

Can Sex Induce Labor Right Away

One Blood - Elisa Janine Sobo 1993-07-01

One Blood offers a wealth of ethnographic material, skillfully using traditional Jamaican images and expressions to present a coherent and systematic depiction of the Jamaican body, of how it works and of how health is maintained. Sobo explains some of the more complex issues of medical anthropology in a clear and accessible fashion and shows how gender and kinship tensions are expressed through culturally constructed syndromes. The book explores the ways in which the body serves as a medium for the expression of ideas about the social and moral order. Childhood socializations and ideas about gender relations, kinship, social obligations, sorcery, and deceit are investigated in association with beliefs about nutrition, procreation, sexuality, cleanliness, bodily flow, and sickness.

Defying Destiny - Luann Lewis

After finding a new life in Sana Mundi, David Morse must travel further into the future to obtain a cure for his newborn son. On that expedition, he makes a horrifying discovery and returns to his current time determined to do everything he can to change the course of fate. This journey takes him to a different land where the inhabitants live rugged lives and deplore the people living according to the World Rules. David must infiltrate their community and befriend their dazzling female leader in order to stop the violent plans. When she finds him to be an attractive mate, he is torn between wanting to save his city and wanting to remain faithful to the love of his life.

The Unassisted Baby - Anita Evensen 2021-03-16

MUST-HAVE BOOK FOR ALL WOMEN PLANNING A HOMEBIRTH! Do you dream of a healing, peaceful birth at home, but maybe you need a comprehensive guide and resources to make it happen? Are you planning a homebirth and want to make sure you know what to do every step of the way? Thousands of women have gone before you. Almost all women can have a natural pregnancy and childbirth. Information is power. Knowing your body and what to expect during pregnancy and childbirth is the key to success. This book is a foundational resource for anyone planning an unassisted birth. The Unassisted Baby will help you: - Learn about the dangers of interventions - Do your own prenatal care - Compile the necessary birth supplies - Recognize the signs of labor - Understand the process of labor and childbirth - Prevent complications - Perform a newborn evaluation - Take care of yourself postpartum - Understand what to do in an emergency - Get a birth certificate for your baby - Teach your partner what to do during labor and birth Women have given birth without medical assistance throughout all of history. Even if you aren't planning a homebirth, this book will give you the information you need to give birth safely. PRAISE FOR THE UNASSISTED BABY "Anita recently delivered the latest addition to the freebirth genre, The Unassisted Baby. This book is full of comprehensive information about everything to do with freebirthing: why, how, when, before, and after! The Unassisted Baby tells you everything you need to know in order to make the best decisions for yourself and your baby. Warmly recommended!" - Holistic Parenting Magazine www.TheUnassistedBaby.com

The Complete U. S. Home Birth Guide - Christine Traxler 2012-05-09

You deserve an Amazing Birth! Giving Birth is one of the strongest and most profound experiences in life for all those women fortunate enough to get to experience it. All women deserve to experience the birth of their child in the best way possible, without unnecessary drugs, unnatural interventions and pain. Unfortunately, many women just accept hospital birth as the only way as the information existing is often scarce or discredited by doctors who make their living from delivering babies in hospitals. The Complete Home Birth Guide is about how you can get an amazing birth experience in the empowering environment of your own home while still having a birth that is safe for both you and your baby. Discover how you can create a birth experience that is right for you and your loved ones. Learn everything about what you need to plan and take care of before the birth to avoid any uncomfortable or dangerous situations. Last but not least, the book also contains balanced information on when Home Birth is not recommended for safety reasons - usually when either the mother or the baby has a medical condition that needs special attention. Remember that babies have been born for millennia without the use of modern technology and there are people alive today that came from an era (before the 1950s), when home births

were the norm. This means that the edict that "you must have your baby in a hospital" is only about 60 years old. It comes from obstetricians and gynecologists who make their money from women who have their baby in a hospital. This book is for every mother-to-be (or planning to be!) that is serious about having an incredible birth experience that is not ruined by an impersonal, stressful environment and needless interventions. In the book you'll find the complete process of giving birth at home explained including: * How Home Birth can lead to fewer interventions, less pain perception, more one-on-one time with the midwife, natural progression of labor, eat what you want and labor in any position you want... the list goes on * Several positive birth stories from other women who have had incredible home birth experiences * How to find and hire a Midwife and Doctor that are positive towards Home Birth and will help you through the process * If you should hire a Doula * How to have a Pool birth at home and what benefits that bring to the mother and baby * A complete list on the advantages and disadvantages of Home Birth and Hospital Birth * How to put together your birth kit * How you can induce labor yourself using natural, safe and proven methods such as Acupressure, Herbal Remedies, Sex (yes, sex!), mental exercises and other methods * What to do after the baby is born including Social Security cards and birth certificates * How to handle Health Insurance for Home Birth * How much a typical Home Birth will cost * And much more... Whether or not Home Birth is right for you, you owe it to yourself, your baby and your partner to make sure the birth experience is as amazing as it can possibly be for all of you. Making the right choice on how to give birth, and being well prepared if you choose Home Birth should be one of your top priorities, and there is no better source than this book!

What Every Mental Health Professional Needs to Know About Sex - Stephanie Buehler, PsyD, CST-S 2013-07-29

Although sexual issues frequently arise in therapeutic practice, mental health professionals are often uncomfortable and poorly equipped to address them. Written by an author who is both a psychologist and sex therapist, this practical guide provides information, tools, and exercises to increase the confidence and comfort of the mental health professional called upon to treat sexual issues during the course of therapy. The book is based on the premise that the therapist must be comfortable with his or her own sexuality in order to offer appropriate treatment. This guide discusses the characteristics of healthy sexuality-for both client and therapist-and explores the reasons that may underlie a therapist's discomfort with addressing sexual issues. Using case studies and sample dialogues, it covers a multitude of common and unusual sexual problems, couple's issues, questions that parents may have about sex, working with LGBT clients, sex for survivors of trauma, sexuality and aging, sexual pain disorders, and how to assess whether more extensive sexual therapy is needed. The guide demonstrates how therapists in different modalities can incorporate treatment of sexual problems into their practice, and covers relevant ethical issues. Included is a downloadable set of practitioner's resources that includes worksheets and client handouts that can be immediately put to use. Additionally, the book provides resources for more in-depth information and discusses collaboration with other health professionals. Key Features: Discusses how to comfortably and effectively discuss, assess, and treat clients' sexual concerns Supported by case studies and therapist/clinician dialogues Includes "Step Into My Office" sidebars taken from the author's own experience Provides downloadable resources including assessments, worksheets, and client handouts

The Handmaid's Tale - Karen A. Ritzenhoff 2019-06-06

This collection analyzes how their disciplines can add unique depth and context to many of the themes that are being mobilized in Atwood's *The Handmaid's Tale* and its screen adaptations. Contributors address how these themes apply to social issues and specific topics such as science and religion to the role of journalism in a democratic society.

Beyond the Consequences - Aleatha Romig 2015-01-15

Book #5 of the bestselling Consequences series From New York Times bestselling author Aleatha Romig comes more of the suspenseful romantic thriller about secrets and deception, passion and love, choices and consequences. Secrets and deception As the pieces of their puzzle come together, Anthony and Claire Rawlings continue to defy the odds. Together they overcame an incomprehensible beginning. Apart they

endured unimaginable heartache. Reunited with family and friends, their journey continues as they navigate a dangerous world where secrets threaten to destroy what they hold the most dear. Passion and love Tony and Claire turn up the heat as sparks fly, passion rages, and love prevails. With only a dark glance or devilish grin, the fire that sparked in an isolated suite, continues to burn. Though no longer willing to be less than Tony's equal in life, behind closed doors only one man makes the rules. Choices and consequences The safety of the Rawlings family is not debatable, and only Phillip Roach can assure that they are not disappointed. Learn how he leads old friends and new associates through the dangerous world of delusion and revenge. The choices he makes for both the family and his personal life will have consequences. Beyond the Consequences is a novel that began as the novella, A Peek Beyond the Consequences, in a limited-release anthology, Breathless. Since its publication in 2014, Beyond the Consequences has more than tripled in length with more action, heat, and secrets to reveal. Learn once and for all the identity and fate of the sender of the Rawls-Nichols letters as you join the Rawlings for a special surprise! Theirs was a long, complicated story with a monster and a knight. What made their story unique was that these two players were the same person.—Aleatha Romig, CONVICTED

[Progress in Obstetrics and Gynecology--3](#) - Nagrath Arun 2012-12-15

This is the 1st edition of the book Progress in Obstetrics and Gynecology-3. The text is comprehensive, updated as per the present day requirements in the subject of obstetrics and gynecology. The book has 21 chapters. This book deals with practical aspects of routine obstetrics like management of fetal growth restrictions, perinatal asphyxia etc. along with advancement like laparoscopic interventions during pregnancy, cord blood stem cells and uses of nitric oxide donors, etc. The first chapter deals with fetal growth restrictions and compromise. Chapter two provides a comprehensive descriptio.

What to Believe When You're Expecting - Jonathan Schaffir 2017-10-06

When a woman is pregnant, she may hear no end of old wives' tales, folklore, and advice on what will affect her baby or what will help her pregnancy to go well. Schaffir reviews the origins and the variety of these old tales and advice, repeated generation after generation, and helps women decide which bits they can believe.

[Sex Matters for Women](#) - Sallie Foley 2011-12-13

A guide to help women understand how their bodies work and to take charge of their sexuality, discussing anatomy, body image, trauma, overcoming difficulties, and related topics.

[Inducing Labour](#) - Sara Wickham 2018-04-30

When is it better to induce labour than to let a woman's body or baby decide the best time for birth? What are the pros and cons of waiting and of being induced? What about after the due date? When the baby is thought to be bigger than average? When the woman is older? If she had IVF? Or when her waters have broken earlier than usual? Induction of labour is an increasingly common recommendation and more and more women find themselves having to decide whether to let their body and baby go into labour spontaneously or agree to medical intervention. This book explains the process of induction of labour and shares information from research studies, debates and women's, midwives' and doctors' experiences to help women and families become more informed and make the decision that is right for them.

[An Illustrated Guide to Kegel Exercise](#) - Harry Blake 2021-05-12

AN ILLUSTRATED GUIDE TO KEGEL EXERCISE Use Kegel Exercise to Look Better, Feel Better and Make More Money. Have you been troubled by premature ejaculation and unsatisfied sexual life? Do you leak urine when you laugh, cough, sneeze or lift something heavy? Get a copy of "An Illustrated Guide to Kegel Exercise" to learn the life-changing ways to kegel exercise. Spending thousands on medication/drugs is not

necessary, when there are ways to tackle these challenges at little or no cost. For a low price you can get a copy of this book.

Mother Daughter Wisdom - Christiane Northrup, M.D. 2006-03-28
With such groundbreaking bestsellers as Women's Bodies, Women's Wisdom and The Wisdom of Menopause, Dr. Christiane Northrup is one of today's most trusted and visionary medical experts. Now she presents her most profound and revolutionary approach to women's health. . . . The mother-daughter relationship sets the stage for our state of health and well-being for our entire lives. Because our mothers are our first and most powerful female role models, our most deeply ingrained beliefs about ourselves as women come from them. And our behavior in relationships—with food, with our children, with our mates, and with ourselves—is a reflection of those beliefs. Once we understand our mother-daughter bonds, we can rebuild our own health, whatever our age, and create a lasting positive legacy for the next generation. Mother-Daughter Wisdom introduces an entirely new map of female development, exploring the "five facets of feminine power," which range from the basics of physical self-care to the discovery of passion and purpose in life. This blueprint allows any woman—whether or not she has children—to repair the gaps in her own upbringing and create a better adult relationship with her mother. If she has her own daughter, it will help her be the mother she has always wanted to be. Written with warmth, enthusiasm, and rare intelligence, Mother-Daughter Wisdom is an indispensable book destined to change lives and become essential reading for all women.

[The Poo Bomb](#) - Jeff Vogel 2005-03

Author Jeff Vogel did not go into parenthood with any delusions. He knew that he would love his daughter, and that was terrifying. What if he screwed up? And he knew that life with a baby would be different, that it would be filled with an endless stream of filthy diapers, unexplained wailing, and sleepless nights. Not to mention no sex. The parenting books painted a picture of smart, communicative babies and mindless, limitless joy, but he knew they were lying to him. So he wrote his own book. The Poo Bomb: True Tales of Parental Terror recounts, in a no-punches-pulled style, the first year of life of Cordelia, Jeff's freshly hatched, gooey human girl. The first year of parenthood isn't about joy or fulfillment. It is about menial labor, wiping up human waste, and marking time until the kid is old enough to run and play and thank you for its life. Jeff chronicles the journey through the morass of year one week by week. Rich with irreverent honesty and humor, The Poo Bomb is the reality show of parenting books: It reflects what most parents have sometimes guiltily felt about their not-so-delightful bundles of joy.

Do You Want to Have a Baby? - Sarah Abernathy 2006-11

Experience the journey of fertility, conception, pregnancy and birth, naturally! Millions of people struggle with fertility problems. Most can overcome them with simple lifestyle changes and natural therapies. Written by two experts in the field of Natural Health, "Do You Want to Have a Baby?" covers optimal nutrition for conception, the best fertility-enhancing supplements, and the documented success of bodywork therapies. The book also addresses the heartbreak of miscarriage and how to improve your chances if you are at risk. The book includes a step-by-step diet for nutritional demands during pregnancy with special suggestions for women expecting multiples. It provides detailed recommendations on herbs you can use safely during pregnancy and nursing, and what to avoid. An expanded section on the special problems of pregnancy reveals the best natural therapies to reduce fatigue, haemorrhoids, morning sickness, labour pain, stretch marks, swollen ankles and many other common complaints. The book also explains your options for labour and delivery, how to avoid unnecessary medical interventions, and even offers special recommendations for losing post-pregnancy weight. Look for the bonus section on natural baby care!

Best Practice in Labour and Delivery - Sir Sabaratnam Arulkumaran 2016-11-24

In light of revised recommendations for intrapartum care, this updated edition reviews best practice in all aspects of labour and delivery.

[The Mama Natural Week-by-Week Guide to Pregnancy and Childbirth](#) - Genevieve Howland 2017-04-25

"Mama Natural's Week to Week Guide to Pregnancy is the modern (and yet ancient) approach to pregnancy and childbirth. "Natural" recognizes that pregnancy and birth are normal, and that having a baby is a wondrous biological process and rite of passage—not a medical condition. This book draws upon the latest research showing how beneficial and life-changing natural birth is for both babies and moms. Full of weekly advice and tips for a healthy pregnancy, Grace details vital nutrition to take, natural remedies for common and troublesome symptoms, as well

as the appropriate (and inappropriate) use of interventions. Pregnancy, childbirth, health, health and wellness, parenting, family"--

Nameless - Claire Kent 2015-04-09

They named it anything but love. After a failed marriage to a domineering man, Erin refuses to be controlled by anything or anyone. That includes Seth, the father of her baby--a man who was supposed to be only a one-night-stand, a man who's used to always getting his way. There's a reason that Seth Thomas, a successful defense attorney, is often referred to as the Bulldozer. If something needs to happen, he makes it happen. That includes being part of his baby's life--even if he never expected to be a father, even if Erin doesn't really trust him. They'll work out an arrangement in the best interest of their baby--and if they occasionally have sex, well, that's just an added perk--but they both agree on one thing. What they have will never be love.

Management of Unintended and Abnormal Pregnancy - Maureen Paul 2011-08-24

Access to high quality abortion care is essential to women's health, as evidenced by the dramatic decrease in pregnancy-related morbidity and mortality since the legalization of abortion in the United States, and by high rates of maternal death and complications in those countries where abortion is still provided under unsafe conditions. The past two decades have brought important advances in abortion care as well as increasing cross-disciplinary use of abortion technologies in women's health care. Abortion is an important option for pregnant women who have serious medical conditions or fetal abnormalities, and fetal reduction techniques

are now well-integrated into infertility treatment to reduce the risks of multiple pregnancies resulting from assisted reproductive technologies. **Management of Unintended and Abnormal Pregnancy: Comprehensive Abortion Care** is the textbook of the National Abortion Federation, and serves as the standard, evidence-based reference text in abortion care. This state-of-the-art textbook provides a comprehensive overview of the public health implications of unsafe abortion and reviews the best surgical and medical practices for pregnancy termination, as well as managing ectopic and other abnormal pregnancies. **Management of Unintended and Abnormal Pregnancy: Comprehensive Abortion Care** is the leading source for a comprehensive understanding of issues related to unintended and abnormal pregnancy. This textbook: is authored by internationally-known leaders in women's health care; addresses unintended pregnancy and abortion from historical, legal, public health, clinical, and quality care perspectives; includes chapters on pregnancy loss, ectopic pregnancy, gestational trophoblastic disease, and multifetal pregnancy reduction; covers treatment of pregnancies in the first and second trimester by both medical and surgical techniques; and provides resources for clinical, scientific, and social support for the abortion provider and patient.

Sex and Pregnancy - Dan Farine 2022-10-27

"The book will be of interest to obstetricians, midwives, nurses, sexologists and sex therapists and both pregnancy and sex educators. There is also the potential for pregnant women and their partners to buy the book, although this will not be the primary target readership"--
