Handbook of Clinical Sexuality for Mental Health Professionals - Stephen B. Levine 2016-01-13

The Handbook of Clinical Sexuality for Mental Health Professionals, 3rd Edition, builds on the authors' authoritative first person voice on sexual matters of the previous editions. The work reflects the field's growing sophistication about sexual disorders and their therapies. The scope has been expanded to keep pace with new literature and research in the field, and eight additional chapters have been added. New topics include the politics of diagnosis, persistent genital arousal, asexuality, post orgasm illness, scientific findings concerning origin of orientation, and partnering with the pharmaceutical industry. Easily accessible, the Handbook is divided into sections that touch on fundamental knowledge and skills; treatment; men's major sexual concerns; women's major sexual concerns; problems common to both genders; the diversity of sexual lives; and future and trending topics. Written in a personal, supervisory style, the book will help new therapists anticipate clinical contingencies and help experienced therapists refine their thinking and teaching.

Incest and Sexuality - Wendy Maltz 1987

Describes the psychological damage done by incest, discusses treatment therapies, and tells how to help incest victims develop normal adult attitudes towards sex.

Family Stressors - Don R. Catherall 2005-07-05

First Published in 2005. Routledge is an imprint of Taylor & Francis, an informa company.

The Sexual Healing Journey - Wendy Maltz 2012-06-12

"Men and women who have despaired that their sex lives would never change will find hope and answers in this friendly, encouraging, and essential guide." —Laura Davis, coauthor of *The Courage to Heal* and author of *Allies in Healing* This widely esteemed, highly respected resource helps survivors of sexual abuse heal from the past, improve relationships, and discover the joys of sexual intimacy. Compassionate and enduring, renowned author, psychotherapist, and certified sex therapist Wendy Maltz presents a comprehensive program for healing

that sensitively takes readers step-by-step through the recovery process, integrating expert advice with groundbreaking exercises, proven techniques, and first-person accounts of women and men at every stage of sexual healing. This compassionate resource can help you to: Identify the sexual effects of sexual abuse Eliminate negative sexual behavior and resolve specific problems Gain control over upsetting automatic reactions to touch and sex Develop a healthy sexual self-concept Originally published two decades ago, *The Sexual Healing Journey* is a highly respected resource for understanding and healing the intimate sexual problems caused by sex abuse. The updated third edition features a new preface, revised materials, and an updated, expanded resource section.

Unspeakable Acts - Doug W. Pryor 1999

A holistic sociological approach that explores why offenders sexually abuse children The sexual abuse of children is one of the most morally unsettling and emotionally inflammatory issues in American society today. It has been estimated that roughly one out of every four girls and one in ten boys experience some form of unwanted sexual attention either inside or outside the family before they reach adulthood. How should society deal with the sexual victimization of children? Should known offenders be released back into our communities? If so, where, and with what rights, should they be allowed to live? In *Unspeakable Acts*, Douglas W. Pryor argues that much of this debate, designed to deal with abusers after they have offended, ignores the important issue of why men cross these forbidden sexual boundaries to molest children in the first place and how the behavior can possibly be prevented before it starts. Incorporating in-depth interviews with more than thirty convicted child molesters, Pryor explores how men become involved with breaking sexual boundaries with children. He looks at how their lives prior to offending contributed to and led up to what they did, the ways that initial interest in sex with children began, the tactics offenders employed to molest their victims over time, how they felt about and reacted to their behavior between offending episodes, and how they were ultimately able to stop. The author expands our understanding of this often reviled, little

understood group, leaving us with the uneasy conclusion that the moral wall separating us from what is defined as extreme, sick behavior is not as opaque as we would like to believe.

The Courage to Heal - Ellen Bass 2002

Based on the experiences of hundreds of survivors & partners, this book profiles victims who share the challenges & triumphs of their personal healing processes. It offers mental, emotional & physical support to all those who are rebuilding their lives.

Handbook of Counselling - Gladeana McMahon 2014-04-23

The Handbook of Counselling provides a comprehensive and up-to-the-minute guide for counsellors and those using counselling skills in other professions. The contributors, all experienced practitioners, explore the major arenas and settings in which counselling is practised as well as the key themes and issues faced by those working in this field. This edition of the handbook has been thoroughly revised and updated to reflect the pace of growth and change within counselling over recent years. Six new chapters have been added, covering: * brief and time-limited counselling * working with adults abused as children * trauma and post-traumatic stress disorder * counsellor-client exploitation * private practice * counselling in voluntary settings. Published in association with the British Association for Counselling, the Handbook of Counselling provides a definitive source of information and guidance for counsellors both in training and practice.

New Directions in Sex Therapy - Peggy J. Kleinplatz 2013-05-13

New Directions in Sex Therapy: Innovations and Alternatives focuses on cutting-edge therapy paradigms as alternatives to conventional sex therapy and expands the definition of the field. Replete with helpful clinical illustrations to demonstrate these new approaches in action, this book is intended for anyone who deals with sexual issues and concerns in therapy, clinicians of every kind, in addition to sex therapists.

Healing Sex - Staci Haines 2007-11-28

The first encouraging, sex-positive guide for all women survivors of sexual assault -- heterosexual, bisexual, lesbian, coupled, and single -- who want to reclaim their sex lives. While most books on the topic

broach sexuality only to reassure women that it is all right to say "no" to unwanted sex, *Healing Sex* encourages women to learn how to say "yes" -- to their own desires and on their own terms. This mind-body approach to healing from sexual trauma was created by Staci Haines, who has been educating in the area of sexual abuse, sex education, and somatic healing for over 15 years. Her techniques are ideal for anyone looking for a new way to heal from trauma, beyond traditional talk therapy.

Incest and Sexuality - Wendy Maltz 1987

Describes the psychological damage done by incest, discusses treatment therapies, and tells how to help incest victims develop normal adult attitudes towards sex

A Man's Recovery from Traumatic Childhood Abuse - Robert Blackburn Knight 2014-02-25

First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

Women Survivors of Childhood Sexual Abuse - Terry S Trepper 2014-03-18

Women Survivors of Childhood Sexual Abuse is a detailed discussion of the theoretical and philosophical underpinnings involved in conducting group psychotherapy with women who have experienced childhood sexual abuse. Offering the practical "how to's" of conducting a thirteen-session group, this unique book emphasizes the discovery of solutions, strengths, and internal/external resources and highlights the temporal nature of "being a victim" and "being a survivor" at theoretical and clinical levels. The book's integration of theory and clinical intervention provides a thorough basis for addressing some of the key themes in the resolving of sexual abuse. In *Women Survivors of Childhood Sexual Abuse*, you'll uncover topics related to healing such as: the theoretical rationales for group treatment, which include the Ericksonian approach, the feminist perspective, narrative therapy, and the solution-oriented approach resiliency- and resource-based approaches the importance of language in recovery from sexual abuse how to deal with issues such as relationships, telling one's story of abuse, building safety/boundaries, spirituality, cultivating a future, dealing with flashbacks A practical guide

for students in counseling practicums, *Women Survivors of Childhood Sexual Abuse* provides you with a systematic method with which to conceptualize and conduct group work. Experienced counseling practitioners in psychology, social work, psychiatry, and nursing will also benefit as you gain a session-by-session account of how to conduct group work. In today's institutional setting, private practice, and professional climate in general, there is growing interest in how to do more with less, how to maximize financial and professional resources, and how to take care of our therapist selves. This book will help you achieve these goals through leading clients to personal empowerment, self-compassion, and resourcefulness.

Adult Survivors of Sexual Abuse - Mic Hunter 1995-04-03

For the practitioner working with adult survivors of sexual abuse, this book is a must. Offering useful treatment innovations, this volume opens with a clear review of dynamic theories that provides a solid introduction to understanding and treating adult survivors of sexual abuse. What follows are three chapters dealing with various sexual problems of adult survivors, including sexual dysfunction and sexual compulsivity. The final part of this practical book examines clients with special needs - the very difficult survivor with personality disorders, chemically dependent survivors, male survivors, and partners of survivors. Well balanced and written in an easy-to-follow style, this volume provides concrete directions for intervention. Practitioners in the fields of clinical psychology, counseling, social work, and mental health - as well as advanced clinical students - will find this an indispensable resource.

Trauma and Sexuality - James Chu 2003-06-16

Examine the effects of childhood trauma on sexual orientation and behavior! This pioneering book examines the effects of childhood trauma—including sexual abuse—on sexual orientation and behavior. It will help you expand your sensitivity and expertise in a critically important way: by providing a nonjudgmental look at the profound effects of long-standing early abuse on the sexual identities, orientation, behaviors, and fantasies of the people who come to you for help. From the editors: "In the modern era of trauma studies, clinicians and

researchers have been treating and investigating the effects of trauma—including the sexual abuse of children—for more than two decades. And yet, we know far more about sequelae such as post-traumatic and dissociative symptoms, disrupted attachment, addictions, eating disorders, and somatoform symptoms than we do about the effects of trauma on sexual behavior. With the exception of a relatively few articles in the scientific literature (many of which were written by the authors in this collection), little has been published about the sexual effects of sexual abuse and other childhood maltreatment. "Why have we neglected this obvious and important area? Perhaps the reason can be simply attributed to our Victorian legacy of reluctance to openly discuss sexuality. Or, perhaps the reason may be related to some of the expressions of sexuality that are sometimes seen in persons with childhood trauma. At times, expressions such as sexual addiction, homosexuality, sadomasochistic behavior, and prostitution have been classified as deviant. This may have contributed to our reluctance to discuss them openly. Or, perhaps the reason is that we collectively wish to deny the effects of abuse on one of the core aspects of ourselves—to deny that early traumatic events forever change the sexual lives of persons in such an intimate and profound way." The co

[The Wounded Heart](#) - Dan Allender 2014-02-27

For those who have experienced childhood sexual abuse and those who love and care for them, *The Wounded Heart* offers a tender, compassionate window into the psychological effects of abuse and the theological foundations for healing. Thirty years ago, with great courage and vision, Dan Allender brought Christians to the table to acknowledge, understand, and help victims heal from their experience of the evil of sexual abuse. His work continues to help victims and those who love them to honestly acknowledge their abuse, understand the unique challenge of repentance for victims of abuse, and learn to love boldly in defiance of their trauma. Ultimately Dan offers the bold assurance to sexual abuse victims that even they can find their way to joy and hope in the comforting embrace of a good God. *The Wounded Heart* has sold over 400,000 copies and has been the first book family, friends,

counselors, pastors, and victims have turned to in search of Christian answers to the calamity of sexual abuse. With a new introduction reflecting on the ongoing importance of the book, and a companion workbook for personal and group recovery, *The Wounded Heart* continues to offer an urgently needed word of grace in a world ravaged by sexual abuse.

Surviving Child Sexual Abuse - Liz Hall 2003-12-16

Surviving Child Sexual Abuse is a handbook for survivors and their helpers. It examines what sexual abuse entails for a child and why it happens. Personal and professional issues for helpers are addressed and the long term effects of sexual abuse are examined. The strengths of survivors are acknowledged together with the supportive alliances they have formed with partners, helpers and friends. The theme of disclosure is examined in depth and the main themes in therapeutic work with survivors are discussed and methods are described which can be used in such therapeutic work. This highly successful book ends with an evaluation of the issues involved in training helpers for working with survivors.; The book is aimed at therapists including social workers, counsellors in public organizations and private practice, clinical psychologists, psychiatrists, nurses, health visitors, general practitioners, police and psychotherapists.

Couples - Barbara Jo Brothers 2014-04-23

Couples: Building Bridges shows therapists how to successfully apply basic principles of human interaction and communication to help facilitate intimate connections between people. Using the approaches in this book, you will see how the bridge between couples materializes naturally as a result of the combination of respect, truth, careful observations, awareness, and shared information. Contributors in *Couples: Building Bridges* encourage therapists to bring their own behavior into awareness--to see themselves as the major instrument of change in the therapy process and to recognize that work must begin with themselves before starting to work with couples. However, the book stresses that therapy is not something performed on a couple but rather a process geared toward increasing the range of choice of behavior for

clients. Therapists working with couples or with individuals seeking therapy concerning their intimate relationships will find *Couples: Building Bridges* a valuable reference for promoting healthy, open relationships.

Sexual Health Across the Lifecycle - Margaret Nusbaum 2004-12-02

This is a practical, positive approach to sexual health promotion for clinicians in primary care. It presents sexual concerns across the lifecycle, from childhood to old age, illuminated throughout by scenarios based on real life. It highlights common sexual issues from different age groups and includes chapters on sexuality and disability, sexual minorities, HIV-positive individuals, and complementary medicine. It presents an invaluable resource for all health professionals that spans the needs of patients from all backgrounds and age groups.

Women's Sexuality Across the Life Span - Judith C. Daniluk 2003-06-09

Moving beyond a traditional focus on sexual functioning, this book emphasizes the complex interaction of psychological, social, cultural and biological influences on women's sense of themselves as sexual beings. Written for practitioners and educators, its goal is to challenge contradictory messages and meanings that cause many women to feel disconnected from their bodies and from their needs and desires. Themes explored include the development of sexual awareness and sexuality in childhood and adolescence, the critical sexual choices of young adulthood, and the multiple transitions characterizing the middle and later years of life. The book features creative exercises and interventions to help girls and women construct more affirming sexual meanings.

The Complete Handbook for College Women - Carol Weinberg 1994-07-01

Increasingly, college is portrayed as posing as many perils for young women as it does opportunities and challenges. The cover of *The New York Times Magazine* tells us that "Crime Turns The Campus into an Armed Camp" at the same time that dozens of schools experience painful racial upheavals. Date rape, eating disorders, drugs and alcohol, hate crimes, the recent firestorm over political correctness all have

combined recently to make college seem a daunting, even threatening experience. This need not be so, says Carol Weinberg, and in *The Complete Handbook for College Women* she provides concrete, incisive advice to help young women make the most of their college experience. Away from home for the first time, in an unfamiliar environment, paired with a stranger as a roommate, the college student faces a number of imposing academic and social challenges. As an experienced college administrator who has spent over twenty years working with students at a range of colleges, Weinberg is an ideally suited guide to help young women navigate their way through what may well be the most formative experience of their lives. Written in a straight-forward, personable manner, *The Complete Handbook for College Women* is must reading for both college-bound women and students already at school, as well as a valuable guide for administrators, parents, and anyone involved with

higher education. Issues discussed include: first arrival and issues of independence and responsibility; family ties and loneliness; assertiveness and conflict resolution; physical and emotional health; eating disorders; alcohol and drugs; codependency; sexuality; sexual harassment; sexual abuse, rape, and personal safety; and the many components of living in a diverse environment, such as ethnicity, religion, sexual orientation, class, disability, age, and appearance. Table of Contents Introduction 1. Arrival: Independence, Freedom, and Responsibility 2. Family Ties 3. Assertiveness and Conflict Resolution 4. Taking Care of Yourself 5. Eating Disorders 6. Alcohol and Drugs 7. Codependency 8. Sexuality 9. Sexual Harassment 10. Sexual Abuse, Rape, and Personal Safety 11. Living in a Diverse Environment 12. Ethnicity and Culture 13. Religion 14.
