When Ishmael and his unexpected friend Queequeg join Captain Ahab's hunt for Moby Dick, the voyage of a lifetime turns into tragedy. The adventures of sailing the seas on the hunt for the great white whale is retold in the Calico Illustrated Classics adaptation of Melville's *Moby Dick*. Calico Chapter Books is an imprint of Magic Wagon, a division of ABDO Group. Grades 3-8.

**Lying for Money** - Dan Davies 2021-03-09

An entertaining, deeply informative explanation of how high-level financial crimes work, written by an industry insider who's an expert in the field. The way most white-collar crime works is by manipulating institutional psychology. That means creating something that looks as much as possible like a normal set of transactions. The drama comes later, when it all unwinds. Financial crime seems horribly complicated, but there are only so many ways you can con someone out of what's theirs. In *Lying for Money*, veteran regulatory economist and market analyst Dan Davies tells the story of fraud through a genealogy of financial malfeasance, including: the Great Salad Oil swindle, the Pigeon King International fraud, the fictional British colony of Poyais in South America, the Boston Ladies' Deposit Company, the Portuguese Banknote Affair, Theranos, and the Bre-X scam. Davies brings new insights into these schemes and shows how all frauds, current and historical, belong to one of four categories ("long firm," counterfeiting, control fraud, and market crimes) and operate on the same basic principles. The only elements that change are the victims, the scammers, and the terminology. Davies has years of experience picking the bones out of some of the most famous frauds of the modern age. Now he reveals the big picture that emerges from their labyrinths of deceit and explains how fraud has shaped the entire development of the modern world economy.

*The Incomparable God* - Brent A. Strawn  
2023-05-30

"My Lord! There is no one like you among the gods!" Attempting to describe the nature of God often prompts the exclamation of the psalmist—that God is unlike anyone or anything else. And yet the claim is not simply the overflow of an adoring heart: God's incomparability is a truth lodged deep within Christian Scripture. In *The Incomparable God*, Old Testament scholar Brent Strawn offers thoughtful insight into this theological mystery. This volume collects eighteen of Strawn's most provocative essays on the nature of God, several of which are published for the first time here. Strawn covers the following topics: • the complex portrayal of God in Genesis • God's mercy in Exodus • poetic description of God in the Psalms • the Trinity in both testaments • pedagogy of the Old Testament • integration of faith and scholarship

Encompassing close readings of Scripture, biblical-theological argument, and considerations of praxis, *The Incomparable God* is essential reading for Old Testament scholars and students.

**Home Before Dark** - Riley Sager 2021-08-31  
THE INSTANT NEW YORK TIMES BESTSELLER  
• One of USA Today's Best Books of 2020 "A haunted house story—with a twist....[Sager] does not hold back" (Rolling Stone) in this chilling thriller from the author of *Final Girls* and *Survive the Night*. Every house has a story to tell and a secret to share. Twenty-five years ago, Maggie Holt and her parents moved into Baneberry Hall, a rambling Victorian estate in the Vermont woods. Three weeks later they fled in the dead of night, an ordeal her father recounted in a memoir called *House of Horrors*. His story of supernatural happenings and malevolent spirits became a worldwide phenomenon, rivaling *The Amityville Horror* in popularity—and skepticism. Maggie was too young to remember any of the horrific events that supposedly took place, and as an adult she doesn't believe a word of her father's claims.

Ghosts, after all, don't exist. When she inherits Baneberry Hall after his death and returns to renovate the place and sell it, her homecoming is anything but warm. The locals aren't thrilled that their small town has been made infamous, and human characters with starring roles in House of Horrors are waiting in the shadows. Even more unnerving is Baneberry Hall itself—a place where unsettling whispers of the past lurk around every corner. And as Maggie starts to experience strange occurrences ripped from the pages of her father's book, the truth she uncovers about the house's dark history will challenge everything she believes.

**Financial Freedom** - Grant Sabatier

2019-02-05

The International Bestseller New York Public Library's "Top 10 Think Thrifty Reads of 2023" "This book blew my mind. More importantly, it made financial independence seem achievable. I read Financial Freedom three times, cover-to-cover." —Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: \* Create profitable side hustles that you can turn into passive income streams or full-time businesses \* Save money without giving up what makes you happy \* Negotiate more out of your employer than you thought possible \* Travel the world for less \* Live for free--or better yet, make money on your living situation \* Create a simple, money-making portfolio that only needs minor

adjustments \* Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

Full of interesting stories and quirky facts - from the islanders who used huge stones as a means of exchange to the merits of universal basic income - this is an indispensable handbook for anyone curious about how money came to make the world go round.

**Montana 1948** - Larry Watson 2010-08-01

The tragic tale of a Montana family ripped apart by scandal and murder: "a significant and elegant addition to the fiction of the American West" (Washington Post). In the summer of 1948, twelve-year-old David Hayden witnessed and experienced a series of cataclysmic events that would forever change the way he saw his family. The Haydens had been pillars of their small Montana town: David's father was the town sheriff; his uncle Frank was a war hero and respected doctor. But the family's solid foundation was suddenly shattered by a bombshell revelation. The Hayden's Sioux housekeeper, Marie Little Soldier, tells them that Frank has been sexually assaulting his female Indian patients for years—and that she

herself was his latest victim. As the tragic fallout unravels around David, he learns that truth is not what one believes it to be, that power is abused, and that sometimes one has to choose between loyalty and justice. Winner of the Milkweed National Fiction Prize
