like Puranas and Tantras have thoroughly investigated the mysterious nature of the Cosmic Goddess. Tantra as a religious practice endeavoured to show how through ritual and Yoga one may achieve the realization of the mystery of the Supreme Goddess. Authors in Sanskrit and modern Indian languages have poured out their ecstatic devotion to the Goddess. She is close to the heart of the

passionate devotee, who adores her as mother or daughter - a mortal emotional bond with the divine so peculiar to Hindus. She is also sovereign Power a little part of which reigning royalties covet to possess in order to be good rulers. AS the divine woman she is represented in all women. Therefore women should be holding a high position amongst Hindus. But the question is, do they? In spite of the obvious contrary evidence, women do succeed in carving out a very important position in Hindu religious practices by having their alternative religious rituals highly valued by Hindu women have a very complex interrelationship. The book focuses on the great cosmic Goddess and her ritual worship, Tantric theology and praxis in a wider sense, the attitude of her devotees towards her authority and the social character of the Tantric practitioners, and the position of Bhakti. It also figures out the position of women inside the Tantric and non-Tantric Hindu religious milieu. The Goddess symbolizes the supreme divine authority that activates the creation, protection and governance and necessary dissolution of the world in accordance with the ancient Indian concept of cyclical time. But She also discharges the divine sovereign privilege of punishing evildoers and rewarding true devotees. Finally, the relevant forms of the Cosmic Goddess in this book are Sri/Tripurasundari/ Lalita; Goddess Kali and Her various emanations; and Laksmi and Her powers in the Pancaratra canonical texts.

Reflections on the Tantras - Sudhakar

Chattopadhyaya 1978

The brochur touches upon all the principal precepts of Tantra, especially the esoteric practices. an account of the Sakta pithas has also been given in the background of the ethnological divisions of India. New light has been thrown on the origin of bija, mantra and gayatr occurring in Tantric works. The study may be regarded as a new one, since scientific discussion of Tantricism has not yet progressed so far satisfactorily, especially from the point of view of the Tantrics themselves.

The Alchemical Body - David Gordon White
2012-07-10

"[A] brilliant disquisition on . . . mostly unpublished texts for three allied systems of tantric thought and praxis (sexual, alchemical, and hatha yogic)." —The Journal of Asian Studies

The Alchemical Body excavates and centers within its Indian context the lost tradition of the medieval Siddhas. Working from previously unexplored alchemical sources, David Gordon White demonstrates for the first time that the medieval disciplines of Hindu alchemy and hatha yoga were practiced by one and the same people, and that they can be understood only when viewed together. White opens the way to a new and more comprehensive understanding of medieval Indian mysticism, within the broader context of south Asian Hinduism, Buddhism, Jainism, and Islam. "White proves a skillful guide in disentangling historical and theoretical complexities that have thus far bedeviled the study of these influential aspects of medieval Indian culture." —Yoga World "Anyone seriously interested in finding out more about authentic tantra, original hatha yoga, embodied liberation . . . sacred sexuality, paranormal abilities, healing, and of course alchemy will find White's extraordinary book as fascinating as any Tom Clancy thriller." —Georg Feuerstein, Yoga Journal "Remarkable . . . a study of the language of mystic experience and expression—the multitudinous symbols, rituals, and doctrines of the medieval siddhis, yogis, and alchemists." —Skeptic Meditations

Jnana Sankalini Tantra - Prajñānānanda
(Paramahansa) 2006

India is a civilisation of many images a culture of many visual feasts a tradition where the visible and the palpable are as important as the oral and the occurrent, where our highest truths are embodied in our kathas and gathas our songs and stories, where our temples are not only places of worship but equally a gallery of beautiful forms and figures where myth is as important as doctrine, where ancient memories are full of cherished narratives where mythic beings are real in many different ways and we enrich our lives by festivals which celebrate events from the lives of our mythic gods and goddesses and where knowledge is gained as much from itinerant performers as it is from learned discourses and where when the wind blows through the Pipal tree is as if we hear the hymns of the Vedas.

Tantric Revisionings - Geoffrey Samuel 2005
Tantric Revisionings presents stimulating new perspectives on Hindu and Buddhist religion,

particularly their Tantric versions, in India, Tibet or in modern Western societies. Geoffrey Samule adopts an historically and textually informed anthropological approach, seeking to locate and understand religion in its social and cultural context. The question of the relation between 'popular' (folk, domestic, village, monastic) religion and elite (Literary, textual, monastic) religion forms a recurring theme through these studies.

Tantraraja Tantra - Arthur Avalon 1981

Paperbound Books in Print 1995 - Reed Reference Publishing 1995-12

The New Guide to Dakini Land - Geshe Kelsang Gyatso 2012-01-01

Vajrayogini is a female enlightened Deity of Highest Yoga Tantra, a manifestation of all Buddha's wisdom. By engaging in the Tantric practice of Vajrayogini under the guidance of a qualified Spiritual Guide, sincere practitioners can completely purify their body, speech and mind and attain a state of full enlightenment, the ultimate goal of human life. This comprehensive guide provides a detailed and practical explanation of the two stages of Vajrayogini practice - generation stage and completion stage - and shows how we can integrate these practices into our daily life, thereby transforming every moment of our life into the path to enlightenment. It is a unique guide to becoming a Tantric enlightened being in the modern world.

Exploring Mysticism - Frits Staal 1975-08-21

Until less than a century ago, the two prevailing views of dreams as well as of souls were that they are inconsequential (the scientific view) or of divine origin (the religious view). In either case it was assumed that they cannot be objects of rational inquiry. Similar views still prevail regarding mystical experiences and mysticism in general. Modern Western opinion, whether friendly or hostile, holds that the mystical falls squarely within the domain of the irrational. Mr. Staal argues that mysticism can be studied rationally, and that without such study no theory of mind is complete. He exposes the grounds for the belief that mysticism cannot be studied, and shows them to be prejudices issuing from a particular historical development. While his contention has unflattering implications for the contemporary study of the humanities in general, it reveals in particular that existing academic approaches to the study of mysticism, even those that appear sound, are in fact inadequate. This conclusion applies to a variety of dogmatic inquiries and, as becomes clear in these pages, to philological, historical, phenomenological, sociological, physiological, and psychological ones as well. The illustrations in *Exploring Mysticism* are drawn mainly from Indian forms of mysticism such as Yoga, supplemented with Buddhist, Taoist, Muslim and Christian examples.
