racing a hundred miles per hour, trying to make sense of all the pain and confusion you are experiencing. You may be trying to fathom how and why your relationship has gone wrong, and how it can be repaired. However, your strongest emotion may well be hurt and loss. It is this combination of feelings that can cause you to run back to your ex or try and get back in touch with them. You may feel strongly tempted to visit them, call them, text them, check up on their social media or try and collaborate with their family and friends to win them back. If this describes your recent behavior, you need to slam on the brakes and STOP. This is the wrong approach entirely. Rather than clinging on to your ex, you need to let them go. You need to cut contact. You need to give them space. In this book, you will discover: What the No Contact Rule is, and why it is such an effective psychological tool to deploy in a breakup scenario. Why the No Contact Rule is so difficult to stick to in the modern world, and how you can overcome the temptation to check up on your ex or get back in contact. Exactly how to deal with the difficult feelings you will face whilst going No Contact, and how to remain strong. What to do when your ex starts to chase after you. What to do if the No Contact Rule isn't working, and how to move on if necessary. There's no doubt about it - implementing the No Contact Rule is difficult. You will have to fight every day to overcome the urge to get into contact with your ex. However, if you truly believe that your relationship could have a future and you know that they are the one you want, this approach is your best bet in making them come back to you. **Win Your Partner Back After A Break Up?** - Louisa Jackson 2021-05-08

Those that go searching for love only make manifest their own lovelessness - D.H. Lawrence If you're going through the agony of a break up and you long, desperately, to reunite with your partner - this book is for you. Perhaps you're still with your partner but they're losing interest or pulling away - this book is also for you. Not all relationships can be saved. However, given the right inner conditions, some relationships can - and do - heal. Here you will learn precisely how to cultivate those conditions. Author, Louisa Jackson, describes how her life spiralled downwards after the break-up of a relationship. This triggered a long and intense period of study. Immersed in quantum physics, spirituality and Law of Attraction principles, she started to experiment with these concepts in her day-to-day life. Slowly, her intense suffering transformed into deep peace and happiness. A completely new way of living emerged and miraculous changes to all areas of her life then followed. Her long-term battle with depression, social anxiety and bulimia came to an end.

Downloaded from [legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2023-08-01 by guest

Financial and family difficulties also resolved. So, too, did the cycle of toxic and dysfunctional relationships that she kept repeating over and over. Louisa now enjoys a happy, long-term, relationship - one which was successfully rekindled after applying the techniques and principles outlined in this book. The focus here is what's going on inside you, rather than on the outer circumstances of your life. For when you transform your inner world, you'll find that your outer world transforms in equal measure - sometimes in miraculous ways. As you'll see, this isn't merely a spiritual concept but is backed up by quantum physics principles. This book gets right to the heart of your beliefs about love, happiness and the fundamental nature of reality. It's faulty beliefs in these areas which are so often at the root of dysfunctional relationships. You'll learn what real happiness is, and how to cultivate it. You'll also discover techniques for sustaining the honeymoon period and how to prevent a repeating pattern of heartbreak. With practice, you'll stop needing love and instead start to radiate love. When this happens, you cannot help but attract love, whether that's from your existing partner or a new one. This is a new way of 'being' which will radiate out into all areas of your life. Whether you want to save a long-term marriage or a short-term romance, the same formula applies. You may even find after reading this book that you no longer want, or need, your partner to return.

things right in your relationship. While there are many methods to get an ex-lover back, not all of these will be applicable to your situation. Thus, this book covers the most effective and widely used tactics. Moreover, we will discuss the proper timing to make the moves and what are the right manners to avoid driving your ex farther away instead of winning them again. A little more awareness on how people think after break-ups will also help you understand their attitude towards you. If you are recently broken, don't feel lost. You can win him or her back again, and this is relatively easier than what you think.

*How to Get My Ex Back* - Blaire Wilson 2015-03-08

While there may be hundreds of thousands of people who somehow stumble onto ways to get back with their exes through seat-of-their-pants plans, a significantly higher percentage do not. Why? It's because they choose to wing it, and listen to every half-baked instinct in their head (well, strictly speaking, more from a wounded heart.) One thing that any soldier would tell you is that instincts coming from an emotional place in times of turmoil do not go down well. It's the sole reason why armies spend so much time replacing natural instincts with conditioned ones so that their soldiers don't, metaphorically and literally, shoot themselves in the foot when the chips are down. The good news is that I'm here to help you get your ex back. If you'll follow my advice, that is. Cheesy though it may sound, if you're ready to be a soldier of love (and on the winning side), then let's initiate this operation 'get-back-together' already!
