Can We Talk about Race? Beverly Tatum 2008-04-01 Major new reflections on race and schools—by the best-selling author of “Why Are All the Black Kids Sitting Together in the Cafeteria?” A Simmons College/Beacon Press Race, Education, and Democracy Series Book Beverly Daniel Tatum emerged on the national scene in 1997 with “Why Are All the Black Kids Sitting Together in the Cafeteria?,” a book that spoke to a wide audience about the psychological dynamics of race relations in America. Tatum’s unique ability to get people talking about race captured the attention of many, from Oprah Winfrey to President Clinton, who invited her to join him in his nationally televised dialogues on race. In her first book since that pathbreaking success, Tatum starts with a warning call about the increasing but underreported resegregation of America. A self-described “integration baby”—she was born in 1954—Tatum sees our growing isolation from each other as deeply problematic, and she believes that schools can be key institutions for forging connections across the racial divide. In this ambitious, accessible book, Tatum examines some of the most resonant issues in American education and race relations:

- The need of African American students to see themselves reflected in curricula and institutions
- How unexamined racial attitudes can negatively affect minority-student achievement
- The possibilities—and complications—of intimate crossracial friendships

Tatum approaches all these topics with the blend of analysis and storytelling that make her one of our most persuasive and engaging commentators on race. *Can We Talk About Race?* launches a collaborative lecture and book

Talking to the Girls Edvige Giunta 2022-03-22 "Candid and intimate accounts of the factory-worker tragedy that shaped American labor rights. On March 25, 1911, a fire broke out on the eighth floor of the Asch Building in Greenwich Village, New York. The top three floors housed the Triangle Waist Company, a factory where approximately 500 workers, mostly young immigrant women and girls, labored to produce fashionable cotton blouses, known as "waists." The fire killed 146 workers in a mere 15 minutes but pierced the perpetual conscience of citizens everywhere. The tragedy of the fire, and the resulting movements for change, were pivotal in shaping workers' rights and unions. This book is a collection of stories from writers, artists, activists, scholars, and family members of the Triangle workers. Nineteen contributors offer a collective testimony: a written memorial to the Triangle victims"--

Wisps of Smoke Kotra Siva Rama Krishna After her marriage with the almost fifty years aged guy Sahay, the twenty four years aged Mayuri thought her challenge was only to make her step-children Sameera and Pradeep amicable and friendly with her. The two things which she did not expect to happen but have taken place were; her feeling love towards her husband abundantly and her overwhelming grateful feeling and pity towards the insane first wife of her husband Niyoja. When her step-daughter Sameera also started behaving mad just like her mother while Mayuri was trying to find ways to make Niyoja sane, Mayuri's belief that the bad angel Amsara was behind the misfortune of her husband has been strengthened even more. Against the strong confirmation of the psychiatrist Devayani who was the sister of her husband and treating Sameera and her mother that there is never any paranormal, not to say a bad angel like Amsara, Mayuri started trying to find a paranormal solution to

the problem. Her going to Obbera, a small village in the very corner of the country where adoring bad angels is the main activity of the villagers; was only to follow a paranormal solution suggested by Palamita who knew about Amsara to cure her step-daughter. Whether offering herself at Amsara has become successful and cured her step-daughter or not is the main story of this novel. Along with this main story, the romance and love of her step-children, her own sister and other characters linked with these characters make the whole story of this novel.

Girl Wars Cheryl Dellasega 2007-11-01 The only book with a program that is proven to solve the problem of female bullying, a controversial issue first exposed in the bestselling *Reviving Ophelia*. Stop the Hurting Mary Pipher's bestselling *Reviving Ophelia* triggered widespread interest in the culture of preteen and teenage girls and the seeming epidemic of relational aggression (bullying) among them. Gossip, teasing, forming cliques, and other cruel behaviors are the basis of this bullying, which harms both victim and aggressor. Until now, no one has been able to offer practical and effective solutions that stop girls from hurting each other with words and actions. But in *Girl Wars*, two experts explain not only how to prevent such behavior but also how to intervene should it happen, as well as overcome the culture that breeds it. Illustrated by compelling true stories from mothers and girls, the authors offer effective, easy-to-implement strategies that range from preventive to prescriptive, such as how to -Adopt a "help, don't hurt" strategy -Provide positive role models -Teach communication skills online and off -Stress assertiveness, not aggressiveness -Learn conflict resolution skills -Identify alternatives to bullying behavior With their combined experience in offering and evaluating programs that combat bullying, the authors show that girls not only want to help rather than hurt each other, they can do so with guidance from concerned adults.

Girls of Tender Age Mary-Ann Tirone Smith 2006-02-24 In *Girls of Tender Age*, Mary-Ann Tirone Smith fully articulates with great humor and tenderness the wild jubilation of an extended French-Italian family struggling to survive in a post-World War II housing project in Hartford, Connecticut. Smith seamlessly combines a memoir whose intimacy matches that of Angela's Ashes with the tale of a community plagued by a malevolent predator that holds the emotional and cultural resonance of *The Lovely Bones*. Smith's Hartford neighborhood is small-town America, where everyone's door is unlocked and the school, church, library, drugstore, 5 & 10, grocery, and tavern are all within walking distance. Her family is peopled with memorable characters—her possibly psychic mother who's always on the verge of a nervous breakdown, her adoring father who makes sure she has something to eat in the morning beyond her usual gulp of Hershey's syrup, her grandfather who teaches her to bash in the heads of the eels they catch on Long Island Sound, Uncle Guido

who makes the annual bagna cauda, and the numerous aunts and cousins who parade through her life with love and food and endless stories of the old days. And then there's her brother, Tyler. Smith's household was "different." Little Mary-Ann couldn't have friends over because her older brother, Tyler, an autistic before anyone knew what that meant, was unable to bear noise of any kind. To him, the sound of crying, laughing, phones ringing, or toilets flushing was "a cloud of barbed needles" flying into his face. Subject to such an assault, he would substitute that pain with another: he'd try to chew his arm off. Tyler was Mary-Ann's real-life Boo Radley, albeit one whose bookshelves sagged under the weight of the World War II books he collected and read obsessively. Hanging over this rough-and-tumble American childhood is the sinister shadow of an approaching serial killer. The menacing Bob Malm lurks throughout this joyous and chaotic family portrait, and the havoc he unleashes when the paths of innocence and evil cross one early December evening in 1953 forever alters the landscape of Smith's childhood. *Girls of Tender Age* is one of those books that will forever change its readers because of its beauty and power and remarkable wit.

Banana Girl Jada Tan Rufo 2015-06-23 It's not easy being an Asian American in China, where residents of big cities believe that Asians, including those born and raised in English-speaking countries, are not qualified to teach English. In a country of 1.3 billion people where studying English is as popular as having the latest electronic gadget, this can be a huge problem. Author Jada Tan Rufo, descended from a Chinese immigrant who took a Filipino name when he came to the United States, takes up the challenge to teach in the country of her ancestors. Her detailed memoir Banana Girl takes readers on a journey throughout China, describing the lows—such as working for a corrupt and inept boss—to the highs, the time she spends with her eager young students and the chance to travel inside the beautiful country. The vast nation incorporates 55 recognized minorities in addition to the Han majority, each with its own language and identity.

During her free time, Jada explores China's wonders, walking along the Great Wall, visiting the Olympic Stadium in Beijing and riding camels in Inner Mongolia. It is her work with her students, however, that will define Jada's experience. Although she may be a cultural banana, falling into the Asian American way of thinking of herself as looking yellow on the outside and white on the inside, Jada leaves an indelible impression on the students and fellow teachers whose lives intersected with hers. In *Banana Girl*, she freely shares the frustration, joy and laughter experienced during her time in China.
