Naptime with Joey - Laura Izumikawa 2017-10-03
From viral Instagram sensation, lifestyle photographer, and mommy blogger Laura Izumikawa comes *Naptime with Joey*, a ridiculously delightful photo book of her now internet-famous daughter dressed up in various pop culture costumes—a perfect gift for new parents everywhere. Lights, Camera...Nap! Joey Marie wears many hats (or, rather, wigs): she’s dressed up as Inigo Montoya, Britney Spears, Beyoncé, Pikachu, Anna Wintour, Moana, and Barb from *Stranger Things*. She’s taken trips to Hawaii, baked croissants, and blasted off to the moon as an astronaut

(at least, in her dreams). She’s held occupations such as pizza chef, aerobics instructor, and handy-dandy-fixer-upper (figuratively, of course). She’s inspired a parenting blog, been the face of her mom Laura Izumikawa’s Instagram account—and for the first time, she’s taken the leap from the ranks of internet-baby-snoredom to the pages of a book. *Naptime with Joey* is chockablock full of over a hundred deliciously adorable photos of Joey dressed up as various pop culture characters, movie stars, musicians, vacationers, and holiday-goers, making this the most fun, festive, and downright delightful gift under the sun!

[It Happened One Summer](#) - Tessa Bailey 2021-07-13
The first in a spicy and unforgettable rom-com duology from #1 New York Times bestseller and tik tok favorite Tessa Bailey, in which a Hollywood "It Girl" is cut off from her wealthy family and exiled to a small Pacific Northwest beach town... where she butts heads with a surly, sexy local who thinks she doesn't belong. Piper Bellinger is fashionable, influential, and her reputation as a wild child means the paparazzi are constantly on her heels. When too much champagne and an out-of-control rooftop party lands Piper in the slammer, her stepfather decides enough is enough. So he cuts her off, and sends Piper and her sister to learn some responsibility running their late father's dive bar... in Washington. Piper hasn't even been in Westport for five minutes when she meets big, bearded sea captain Brendan, who thinks she won't

last a week outside of Beverly Hills. So what if Piper can't do math, and the idea of sleeping in a shabby apartment with bunk beds gives her hives. How bad could it really be? She's determined to show her stepfather—and the hot, grumpy local—that she's more than a pretty face. Except it's a small town and everywhere she turns, she bumps into Brendan. The fun-loving socialite and the gruff fisherman are polar opposites, but there's an undeniable attraction simmering between them. Piper doesn't want any distractions, especially feelings for a man who sails off into the sunset for weeks at a time. Yet as she reconnects with her past and begins to feel at home in Westport, Piper starts to wonder if the cold, glamorous life she knew is what she truly wants. LA is calling her name, but Brendan—and this town full of memories—may have already caught her heart. house in Amsterdam and went into hiding in 1942, when Nazis occupied Holland. They and another family stayed cloistered in the "Secret Annex" of an old office building for the next two years, until their whereabouts were revealed to the Gestapo. They suffered starvation, boredom, the daily cruelties of living in tight quarters, and the ever-present prospect of discovery and death because they were cut off from the outside world. Anne Frank kept a diary throughout this time, recording vivid recollections of her events. Her story is a fascinating meditation on human tenacity and weakness, as well as a riveting self-portrait of a sensitive and vibrant young woman whose promising future was sadly cut short.

Breaking Vegan - Jordan Younger 2015-11-01

Finding balance in life is a goal many of us strive to achieve. Whether it's through a healthy diet, exercise regimen, state of mind, relationship, or other activity (or all of the above), we

spend our days trying to be, and become, our best selves. But what happens when all that focus starts to dominate our lives? When our desire for "perfect health" trumps everything else, perhaps without us even realizing it? What happens when our solution starts becoming the problem? These are questions that author and popular blogger Jordan Younger faced when she decided that her extreme, plant-based lifestyle just wasn't working in favor of her health anymore--and questions that you may be facing too. In *Breaking Vegan*, Jordan reveals how obsessive "healthy" dieting eventually led her to a diagnosis of orthorexia, or a focus on healthy food that involves other emotional factors and ultimately becomes dysfunctional, even dangerous. In candid detail, Jordan shares what it was like to leave veganism, the downfall of her desire to achieve nutritional perfection, and how she ultimately found her way to recovery. In addition to this,

Jordan outlines an "anti-diet," whole-foods-based eating plan featuring more than 25 recipes to help inspire others to find similar balance in their own lives. Breaking Vegan is about tolerance and forgiveness. And ultimately, forging one's own path toward happiness.

volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is

infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

you, as recent research proves that bird song is good for us. *How to Attract Birds to Your Garden* shows you how to optimize your outdoor space for birds. Discover the best plants to grow for food and shelter, which birdfeeders, feed, and nest boxes to buy and how to make them predator-

proof, as well as how to encourage diversity and a broad range of bird species. No need to be an expert gardener already, or to break the bank - many of the most beneficial features can be installed easily and cheaply, and many you can build yourself or upcycle to be eco-friendly.
