The Subtle Art of Not Giving a F*ck Mark Manson 2016-09-13 #1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. *The Subtle Art of Not Giving a F**k* is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons

into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F**k* is a refreshing slap for a generation to help them lead contented, grounded lives.

Happiness in Marriage Ashok Gulla 2008-11-01 The book "HAPPINESS IN MARRIAGE" by ASHOK GULLA deliberates on how to lead a happy and contented married life by bringing physical and emotional closeness, improvement of inner condition, imbibing feeling of love and concern, removal of negative feelings, enhancing attractiveness towards each other and focussing on higher goals in life. To be happy in marriage is not only a personal issue but from a broader perspective, it affects the well being of societies. Most married couples are not fully informed about emotional, psychological and physical aspirations of each other. Enhancing pleasure through sex is not sufficient, if the couple does not attain emotional closeness. The efforts we make to develop ourselves in profession are lacking on our part when it comes to nurturing our married relationship. The essence of one's happiness, inner calmness and growth is related to one's capability to love others. Our ego, intolerance and selfish tendencies affect this inner growth. Man and woman get married not fully informed about each other, expectations are too high, and we do not work properly to make it a success. Some people pretend to be happy married couple while talking to others; but in actuality, they have no deep love and affection. We always believe that everything in marriage will happen to our liking and blame other partner when it turns contrary to our expectations. Our journey of life is much influenced by the quality of relationship with our spouse. Whatever we may achieve professionally, that will not help to compensate for troubles emanating from our physical and emotional relationship with our spouse. The pressure of modern life, constraints of meeting professional goals and getting material benefits requires both husband and wife to work hard leaving little time to develop understanding of emotional needs. We come together as strangers to get tied in the wedlock and in most cases continue to remain not attached emotionally. We do not make enough efforts to understand what troubles our spouse. As we go through the process of marriage, we tend to err in our understanding and meeting aspirations of our spouse. This spoils the relationship. People often get angry with their partner when they feel to be giving more in the relationship than what the other person is offering in return. We have to keep communication channels open with the spouse to listen to all the bad things he/ she feels about us so that these get clarified at regular moments. This may help us to adjust our understanding and behavior suitably. At times, when a person is of a dominating nature, his or her spouse feels hurt and increasingly entrapped in the role of a weak and dependent partner. The feeling of hurt makes a person dysfunctional and not able to perform to the best of his or her capability. We may not be fully aware the agony and pain which certain harsh words or dominating nature causes to our spouse. A happy marriage depends on better communication and understanding of each other. Some people have tendency to find fault with the way other person talks or the manner in which some task is accomplished. As husband and wife, we have to perform various tasks together to shoulder responsibility towards maintenance of home, care of children, meeting financial needs of the family or fulfilling responsibility towards other members of the family. As couple, we will continue to have differences on various issues and it may lead to anger or arguments at times. We have to be careful not to get into the habit of finding fault at each and every time. There is a better and sophisticated way of communicating our concerns without finding fault with our spouse. We have to imbibe certain qualities that make us attracted to our spouse. Life should look incomplete without our spouse. The true love requires that it ought not to be conditional. Loving our life partner should

flow

Women Who Win at Love Suzanne Venker 2019-10-08 Why Are You Throwing Your Feminine Power in the Trash? Do you ever wonder why some women find husbands easily while others do not? Have you ever asked yourself why some marriages last while others don't? Is your marriage struggling despite your best efforts to keep it together? Women who win at love don't have a gift you don't have. What makes them unique, explain author and relationship coach Suzanne Venker and anthropology professor John M. Townsend, Ph.D., is that they aren't at war with the men in their lives. Women who win at love reject the concept of sexual equality and embrace male and female nature instead. If you're tired of being single, divorced, or unhappily married, and if you're willing to step outside your comfort zone to find lasting love, even if it means accepting controversial truths, this is the book for you. You know how to win at almost everything else. Isn't it time for you to win at love? In *Women Who Win at Love*, you will learn: the foolproof secrets of dating that lead to marriage how to embrace the way the sexes are naturally wired why your financial success may be undermining your chances at lasting love why love isn't enough to make a marriage work to be secure in your knowledge of how love works *Whom Not to Marry* Pat Connor 2010-04-27 The new single woman's Bible that shows how to distinguish Mr. Right from Mr. Right Now Father Pat Connor knows marriages. Having presided over more than two hundred weddings and conducted pre-marriage and marriage counseling for more than forty years, he's something of an expert. And now he is sharing his wealth of experience with women everywhere on the subject of *Whom Not to Marry*. Father Pat's philosophy is simple: A love affair may lead to marriage, but love itself cannot make a marriage work. That's why it's important to

weed out the bad seed's before you fall in love. Sounds easy enough, but in the early stages of romance, when infatuation trumps judgment, it can be difficult to see the flaws in your mate and to think rationally about your future. That's where this book comes in. A heavenly how-not-to, Whom Not to Marry offers timely and time-honored advice such as: Never marry a man who has no friends, for he won't be capable of the intimacy that marriage demands. Never marry a man who isn't responsible with cash. Most marriages that flounder do so because of money, a case of 'til debt do us part. Never marry a man who lets you walk all over him. It's good to have a doormat in the house, but not if it's your husband. Life may seem random, but there are many things you can do to make sure your life partner is the right one. It all starts with being honest with yourself. Use your good judgment, Father Pat counsels. Know what you want. Know who is worth loving and who is worth marrying. Once you can do that, you'll stand a much better chance of living happily ever after.

The Angry Therapist John Kim 2017-04-18 Tackling relationships, career, and family issues, John Kim, LMFT, thinks of himself as a life-style designer, not a therapist. His radical new approach, that he sometimes calls "self-help in a shot glass" is easy, real, and to the point. He helps people make changes to their lives so that personal growth happens organically, just by living. Let's face it, therapy is a luxury. Few of us have the time or money to devote to going to an office every week. With anecdotes illustrating principles in action (in relatable and sometimes irreverent fashion) and stand-alone practices and exercises, Kim gives readers the tools and directions to focus on what's right with them instead of what's wrong. When John Kim was going through the end of a relationship, he began blogging as The Angry Therapist, documenting his personal journey post-divorce. Traditional therapists avoid transparency, but Kim preferred the language of "me too" as opposed to "you should." He blogged about his own shortcomings, revelations, views on relationships, and the world. He spoke a different therapeutic language — open, raw, and at times subversive — and people responded. The Angry Therapist blog, that inspired this book, has been featured in The Atlantic Monthly and on NPR.

Our Secret Rules Jordan Weiss 2001-09 Exploring the unconscious rules that govern our daily lives, Dr. Weiss explains how readers can use their new insights to improve the way they feel about themselves and others.

Echoes of Betrayal Anisha Namutowe 2019-02-07 After thirteen years of marriage, Susan comes clean to her husband Melvin about an affair she had two years prior. What ensues is a rollercoaster ride that threatens to completely tear their family apart. Did she do it out of revenge? This is the one question that Melvin grapples with as he tries to come to terms with how his good-natured and once faithful wife changed. Can he forgive and forget? Can he love a woman whose heart was swayed by another, even if it was just for a short while? Is she worth fighting for? As Melvin tries to come to terms with Susan's revelations, he can't help but wonder if his past actions, or lack thereof, have something to do with the storm that his marriage is currently facing. Isaac and Hilary's six-year-old marriage comes to a screeching halt when Hilary learns about her husband's affair with the married Susan. With their marriage already marred in scars of infertility, can this couple possibly survive this new storm? Is it really true that some sins cannot be forgiven? Is there even such a thing as an 'innocent or pure affair?' What is one to do when family and religion demand that divorce isn't an option for a couple that's run out of love for each other? Bernard and Hilda are a couple that was doomed to fail from the very beginning, yet the two insist on defying logic and fate by staying together. Is love enough to make any relationship work? What role does nurture and nature play in the development of one's character? Is it the number of years spent in a relationship, or the life lived in those years that matters the most? Can there be a happy ending for a couple that's willing to defy all odds to be together? Is there such a thing as meant to be? Could this be the beginning of the end for the couples, or the end of the beginning?

Your Inner Strength Ursula Yvonne Sandner 2017-03-31 I wrote this book to share my life lessons, experiences, thoughts and I've extracted the essentials of my theoretical and practical knowledge, plus the knowledge of others much wiser than me, who are now long gone, but who served as a great source of inspiration. Over the years, I have worked with hundreds of people and by talking to each and every one of them during my life coaching and psychotherapy sessions, I was able to identify their most frequent burning issues. By asking insightful questions, I managed to help them look honestly within themselves and find the right answers, I guided and supported them along their journey. Just as my clients told me that they've learned a lot from me, so too I learned a lot from them. The teachings of this book are not based solely on my personal experience, but the life experiences of hundreds of people with whom I individually worked. The purpose of this book is to help you become aware of and access your inner power and also to teach you how to use it wisely. To look at your issues/questions from various angles and, maybe just for a moment, from a perspective that will allow you to discover alternative, more simple answers to all. That is actually part of my mission: to help people become aware of their inner power so that they can start using it for their greatest state of mind. Often we forget how wonderful we are and how many resources we have within us. We get carried by life, and we live under the impression that things simply happen, without us having any implication. We feel helpless and powerless - we can't access the power to create and transform our life so that it's perfectly in tune with our dreams and goals, the power to overcome obstacles and suffering, the power to take charge of our destiny. I'm here to tell you that your destiny is in your hands. It depends entirely on your thoughts and feelings. Life doesn't just happen, life follows us. Whether we realize it or not, all the experiences that we go through are the result of how we think or feel. The life that we live is our a personal creation. Precisely for this reason, one of the foundations of my philosophy is that each and every one of us is responsible for his own experiences. Our life is a perfect reflection of our inner selves. If we are balanced and serene on the inside, the exterior simply cannot be dark and gloomy. The way we are on the inside depends on our thoughts, feelings, and attitudes. If we do not take control over our mind and emotions, they will eventually control us and our state of mind will become an automatic process, instead of a deliberately assumed act. By being unaware of the impact we have on our lives, we let luck or misfortune control ourselves, thus becoming unable to change anything. My philosophy and also the lifestyle that I promote rely on the following beliefs: Each and every one of us is 100% responsible for his life. The way we think directly influences our health and our physical, mental and emotional wellbeing. Our thoughts determine our emotions and, if we're not emotionally well, all we have to do is replace our thoughts with more positive or neutral ones, by becoming aware of our inner dialogue. Our exterior reflects the interior - this is the reason why changing our thoughts will transform our life. All of us attract in our lives precisely what we are.

Love Letters to My Spouse Maia Berens 2022-01-01 I am a teacher. I teach about relationships because after two failed marriages (and add another

two that failed for my husband), I just had to learn how to do it and how to get it right. It is said, "We teach what we have to learn." Anyone who knows me will tell you that when I decide to do anything, I do it with all of me. When something works for me and helps me grow and improves the quality of my life, I am steadfast. Since I began to learn how emotions work, and then began to recognize mine and the effects of healing those old ones that never got expressed, I have been 100% committed to use what I learned and the results in my life have been almost unbelievable. A few years ago I started looking at what we had in our relationship that most others don't seem to. I wondered, "What are our secrets? And can I help others with them too?" Following are those things that we believe have created the quality and depth of our relationship and we believe they can do the same for you. When my husband died in 2015, we had had 31 years of a highly successful marriage and we'd like you to have the same. The book is divided into 10 chapters. The chapter headings are the 10 main secrets that we have learned and want to offer you. They are: Secret 1. You have to be real and you have to feel good enough about yourself to be real. Secret 2. Making your commitment to the relationship and not each other works way better. Secret 3. You can't expect your partner to do anything you are unwilling to do like forgiving and giving up being right. Secret 4. You have to learn how to communicate honestly and appropriately. Secret 5. You have to remember that love includes compassion and non-judgment. Secret 6 . You have to be aware when the connection is dying and do something about it. Secret 7. You have to let them know they're doing a good job. Secret 8. You have to own up when you've messed up - and learn from it. Secret 9. You have to get that a good relationship is sacred and make time for it. Secret 10. You have to own the whole job - take full responsibility. After four failed marriages between us, we were determined to learn how to make this a good one. We learned. There are some very special things we noticed after all of those years and we wanted to help you learn them too so you can wake up one day and notice how many years have gone by and you still have the relationship of your dreams.

Verging on Love Darren J Wilson 2023-05-09 *Verging On Love* consists of four novellas about love affairs that break down, owing not only to the incompatible personalities involved, but also to the inherent instability caused by the circumstances. In *Lost In Jericho*, two cultured men find themselves in relationships with women in the grip of mental illness, but only one of the men has enough sympathy and empathy to bother trying to make his relationship work. The story is told largely through conversations between the two men in pubs in their home city, Oxford. *An Artist's Impression* might be described as a tale of unrequited love, though it might more fittingly be classed as a story of mutual ardour (between an artist and his subject) in which one of those involved refuses to cross a professional boundary, much as he is tempted to do so. *Day That He Loved* is another story set in Oxford and features two relationships between women undergraduates and older men. The two women discover that their respective partners know each other, an unlikely friendship given the starkly different backgrounds of the two men, and that they have been having furtive meetings; intriguingly, they scheme to uncover the reasons for the assignations, only to find out that they have been occasioned by dark and sinister motives. *Courting Disaster* brings the reader back to Oxford and the incongruous liaison between a cultured man and a simple woman, a relationship made even more perverse for being one between a man who has just successfully defended himself in court, having been accused of murder, and one of the members of the jury. The couple embark on a darkly surreal "romance". Then death intrudes. But at whose hands?

you need to create and maintain an incredible relationship—one that gets stronger over time instead of drifting apart. The lessons and love quotes in this book will help you deepen your relationship instead of running away, blaming, or staying stuck in an unfulfilling partnership. Most marriage books try to sell you a "happily ever after" life while skipping over the pain and struggle that comes in all long-term relationships. While avoiding pain may feel good in the short-term, these bad habits will destroy your relationship in the long run. This book will help you squash those fantasies and remind you a fulfilling marriage is earned, not given. Relationship teacher Jayson Gaddis will challenge you and inspire you to think differently about how you deal with the inevitable relationship problems that arise. Instead of viewing every issue or confrontation as an attack to be afraid of, you will learn to lean into the deepest parts of yourself in order to grow, heal, and reconnect with your partner. From Wound Mates to Soul Mates The smart couple learns to move from wound mates to soul mates that inspire the very best in each other. When you make this move, you become a love warrior, destined for a strong partnership over many years. It's not an easy path, but it's the path you must take if you want to create a fulfilling, lasting relationship. Contrary to popular belief, "just loving each other" is not enough to make a relationship last forever. It takes two people who are willing to grow, learn, and challenge each other to rise together in partnership. A loving relationship is a path that demands you gain more self-awareness and self-responsibility so that you can attend to the amazing fire of your connection. A great relationship is designed to get you to grow up and grow into yourself, and a strong, loving relationship has the power to help you accomplish and achieve more in your life. Strap Yourself in for the Ride of a Lifetime There is nothing quite like having a lover, a best friend, and a co-pilot on this crazy ride called life. When you learn the tools that make relationships work, you will indeed become a couple that side-steps the pointless fights, gets stronger through conflict, and has more connected sex, as you become an unstoppable couple that lights up a room. The love quotes found in this relationship book are a gold mine. Read slowly and digest each sentence. You can ponder each one alone and together. You might have to discuss, disagree, and work through a quote, just like you would a normal difference in your own lives. Doing so will be considered "practice" for your relationship or marriage (you can even share your wins and challenges in our private community of Smart Couples). You reap what you sow each day in your relationship, and my strong wish is for you to take good care of your precious relationship by attending to it daily. May these quotes help guide you into a more realistic and magnificent love that lasts.

Secrets of Great Marriages Charlie Bloom 2010-10-05 Therapists Charlie and Linda Bloom have been married more than thirty-five years. Over a two-year period, they interviewed twenty-seven couples who had been together for an average of thirty years and seemed as happy as newlyweds. Were they just lucky? The Blooms found that these couples had faced real challenges — difficulties with children and stepchildren, war wounds, infidelity, and financial ruin. They also found that with loving dialogue and open hearts, the couples had found ways to heal, grow, and deepen their commitment through, and not despite, their challenges. The Blooms distill this real-world wisdom into practical, positive actions any couple can take to achieve or regain not just a good marriage but a great one.

Love Is Not Enough: Making Your Marriage Work Steven Mendel 2008-11-20 "Love is not enough," is comprised of six sections, each building on the previous one. The first is an easy to complete and score survey that evaluates the reader's marriage. When the fissures in the marriage are exposed by the survey, they are related to the four basic ingredients of a successful marriage; intimacy, understanding, communication and change. The successful application of these four basic ingredients is necessary for any successful relationship. Fifteen principles of a successful marriage are demonstrated by different couples in therapy, as they struggle to incorporate one of the four basic ingredients in their relationship. The next section describes common obstacles that frequently impede a successful marriage. This is followed by proven techniques I have utilized in my practice that couples will be able use on their own. The final section is the same survey taken at the beginning, so the reader can evaluate their progress.

Improve Your Relationships EQ by Improving Your Attachment Style Isabel B. Kirk Lpc 2019-10-10 This book is about how to heal the aspects that unconsciously get in the way for people to enjoy healthy relationships. While research shows that relationships are the main source of happiness, they can also bring a lot of pain to people's lives. Why does that happen? Because unfortunately it is not all a matter of love. Unfortunately close to half percent of the general population, it means people like you and me, struggle with relationships issues. Now there is scientific information about what causes it and how to go about it so we don't have to continue to hurt each other or spin around in vicious cycle. And that is what this book is all about. Most people think it is a problem of communication, but it is not. That is a symptom. The real problem is the attachment style that people have and the combinations people make. People are complex human beings and therefore so are relationships. Most people have complex psychological histories that are far from ideal and without self awareness and some work, they are prompt to just repeat those patterns and get in their on way. That is what this book is all about. About awareness and if you are motivated enough you can follow the pathway to change the aspects that you can and accept with compassion the ones that we cannot (about your and your partner). In this book you won't find quick fixes, magic solutions or easy steps that will get you the love you want right after you finish reading it. There are plenty of excellent books out there by the experts in the relationships field. The problem is that most people cannot follow the wonderful advice because there are some deeper underlying issues that need to be addressed before that: your attachment style. In general, your attachment unconsciously determines your thoughts, needs, emotions ...so in the same way that people can't just stop drinking or using drugs, in the same way people can't just follow the advice from a book. That would be great! We need some preparation work, so you don't end up defeated or more frustrated. That is why this book different: It contains basic and powerful information about how attachment theory explains the way we feel and behave in relationships, how even though certain matches don't seem to be what we want at first sight might be what we need in the end, and the pathway with many exercises to put in practice individually and with a partner (if available) to achieve long term results. So the love science made it simple for anybody to get a quick grab of it and hands on practices to start working right away... you won't get lost understanding the deep concepts and give up half way. And finally, because you won't find all the solutions by reading this book, it provides you with enough awareness and information through out so you can determine if professional help is needed and how to look for it. Let's be realistic, not most people will get the results wanted just by reading a book (some will), but you will definitely gain understanding of the problem and options to solve it. Our style of attachment affects everything from our partner selection to how well our relationships progress to, sadly, how they end. That is why recognizing our attachment pattern can help us understand our strengths and vulnerabilities in a relationship. An attachment pattern is established in early childhood attachments and continues to function as a working model

for relationships in adulthood. Ah! and if that isn't enough... let me tell you that by improving your attachment style, you won't only improve your relationships but your overall wellbeing. A secure attachment style significantly determines your health, happiness and capacity for finding balance in life. So get it now and once for all find out why you are the way you are and some aspects of your life don't go the way you wish.

Falling For My Boyfriend's Dad Golden Butterfly 2023-11-05 "You are not only the father of my future husband, but also the father of my best friend." He regarded me with eyes shaped like crescent moons and spoke his letters in a voice that was alluring. "Let's keep this to ourselves and nobody will find out about us." *** He is a forbidden man whose temptation makes it possible for two sinners to have sexual relations regardless of the cost. His breath trails behind my lips and teases the delicate threads of my femininity, making me want to grab hold of his collar and ensnare him in an everlasting kiss. To the extent that my mind can go, everything that is not allowed to be eaten was delicious.

Dynamics of Love and Relationships Jiro Chatelain 2020-01-24 *Strong Families Equal Strong Nations* This is a book that will prove very useful for people that aspire to happiness and satisfaction in all their relationships, marriages and effective decision making in life itself. It is a book for intending lovers, those who are struggling, and those who are still navigating around the path of healing. Before you move on or give up, you must find the problem in your relationship. It is only when you see the problem that you can fix it. Relationships can be likened to automobiles in this instance. It needs to be serviced. All the parts that make it up must function properly. If something is not working and the people involved are too lazy or not ready to work at it; it's going to come crashing down. We all know that it is more challenging to fix a dead car than to repair a little mechanical fault as soon as you discover it. Your situation may be quite different from others. You could be in a relationship with someone who doesn't feel as connected as you are to the relationship. At first, it will hurt deeply. You may begin to wonder if you are good enough. You'll have self-doubts and wonder why this person isn't proud of you like you are of them. They don't show you off. They aren't ready to let you into the deepest and darkest places of their lives. They aren't ready to take things to the next level. This could affect your self-image. It will rub off on your self-confidence, and you may start to resent the person you are in a relationship with. While it's easy to be hurt, angry, and upset, when someone is not ready to be committed to you, it has nothing to do with you. One mystery that life has offered us is the inability to get inside someone else's head. It's not possible to truly understand people's motives except when they tell you. This is why you shouldn't take the rejection personally. What if they are going through something? What if they aren't ready? These are just 'What If's?' But they could be people's realities. Some people are conscientious enough to block you out from whatever they are struggling with. They understand their inner fights. They seek healing and do not want to drag you into it. It becomes essential for them to set boundaries; create a wall and shield their hearts in it. You may think they are cold and unemotional. However, this is their way of blocking you from accessing those parts of them that still hurt. There are people that are hypocritical about it. Although they struggle with something, they are willing to let others in. And they find desperate people to be like prey. They use people's love to channel their pain, and this comes out toxic every time. You will always be at the receiving end of bad energy. There's nothing you will do that could ever be good enough. Once you are done with this set of people, you'll realize that they have transferred their pain to you. The cycle of brokenness is continued. There are people who were broken as children, through physical, sexual or emotional trauma. Until they heal from this trauma they cannot be in a healthy relationship because they are no health. Again, this is not your fault, but don't stay in a codependent or abusive relationship. It is essential to understand that people are at different stages in their lives. When you have feelings for someone, it's easy to remain in a relationship with them even if your relationship has no future. While it's incredible that you are sticking it out against all the odds, you need to ask yourself if that person is even in the same stage of life as you. If you examine this simple guidance from Jiro, you will understand why this book is a necessary tool that will help you to identify what stage of life your partner is currently in and how crucial it is for the future of your relationship. It will also help you to have a more

fulfilling life

In the Blood Scott Miller 2000-12 An unlikely romance between a hematologist and a vampire in the early years of the AIDS pandemic is the focus of Scott Miller's genre-defying riff on vampire legends, American pop culture, and contemporary horror fiction. Part romance, part gothic horror, part bawdy comedy, and part steamy eroticism, *In the Blood* crosses all boundaries and serves up an entertaining roller coaster ride you'll never forget. *In the Blood* tells the story of the vampire Zachary Church and Adam Graham, a gay hematologist with HIV, and their budding relationship in the early era of AIDS. If vampires are the only ones who can't be affected by the AIDS virus, do they have some responsibility to pass on their immunity? And for someone with AIDS, what price is too high for acquiring that immunity? When Adam asks Zach to turn him so he won't die, Zach is torn. He has vowed never to make another vampire, never to subject anyone else to the horrific loneliness he has known for so long. Ultimately, Zach has to choose between condemning Adam to the tormented life of vampirism or watching him die, knowing he could've saved him, knowing that he will be utterly alone once more.

Dancing with Fire John Amodeo 2013-06-15 Winner of the 2014 Silver Independent Publisher Book Award in the relationship category and winner of the Spirituality and Practice Award as one of the best spiritual books of 2013! The search for inner peace is often met with what seems like a conflicting path- the irresistible pull of love and connection with others to which we are drawn. Reconciling these opposites, John Amodeo shows how spirituality and vibrant relationships are identical. He says that Buddha's concept of the root of suffering is misunderstood. It is not desire that

causes suffering; desire is the fire that springs from the basic life force. Drawing upon the science of attachment theory, Amodeo illuminates how the root of our suffering is disconnection from ourselves and others, which is fueled by clinging to what doesn't serve us. In a conversational tone, Amodeo presents relationship as sacred experience. He teaches how to welcome desire mindfully rather than suppress it and how to overcome fear of failure in relating. He also discusses meditation as self-intimacy and holding ourselves with loving-kindness. Lastly, he explores the role of community in spiritual awakening and the issue of whom to trust—our guru or ourselves?

Sociology of Self-Knowledge: Course Topic as well as Pedagogical Strategy Mohammad H. Tamdgidi 2005-09-01 This Fall 2004/Spring 2005 (III, 1&2) double-issue of *Human Architecture: Journal of the Sociology of Self-Knowledge* demonstrates the extent to which the sociology of self-knowledge as advanced by this journal from its inception can serve as both a course topic as well as a pedagogical strategy in teaching sociology and related subjects. The issue includes student papers of various faculty at UMass Boston and a symposium of student (and faculty) papers organized by Khaldoun Samman from Macalester College. Samman had earlier taken the step of turning his senior seminar into a course on the sociology of self-knowledge and encouraging his students, all graduating seniors at Macalester, to subject their own lives and “troubles” to their sociological imaginations. The student papers included in the issue as a whole are highly demonstrative of how self and socially critical and liberating the sociology of self-knowledge can be. Authors use a variety of class and outside readings, as well as films and documentaries, to explore in-depth currently unresolved issues in their lives, while making every effort to move in-depth to relate their personal troubles to broader public issues. Contributors include: Deborah D’Isabel, Claudia Contreras, Katherine Heller, Rebecca Tink, Caitlin Farren, Haing Kao, Harold Muriaty, Rachel A. DeFilippis, Lee Kang Woon, N.I.B., Sharon Brown, Jennifer Lambert, Anonymous, Jorge Capetillo-Ponce, Khaldoun Samman (also as journal issue guest editor), Ellen Corrigan, Jeremy Cover, Jesse Mortenson, Jessica Sawyer, and Mohammad Tamdgidi (also as journal editor-in-chief). *Human Architecture: Journal of the Sociology of Self-Knowledge* is a publication of OKCIR: The Omar Khayyam Center for Integrative Research in Utopia, Mysticism, and Science (Utopystics).
