Morning and Evening Meditations from the Word of God Michael J. Akers 2014-03-18 There are many devotional books available containing brief, daily inspirations that benefit all who read them. This book is different in two respects. The first is obvious: it contains two readings per day—732 in all. The second, more important difference is that the author wanted to do more than offer inspiration; this would make this book no different than so many others. The messages in the book are study sketches in that the content is not only inspirational, but also educational, challenging, and encouraging. Most of these writings were based on author Michael J. Akers's teaching of adult Bible studies for more than thirty years and learning what really brought adults to want to deepen their knowledge and application of the Word of God.

20 1/2 Ways for a Woman to Please Her Man Rodney Pearson 2011-07-14 20 1/2 Ways For a Woman to Please Her Man by Dr. Rodney Pearson is easy to read and fun book which focuses on the things a woman may not know or has forgotten about making a man happy. It takes more than food and sex to make a relationship healthy and long lasting. Many couples, engaged and married have found these 20 ½ points to be life changing and thought provoking. This book is not designed to help him. I repeat with emphasis, this book is not designed to help him! It is knowledge that you need most, if not all women, are ignorant of. You probably lack this knowledge because it was never taught to you by your mother. This is not the knowledge that he needs, although you may share with him some of the things you learn in this book. So, let me put this disclaimer in your head now before you read a single chapter, WARNING: THIS BOOK IS NOT ABOUT PLEASING YOU. READ WITH EXTREME CAUTION! As you learn more about the deeper needs of your man, execute the suggestions and develop the methods in this book, I pray that he will want to please you even more. Read carefully. Underline words and phrases that you connect to. Be open to changes you may have to make that will make you a better mate for him. Whatever you do to enhance your relationship will ultimately make you a happier woman. The process will not happen overnight but with patience and consistency you will have the best chance possible for a fulfilling and happy relationship. You should both find mutual benefits and pleasure by working on this together. May God's blessing ever be upon you as you seek to be the best woman you can be firstly for yourself and secondly for the man of your dreams forever Chapter titles include: 1. Don't Make Your Man Your Woman 2. Control those

The Descent Gonca Alban 2015-03-28 The Descent is the story of a woman who, crushed by a devastating separation, sets off on an inner journey to discover her true self, her heart, and free it from its shields, shackles and chains to be able to live her life fully, with joy and passion. Sophia is guided by her dreams. When she experiences her entire life crashing down around her, she finds herself buried under debris, mud and darkness. She crawls her way deeper into the darkness, to find what is hidden there. Each chapter begins with a dream, image and sometimes internal bodywork, followed by meaning, understanding and real life events and feelings around what is happening. Sophia, guided by her dreams, peels layer after layer of abuse-driven protection and barriers, unblocking constrictions and delving deep into darkness and pain to find the innermost beauty of a shining soul, trapped under many layers of protection, self-hate, guilt and fear, created from suffering to provide self-defence. Her dreams reveal the truth about herself, helping her understand who she truly is. She starts to understand her truth and her hidden unconscious. Sophia is drawn down into investigating her shadow, curious about what is hidden there, desiring to live a more fulfilled, aware, whole and happy life. What she encounters is at times surprising and heartbreaking, at times hopeful and joy-releasing. Discovering what has been hidden leads her to a new life, full of joy and understanding, compassion and forgiveness, contentment and peace. The Descent is written in a way that shows how dreams can lead us, how their symbolism can be interpreted and how they can be used to help guide us in our lives. It is a fascinating read for those who are feeling lost in life, as well as anyone who enjoys the story of an ordinary woman's discovery of herself.

What Women Really Want from Men Melanie Rubin 2015-02-02 Men often feel confused about how best to date when they re-enter the dating scene in their 30s - 60s. They may find themselves saying: "I just don't understand what women want..." What Women Really Want from Men: A Step-by-Step Dating Manual offers a road map for smart, straight men who'd like to find and establish ongoing, satisfying relationships with attractive women they enjoy and respect. Based on interviews with women around the U.S. and abroad, Melanie Rubin shares exactly what women want from men at each step in the dating process. Key points are presented in "Dos" and "Don'ts" boxes with bulleted lists. The range of what women want is illustrated in boxes of "Quotes" from interviewees. 13 "Mastery Topics" help readers fine-tune their dating skills and troubleshoot to reach their goals. A detailed Table of Contents makes it simple to jump directly to any subject of interest. Although the first audience for the book is men, the author believes many women will find it helpful - to give to male friends or family members, boyfriends or partners - or to read themselves. She says: "Women sometimes don't know what to expect or do when they re-join the dating world after a break. I know I didn't. What Women Really Want from Men helps women learn from other women what they might anticipate at different stages in the dating process. Lots of women also have a hard time understanding where men are coming from - and how guys experience dating and relationships differently - just like men have a hard time understanding how women think and feel about dating and relationships. Much of this information can help people who are already in relationships, since the things that make men and women feel good during dating need to keep happening during a relationship in order for it to be successful. I hope this book will serve as a bridge between men and women, helping with the process of 'cross-cultural communication, ' so that everyone wins." Rubin began work on this book after several years of dating following the end of a long-term relationship. Her intention and hope was to cultivate a better understanding of dating for herself - and, in the process, to help others with dating success - both men and women. The idea for the book came out of a conversation with a guy friend when they were discussing the trials and tribulations of dating. He said: "I don't want to read another book written by a man about dating. Why don't you write one?" Rubin decided to do just that. Reviews of What Women Really Want from Men: A Step-by-Step Dating Manual by Melanie Rubin: "I had both big laughs and sad moments going through the first couple of chapters and getting 'ahas' about past dating and relationships. With this information, maybe it's not too late..." Tom, Albuquerque, New Mexico "Somewhere between rocket science and common sense, this book offers men a practical game plan for successful dating, relationships, and sex. I work with many men who struggle with relationships. Beyond the step-by-step information, Rubin clarifies important psychological concepts, making them accessible for men who are seeking positive results." Don Fineberg, M.D., Psychiatrist, Santa Barbara, California ..".a great resource for men who are getting back into the dating game. If I'd had this after my divorce it would have saved me time and bad decisions." Seth, San Francisco, California
