Would Jesus Date A Woman Like Me? Brian Bolden

2015-02-11 Throughout the centuries, frustration, disappointment, and despair on both sides has created a great divide between black women and black men. In the world of relationships, it has become increasingly difficult for black women to make an emotional, spiritual, and psychological connection with black men. For many women, they don't even know how to begin to put on a different "hat" and often find themselves saying, "Why can't I find a good black man?" The truth of the matter is, many black women are sinking and drowning, according to many black men. On the other side of the spectrum there are black men who also have a considerable amount of scar tissue to deal with, not the least of which has been black women who are deceitful, disrespectful, high maintenance, materialistic gold diggers with "get paid" mentalities. The end result is that many black men have become frustrated with black women and have also chosen to cross color lines in unbelievably large numbers. For those black men, having a strong Nubian queen by their side has become nothing more than a pipe dream they used to have. For them, dating outside their race is no longer taboo and no longer creates the innate feeling of betraying black

women. Sadly, a lot of black men all over the country have lost love and respect for many black women. A lot of black men feel many black women have no idea how to love them, care for them, or nurture their men. They no longer believe that black women are good homemakers nor can they keep a peaceful home. This is an epidemic that has spread all over America. It is my sincere belief that the thoughts and ideas outlined in my book will help answer numerous questions with which black women continue to struggle regarding their relationships with men--particularly black American men, such as: Why will he bed me but not wed me? Why have many black women lost the love and respect of black men? Why are black men continuing to cross the fence in alarming numbers? Why are black men becoming more hesitant to approach black women? Are black men really intimidated by successful black women? Why are so many black men disappointed, discouraged, and frustrated with many black women? Why do many black men see black women as too difficult and too complicated to deal with? Why are some black men making a vow to never date or marry another black woman ever again? Why are many black women hitting home runs in their careers but striking out in their relationships and marriages? These are some of the questions that are answered in this book. This is why it was so important for me to write this book. I want to inform black women in America what they need to do to help restore the faith of good-quality black men. I want black women to understand that I am writing this book as a wake-up call. If I do my job well, perhaps these words will sufficiently energize the mind, heart, and soul of the amazing creation God called woman to stimulate positive behavioral change in her--or at least provoke a little thought. Now, I know I'm treading on thin ice here, but trust me when I say this book is not about bashing black women in America. It's a book about reality and truth. More often than not, most of us do not like to hear the truth because it forces us to take a good look at ourselves, blemishes and all. The old adage,

"The truth hurts," could certainly apply here. However, another old adage is also applicable: "The truth shall set you free." By writing this book, I truly hope to make it easier for black men and woman to come together as one. I want black women to understand that just because many black men have lost faith doesn't mean that we have given up on you. The reality is that sometimes we need to be challenged, and this book will definitely challenge many black women in America to take an introspective look at themselves. The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body

language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Women Don't Ask Linda Babcock 2021-01-05 The groundbreaking classic that explores how women can and should negotiate for parity in their workplaces, homes, and beyond When Linda Babcock wanted to know why male graduate students were teaching their own courses while female students were always assigned as assistants, her dean said: "More men ask. The women just don't ask." Drawing on psychology, sociology, economics, and organizational behavior as well as dozens of interviews with men and women in different fields and at all stages in their careers, Women Don't Ask explores how our institutions, child-rearing practices, and implicit assumptions discourage women from asking for the opportunities and resources that they have earned and deserve—perpetuating inequalities that are fundamentally unfair and economically unsound. Women Don't Ask tells women how to ask, and why they should.

Future of Intelligent and Extelligent Health Environment R.G. Bushko 2005-11-28 The technology on our body, in our body and all around us enhances our health and well-being from conception to death. This environment is emerging now with intelligent caring machines, cyborgs, wireless embedded continuous

computing, healthwear, sensors, healthons, nanomedicine, adaptive process control, mathematical modeling and common sense systems. The human body and the world in which it functions is a continuously changing complex adaptive system. We are able to collect more and more data about it but the real challenge is to infer local dynamics from that data. Intelligent Caring Biomechatronic Creatures and Healthmaticians (mathematicians serving human health) have a better chance of inferring the dynamics that needs to be understood than human physicians. Humans can only process comfortably three dimensions while computers can see infinite number of dimensions. We will need to trust the distributed network of healthons, Intelligent Caring Creatures, and NURSES (New Unified Resource System Engineers) to create Health Extelligence. We need new vocabulary to push forward in a new way. For instance; healthons are tools combining prevention with diagnosis and treatment, based on continuous monitoring and analyzing of our vital signs and biochemistry. The 'Healthon Era' is just beginning. We are closer and closer to the world with healthons on your body, in your body and all around you; where not a doctor but your primary care healthmatician warns you about an approaching headache; and where NURSE programs your intelligent caring creatures so they can talk to your cells and stop disease in its tracks.

Unhidden Robert Kandell 2018-12-08 "Traditionally, men have held the "privileged" position; however, two generations of societal change has dramatically changed the playing field, at the expense of the Man. The effect is that men are lost, causing an increase in aggression, confusion and apathy. Maybe He Just Likes You Barbara Dee 2020-09-15 2019 The Washington Post Best Children’s Book of the Year (Erin Entrada Kelly Pick) A 2020 ALA Notable Children’s Book “The novel’s all-too-familiar scenario offers a springboard for discussion among middle schoolers...Easily grasped scenarios and short chapters help make this timely #MeToo story accessible to a wide audience.” —Publishers Weekly (starred review) “Realistic and heartbreaking.” —BCCB Barbara Dee explores the subject of #MeToo for the middle grade audience in this heart-wrenching—and ultimately uplifting—novel about experiencing harassment and unwanted attention from classmates. For seventh-grader Mila, it starts with some boys giving her an unwanted hug on the school blacktop. A few days later, at recess, one of the boys (and fellow trumpet player) Callum tells Mila it’s his birthday, and asks her for a “birthday hug.” He’s just being friendly, isn’t he? And how can she say no? But Callum’s hug lasts a few seconds too long, and feels...weird. According to her friend, Zara, Mila is being immature and overreacting. Doesn’t she know what flirting looks like? But the boys don’t leave Mila alone. On the bus. In the halls. During band practice—the one place Mila could always escape. It doesn’t feel like flirting—so what is it? Thanks to a chance meeting, Mila begins to find solace in a new place: karate class. Slowly, with the help of a fellow classmate, Mila learns how to stand her ground and how to respect others—and herself. From the author of *Everything I Know About You*, *Halfway Normal*, and *Star-Crossed* comes this timely story of a middle school girl standing up and finding her voice.
