"CIA Boy, ISS Girl" is a new non-fiction love story by Vahid Asghari, an Iranian journalist, based on the true story of his arrest in 2008 by the Iranian Secret Service (ISS) for his human rights activism. such girl is Helen, an 18 year old spy for the ISS, sent to extract information from Vahid. His communication with the FBI and Interpol made him a potential CIA spy in the eyes of the ISS. Girl Meets Boy - Ali Smith 2021-06-30

From the astonishingly talented writer of *The Accidental and Hotel World* comes Ali Smith's brilliant retelling of Ovid's gender-bending myth of Iphis and Ianthe, as seen through the eyes of two Scottish sisters. *Girl Meets Boy* is about girls and boys, girls and girls, love and transformation, and the absurdity of consumerism, as well as a story of reversals and revelations that is as sharply witty as it is lyrical. Funny, fresh, poetic, and political, *Girl Meets Boy* is a myth of metamorphosis for a world made in Madison Avenues image, and the funniest addition to the *Myths* series from Canongate since Margaret Atwood's *The Penelopiad*.

**Daddy's Little Girl and Mommy's Little Boy** - Zester Hatfield 2005 Mr. Hatfield with all of his years of experience in marriage, parenting, family, missions and in the Church pulls no punches in calling Christ's Bride to return to His Truth (God's revealed Law-Word) regarding discipleship (men and women of faith and grace) in Manhood and Womanhood, outrageously successful spousal relations, parenting with training in romance, sexual satisfaction, love and marriage! He is calling all believers, especially men, to confession and repentance and to receive, understand and apply these Truths in the Power of the Holy Spirit as the only acceptable response in which God will revive and reform the Family and the Church in the 21st Century! Not for the weak-kneed, weak-minded or humanistically influenced, this is for Christ's Bride as we prepare for and anticipate His return! These applications of God's revealed Law-Word and His uncommon common sense in the lives of America's postmodern Christian culture and especially the promise of duplicating of these successes for love and marriage in our children, is exciting and challenging to the point of precedent setting magnitudes. The reader will experience riveting and exciting challenges to the status

quo of our present day Christian culture. "Based on interviews with more than 1000 adults nationwide, the survey discovered that less than one out of every five adults believes that children under the age of 13 are being "superbly" or "pretty well" prepared for life emotionally, physically, spiritually, intellectually or physically. Fewer than one out of every twenty adults believes that America's youngsters are receiving above average preparation in all five of those areas of life." Americans Agree: "Kids Are Not Being Prepared for Life," The Barna Group-October 26, 2004 The couples, who discover the answers to the moral morass of our postmodern Christian culture, are those who know that the future of their children is in jeopardy and that we are in a war for the control of that future! Sadly, the statistics of broken homes, divorces, adultery, domestic violence, drugs and promiscuity - to mention only some of the ills of our culture - are almost equally divided between "Christian" families and non-Christian families. This is unacceptable as a comparison and must change. Consequently, fathers and mothers of faith and grace are those - who are and or who will experience - God's promise of victory over these fruits of our fallen nature and live a marriage experience that captures the best of God's gifts of love, sex and romance in marriage. Daddy's Little Girl and Mommy's Little Boy brings us clear evidence of just how America's Christian couples can have this victory in their marriage and how to duplicate this success in their sons and daughters. [Are You a Boy or Are You a Girl?](#) - Sarah Savage 2017-05-18 Tiny loves costumes! Tiny likes to dress up as an animal, or a doctor, or a butterfly. Tiny also prefers not to tell other children whether they are a boy or a girl. Tiny's friends don't mind, but when Tiny starts a new school their new friends can't help asking one question: "Tiny, are you a boy or are you a girl?" This brightly illustrated book will open a dialogue with children aged 3+ about gender diversity in a fun and creative way. Featuring a gender neutral protagonist, the book imparts an important message about identity and being who you want to be. Tiny's story will assist parents, family and teachers in giving children the space to express themselves fully, explore different identities and have fun at the same time.

**Why We Love** - Helen Fisher 2005-01-02

A groundbreaking exploration of our most complex and mysterious emotion Elation, mood swings, sleeplessness, and obsession—these are the tell-tale signs of someone in the throes of romantic passion. In this revealing new book, renowned anthropologist Helen Fisher explains why this experience—which cuts across time, geography, and gender—is a force as powerful as the need for food or sleep. Why We Love begins by presenting the results of a scientific study in which Fisher scanned the brains of people who had just fallen madly in love. She proves, at last, what researchers had only suspected: when you fall in love, primordial areas of the brain "light up" with increased blood flow, creating romantic passion. Fisher uses this new research to show exactly what you experience when you fall in love, why you choose one person rather than another, and how romantic love affects your sex drive and your feelings of attachment to a partner. She argues that all animals feel romantic attraction, that love at first sight comes out of nature, and that human romance evolved for crucial reasons of survival. Lastly, she offers concrete suggestions on how to control this ancient passion, and she optimistically explores the future of romantic love in our chaotic modern world. Provocative, enlightening, and persuasive, Why We Love offers radical new answers to the age-old question of what love is and thus provides invaluable new insights into keeping love alive.
