In the six months that followed he moved house, and now shares his life with the small Stockton pack and his bed with Ben. He thinks things are going well. That is until his Alpha tells him that Ben is having problems and apparently Sin is to blame. Ben is unhappy, but it's not something he can talk to Sin about. He tried once, and got shot down, big time. Sin is human and a rampant Dominant, and while Sin confines his dominance to the bedroom, outside of it both men are too busy living normal everyday lives. Ben's struggling to keep his wolf under control- his wolf that wants to claim Sin in the way of his kind. But unless Sin changes his ways, Ben might be reduced to taking drastic

measures. He's certainly thinking about it. With a claiming night that has unexpected repercussions, a serial killer on the loose that smells like a bear and who is targeting young men who look just like Ben, life starts to get more complicated. A random meeting with Gabriel brings even more surprises to both Sin and Ben's life - and neither one of them is quite sure how to cope with the sexy man. Don't Tempt Fate Lisa Oliver 2017-11-22 Don't Tempt Fate Book 11 of the Cloverleah Pack series. Pack enforcer, Marius Reef has a lot on his mind. Life in Cloverleah has been quiet for months; giving him too much time to think. He still suffers nightmares from his father's abuse decades ago and now his brothers are mated, he is struggling to find and keep his place in the pack. Determined to be useful, his waking hours are spent patrolling the pack's territory but at night his dreams are haunted by a hunky blond, so perfect he couldn't exist in real life. As the Battle Lord for his people, Cathair is used to being sent from the elven realm to dispel injustices found on many realms including earth. Guided by the Seers, he's never questioned his assignments before. But when his father, the High Elder insists he must take a message to a tiny pack in the middle of nowhere, and actually stay with them, he puts up a token protest. His place was on the elven realm, wasn't it? Prophecies and kidnappings, the evil that stalks Cloverleah is getting closer and all will be affected. Plagued with troubles and misunderstandings on both realms, Marius and Cathair must forge a bond or the whole pack could be lost. But when trouble comes from one of their own, the two men reach a crossroads. Will they choose the right path or will the fate of the Cloverleah pack be doomed? This is an M/M story that includes some violence, references to past abuse and a scene of attempted rape (not between MCs). Like all of my books, it has an HEA, no cheating and no cliffhanger. However, the epilogue sets the scene for the next book in the series. This book is part of a series and while this story is based on one couple and is complete in itself; to appreciate the overarching story line and the stories behind the secondary characters, reading the previous books in order is advised.

Home is Where the Heart Is Lisa Oliver 2020-02-26 Home is Where the Heart Is... The final book in the Cloverleah Pack series. All Cloverleah Pack Enforcer Wesley (Wes) wanted the night he went out, was to have a few drinks, maybe find some company, and try and forget his worries and insecurities for a few hours. The drinks flowed and he found the company; a gorgeous man with a mysterious scent, who seemed to completely understand the anger, shame, and jealousy Wes was hiding from his pack mates. Unfortunately, Wesley didn't understand how badly he'd been conned until he woke up the next morning alone in a cave. Fast forward months later and Wes discovered the wards that had held him captive from day one had suddenly disappeared. Not one to dither when a chance to escape presented itself, Wesley set off, sometimes on two feet and sometimes on four... looking for a way out of a barren realm that held nothing but red sand and black rocks. Cass enjoyed being a demon from a large family. The Underworld was good to him; he had a job, a house, and he didn't lack for company. Unfortunately, his carefree attitude tended to get him into trouble at times and when his brother Myka insisted on him paying back a "favor" he'd incurred through a badly placed bet, Cass had no choice but to agree. It sounded simple enough. Meet with the snobby and reclusive members of the Cloverleah Pack, find out about a missing wolf, and then search for that wolf in the Underworld. Cass figured he could be home in time for his mama's Sunday dinner. Finding Wes wasn't the problem, but Wesley had stumbled onto a situation of his own he couldn't leave. What was worse, was when Cass was forced to tell Wesley about why no one from his pack had been looking for him before, Wes knew he had no way of ever going back to the life he had. The fact that Cass and Wesley were fated mates was hard to celebrate as Wes tried to cope with the loss of his pack status and the implications of his current situation. Meanwhile, the men from Cloverleah were coming to terms with some home truths of their own. The thought of having to see Wesley again, and actually apologize for thinking he'd sunk so low as to try and destroy a mating, was too hard for some pack members to face. This in turn causes issues between those who struggled and those who believed in the bonds of a pack. Serious soul searching was needed if the men were ever going to understand that the only powers worth trusting were unconditional love and acceptance. This book is not a standalone. It is the fifteenth and final book in the series (Thirteen full novels and two compilations of short stories). It is recommended that you have read at least the last three books before reading this one. Get Off My Case Lisa Oliver 2014-12-26 The first 20,000 words of this story were published as a free read for the Goodreads MMRomance Group Love's Landscapes Project. 49,000 words have been added to make this into the book my characters wanted it to be. Shane West was used to being the only wolf shifter at the Stockton Police Department. His enhanced senses helped him do his job efficiently and he prided himself on keeping control of his animal instincts. Gay from the first day he'd shifted, he also expected to live his long life alone, and provided it meant that he didn't

have to come into contact with any of his ex-pack, he told himself he was happy. And he was. Until Dimitri Polst was assigned as his new partner. Confirmed ladies man, Dimitri Polst knew Shane from before he'd ever shifted into his wolf form. Two years older and from the same pack, Dimitri had made it his teenage mission to bring as much pain and humiliation to pretty-boy Shane as possible. But years later, he searched for that pretty boy, now all grown up, with a completely different mission in mind. Being fated mates was hard enough, but when one man is straight and the other one has no reason to trust, then sparks are bound to fly. Add in a serial killer who is making inroads into the gay population and a possible shifter involvement, and Shane and Dimitri have a lot of things to overcome before they get their HEA.

Scenes From Cloverleah Lisa Oliver 2016 *Cloverleah Pack Book 9.5* This is NOT a standalone. There have been a lot of things going on in the Cloverleah pack, and if you have been following the series, you will know there were a couple of things that happened that didn't quite make it in the story line. These four short stories are my way of filling in those gaps. *RELUCTANT KING* Griff and Diablo: Our two men have finally got the chance of a three-day break before they are due to get married in New York. Diablo wants Griff to meet his mom, but they'd only been there long enough for lunch, and Diablo starts to think he's made a huge mistake. *JOSH AND VADIM'S EUROPEAN GETAWAY* Josh and Vadim's wedding had Josh crying in the aisle, but Vadim's the planning expert and he has a wonderful holiday planned for his mate. Unfortunately, it seems Vadim can't go anywhere without his past coming to haunt him, and this time Josh is under threat. *KANE AND SHAWN: THE IMPORTANCE OF HOPE* Shawn knows Kane has a bee in his bonnet about something; he just doesn't know what it is. It's time for some serious talking, and maybe, just maybe these two men will find a sliver of hope among the darkness that's been surrounding Cloverleah. *BABY OLLIE* Kurt, Luke and Tobias: Tobias always said that once the pack was safe he was more than happy to entertain the idea of having children. But the Fates had another plan in mind and when a baby cub rescued from

Roland's lab has trouble settling in with the San Antonio pack, Luke makes a plea that can't be ignored. If you want to know the back story for these characters, the titles are below: Griff and Diablo - The Runaway Cat Josh and Vadim - Watching Out for Fangs Kane and Shawn - The Reluctant Wolf Kurt, Luke and Tobias - Tangling with Bears M/M, and M/M/M, contains some intimate scenes. 33905 words in total.

Mace's Awakening Lisa Oliver 2016-08-31 Book 3 Stockton Wolves series - can be read as standalone. Complete story. Roan didn't expect to be put in a jail cell by the man who was meant to be his mate. But it wasn't as though his life had ever been easy. In his world Omega wolves were sold as soon as they became useful, and he'd been trained his whole life in the arts of keeping a clean house and a Master happy. Unfortunately for him, being looked after was the last thing his mate seemed to want or need. Mace was happy enough in his life. Women seemed attracted to his bad boy looks and his surly attitude. They never stuck around, but then he was married to his job, so he didn't mind being alone at nights. And he had a pack. Okay, that wasn't something he'd been raised to believe in, but he'd spent enough time with Shane and Dimitri and the rest of the guys to know they were like anyone else. They just sprouted fur on occasion, and ran on four legs instead of two. So when Dimitri confronted him with the fact that the cute little shifter he'd booked the day before was his mate, he had a lot of thinking to do - dealing with man bits was the least of his problems. A serial killer with blond women in his sights, a whole host of misunderstandings, and the protective antics of Kalel, the cutest little cat shifter in existence, are just some of the hurdles these two men are going to have to overcome before they can have their HEA. Warning: contains an Omega shifter who will break your heart, a gruff human detective who has a lot to learn about mates, and a pack that works overtime to keep their members safe. Contains M/M intimate situations and off page references to child abuse. If these are triggers for you, please don't buy. As always, no cheating, no cliffhangers and an HEA guaranteed.

Beast has been disfigured in a fire, but he's covered his skin with tattoos to make sure no one mistakes his scars for weakness. Until one night, when he finds a young man covered in blood in their clubhouse. Sweet, innocent, and as beautiful as an angel fallen from heaven, Laurent pulls on all of Beast's heartstrings. In 1805, Laurent has no family, no means, and his eyesight is failing. To escape a life of poverty, he uses his beauty, but that only backfires and leads him to a catastrophe that changes his life forever. On the Brink Lisa Oliver 2017-01-23 Raff never wanted a lot out of life; his pack, his family and to be accepted for who he was. Yes, Red Wolves were smaller, skinnier and weaker than other shifters, but they were also extremely rare. Which is why, when he was banished from his home pack and family, he made a point of staying away from other wolves. But living rough, without any money, is really hard and when Raff risks a trip into San Antonio to find some cash work, he quickly wished he hadn't. Although, thanks to his dog Killer, he did meet up with the Alpha Mate of the local pack. Maybe, just maybe his life would take a turn for the better. Nereus was almost as old as the sea itself, but he made a point of visiting friends whenever he could. A chance visit to the wolf pack at San Antonio put him in the path of his mate, and Nereus grabbed the little man as quickly as he could. But Raff was new to the pack and when Scott and Madison get kidnapped and the men from Cloverleah zap into town, Nereus can't help but wonder if Cloverleah might offer his new mate a safer place to live. Back in Cloverleah, Teilo is pleased his brother is mated, but it's not as though he has a chance to go and look for a mate himself. He's settled in his home and loves to run in his wolf form. Although, when he gets bitten by a teacup poodle with the ridiculous name of Killer, he wonders what other surprises are going to jump out of the bushes at him. He didn't expect to find two mates. A crazy serial killer with no scent; danger for Raff at every turn and a landlocked beach? The men at Cloverleah are in for some pleasant and not so pleasant surprises. Throw in four dogs and the gorgeous bear cub and all of the men in Cloverleah are going to have to be on their toes. (Warning: M/M/M menage: violence, graphic intimate situations between men and an attempted rape of one of the MCs. Also features a teacup poodle who thinks he's an alpha, a serial killer who believes in mpreg and a merman with a beautiful tail). A note to readers: This book is based partially on a time line from *Angel in Black Leather Pants*. It is not necessary to have read that first, but if you have, don't be surprised at the overlap. Also, because of the timeline of the book, it is written in two parts. Part one is in San Antonio where Raff and Nereus meet. Part Two is in Cloverleah where Raff and Nereus meet up with Teilo.

The Biker's Omega Lisa Oliver 2016-01-31 Book One - Alpha and Omega series Can be read as a standalone Marly Miles has been happy in his life as a lone Omega wolf, living and working among the humans of Orlando, Florida. When an attack on him and his friend brings Marly to the notice of the Sergeant of Arms of the Epitaph's Motorcycle Club, he realizes immediately that the man carries the same scent as his attackers. Not a very good start when the same man is also his mate. Alpha wolf, Trent Beaumont has spent a lot of years living as a human when he walked away from his home pack. Forced to live as a straight man, because of the Epitaph's club culture, he walks away from Marly after checking the man is safe. But no wolf, not even an Alpha, can refuse the mating call from the Fates. But with his President looking over his shoulder, and a woman panting after him to share his bed, Trent isn't sure it will ever be the right time to claim his own Omega. Fights, misunderstandings and a lack of communication aren't the only problems Trent and Marly face. Trent has a history that has clouded his judgment and when Marly gets attacked again, Trent realizes he could lose his mate permanently, if he doesn't get his head out of the sand. Warning: Contains one hot biker, a beautiful twink with a sassy mouth, and a ton of misunderstandings. Graphic m/m sex, violence and strong language.

Tangling with Bears Lisa Oliver 2016-04-23 Tobias tells himself he's having fun. He has a great life as a beta in the Cloverleah Pack, and while danger still threatens the pack, he has his friend's wedding to look forward to, and the pleasures that come from hookups in random places. He'd like to meet his mate, just so he's not the odd one out in the inner circle, but it's not something he's expecting anytime soon. So when a hookup just before the wedding leaves Tobias with a permanent scar, he wonders where the heck his life went wrong. Especially when the man responsible for the wicked set of tooth marks, disappeared after the deed was done, to ring a man called Kurt. Kurt and Luke have been mated for three years. As bear shifters, Kurt has known from puberty that he will have two mates and once he'd claimed Luke, his mama warned him to be on the look out for a human female. So when Luke rings him and lets him know he might have accidentally on purpose bitten a wolf shifter, from some town they'd never heard of, Kurt heads to Cloverleah to sort out the mess. Sorting out their mating is just one of the things the three men have to contend with. A magic user has stepped up his game and no where on packlands seems safe. When Tobias gets taken, Kurt and Luke are helpless to do anything about it. It's going to take the power of the pack before life will be safe again, for any of them. Warning: Contains scenes of M/M and M/M/M sex. It also contains a special kind of bear, his grumpy mate, and a wolf that just wants to be loved. HEA and no cheating guaranteed. While this book can be read as standalone, you will understand more about the secondary characters in the book, if you have read the others in the series.

Promised to Two Bears Kelex 2015-10-14 Bear lays with human, not bear. Or so the old bear law has always said. It was beaten into Declan and his brother bear, Ryder's heads since they were small, just like every other cub in school. Yet when they find their mate, an omega, sneaking a dip in the mountain's spring, Declan can't ignore the need he feels, bear or not. Ryder feels the same lusts, but he's much more concerned about an omega being their mate. He knows claiming another bear could get them exiled. He stops Declan before things go too far, but even that isn't enough to stop

them from being sent off bear lands. Gage knows his mates when he sees them, but also knows they can never be together. As an omega, he's the lowest chaste in the bear world, an invisible slave to those above him. The fantasy is too scary to imagine, no matter how much his body yearns to be claimed by the two handsome males. It'll take the bear world to be flipped upside down for the three of them to find a way to be together.

A Case of Possession Kj Charles 2017-07-27 Magic in the blood. Danger in the streets. Lord Crane has never had a lover quite as elusive as Stephen Day. He knows Stephen's job as justiciar requires secrecy, but the magician is doing his disappearing act more than seems reasonable-especially since Crane will soon return to his home in China. When a blackmailer threatens to expose their illicit relationship, there's only one thing stopping Crane from leaving the country he loathes: Stephen. Stephen has problems of his own. As he investigates a plague of giant rats sweeping London, his sudden increase in power, boosted by his blood-and-sex bond with Crane, is rousing suspicion that he's turned warlock. With all eyes on him, the threat of exposure grows. Stephen could lose his friends, his job and his liberty over his relationship with Crane. He's not sure if he can take that risk much longer. Crane isn't sure if he can ask him to. The rats are closing in, and something has to give... Book 2 of the Charm of Magpies series.

Sure, no one but his parents know he's an Omega wolf, but he's okay with that. Unfortunately being a twink often means getting picked on and after a night out with friends, Terry has the misfortune to meet an Alpha wolf, Detective Zander Samuels - his true mate. Zander can't have a mate, especially a pretty, sweet little man like Terry. His friend of more than ten years, and partner on the force hates gay men with a passion and Zander won't risk the only true friend he has, not even for a mate. So even though he's scented Terry, Zander is determined to stay away from the Omega. Unfortunately the Fates are just as determined that the two men should be together and when Zander finds himself hit with the mating curse in more ways than one, he comes up with a plan to have Terry without upsetting his friend. A nasty boss, a homophobic partner, some really jerky behaviour by Zander and another Alpha wolf keen on claiming Terry for his own, all conspire to stop any chance these two have of finding true love. But did I mention that the Fates are really persistent?

Tell Me the Truth Lisa Oliver 2017 Special Agent Niclas Draig was on a mission ... well, he was supposed to be. But when sent to Stockton with his partner Jack, to investigate what looked like the work of a serial killer, he walked into the Captain's office and found himself looking at his mate. A mate, who's delicious scent was tinged with deceit as the man looked him in the eye and lied to his face. Captain Anthony Reynolds was getting tired of the way paranormals played fast and loose with the law and his life. Eighteen months from retirement, the last thing he expected when the FBI came in was to have such a physical reaction to one of the agents. When the same agent blasts him two weeks later for lying, Tony knew his life was going to change. He'd been around paranormals enough to know exactly what the word mate meant. But that didn't mean he had to accept it. An unguarded moment, a flash of teeth and both men's lives change. Their mating causes problems from every angle and ... an unexpected bonus. An abduction, a bomb and Nico's interfering family.

But when a silver-haired god walks into his club, he knows his life is going to change. He just didn't by realize how much.
