Counseling Sexual and Gender Minorities - Lynne Carroll 2010

COUNSELING SEXUAL AND GENDER MINORITIES Lynne Carroll This text is a practical, accessible, and comprehensive resource on counseling sexual and gender minorities. It offers readers broad and inclusive coverage of current theory, research, and counseling applications for use with sexual and gender minority clients. With an emphasis on applying theory to practice, the book contains experimental learning activities, practical resources, current strategies, and interdisciplinary insights, making this text a vital resource for students seeking complete training in gay, lesbian, bisexual, and transgendered counseling issues. UNIQUE FEATURES Coverage of sexual as well as gender minorities helps students learn to counsel clients who are not only gay, lesbian, or bisexual, but also transgendered or transsexual. Coverage of advocacy and social justice empowers readers with specific strategies to participate in social advocacy for marginalized minorities. Case studies located throughout the book allow students to understand practical applications of theory through real-life examples. An array of creative learning activities, including film assignments with corresponding discussion questions, self-reflection exercises, and role-playing activities, promote self-reflection and critical thinking about issues that are the source of continued debate and controversy in the helping professions. WHAT REVIEWERS HAVE TO SAY "This text will transform the education of students who work with GLBT issues by prioritizing the T as well as the GLB. This is a volume rich with the latest research and clearly articulated approaches to working with LGBT clients. In addition, this text is inclusive of all types of helping professions, including counseling, social work, and psychology... It presents current controversies in an unbiased fashion, opening up the way for students to reflect, discuss, and determine for themselves where they fall with debates."--Sharon Horne, University of Memphis "The inclusion of both sexual and gender minorities makes this text really stand out, as well as its attention to diverse subpopulations including youth, couples, and families."--Julie Ancis, Georgia State University "The activities are excellent-the self-reflection activities, case studies, and the library, media, and Internet resources. These are used in an excellent manner to allow the reader to apply the material. Individuals using this text would be able to incorporate these activities into their classroom lessons, workshop presentations, and group/individual counseling situations."--Tony Cawton, Clemson University"

Male Bodies, Women's Souls - LeeRar Costa 2013-01-11

Get a detailed look at the Thai sex/gender system—through analysis of the personal stories from transgendered youth in Thailand The Thai term *sao braphet song* (a “second type of woman”) describes males who reject the gender of masculinity for femininity. **Male Bodies, Women’s Souls: Personal Narratives of Thailand’s Transgendered Youth** uses the narrative method, stories in the words of these “second type of women” to analyze these transgendered experiences. This previously ignored perspective of the Thai sex/gender system gained through this theoretical and methodological approach offers students and general readers a rich, more readily accessible foundation of knowledge about gendered subjectivity and sex/gender systems. **Male Bodies, Women’s Souls: Personal Narratives of Thailand’s Transgendered Youth** features in-depth, autobiographical life histories from individual Thai transgendered youth. Life stories, told in the participants’ own words, provides an engaging, at times touching, always insightful look at Thai culture’s sex/gender system. The authors then expertly analyze the narratives to illuminate common themes and constructions within this group, allowing an opportunity for contrast and discussion on transgender experiences in other nations. **Male Bodies, Women’s Souls: Personal Narratives of Thailand’s Transgendered Youth** analyzes the major themes in the stories, including: identities definitions and descriptive labels etiologies of *sao braphet song*-ness the notion of acceptance narrator motivations for participating in the project **Male Bodies, Women’s Souls: Personal Narratives of Thailand’s Transgendered Youth** is illuminating, reflective reading for educators, undergraduate students, graduate students, researchers, or anyone interested in discovering more about transgenderism in a specific cultural context.

Today's Transgender Realities: Crossdressing in Context - Ph. D. G. G. Bolich 2008

The second in a landmark five volume set by gender scholar G. G. Bolich, this volume looks at the lives of people called “transgender.” These people are allowed to speak for themselves in the various studies conducted with them by many scholars over the last few decades. What the research reveals provides a fascinating and compelling look at a group of people increasingly visible in our society.

Transgender Voices - Lori B. Girshick 2009-09-15

A revealing look at the lives and perspectives of transgender and gender variant people, based on 150 personal interviews

Head Over Heels - Virginia Erhardt 2014-01-14

Candid, first-hand accounts of couples who stay together despite highly emotional gender issues. **Head Over Heels** gives voice to thirty ordinary women who live extraordinary lives as partners to crossdressers, transgenderists, and male-to-female transsexuals. These unique women discuss, with honesty and great candor, how they first learned of their partners’ gender issues, how they’ve coped with the emotions that followed, how they’ve dealt with concerns about privacy/secretcy, and how they’ve handled disclosure to children, friends, and family members. Far from a collection of “happily ever after” stories, these narratives are filled with pain, courage, curiosity, and joy as each woman struggles to redefine a relationship that includes intimacy, social acceptance, dignity, and respect. The women whose stories are featured in **Head Over Heels** didn’t know their partners were gender-variant when they first met. Some found out early on; others learned of their husbands’ gender variance after decades of marriage. Some were told by their husbands—men they considered “regular guys;” others found out on their own, sometimes in shocking ways. Their stories represent a wide spectrum of women’s life experiences with crossdressers, transgenderists, transsexuals who are nonoperative, pre-operative, and post-operative, families without children, families with children at home, and families with children who have left home. But these women share one thing in common: each has decided to stay in her relationship, exploring her new life with an open, yet cautious, heart. Some of the voices heard in **Head Over Heels**: “While putting my clothes on, I found a sales receipt on the bureau from K-Mart for shoes, a bra, and stockings. My immediate thought was that my husband had a girlfriend.” “He dressed for me one night and it was the worst experience of both our lives. I was shocked and he knew it and that hurt him.” “My siblings had been aware of Trish’s transsexualism for several years when she went full-time. They have told me that while I will always be welcome in their homes, Trish is not.” “My husband may think differently, but I do have a sexual identity. Actually, I’m real clear about it—I am a woman and he is a man. I do not allow him to crossdress in the bedroom. I married a man; therefore, I will sleep with a man.” **Head Over Heels** also includes historical and current information about resources and support for wives of gender-variant people, and a substantive introduction that includes basic information about sexual and gender identity and related issues.

Principles of Transgender Medicine and Surgery - Randi Ettner 2013-02-01

A comprehensive and important text for health care professionals Gender variance is widely misunderstood, and few medical texts examine the social, legal, emotional, historical, biological, and economic issues involved. **Principles of Transgender Medicine and Surgery** provides medical and health care guidelines and comprehensive information on all aspects of treatment of gender diverse individuals. This one-of-a-kind resource examines a full range of relevant data important to health care professionals. Each chapter addresses a different aspect of care, written by an authority on that sub-specialty. This practical guide instructs both novices and experienced practitioners on the state-of-the-art treatments and knowledge. **Principles of Transgender Medicine and Surgery** presents the foremost international specialists on the issues, offering their expert knowledge on the wide spectrum of issues encountered by gender diverse individuals. In this handy text, professionals of all types can get important information about various aspects of transgender health care. This essential text is extensively referenced, and includes

numerous photos, tables, and figures to clearly illustrate information. Topics in Principles of Transgender Medicine and Surgery include: etiology primary medical care evidence-based preventive care hormone treatment of adults and juvenile transsexual patients general principles of surgical therapy reassignment surgery mental health issues developmental stages of the coming out process reproduction issues fertility issues karyotyping and genetics intersex individuals gender identity disorders aging and the care of elderly transgender patients Principles of Transgender Medicine and Surgery is an essential guide for health care professionals, educators, students, patients, and patients' families.

CORROSIVE IMPACT OF TRANSGENDER IDEOLOGY. - JOANNA WILLIAMS 2020

Is My Husband Gay, Straight, or Bi? - Joe Kort 2014-09-11

Jennifer can't believe it. Just married and pregnant, she discovers that her husband has been meeting Brad for sex. When confronted, Tom doesn't deny it, but he insists it's just "a thing" and he isn't gay. Elsewhere, John's wife, Karen, discovers that her husband likes to watch gay porn. John doesn't understand his wife's reaction. Why does she care what he watches if he's not unfaithful? In couple's therapy, Karen and Jennifer raise the same questions: Does this mean my husband is gay? Can my marriage survive? These and other stories illustrate the difficulties inherent when a wife or girlfriend finds out her man has had or wants to have sexual contact with other men. But many times, the man is not gay or even bisexual. Of course, some men with gay sexual interests are gay men in a process of self-discovery; they are "coming out." These desires may only reflect a different side of a man's sexuality or some response to childhood trauma or experiences they have not fully processed. Here Joe Kort and Alexander P. Morgan make the distinction between gay men and "straight men with gay interests" clearer to women who want to know how they can overcome these revelations. The authors explain the many reasons why straight men may be drawn to gay sex; how to tell whether a man is gay, straight, or bisexual; and what the various options are for these couples, who can often go on to have very fulfilling marriages. *Is My Husband Gay, Straight or Bi?* is intended to help couples understand how male sexuality can express itself in ways that may be difficult to understand. Many marriages have been hurriedly terminated when couples (and their therapists) have lacked the information they needed to understand their current situations. This book provides the clarity, describes the choices, and (in many cases) offers hope for relationships and marriages that have been brushed off as doomed.

Male Femaling - Richard Ekins 2002-11

This unique and fascinating book, meticulously and systematically develops a theory of male femaling which has major ramifications for both the field of 'transvestism' and 'transsexualism' and for the analysis of sex and gender more generally.

Crossdressing in Context, Vol. 2: Today's Transgender Realities - Gregory G. Bolich 2007-11

The second volume in a 5 volume set, *The Context of Transgender Realities* examines crossdressing as it is experienced by crossdressers and as it is interpreted by others, including researchers from a number of different disciplines. Organized as answers to frequently asked questions, the text covers everything from what motivates crossdressing, to when it begins, how it proceeds, and what it means.

Gender Hurts - Sheila Jeffreys 2014-04-24

It is only recently that transgenderism has been accepted as a disorder for which treatment is available. In the 1990s, a political movement of transgender activism coalesced to campaign for transgender rights. Considerable social, political and legal changes are occurring in response and there is increasing acceptance by governments and many other organisations and actors of the legitimacy of these rights. This provocative and controversial book explores the consequences of these changes and offers a feminist perspective on the ideology and practice of transgenderism, which the author sees as harmful. It explores the effects of transgenderism on the lesbian and gay community, the partners of people who transgender, children who are identified as transgender and the people who transgender themselves, and argues that these are negative. In doing so the book contends that the phenomenon is based upon sex stereotyping, referred to as 'gender' - a conservative ideology that forms the foundation for women's subordination. *Gender Hurts* argues for the abolition of 'gender', which would remove the rationale for transgenderism. This book will be of interest to scholars and students of political science, feminism and feminist theory and gender studies.

New Books on Women and Feminism - 2007

Transgender 101 - Nicholas M Teich 2012-03-13

Written by a social worker, popular educator, and member of the transgender community, this well-rounded resource combines an accessible portrait of transgenderism with a rich history of transgender life and its unique experiences of discrimination. Chapters introduce transgenderism and its psychological, physical, and social processes. They describe the coming out process and its effect on family and friends, the relationship between sexual orientation, and gender and the differences between transsexualism and lesser-known types of transgenderism. The volume covers the characteristics of Gender Identity Disorder/Gender Dysphoria and the development of the transgender movement. Each chapter explains how transgender individuals handle their gender identity, how others view it within the context of non-transgender society, and how the transitioning of genders is made possible. Featuring men who become women, women who become men, and those who live in between and beyond traditional classifications, this book is written for students, professionals, friends, and family members.

Handbook of LGBT-Affirmative Couple and Family Therapy - Jerry J. Bigner 2012-05-04

The editors and contributors of this comprehensive text provide a unique and important contribution to LGBT clinical literature. Spanning 30 chapters, they discuss the diverse and complex issues involved in LGBT couple and family therapy. In almost 15 years, this book provides the first in-depth overview of the best practices for therapists and those in training who wish to work effectively with LGBT clients, couples, and families need to know, and is only the second of its kind in the history of the field. The clinical issues discussed include • raising LGBT children • coming out • elderly LGBT issues • sex therapy • ethical and training issues Because of the breadth of the book, its specificity, and the expertise of the contributing authors and editors, it is the definitive handbook on LGBT couple and family therapy.

LGBT-Parent Families - Abbie E. Goldberg 2012-10-12

LGBT-Parent Families is the first handbook to provide a comprehensive examination of this underserved area. Reflecting the nature of this issue, the volume is notably interdisciplinary, with contributions from scholars in psychology, sociology, human development, family studies, gender studies, sexuality studies, legal studies, social work, and anthropology. Additionally, scholarship from regions beyond the U.S. including England, Australia, Canada, and South Africa is presented. In addition to gender and sexuality, all contributors address issues of social class, race, and ethnicity in their chapters.

Understanding Transgender Identities - James K. Beilby 2019-11-05

One of the most pressing issues facing the evangelical church today involves dramatic shifts in our culture's perceptions regarding human sexuality. While homosexuality and same-sex marriage have been at the forefront, there is a new cultural awareness of sexual diversity and gender dysphoria. The transgender phenomenon has become a high-profile battleground issue in the culture wars. This book offers a full-scale dialogue on transgender identities from across the Christian theological spectrum. It brings together contributors with expertise and platforms in the study of transgender identities to articulate and defend differing perspectives on this contested topic. After an introductory chapter surveys key historical moments and current issues, four views are presented by Owen Strachan, Mark A. Yarhouse and Julia Sadusky, Megan K. DeFranza, and Justin Sabia-Tanis. The authors respond to one another's views in a respectful manner, modeling thoughtful dialogue around a controversial theological issue. The book helps readers understand the spectrum of views among Christians and enables Christian communities to establish a context where conversations can safely be held.

Sexual Diversity and Sexual Offending - Glyn Hudson-Allez 2018-05-01

This exciting and innovative book assists health practitioners in understanding the sexual diversity that now occurs in therapeutic consultations. The Internet with its anonymity and easy accessibility to all forms of sexuality and sexual behaviour, including cybersex, has enabled individuals to be more open and explorative in their sexual repertoire than ever before. Therefore, therapists can find themselves working with clients presenting issues of sexual diversity and sexual offending, with the latter mistakenly being confused as synonymous with the former. With this book, researchers and clinicians have the opportunity to explore aspects of diverse sexual practice with which they may be unfamiliar. This allows them to have confidence in understanding

the issues being addressed in the consulting room, and to know when the client may be crossing a line into illegal sexual behaviour. In this way, the method of therapy offered can be both more appropriate and more beneficial for the diverse lifestyles encountered in contemporary society.

Imagining Transgender - David Valentine 2007-08-30

DIVAn ethnography in which the author's fieldwork with transgendered and transsexual individuals in New York City demonstrates the creation

and confusion of gender identity labels./div
American Book Publishing Record - 2007

The Lives of Transgender People - Genny Beemyn 2011

A groundbreaking survey on gender development and identity-making among America's transsexual women, transsexual men, cross-dressers and gender-queer individuals.
