Astrology for Real Relationships - Jessica Lanyadoo 2019-12-31

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex,

frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

Libra - Vaibhav Chawadre 2016-04-14

Libra, The Balance, is the seventh sign of the zodiac. The first and foremost personality trait you will notice about a Libran is his politeness. He loves people and hates to be rude to anyone. However, crowds do not attract him. A Libran is extremely good at solving a quarrel between two people quite amicably. On the other hand, he always enjoys having a good-natured argument himself. As per the Libra characteristic profile, the people born under this zodiac sign are usually very pleasant, cheerful and friendly. A Libran female is total woman, complete with the charming manners and delightful elegance. She can also argue with the convincing male logic and beat you at any argument. However, the male side may come in front of you after sometime. Debate attracts her and she weighs both sides of the situation with total fairness. A Libra girl may start an argument alone and finish it alone, with your contribution being only some occasional comments. While she is arguing with you, she may smile every now and then. Simply browse this book to learn in respect of the matters of heart, career and finances, business issues, office problems, family tensions, love and relationships, or whatever topic you may have in your mind for each of the zodiac signs
