Besides, she has to think about her daughter Mollie and what's best for her, too. Even though her mind is telling her no, her heart is shouting that Blake is a big yes. The Hate Date - Alina Jacobs 2021-08

Guys six feet and over have it made in the dating game. Girls? Not so much. Most guys stay far the hell away from tall girls. The ones who don't? You're getting the real bottom of the barrel dates: The guy with the height fetish who kept trying to touch my feet. The dude with mommy issues who burst into tears and cried on my shoulder. The alphahole billionaire who needs a whole separate town car for his ego. At first glance (an upward glance because he was TALL!) Greg Svensson seemed perfect. Six-feet-five of solid muscle with washboard abs and a tower with his name on it, Greg was a guy my parents would actually begrudgingly admire. I had our future all planned out. Until he opened his mouth. It was hate at first sight. The only thing we have in common is that we're both tall. He wears bespoke suits. I wear flats with holes in them. He runs a big shot investment firm. I'm trying to start my own

company with only bubble gum and circus peanuts. He likes to show up at my horrible dates and ruin them. I...pretended I hated when he did that but secretly was thrilled even though it was a little young adult fiction. Don't judge! Six-foot tall beggars can't be choosers. Besides, just because I hate him doesn't mean I won't date him! This is a prequel to the new Manhattan Svensson brothers series. An enemies-to-lovers romantic comedy with sexy hotness on a six-foot-five stick, a heroine who is your new best friend, and all the laugh-out-loud moments that will make you choke on your wine!

The billionaire's fiancée - Marie Levers

Business. I hate that stupid word with a passion. I hate everything about it. Every time I see that awful word I turn the other way. How it made my family not to be a real family. How it made my brother busy with training. How it made my father always leave for trips. How it made me a human pincushion for my mother's fashion. How it brought me a marriage I didn't ask for. Business. Bianca Harrison has had a wild twenty four years. Her brother, Blake, was always there for her. He would scare away boys who would come to take her on dates. He'd make sure she did her school homework. He did everything she expected from her father. Her nanny, Janet, from when she was a kid was always there for her. She was her shoulder to cry on. She'd make sure her room was clean and she had a good meal. She did everything Bianca expected from her mother. Bianca's boyfriend of four years just broke up with her. Bianca was heart broken. She went to her parents, who were home for once, and regretted it instantly. Her father said he had something in mind, but Bianca had no clue it would be this extreme. Having to marry her father's business partner Leon Bailey. The bachelor of New York. The man every girl swoons over. A thirty year old Greek God. Boy was she not excited.
