**Sailors and Sexual Identity - Steven Zeeland 2013-08-21**

In Sailors and Sexual Identity, author Steven Zeeland talks with young male sailors--both gay- and straight-identified--about ways in which their social and sexual lives have been shaped by their Navy careers. Despite

massive media attention to the issue, there remains a gross disparity between the public perception of "gays in the military" and the sexual realities of military life. The conversations in this book reveal how known "gay" and "straight" men can and do get along in the sexually tense confines of barracks and shipboard life once they discover that the imagined boundary between them is not, in fact, a hard line. The stories recounted here in vivid detail call into question the imagined boundaries between gay and straight, homosexual and homosocial, and suggest a secret Pentagon motivation for the gay ban: to protect homoerotic military rituals, buddy love, and covert military homosexuality from the taint of sexual suspicion. Zeeland's interviews explore many aspects of contemporary life in the Navy including: gay/straight friendship networks the sexual charge to the Navy/Marine Corps rivalry the reality behind

sailors' reputations as sexual adventurers in port and at sea men's differing interpretations of homoerotic military rituals and initiations sex and gender stereotypes associated with military job specialities how sailors view being seen as sex objects Everyone interested in the issue of gays in the military, along with a general gay readership, gay veterans, and gay men for whom sailors represent a sexual ideal, will find *Sailors and Sexual Identity* an informative and entertaining read. *Rough Stuff* - Simon Sheppard 2000

Introduction by Pat Califia, A collection of gay erotic fiction that celebrates, the darker side of desire by exploring the, exchange, use and misuse of power. Going beyond, for example, the world of traditional leathersex, fiction, the hot, edgy stories in this compendium, push the boundaries further than they've ever been, pushed before. Don't say you haven't been warned!

*Tough Guys* - Bill Brent 2002

*Tough Guys* is a no-nonsense, hands-on collection of stories that probe the depths of edgier sex play between men: leathermen, hustler boys, marines, thugs, martial artists gone haywire, rednecks, fratboys... Here, fearless fantasies crash into brutal realities with powerful results. From stories like Aaron Travis scorching tale of a fraternity god taking control of a submissive new student, to Jack Fritschers sensual portrait of a good boy turned very bad boy by the misfortunes of war and rotten influences, *Tough Guys* contains tough stories by classic authors. *Tough Guys* is also brimming with sexy stuff from newer writers as well. Kurt Hoffman tells an evil fairytale about a prisoner who gets more than he bargained for from his Warden and the Devil himself, Thom Nickles takes a twisted look at what happens when bored rich boys find wayward street boys at the mall, and Ian-Andrew McKenzie shows a little humor in telling how a little jealousy does wonders for keeping your redneck boyfriend hot and spicy. There are few new hard-edged gay erotica titles in print, and this book fills that niche.

**Hard Hats** - Neil Plakcy 2008-04-01

Construction workers, plumbers, gardeners or any hard working man

with a tool belt play a part in many gay male fantasies. In this steamy collection we take a ride to the top of a high rise under construction for a precarious steel beam encounter, go down in the belly of a dark steamy mine, hang out with some hunky sweaty landscapers and slip into the construction manager's office for a quickie. Wherever we go, you'll find sexy, men loving men who are turned on by more than their buddies' tools, in this world the hats are not the only thing that's hard.

**Cruising** - Shane Allison 2012-04-17

Hot flings at a seedy truck stop. Homemade glory holes in the stall walls of a dorm shower. Fun and fornication at an infamous park. Steamy bathhouse trysts and other tales of public eroticism is what *Cruising* is all about. As Shane Allison says, "This is the anthology I have dreamed of doing for years. There's nothing that gets the adrenaline flowing and the muscle throbbing like public sex." Filled with hot plots and even hotter characters, *Cruising* doesn't shy away from new erotic territory and includes several true confessions including those of the editor himself. As with all of Allison's sexy compilations, creativity and diversity of story lines are key along with the fun factor that is the hallmark of Allison's anthologies. "One Hot Baby" by Daniel Curzon is a wryly sweet short about an aging straight guy who stops to pee in a park and gets an unexpected blow job, which lifts his spirits. A fierce black queen enjoys some of "New York's Phynest" in an "arresting" erotic encounter with a hot Dominican cop in Donald Peebles Jr.'s surprise-filled story while the narrator of Rob Rosen's "Small Town Blues" gets horny in the sticks, hits on a young Indian immigrant clerk in the jiffy mart and discovers that the hicks are up for group action anytime and anywhere. *Cruising* moves at the highest speed and is filled with kink, sex toys, exotic locations, wild scenarios and plenty of sexual intensity.

Hands Free Orgasm and Others Gay Stories - Alfredo Blackrock 2013-12

I have written the stories of this book for my personal pleasure, to recreate experiences that I would like to have lived, but did not have the

good fortune to do so. However, each one has been generated by a grain of reality perhaps just from a fleeting glance or a situation never fully resolved. The subject matter of each of these stories is erotic. From a young age I have been a voracious reader, and the erotic genre has always interested me. The percentage of time devoted to these readings, has been increasing over time, and is now overwhelmingly dominant for me. However, more importantly, I have come to appreciate the powerful role of sex in human behavior in general and in myself in particular. As long as our fundamental needs for food and water are met, the desire for the erotic prevail over, or at least color, all other concerns. The survival of the species after all depends on this drive. Sex is at the crossroads between survival and extinction. There is a strong component that was suppressed in my childhood for social and cultural reasons. Over time this restraint has been released. I believe that a certain kind of physical sex is much more important for men than for women. For women, a primary drive and source of satisfaction is the protection and welfare of offspring. Male sex, on the other hand, is linked to power relations. Usually a man by his nature wants many partners, and may seek them indiscriminately. This might include homosexual contacts. For those who have found the latter, they have also discovered a liberating freedom to pursue sex in its pure and unadulterated form unfettered by responsibilities or consequences. Sex with like-minded males is pure and hard. The stories I write must first be exciting for me and also, I hope, the reader. They are in that sense, stories to be read with only one hand. I realize that not everyone has the same sensitivity; indeed each one of us is unique. However, it is very important for me to know that someone gets pleasure by reading my stories. The knowledge that another person has been touched and excited with the images that I created, makes me feel an intimate contact with them. As situations and feeling are described, I hope they evoke responses in others as they did myself. This contact through words and images may be more profound and exciting than direct physical contact itself. Sex, like many other things, lies in the complex and wonderful organ that is our brain. It excites me to think that someone masturbates with my stories, and that I am the one who is

providing him pleasure even though my hands never touch him. I sought to create sensual scenes that may be both delicate and powerful as well as representing profound truths. In the stories that follow some situations and emotions reoccur. Some might say in an obsessive way. So be it. They include first times experiences, but predominantly they are predator-prey relationship, dominant and submissive roles, initiator and initiated situations, master and apprentice associations, and relationships with marked age differences. All the younger characters are of legal age. I also like the play of light and shadow, between desire and fear. My stories depict the dualities of sex, smooth and rough, curve and edge, cold and heat, resistance and surrender. The relationship between pleasure and pain are also explored. Whether they are derived from biology or culture, I believe they lie within all. Active and passive roles are traditionally stated as those of the male and the female, but I submit they are present in all of us to a greater or lesser degree. I recognize both types of sensations in myself and I presume readers will too. The position between the two poles depends on the person, but the two are inseparable and cannot exist without each other. In these stories, the staging sketches are intentionally cinematographic. To accompany the images I attempt to create, I suggest background music to your own taste.

*The Mentor* - Jay Quinn 2014-04-23

Examine a moving, personal narrative about growing up gay in the south! Students, teachers, and anyone interested in gay studies and experiences will find that *The Mentor: A Memoir of Friendship and Gay Identity* (a 2001 Lambda Literary Foundation Gay Male Biography/Autobiography Award finalist) delivers a captivating and honest look into the challenges of growing up gay through the context of firsthand experiences, revelations, and realizations. This unique book is an intelligent and personal narrative that considers the social, religious, and emotional aspects of what it is like to grow up as a gay male in the south and examines the enormous social changes regarding homosexuality that have taken place in America during the last half of the century. Written to reveal the importance of the author's mentor in

helping him form his self-identity and educating him about being gay, this book challenges the stereotypical idea that, unlike heterosexuals, gay men are not able to form nurturing, fulfilling bonds between themselves. The Mentor delivers an inspiring story about accepting and understanding your sexuality with the help and guidance of other men who have traveled the road to a successful gay identity. This unique book offers the courage, strength, and support of a mentor to help guide you through the trials that many young gay men experience, such as: recognizing the possibilities of exploitation by older gay men due to a lack of emotional and social experience creating a loyal relationship with a man that does not include sex but which satisfies emotional needs that many gay men need and long for discovering the importance of a mentor to gay youths, since there are few homosexual role models to learn from. Sincere and well-written, *The Mentor* provides insight into everything from the author's experience with intolerance of homosexuality by certain religions to struggles with fidelity and infidelity, illustrating the difficult yet universal challenges of life relationships. *The Mentor* contains suggestions that will help you recognize that your feelings of desire and love and your quest for human connection as a gay man are not the distorted reflections of a heterosexual image, but a healthy gay identity. With this unique book, you will discover how to make the shift from confusion to full acceptance of your gay identity, you will understand that you are not alone, and perhaps you will be encouraged to pass on the legacy of a mentor to other young gay men.

*Three the Hard Way* - Austin Foxxe 2003

**Bisexual and Gay Husbands** - Fritz Klein 2014-02-04

What happens when married men face their gay/bisexual needs? This astonishing volume offers an intimate look into the lives and thoughts of bisexual men. Already married to women, these men are undeniably attracted to other men. Their struggle with conflicting needs, desires,

and loyalties is not filtered through theories or evoked in brief interviews. It comes straight from their own keyboards. The stories told in *Bisexual and Gay Husbands* are taken from an Internet mailing list, which allows people to speak freely and in anonymity, yet also encourages the development of a tightly knit community. Men at all stages of the coming-out process share their experiences, their secrets, their pain, shame, anger, and hope. One man writes, "I have found the answer to my bisexual needs and am afraid to embrace it. I need help and advice to know what to do. What you people have done in your lives may hold the key to helping me decide on a course of action. I am either going to create a dream come true or hell on earth as I destroy my marriage. I can't tell which, and of course you can't either. But you CAN tell me how you are handling the problems I am facing." *Bisexual and Gay Husbands* includes advice and information on the issues that touch these men most deeply, including: how do I tell my wife and kids? what does it mean to self-identify as bisexual or gay? what kinds of relationships do I want with men? can triads work? how do I deal with my children's reaction? do I have to leave my wife? The insight, intelligence, and honesty revealed in *Bisexual and Gay Husbands* make it a riveting read, but it also has great clinical and historic value for therapists, sex theorists, and bisexual men and their families.

Rough as guts, tough as nails - and twice as horny. Alpha males are top of the fantasy fodder food chain. Guys with scars, tattoos and piercings, tough working-class men who aren't afraid to get down and dirty, ex-cons

and skinheads who reek of danger and hard, crude sex. These guys are always ready to pop a load: anywhere, anytime, anyhow. In this hot collection of Barry Lowe's hardest erotica you'll meet a cross section of tough guys, such as the former prison inmate who breaks into a young student's room expecting to find his girlfriend who has long since departed. Or the guy, brutally robbed, who runs into his mugger in a supermarket; the intimidating skinhead who lives in the apartment above a frightened gay couple; the razor gang thug who is forced to fight for his life among the debris of the Depression; the graffiti artist who lives by his wits on the streets but whose secret life is discovered by his brother's violent gang; the plumber who is greeted at the door by a writer dressed in ludicrous drag because he works under a woman's name; the top notch businessman who resorts to bondage to wreak his revenge on the co-worker he fancies; the builder who tries subterfuge to seduce his workmate and also the man whose house he is repairing; and, the ex-con who will do anything to turn his sister's boyfriend. Some of these tough guys are the stuff of nightmares, but they'll get you good and hard while you read of their adventures. Rough & Ready was originally published by loveyoudivine Alterotica and includes - Stocks & Shared, Scarface, Ceps Mad about Muscle, The Plumber's Mate, Climbing Up the Wall, Little Red Rides da Hood, The Dex Factor, Jailhouse Cock, and The Skinhead Upstairs, all previously published as individual eBook by loveyoudivine Alterotica. Climbing up the Wall was first published in Hard Hats: Gay Erotic Stories, edited by Neil Plakcy (Cleis Press, 2008) in a slightly shorter version Excerpt: He was demonically handsome. Envy had it that he'd had commissioned a well known artist to paint his portrait and the result was stored in his attic. His thick, burnished russet hair reflected his fiery personality, and his piercing green eyes could see through weakness, scams and bullshit like Superman through brick. To make it even more unfair on the rest of us mere mortals who had to sweat for a living, Mitch Badham was athletic, good at social sports, tennis, golf and squash, aided immeasurably by powerful tanned legs with a dusting of

light hair like icing sugar on a cake, and had a package that his tight carefully tailored Armani slacks hugged like cling wrap does to beef in the freezer. Wealth, adoration, and success stalked him. And so did I. What attracted me and got me instantly hard was his incredible sculpted ass. Perfectly round cheeks, full but not flabby, encased tightly enough that you couldn't help but notice them, especially if you were behind him as, inevitably, I was. I could not compete with the fucker, either in looks, physique, or economic ability. I hated the bastard. I believed I had more reason than most. Perhaps I should explain how Mitch came to be at my mercy. Well, my obsession...there I've said it, and I don't feel any great sense of relief in my admission...caused my stocks at the firm to plummet. While Mitch was in ascendancy, I was very definitely in descendancy. In fact, I suspected that the meeting called for 11a.m. Monday in the boardroom was to seal my dismissal. Basically, I was past caring. With my dismissal imminent, I was unlikely to find another job in my area of expertise, so why not wreak revenge on my nemesis.
