What Women Want When They Test Men - Bruce Bryans 2021-04-22
Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think.

How to Attract Women Attract more women with humor by reading this wildly funny and entertaining book! You will be taken through a step by step formula that will help you to easily develop the high status humor skills and alpha male body language habits that women are subconsciously attracted to at a primal level. You will discover how fun and exciting it is to confidently approach practically any woman,

anytime, anywhere and instantly have a fun and humorous connection with her. I'll show you a guaranteed foolproof method that has allowed me to engage attractive women in deep and thoughtful rapport by asking the right questions that cause her to become emotionally aroused. Men are aroused more by visual cues. A man looks at a woman searching for sexual stimuli like a jeweler looks for perfection in a flawless gem. Visual cues convey information about a woman's health, fertility, and youth. Women are aroused more by psychological cues. A woman looks at a man much like a detective would a suspected criminal who is about to commit another crime. The visual cues a woman looks for are status, resources, commitment, kindness, stability, and humor. Just as you are attracted to a beautiful face, ass, and breasts, so are women attracted to "male cleavage," or the attractor factors that include high status humor. I'm going to show you how to develop those psychological cues that women can't help but be attracted. With a little practice, you'll start to notice that women will begin to smile at you more when you stimulate the emotional part of their brains that make them laugh. You'll especially notice how they will start engaging you more in a playful manner and will then want to start spending more time with you. Women want men to pursue them for sex. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. Luckily for you, there is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There is

no doubt that women want to be sexually attractive and desired by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You grew up with a modern "female blueprint" and I'm going to show you how to record over it. I'm happy for the women's liberation movement and equality, but along with it became the feminization of American society. The Equal Rights Movement for women in the 60's has caused role reversals and gender confusion that contradicts the conditioning of tens of thousands of years of customary male-female roles. Male and female blueprints that took around 200,000 years to evolve upended suddenly over the last 50. That is a 4,000 to 1 ratio! That's like starting on less than the 1-inch line on a football field of a hundred yards. It's no wonder the modern male population is so confused. One of the primary reasons so many feminized males (often referred to as wusses) are unsuccessful in attracting women is they act like women themselves. It won't work! You can't reverse a few hundred thousand years of conditioning over a 50-year period and expect different results. The methods you're about to learn were scientifically tested and proven to work in social experiments. This information has been carefully researched and documented from experts in the fields of evolutionary psychology, sociology, neuroscience, evolutionary biology, anthropology, and many other fields too numerous to mention. This book can change your life!
