How to Text a Girl - Bruce Glover 2020-10-10

You're so close from a date with her... ☐☐ Do you know that text a girl could be SIMPLE? Would you like to learn it? If so then keep reading. ☐☐ This easy-to-use, step-by-step guide shows you how to text a girl, what to text, and when to text it to her. You might be messing up with your chances to get a lovely lady to date, when you make calls that you do not know where to go next after the initial greeting and "how are you doing" part of the call. You should not burry yourself in bad experiences that you have gone through so far, because here is an eBook that will give you a different direction of introducing yourself to lovely women and striking a conversation that will lead to a productive date. The solution that this book provides is in the techniques of texting, because you do not have to reach to a lady through a call only. Texting can do wonders when done in the right way, and that is what we are going to show you in this book. We know facing a lady for the first time is always very nervous and this is where many men fail, when they walk away feeling like losers and the ladies are left wondering what a coward you are. The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques, and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests. You need to do it right to get her attracted to you. The texting style should create enough rapport and attraction for the lady you want to spend your precious time with, and the effort should not go down the drain because the connection of the hard work should be solid. Have a look at how you are supposed to initiate a conversation that will lead to great friendship. This book gives a comprehensive guide on the following: - The approach - Getting her phone number the right way - The perfect first text - Structure of an effective text messaging plan - Bad text messaging behaviors - Turn her on through texts - Sexualizing text messages - Avoid getting rejected by text message - Playing the game with roles - Do's and don'ts: how to be a gentleman - Turning a text into a date - Starting a long-term

The Machiavellian's Guide to Flirting - Nick Casanova 2008-11-18

The key to being successful at love is to be playful: playfully suggestive, playfully romantic, and playfully bantering. Flirting is how you send the message that you're interested without saying so directly. If you do it well, you can keep your prospect amused, giddy, titillated, flattered, and insulted all at the same time. Flirting is also how you establish that you have a sense of humor, that you're smart, and that you're sane. And it's how you tell whether your prospect has those same qualities. If both of you are in the right mood, these routines can be great fun. The book is divided into two sections, one for women and the other for men. Since it is usually the man who does the chasing and the woman who does the choosing; these different roles lend themselves to different styles of flirting. Despite gender differences, however, most (but not all) of the chapters can be adapted for use by the opposite sex.

Cherry Bomb - Carrie Borzillo-Vrenna 2008-08-05

Not for the faint of heart, Cherry Bomb is an A-to-Z reference for everything awesome a girl needs to know, including the obvious (style, beauty, dating, and sex tips) and the not-so-obvious (instructions for preparing absinthe, how to hit on a celebrity). It's a girl's guide with a difference: one that shows readers how to identify, go after, and get whatever they want in life -- be it a hot guy, a great job, a mind-blowing orgasm, or a sexy new look -- all while marching to her own (rock) beat. Bona fide rock chick Carrie Borzillo-Vrenna's tips are smart, funny, edgy, and will empower women to veer away from the pack, work every situation to their advantage, and look cool while doing it. She's also recruited a rocking list of contributors who offer advice on all things

cool, including: Betsey Johnson on personal style A step-by-step guide to performing a striptease by Dita Von Teese Tips on getting inked by Kat Von D. Fashion inspiration from Anna Sui Lisa Loeb on how to be the perfect hostess Life lessons from Tori Amos A drum lesson from Samantha Maloney of Peaches Dating advice from Terri Nunn of Berlin The perfect guide for the female who prefers black nail polish to French manicures, who would only be caught in pearls if they were paired with a cool black tank top, and who prefers Vivienne Westwood and Jean Paul Gaultier to any Klein (Calvin or Anne), Coach, or Kate Spade, Cherry Bomb will have readers taking chances and daring to be different.
