Marriage should be based on love, right? Life Sentence - J. D. Smith 2009-09-26
THE FIRST THING THEY PRONOUNCE YOU IN LIFE IS "HUSBAND AND WIFE". THE NEXT THING IS "DEAD". Up till now, preparing for marriage was a lot like preparing for death: You didn't know what was ahead and there was nothing you could do about it anyway! LIFE SENTENCE changes all that with honest, guy-to-guy advice and counsel. Think of it this way: It's like getting your grubby hands on the other team's playbook before the big game. Which is why it's the one book they -- girlfriends, fiancées, and divorce lawyers -- don't want you to read. You'll gain valuable insights into: BEING ENGAGED: It's the romantic equivalent of being in cyberspace. The ring is like signing a lease with an option to buy. FIDELITY: If you think that fidelity is a raw deal, remember that she made the same deal. With you. You're the last guy she gets. GOLF: Never, ever play with her.

The Panic Years - Doree Lewak 2008-03-18

Have you ever found yourself thinking, "If one more friend gets engaged I'm going to scream"? Do the words taffeta and crinoline make you break into a cold sweat? Does reading the wedding announcements section in the newspaper induce outright hyperventilation? If so, congratulations! You've hit the Panic Years. According to author Doree Lewak, the Panic Years mark the point (usually around your twenty-sixth birthday) when your dating agenda fundamentally changes—from dating for a fling to dating for a ring. Suddenly your newly married friends feel more like enemies, weddings become mocking reminders of your own single status, and you contemplate going on a reality TV show to find true love. What's a girl to do? In *The Panic Years*, Lewak delivers a hilarious and helpful road map for conquering the Panic and finding Mr. Right. As Lewak shows, you can win the race to the altar by changing your tactics from Panicked to Proactive—and keeping your sense of humor along the way. You will learn how to: Cope with Panic by Proxy—pushy friends and parents. Successfully hunt for PFs (Potential Fiancés). Project hotness and desirability. Set—and stick to—dating time lines. Avoid being bitter at your friends' weddings—and ruining all their pictures with that scowl on your face. Get the ring and the proposal and seal the deal! Packed with true-life stories from the Panic trenches as well as indispensable advice, *The Panic Years* is the ultimate guide for anyone who wants to survive her single years (with sanity intact), snag her perfect guy, and remain fabulous throughout it all. You know you're in the Panic Years when: Your mom slips you the number of her tennis partner's son ... for the fifth time. You've walked down the aisle dozens of times—just not as a bride. Your "concerned friends" chip in for a subscription to Match.com for your birthday. It's down to you and the five-year-old flower girl at the bouquet toss. Upon hearing "Guess what? I'm engaged!" for the second time in one week, you disconnect your phone. You actively scheme

to win back your ex—even though he's already engaged to someone else.

101 Questions to Ask Before You Get Engaged - H. Norman Wright 2004-06-01

The Perfect Remedy for Cold Feet! More than half of all couples who become engaged this year will never make it to the altar. Why? Leading experts believe it's because couples fail to really get to know their potential mate before getting engaged. Relationship expert and noted couples counselor Norm Wright steers potential brides and grooms through a series of soul-searching questions to discern if they've really met "the One." Couples will be much more confident about whether or not to pursue marriage after completing these in-depth and personal questions. Norm also addresses the delicate subject of calling off the wedding if readers discover that a potential mate isn't actually meant to be a life partner.

The Truth Behind the Rock - Jessica Kaminsky 2008-06-30

Oh no, it's happening -- you're turning into that girl. The one you never thought you'd become, the one who really wants to get engaged and can think of little else...the one who delivers a series of Oscar-worthy monologues about wanting to take the relationship to the next level, the one who tears out Tiffany ads and leaves them around the house, the one who finally agrees with her mother: "When are we going to get engaged?" Rest assured, you are not alone. Engagement stories tend to focus on the details of a beautifully orchestrated proposal crafted entirely unprompted by a dream boyfriend. Understandably, the unsavory details of the not-so-subtle hinting, the uncomfortable conversations, and the ultimatums issued six months prior are left out of the official recap. But the fact is, like any good relationship, getting engaged takes work -- soul-bearing, gut-

wrenching, and occasionally heartbreaking work. In *The Truth Behind the Rock*, real-life couples share their experiences in "he said/she said" anecdotes that offer a peek behind the curtain at what men and women are really thinking when it comes to engagements. From the subtle art of persuasion (and what to do if it fails) to sifting through the wreckage once he drops the "I don't really believe in marriage" bomb after years of dating, author Jessica Kaminsky offers up sisterly advice to guide you through the dreaded "talk"...again. This candid, reassuring examination of the great engagement debate is essential reading for every serious couple. There's nothing wrong with wanting to be wanted...just be prepared to ask for what you want.
