**Conscious Uncoupling** - Katherine Woodward Thomas 2015-09-24

In 2014 a media storm erupted when Gwyneth Paltrow announced her separation from Chris Martin, describing it as a harmonious and mutual 'conscious uncoupling' and the term entered the world's vocabulary overnight. Coined and created by relationship expert Katherine Woodward Thomas, the expression 'conscious uncoupling' has become synonymous with a divorce where both partners accept that they each played a role in the breakup and, in particular, are looking to co-parent in a functional and healthy way in the future. The Conscious Uncoupling 5 Step Process is designed to support separating couples through the thorny terrain of a breakup, helping them to consciously complete a relationship in ways that leave all involved whole, healthy and well, and

optimistic about future relationships.

CONSCIOUS UNCOUPLING offers a new paradigm for divorcing couples and is set to become a classic in the genre.

days and weeks they were trying out her suggested techniques and starting to become more successful with women. Kezia returned to the PUA classes and started to make a name for herself. Kezia Noble is the first woman to offer the aspiring pick-up artist advice on how to attract women from a woman's point of view. She now runs many classes and a workshop, and even produces corporate videos on the chemistry of attracting women. Now, in answer to requests from her students, Kezia has written a book on the 15 steps to becoming a master seducer - which will also prove an invaluable aid to men who cannot afford her classes, who work too far away or don't have enough time. The Noble Art of Seducing Women is the first and only sure-fire pick-up guide to be written by a woman. It has the potential to transform a lonely man into someone who need never be single again . . . unless, of course, he wants to be. Kezia Noble works with her students instead of belittling them. and anecdotes not to be out of place in an 'A list' autobiography, the real hook of this book is that the author isn't remotely famous. The endearing appeal is that it is the viewpoint of the everyman, but one who has had enough light brushes with celebrity that he has some great tales to tell. These stories, anecdotes and musings are seamlessly woven into what for many of us will be a memory jogging, laughter inducing remembrance of some of the major, as well as quainter, stranger and more trivial moments of pop culture over the last few decades. If you love pop music and pop culture, feared the Daleks, the Child Catcher from Chitty Chitty Bang Bang and mourn the demise of Pez, Cresta, conkers as a rite of passage, jokes on lolly sticks, Top of the Pops and pink vinyl limited edition LP's, then you will surely enjoy this. Please beware! This book may waste days (if not weeks) of your life as almost every paragraph will have you frantically typing into your search engine and getting lost, on what

may turn out to be an endless Internet Safari. This book contains some adult humour. 'Best Wishes and Good Luck with your writing' Ben Elton

*Big Friendship* - Aminatou Sow 2020-07-14

A close friendship is one of the most influential and important relationships a human life can contain. Anyone will tell you that! But for all the rosy sentiments surrounding friendship, most people don't talk much about what it really takes to stay close for the long haul. Now two friends, Aminatou Sow and Ann Friedman, tell the story of their equally messy and life-affirming *Big Friendship* in this honest and hilarious book that chronicles their first decade in one another's lives. As the hosts of the hit podcast *Call Your*

*Girlfriend*, they've become known for frank and intimate conversations. In this book, they bring that energy to their own friendship—its joys and its pitfalls. Aminatou and Ann define *Big Friendship* as a strong, significant bond that transcends life phases, geographical locations, and emotional shifts. And they should know: the two have had moments of charmed bliss and deep frustration, of profound connection and gut-wrenching alienation. They have weathered life-threatening health scares, getting fired from their dream jobs, and one unfortunate Thanksgiving dinner eaten in a car in a parking lot in Rancho Cucamonga. Through interviews with friends and experts, they have come to understand that their struggles are not unique. And that the most important part of a *Big Friendship* is making the decision to invest in one another again and again. An inspiring and entertaining testament to the power of society's most underappreciated relationship, *Big Friendship* will invite you to think about how

[The Last American Newspaper](#) - Ken Tingley

2022-08-30

This book reveals what is happening in small communities across the United States as their newspapers struggle to survive. It is a celebration not just of journalism, but of the inspirational people who do it and the news and events of small towns. Importantly, it asks the question: who will be the community watchdog of the future? This book memorializes the American newspaper through the story of the *Post-Star* of Glens Falls, NY. The author, a devoted veteran of the *Post-Star*, compiles a series of vignettes that depict the newspaper's coverage over the years. They provide a glimpse behind the newsroom curtain through the stories of the investigative journalism done in small towns.

they terrify and disturb us? How do we carefully consume these cases and what can they teach us about what makes victims and their murderers our collective responsibility? RedHanded rejects the outdated narrative of killers as monsters and that a victim 'was just in the wrong place at the wrong time.' Instead, it dissects the stories of killers in a way that challenges perceptions and asks the hard questions about society, gender, poverty, culture, and even our politics. With Bala and Maguire's trademark humour, research on real-life cases, and unflinching analysis of what makes a criminal, the authors take you through the societal, behavioural, and cultural drivers of the most extreme of human behaviour to find out once and for all: what makes a killer tick?

looked around and wondered, “Why has everyone found love except me?” You’re not the only one. Great relationships don’t just appear in our lives—they’re the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn’t lead to results. You have to actually change your behavior. Ury shows you how. This “simple-to-use guide” (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a

different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You’ll learn: - What’s holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn’t) - How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why “the spark” is a myth (but you’ll find love anyway) This “data-driven” (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. How to Not Die Alone will help you find, build, and keep the relationship of your dreams.
