**Changes** - Thomas Newgen 2010-01-15

The latest book by Thomas Newgen and Barbara Deloto, "Changes" has five different stories about forced feminization. The authors of, the ever popular, "Virgin Bride - An Erotic Tale - A Husband becomes a Bride." and, "Shapeshifter" have now created five exciting stories of men being turned into women (almost) by their female transformers. "Neighborhood Advice" is about a wife that talks with her psychiatrist neighbor about sexuality and through her advice brings excitement into their lives by teaching the wife to transform the husband into a woman and become like a girlfriend instead of a husband as they enjoy themselves immensely while he's dressed as a woman. "I Once Was a Man, Until My Wife Got Done with Me" is about a wife who wants her husband to understand how a woman wants to be treated by a man by turning him into a woman through her training of him. "Natasha's Weekend" is about a woman's special, monthly party, where she becomes a dom for a day and turns her husband into her sissy slave to serve at the party. "What Happened to Me!?" is about a husband that regularly came home after too many drinks one too many times until she takes control and literally puts her shoe on his foot along with other limiting, and life changing restraints and changes. "A New Job: Great Pay, But at What Price?" is about a man that is hired at an outrageously high salary by a beautiful, powerful, woman boss that makes him wear women's clothing on his first day of work and ultimately changes his life completely. All the stories are about men learning about the pleasures of dressing like a woman, femininity, sexuality, sensuality, and pleasing from the feminized side of life. All of them are highly erotic and incredibly titillating! Adults only! Don't miss this one.

**Strict Women** - Annabelle Watson 2021-01-31

In this collection of provocative confessions, both women and men speak of how they came to discover what really gets them going when it comes to a dominating woman taking charge with a strict hand. It is a raw and sometimes extreme look at how the power dynamic between a woman and a man can play out in an infinite number of ways both sexually and in their overall relationship. The act of a woman physically disciplining a man is at the heart of each narrative, but the way in which this evolves in each instance is very broad and much more complicated than the simple motion of a female's hand striking a man's body. The obsession with spanking and being spanked runs throughout most of the personal revelations, but they go far beyond that to deeper needs, to traumatic early-life experiences and to broader visions of living a life in a matriarchal society. Spanking is tied up in so many emotional, psychological and physical dimensions that it is impossible to distill the whole world of getting a good hard whipping into simple depictions. Yet, it is possible to take the broad array of men and women who have either gotten disciplined or have done the disciplining in a strikingly memorable way and let them speak for themselves. The stories collected here are chosen from a vast array of confessions due to their unique qualities. There were many similar stories I came upon but the ones printed here really stuck in my mind as being especially exemplary of women with deep desires to spank and men with endless urges to be spanked due to unusually powerful events or people in their lives. The

characters run the gamut - fierce-willed wives, bossy bosses, Femdom-believing heads of households, strict stepmothers, spanking addicts, firmly disciplined males, corporal punishment proponents, humiliated cuckolds, strict black queens, power hungry girlfriends, naughty boys and philosophers of patriarchy.

**Female Domination** - Elise Sutton 2003-11-01

**Women in Game of Thrones** - Valerie Estelle Frankel 2014-04-11

Game of Thrones, one of the hottest series on television, leaves hundreds of critics divided on how "feminist" the show really is. Certainly the female characters, strong and weak, embody a variety of archetypes—widow queens, warrior women, damsels in distress, career women, priestesses, crones, mothers and maidens. However, the problem is that most of them play a single role without nuance—even the "strong women" have little to do besides strut about as one-note characters. This book analyzes the women and their portrayals one by one, along with their historical inspirations. Accompanying issues in

television studies also appear, from the male gaze to depiction of race. How these characters are treated in the series and how they treat themselves becomes central, as many strip for the pleasure of men or are sacrificed as pawns. Some nude scenes or moments of male violence are fetishized and filmed to tantalize, while others show the women's trauma and attempt to identify with the scene's female perspective. The key is whether the characters break out of their traditional roles and become multidimensional.

#### **The FemDom Experience** - Elise Sutton 2007-01

An experience is the process of personally participating in an activity, event or lifestyle. Fantasy does not always translate over to reality because reality must contend with the bodily limitations of the physical world, whereas fantasy enjoys the unlimited boundaries of the imagination. Nevertheless, fantasy is often the product of reality. For one person's fantasy is another person's reality. ; ; Notable FemDom author Elise Sutton examines the Female Domination lifestyle by taking the reader into the personal relationships and sexual practices of everyday people who live astonishing secret lives. ; ; Elise adds her insight and commentary as she examines what constitutes a successful FemDom relationship.

#### *The Second Sex* - Simone de Beauvoir 1997

It is at once a work of anthropology and sociology, of biology and psychoanalysis, from the pen of a writer and novelist of penetrating imaginative power. THE SECOND SEX stands, five decades after its first appearance, as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and womankind in our time

#### *Office Hotty* - George Boxlicker

Maxwell Strong thinks of the women at work as his seraglio, and the woman who is the hottest is Brandy. Until then, he had not made a move but, when she commits a serious error with the computers, that changes. He has his way with her, and plans to do it again. The first part may sound like harassment, but Brandy has her agenda. Strong doesn't know, but she has as much fun as he. In the second part, she gains revenge for what the man tried to do and has done to others. ~~~~~  
Excerpt ~~~~~ Brandy was the youngest and newest employee in the office, and just then, she was probably the most worried. Only 18 years old, just out of high school and on her first job for only a week, but even she knew the importance of the file and that it should never have been deleted. A more experienced white-collar worker might have been able to cover up her mistake, either laying the blame on some else or otherwise appearing innocent. However, Brandy was both naive and honest. She knocked on her supervisor's door, went in when ordered to, and confessed her mishap, telling him how sorry she was. "You did what!" Maxwell Strong roared. "Do you realize what this means? We are going to have to put in weeks of overtime to restore all the data you lost, and, even then, I'm not even sure we can do it." Actually, he was making that up. The company's information management department had sense enough that they would never have allowed such an important file to even exist without multiple backup. As soon as it was deleted, the

mainframe had noted the fact and replaced the file with an exact copy. No harm whatsoever had been done. However, Strong was sure the young lady in his office didn't know that, or she wouldn't have even bothered coming to tell him about it. He had been watching Brandy ever since her first day, not only to evaluate her work, but because she was such a beauty. He watched all the young hotties that worked for him, and she was the hottest of the bunch, tall, with long, light brown hair, big breasts and a gorgeous body. He hadn't gotten a good look at her face before, but he did so now, and it was just as pretty as her body was sexy, with a clear complexion, big, brown eyes and a very appealing mouth. As he looked at her, his main thoughts were to scheme how he could have sex with her, and he believed this was his chance. Mr. Strong had been sitting in his swivel chair but he got up and, after locking the door, returned to stand in front of his desk, the better to confront and intimidate his intended victim. Although she was tall, he was well over six and a half feet from his black wingtip shoes to his iron-grey hair, and he towered over the hot young woman as he scowled at her. His paunch, although unattractive, did nothing to make him less imposing. "Well, what are you going to do about it?" he asked. "You're on probation here, aren't you?" "Y-y-yessir." He had known that, but he wanted her to say it. Everything was going fine, so far. "Well, answer me. What are you going to do about it? I could fire you right here and now, you know. You're on probation and you really messed up. That's two reasons I could fire you, isn't it?" "Yes, sir. I'm very sorry, sir." "I asked you what you're going to do about it. Are you deaf as well as dumb?" "No sir. I'll do anything you want to make up for it. Please don't fire me." "Why not? Why shouldn't I fire you after you messed up so royally?" "Please, sir, I'll do anything you want if you don't fire me." "Anything?" "Yes, sir. Anything." That was what Maxwell Strong wanted to hear, and he was sure she meant it.

#### **Journey to the End of the Night** - Louis-Ferdinand Céline 1988

When it was published in 1932, this revolutionary first fiction redefined the art of the novel with its black humor, its nihilism, and its irreverent, explosive writing style, and made Louis-Ferdinand Celine one of France's--and literature's--most important 20th-century writers. The picaresque adventures of Bardamu, the sarcastic and brilliant antihero of Journey to the End of the Night move from the battlefields of World War I (complete with buffoonish officers and cowardly soldiers), to French West Africa, the United States, and back to France in a style of prose that's lyrical, hallucinatory, and hilariously scathing toward nearly everybody and everything. Yet, beneath it all one can detect a gentle core of idealism.

Evolution's Rainbow - Joan Roughgarden 2013-09-14

In this innovative celebration of diversity and affirmation of individuality in animals and humans, Joan Roughgarden challenges accepted wisdom about gender identity and sexual orientation. A distinguished evolutionary biologist, Roughgarden takes on the medical establishment, the Bible, social science—and even Darwin himself. She leads the reader through a fascinating discussion of diversity in gender and sexuality among fish, reptiles, amphibians, birds, and mammals, including primates. *Evolution's Rainbow* explains how this diversity develops from the action of genes and hormones and how people come to differ from

each other in all aspects of body and behavior. Roughgarden reconstructs primary science in light of feminist, gay, and transgender criticism and redefines our understanding of sex, gender, and sexuality. Witty, playful, and daring, this book will revolutionize our understanding of sexuality. Roughgarden argues that principal elements of Darwinian sexual selection theory are false and suggests a new theory that emphasizes social inclusion and control of access to resources and mating opportunity. She disputes a range of scientific and medical concepts, including Wilson's genetic determinism of behavior, evolutionary psychology, the existence of a gay gene, the role of parenting in determining gender identity, and Dawkins's "selfish gene" as the driver of natural selection. She dares social science to respect the agency and rationality of diverse people; shows that many cultures across the world and throughout history accommodate people we label today as lesbian, gay, and transgendered; and calls on the Christian religion to acknowledge the Bible's many passages endorsing diversity in gender and sexuality. *Evolution's Rainbow* concludes with bold recommendations for improving education in biology, psychology, and medicine; for democratizing genetic engineering and medical practice; and for building a public monument to affirm diversity as one of our nation's defining principles.
