We discussed the only two types of ways to woo her which are ID (In-Direct opener) and DO (Direct

Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some

examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with

your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more. It could be that some men do not understand how women think and how they react to certain messages. This book helps men peer into the world of being a woman to know how they can be evoked to gain attraction towards a man. You will no longer have to fear about what the girl will say or will react when you say something to her. You already can predict her reaction when you tell her this or that. Sometimes, you meet a girl and she is excited but she simply quickly seems interested when it comes to the time when you follow up to the text. It is time you also find the explanation for that. The book discusses the mindset that can make a

man successful with socialization. You will learn how to be socially intelligent in order to be perceptive about how a woman wants you to say to her in order to make her tick. The book also discusses the strategies of using small talk. It guides you on how to transition small talk into a deeper engagement and a catching conversation. Here, you will learn how your approach has been making you fail. This is through discussing the direct and indirect approach to text. There is a section dedicated to texting women online which is quite a common phenomenon today. Various texting cases are also discussed and a guide on how to get a woman out on a date is elaborated with text examples.
