

Different Sexual Worlds Contemporary Case Studies On Sexuality

Gender and Sexuality - Momin Rahman 2022-02-25

This new introduction to the sociology of gender and sexuality offers a fresh take on the importance of these concepts in modern society. It provides an insight into our rapidly changing attitudes towards sex and our understanding of masculine and feminine identities, relating the study of gender and sexuality to wider social concerns throughout the world and presenting a comprehensive yet readable summary of recent research and theory. In an accessible and engaging style, the book demonstrates how thinking about gender and sexuality can illuminate and enliven other contemporary sociological debates about social structure, social change, and culture and identity politics. Emphasis is placed on the diversity of gendered and sexual lives in different parts of the world. The book offers detailed coverage of wide-ranging topics, from international sex-tourism to celebrity culture, from gender in the workplace to new sexual lifestyles, drawing examples from everyday life. By demonstrating the links between gender and sexuality this book makes a clear case for thinking sociologically about these important and controversial aspects of human identity and behaviour. The book will be of great value to students in any discipline looking to understand the roles gender and sexuality play in our lives.

Futures Research Quarterly - 1993

The Night is Young - Héctor Carrillo 2002

The Night Is Young takes us past the stereotypes of macho hombres and dark-eyed señoritas to reveal the complex nature of sexuality in modern-day Mexico. Drawing on field research conducted in Guadalajara, Mexico's second-largest city, Héctor Carrillo shows how modernization, globalization, and other social changes have affected a wide range of

hetero- and homosexual practices and identities. Carrillo finds that young Mexicans today grapple in a variety of ways with two competing tendencies. On the one hand, many seek to challenge traditional ideas and values they find limiting. But they also want to maintain a sense of Mexico's cultural distinctiveness, especially in relation to the United States. For example, while Mexicans are well aware of the dangers of unprotected sex, they may also prize the surrender to sexual passion, even in casual sexual encounters—an attitude which stems from the strong values placed on collective life, spontaneity, and an openness toward intimacy. Because these expectations contrast sharply with messages about individuality, planning, and overt negotiation commonly promoted in global public health efforts, Carrillo argues that they demand a new approach to AIDS prevention education in Mexico. A Mexican native, Carrillo has written an exceptionally insightful and accessible study of the relations among sexuality, social change, and AIDS prevention in Mexico. Anyone concerned with the changing place of sexuality in a modern and increasingly globalized world will profit greatly from *The Night Is Young*.

Choice - 1999

A Global History of Sexuality - Robert M. Buffington 2014-02-24

A Global History of Sexuality provides a provocative, wide-ranging introduction to the history of sexuality from the late eighteenth century to the present day. Explores what sexuality has meant in the everyday lives of individuals over the last 200 years Organized around four major themes: the formation of sexual identity, the regulation of sexuality by societal norms, the regulation of sexuality by institutions, and the intersection of sexuality with globalization Examines the topic from a

comparative, global perspective, with well-chosen case studies to illuminate the broader themes Includes interdisciplinary contributions from prominent historians, sociologists, anthropologists, and sexuality studies scholars Introduces important theoretical concepts in a clear, accessible way

Sex and Desire in Muslim Cultures - Aymon Kreil 2020-12-24

The Postcolonial World - Jyotsna G. Singh 2016-10-04

The Postcolonial World presents an overview of the field and extends critical debate in exciting new directions. It provides an important and timely reappraisal of postcolonialism as an aesthetic, political, and

historical movement, and of postcolonial studies as a multidisciplinary, transcultural field. Essays map the terrain of the postcolonial as a global phenomenon at the intersection of several disciplinary inquiries. Framed by an introductory chapter and a concluding essay, the eight sections examine: Affective, Postcolonial Histories Postcolonial Desires Religious Imaginings Postcolonial Geographies and Spatial Practices Human Rights and Postcolonial Conflicts Postcolonial Cultures and Digital Humanities Ecocritical Inquiries in Postcolonial Studies Postcolonialism versus Neoliberalism The Postcolonial World looks afresh at re-emerging conditions of postcoloniality in the twenty-first century and draws on a wide range of representational strategies, cultural practices, material forms, and affective affiliations. The volume is an essential reading for scholars and students of postcolonialism.

Modern women on trial - Lucy Bland 2016-04-30

Modern women on trial looks at several sensational trials involving drugs, murder, adultery, miscegenation and sexual perversion in the period 1918-24. The trials, all with young female defendants, were presented in the media as morality tales, warning of the dangers of sensation-seeking and sexual transgression. The book scrutinises the trials and their coverage in the press to identify concerns about modern femininity. The flapper later became closely associated with the 'roaring' 1920s, but in the period immediately after the Great War she represented not only newness and hedonism, but also a frightening, uncertain future. This figure of the modern woman was a personification of the upheavals of the time, representing anxieties about modernity, and instabilities of gender, class, race and national identity. This accessible, extensively researched book will be of interest to all those interested in social, cultural or gender history.

Gender, Sexuality, Decolonization - Ahonaa Roy 2020-12-28

This book presents a new approach to the understanding of non-normative sexuality and gender transgressive modes in South Asia and South Asian diaspora. It reconceives sexual representation from the point of view of the theoretical, political and empirical trajectories of decolonization, provincialization and neoliberalism to look at the role of

historical contingency, postcolonial sexual politics and gender and sexual diversity. The volume brings together anthropological, historical, material and political analyses around South Asian sexual politics by exploring a range of themes, including culture, class, ethnicity, identity, intersectionality, migration, borders, diaspora, modernity and cosmopolitanism across various local, regional and global contexts. By using southern/non-Western and subaltern theorizations of gender and sexuality, the book discusses South Asian sexualities through issues such as the sexual politics of indeterminacy; sexual subculture, iconography and political decision-making; religious identity; queer South Asian diaspora; decolonizing the postcolonial body; sexual politics, gender and feminist debates; discrimination, and socio-political violence; the political economy of empowerment; and critical appropriation of the 377 Indian Penal Code. It also builds forms of dialogues to bridge the gap between academic and development practitioners. With diverse case studies and a fresh theoretical framework, this book will be an essential read for scholars and researchers of South Asian studies, gender studies, sexuality studies, sociology and social anthropology, political studies, diaspora studies, postcolonial and global south studies.

New Books on Women and Feminism - 2007

Sexuality Today - Gary F. Kelly 2001

Gary Kelly presents sexuality from a personalized perspective. Students are presented with case studies to help them think through their options and values relating to the personal sexual decisions they will make throughout their lives.

Handbook of LGBTQ-Affirmative Couple and Family Therapy -

Rebecca Harvey 2021-11-29

This comprehensive second edition inspires therapists to utilize clinical work to pragmatically address intersectional oppressions, lessen the burden of minority stress, and implement effective LGBTQ affirmative therapy. A unique and important contribution to LGBTQ literature, this handbook includes both new and updated chapters reflecting cutting-edge intersectional themes like race, ethnicity, polyamory, and

monosexual normativity. A host of expert contributors outline the best practices in affirmative therapy, inspiring therapists to guide LGBTQ clients into deconstructing the heteronormative power imbalances that undermine LGBTQ relationships and families. There is also an increased focus on clinical application, with fresh vignettes included throughout to highlight effective treatment strategies. Couple and family therapists and clinicians working with LGBTQ clients, and those interested in implementing affirmative therapy in their practice, will find this updated handbook essential.

Choices in Sexuality - Susan McCammon 2004

Different Sexual Worlds - Dick Skeen 1999

In-depth look at the sexual lives of real people, using their own words.

[Studies in the Psychology of Sex](#) - Havelock Ellis 2009-04-01

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

Gender and Sexuality in Contemporary Popular Fantasy - Jude Roberts 2016-06-03

This book explores the ways in which contemporary writers, artists, directors, producers and fans use the opportunities offered by popular fantasy to exceed or challenge norms of gender and sexuality, focusing on a range of media, including television episodes and series, films, video games and multi-player online role-play games, novels and short stories, comics, manga and graphic novels, and board games. Engaging directly with an enormously successful popular genre which is often overlooked by literary and cultural criticism, contributors pay close attention to the ways in which the producers of fantasy texts, whether visual, game, cinematic, graphic or literary texts, are able to play with gender and sexuality, to challenge and disrupt received notions and to allow and

encourage their audiences to imagine ways of being outside of the constitutive constraints of socialized gender and sexual identity. With rich case studies from the US, Australia, UK, Japan and Europe, all concentrating not on the critique of fantasy texts which duplicate or reinforce existing prejudices about gender and sexuality, but on examining the exploration of or attempt to make possible non-normative gendered and sexual identities, this volume will appeal to scholars across the social sciences and humanities, with interests in popular culture, fantasy, media studies and gender and sexualities.

Subject Guide to Books in Print - 1993

Library Journal - 1991

Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

Sexualities Research - Andrew King 2017-08-18

How is sexuality studied methodologically? How are we innovating, methodologically, in the study of sexuality? What impact, if any, has the increase in mixed methodologies had on the study of sexuality?

Sexualities Research brings together original contributions by emerging and world-leading scholars of sexuality. Through this volume the authors seek to address how theoretical and methodological choices enable wider dissemination and social impact of sexualities research. Indeed, covering a diverse range of theoretical perspectives and methodologies to provide important new insights into human sexuality, the chapters cover an array of topics from the experience of researching sexuality, to using theories in new and innovative ways. With an international scope, Sexualities Research also builds on the re-emergence of the European Sociological

Association Sexuality Research Network and asks important questions about the study of sexuality in contemporary societies against the background of political upheaval and economic troubles. Certainly, this collection shows the importance and vitality of sociological understandings of human sexuality in the twenty-first century. An enlightening volume consisting of a variety of case studies and theoretical research, Sexualities Research will appeal to undergraduate and postgraduate students, as well as postdoctoral researchers who are interested in fields such as Sociology, LGBT/Queer Studies and Gender Studies.

Religion, Gender and Sexuality in Everyday Life - Peter Nynäs

2016-04-08

Exploring the intersection between religion, gender and sexuality within the context of everyday life, this volume examines contested identities, experiences, bodies and desires on the individual and collective levels. With rich case studies from the UK, USA, Europe, and Asia, Religion, Gender and Sexuality in Everyday Life sheds light on the manner in which individuals appropriate, negotiate, transgress, invert and challenge the norms and models of various religions in relation to gender and sexuality, and vice versa. Drawing on fascinating research from around the world, this book charts central features of the complexities involved in everyday life, examining the messiness, limits, transformations and possibilities that occur when subjectivities, religious and cultural traditions, and politics meet within the local as well as transnational contexts. As such, it will be of interest to scholars of sociology, anthropology, geography and cultural studies examining questions of religion and spirituality, gender and sexuality, and individual and collective identities in contemporary society.
