Like Our Very Own Julie Berebitsky 2000 "Drawing on case histories, letters from adoptive parents, congressional records, and popular fiction and magazines of the day, Berebitsky recovers the efforts of single women, African Americans, the elderly, and other marginalized citizens to adopt children of their own. She contends, however, that this diversity gradually diminished during the hundred years between the first adoption laws in 1851 and the postwar baby boom era."

Williams Plays: 3 Roy Williams 2013-12-16 Roy Williams has a deserved reputation as one of the most exciting young writers whose plays have electrified the sort of audiences most theatres rarely see: streetwise urban youth. 'His plays have brought the experience of black urban youth onto the stage' (Observer). This third collection of plays, introduced by the author, showcases the diversity, the moral probing and the fine ear for authentic dialogue characteristic of his writing: *Fallout*: first produced in 2003 the play focuses on the aftermath of the killing of a teenager. *Slow Time* was commissioned and developed by the National Theatre's Education Department and toured to London schools. Set in a young offender's institution the play depicts three young men and their fight to survive. *Days of Significance* was produced by the RSC in 2007 and is revived at the Tricycle Theatre, London in March 2008. It was described by the Daily Telegraph as 'the best new play of the year ... that powerfully caught the debased spirit of our times.' *Absolute Beginners* - a stage adaptation of the seminal novel of adolescence set in 1958 London - produced at the Lyric Hammersmith May 07: 'bags of energy and highly watchable' Daily Mail.

**Love on the Racks** Michelle Nolan 2015-03-21 For the better part of three decades romance comics were an American institution. Nearly 6000 titles were published between 1947 and 1977, and for a

The author explores significant periods in the development of the genre, including the origins of Archie Comics and other teen publications, the romance comic “boom and bust” of the 1950s, and their sudden disappearance when fantasy and superhero comics began to dominate in the late 1970s.

All I Want Is Loving You Steve Bergsman 2023-10-30 In *All I Want Is Loving You: Popular Female Singers of the 1950s*, author Steve Bergsman focuses on the white, female artists of the 1950s, a time that predated the chart-topping girl groups of the early 1960s. These popular performers, many

of whom graduated out of the big bands of the 1940s, impacted popular music in a huge way. As the last bastion of traditional pop and the last sirens of swing, they undeniably shined in the spotlight. Yet these singers' fame dimmed relatively quickly with the advent of rock 'n' roll. A fortunate few, like Doris Day, Patti Page, Peggy Lee, and Debbie Reynolds, experienced some of their biggest hits in the late 1950s, and Eydie Gormé broke out in the 1960s. The luckiest, including Dinah Shore and Rosemary Clooney, ventured to television with varying degrees of success. Others would become major attractions at nightclubs in Las Vegas or, like Teresa Brewer, shift into the jazz world. Though the moment did not last, these performers were best-selling singers, darlings of the disk jockeys, and the frenetic heartbeat of fan clubs during their heyday. In a companion volume, Bergsman has written the history of African American women singers of the same era. These Black musicians transitioned more easily as a new form of music, rock 'n' roll, skyrocketed in popularity. In both books, Bergsman reintroduces readers to these talented singers, offering a thorough look at their work and turning up the volume on their legacy.

**Lost Girls** Caitlin Rother 2011-10-24 "Rother is the next Ann Rule." —Gregg Olsen Chelsea King was a popular high school senior, an outstanding achiever determined to make a difference. Fourteen-year-old Amber Dubois loved books and poured her heart into the animals she cared for. Treasured by all who knew them, both girls disappeared in San Diego County, just eight miles and one year apart. The families' anguish galvanized the community and captivated the media. A desperate search led authorities to John Albert Gardner, a brutal predator, convicted sex offender hiding in plain sight—and a complex man whose own mother, a psychiatric nursing professional, failed to see the signs of trouble. Ultimately, Gardner shared a prison unit with Charles Manson. In 2010, Gov. Arnold Schwarzenegger signed Chelsea's Law: anyone convicted of certain sex offenses against a child in California would get life in prison without parole. Based on Pulitzer-nominated author Caitlin Rother's exclusive access, *Lost Girls* is an incisive, heartbreaking true-life thriller that strikes at our deepest fears. "A cautionary tale and a horror story, done superbly." —Los Angeles Times "A terrifying portrait of a man who was sweet and cuddly one day and a crazed killer the next." —San Diego Reader "Gripping . . . chilling . . . a must-read." —Sue Russell "Boldly dissects how a boy with psychological problems formed into a man indifferent to his monstrous acts." —Katherine Ramsland "Caitlin Rother stirs up the lethal stew of family dysfunction, mental illness, substance abuse and deadly psychopathology. . . . Frank and riveting." —Diane Fanning Includes dramatic photos

**The Invisible Mile** David Coventry 2017-05-30 This acclaimed novel based on true events in the 1928 Tour de France "is a powerful story of grim determination and one man's forlorn hope to conquer fear" (Publishers Weekly). In 1928, the Ravat-Wonder cycling team became the first English-speaking peloton to compete in the Tour de France. The riders, hailing from New Zealand and Australia, were treated as exotics and isolated by language and cultural barriers. Underfinanced and undertrained, the team faced one of the toughest routes in the race's history: 5,476 kilometers over unsealed roads through a landscape heavy with the legacy of the Great War. 162 cyclists began the race that year; only 42 finished. A deeply introspective book, *The Invisible Mile* is narrated by a fictional, unnamed rider on the Ravat-Wonder team. Speaking no French and knowing few of his fellow riders, his race becomes a confrontation with memories of the Great War and a quest to understand his own place in its history. He rides on the alternating highs of cocaine and opium, pain and pleasure, victory and defeat. As he nears his final mile along the northern battlefields, trauma, exertion, and his personal demons take over. "Bruising, beautiful and ultimately transcendent, there's a perfect thought on sport, humanity or endurance on just about every page." —Markus Zusak, author of *The Book Thief*
