Censoring Sex - John E. Semonche 2007-07-20
In this gracefully written, accessible and entertaining volume, John Semonche surveys censorship for reasons of sex from the nineteenth century up to the present. He covers the various forms of American media—books and periodicals, pictorial art, motion pictures, music and dance, and radio, television, and the Internet. The tale is varied and interesting, replete with a stock of colorful characters such as Anthony Comstock, Mae West, Theodore Dreiser, Marcel Duchamp, Opie and Anthony, Judy Blume, Jerry Falwell, Alfred Kinsey, Hugh Hefner, and the Guerilla Girls. Covering the history of censorship of sexual ideas and images is one way of telling the story of modern America, and Semonche tells that tale with insight and flair. Despite the varieties of censorship, running from self-censorship to

government bans, a common story is told. Censorship, whether undertaken to ward off government regulation, to help preserve the social order, or to protect the weak and vulnerable, proceeds on the assumption that the censor knows best and that limiting the choices of media consumers is justified. At various times all of the following groups were perceived as needing protection from sexually explicit materials: children, women, the lower classes, and foreigners. As social and political conditions changed, however, the simple fact that someone was a woman or a day laborer did not support stereotyping that person as weak or impressionable. What would remain as the only acceptable rationale for censorship of sexual materials was the protection of children and unconsenting adults. For each mode of media, Semonche explains via abundant examples how

*Downloaded from
legacy.opendemocracy.net on 2023-08-03
by guest*

and why censorship took place in America. Censoring Sex also traces the story of how the cultural territory contested by those advocating and opposing censorship has diminished over the course of the last two centuries. Yet, Semonche argues, the censorship of sexual materials that continues in the United States poses a challenge to the free speech that is part of the foundation upon which the nation is built. Indeed, in an era in which sexual images are pervasive and the need for reliable information about sex and sexuality is growing, he questions the remaining rationales for censorship and the justification for placing obscenity outside the protection of the U. S. Constitution.

Sex, Fire, Magic - Luci Kim 2011-08-22

This is a book you need to approach without preconceived notions about God and the Holy Bible. This is not a book about religious propaganda. This is not a love story. Faith Moon is not the average Asian American girl. As a child of the 1950s coming of age in the 1980s,

Faith has to find her own path. For someone like Faith, growing up in post-modern America had its challenges; she didn't exactly meet the narrowly defined expectations of her family and her culture. Faith's journey from the innocent days of childhood to the eye-opening choices she finds at college is one even she couldn't have predicted. When she moves into her first little apartment as a student at Illinois State University, the world is a grand mystery to be explored and devoured. Her new friends offer her a lifestyle she could never have envisioned her herself. Her new world is now filled with experiences sublime, beautiful, and horrifying. She soon finds herself drawn into the seductive world of magic and the underworld. Her new friends have unusual dietary needs, to say the least—and their unusual appetites extend to every possible definition of the flesh. Here, Faith must look deep within herself to find the truth in her own definitions of good and evil and her own morality. She finds herself debating the nature

Downloaded from
legacy.opendemocracy.net on 2023-08-03
by guest

of faith itself and how religion can—or should—shape a life. For a young girl finding her own path in a turbulent and secret world, life becomes all about sex, fire, and magic.

Encyclopedia of Great Popular Song Recordings - Steve Sullivan 2013-10-04

The Encyclopedia of Great Popular Song Recordings, Volumes 1 and 2 covers the full range of popular music recordings with virtually unprecedented breadth and depth. In this 2-volume encyclopedia, Sullivan explores approximately 1,000 song recordings from 1889 to the present, telling the stories behind the songs, recordings, performers, and songwriters. From the Victorian parlor ballad and ragtime hit at the end of the 19th century to today's rock classics, the Encyclopedia progresses through a parade popular music styles, from jazz to blues to country Western, as well as the important but too often neglected genres of ethnic and world music, gospel, and traditional folk. This book is the ideal research tool for lovers of popular

music in all its glorious variety.

So This is Permanence - Ian Curtis 2014-10-14

So this is permanence, edited by Jon Savage with a foreword by Deborah Curtis, presents the intensely personal writings of one of the most enigmatic and influential songwriters and performers of the late twentieth century, Joy Division's Ian Curtis. The songs of Joy Division, infused with the energy of punk but seeped in a resigned longing, were born of Manchester in the late seventies - a once flourishing industrial city in decline. They were the songs too of Ian Curtis's inner tragedies, as he battled depression, epilepsy and debilitating stage fright. Ian Curtis committed suicide in 1980, on the eve of the band's first American tour. Interspersed with the lyrics are previously unpublished facsimile pages of Ian's notebooks, which throw his highly emotive lyrics into fascinating relief and cast light on the creative process of this singularly poetic songwriter.

The Kings of Leon: Sex on Fire (New

*Downloaded from
legacy.opendemocracy.net on 2023-08-03
by guest*

Edition) - Michael Heatley 2011-11-11

By any standards, Kings of Leon are unique. Consisting of three brothers and their first cousin, all surnamed Followill, the quartet from Tennessee have conquered the music world on their own terms. They have audaciously mixed elements of classic rock with grunge, garage and a very contemporary attitude. The result is music that has found a global audience, drawn from all ages. Along the way, the band have earned the respect of Bob Dylan, U2, and other A-list celebrities. Their hard-partying lifestyle and glamorous girlfriends ensure that the band remains a favourite with the media. This book traces the rise of Kings of Leon from local hopefuls to Grammy-winning chart-toppers. A religious background that kept them well away from rock music until 1997 has further added to the mystique surrounding the Kings, as Michael Heatley recounts in this first-ever full-length, authoritative biography of the band.

Book Three - The Gemini Rising Rockin' Machine

2014-07-20

Mind Rockin' yes but this Time it's all about Love with my First Theme Book that combines 2 Individual Books into 1. Humor columnist Sandi Kahn Shelton writes about everyday life with children.

[The Complete Lyrics of Alan Jay Lerner](#) - Alan Jay Lerner 2018

Alan Jay Lerner wrote the lyrics for some of the most beloved musicals in Broadway and

Hollywood history. Most notably, with composer Frederick Loewe he created enduring hits such as *My Fair Lady*, *Gigi*, *Camelot*, and *Brigadoon*. In *The Complete Lyrics of Alan Jay Lerner*, editors and annotators Dominic McHugh and Amy Asch bring all of Lerner's lyrics together for the first time, including numerous draft or alternate versions and songs cut from the shows. Compiled from dozens of archival collections, this invaluable resource and authoritative reference includes both Lerner's classic works and numerous discoveries, including his unproduced MGM movie *Huckleberry Finn*, selections from his college musicals, and lyrics from three different versions of *Paint Your Wagon*. This collection also includes extensive material from Lerner's two most ambitious musicals: *Love Life*, to music by Kurt Weill, and *1600 Pennsylvania Avenue*, which Lerner wrote with Leonard Bernstein.

How to Write Lyrics - Rikky Rooksby 2021-09-15
Lyrics sheds light on all aspects of writing lyrics

Downloaded from
legacy.opendemocracy.net on 2023-08-03

for music and will make lyricists and songwriters feel more confident and creative when they tackle lyrics. It's perfect for all songwriters: those who don't like their own lyrics and find lyrics difficult to write, experienced writers looking for a creative edge, and those offering lyrics to set to music in a partnership. The book discusses channeling personal experiences into lyrics, overcoming writer's block, the right lyrics for a bridge, the separation between lyrics and poetry, exploring imagery and metaphor, avoiding clichés, and more. It also offers tips on the various styles of lyrics, from protests, spirituals, and confessionals to narratives and comic songs. New to this edition are artist and song references throughout to reflect musical history to date. Also, a new section provides examples of taking lyric ideas right through the drafting process, illustrating development and re-drafting and using a handful of contrasting approaches.

My Teen Has Had Sex, Now What Do I Do? -

2009

Offers parents practical advice and guidance on how they can help their teenagers make safe, sensible, self-reliant choices in regards to sex, even if they are already sexually active.

Kings of Leon: Holy Rock & Roller's - Joel McIver
2011-08-01

Arriving on the music scene in 2003, the Kings of Leon embarked on a sex, drug and booze-fuelled rampage through the London music and fashion scene, never afraid to reveal all to the press and somehow surviving to tell the tale. Joel McIver's new book, the first ever Kings of Leon biography, digs deep into their history to reveal a band like no other.

Manuscript, Print, and the English Renaissance Lyric - Arthur F. Marotti 2018-09-05

The last of the literary genres to be incorporated into print culture, verse in the English Renaissance not only was published in anthologies, pamphlets, and folio editions, it was also circulated in manuscript. In this ground-

breaking historical and cultural study of sixteenth- and early seventeenth-century lyric poetry, Marotti examines the interrelationship between the two systems of literary transmission and shows how in England manuscript and print publication together shaped the emerging institution of literature. Surveying a wide range of manuscript and print poetry of the period, Marotti outlines the different social and institutional contexts in which poems were collected and transmitted. He focuses on the two kinds of verse that were circulated more commonly in manuscript than in print—the obscene and the political—and he considers the contributions of scribes and compilers, particularly in composing "answer poetry" and other verse. Analyzing the process through which print gradually replaced manuscript as the standard medium for lyric verse, he identifies four crucial events in the history of publication in England: the appearances of Tottel's Miscellany (1557), Sir Philip Sidney's

works in the 1590s, Ben Jonson's folio *Workes* (1616), and the posthumous editions of the poems of Donne and of Herbert (both 1633). Marotti also considers how certain material features of the book determined the reception of poetry, and he explores how poets attempted to establish their authority in print in relation to publishers, patrons, and readers.

Rammstein on Fire - John T. Littlejohn
2013-10-14

This volume contains 13 original essays exploring Rammstein's stage performance and recorded works from multiple academic perspectives. Topics range from Rammstein's connection with 19th century German literature and their East German heritage to cannibalism and the supernatural. The panoramic view of approaches to Rammstein's music and performance goes beneath the surface and provides fan and scholar alike with a deeper appreciation for the band.

Sex and Gender in Pop/Rock Music - Walter
Downloaded from
legacy.opendemocracy.net on 2023-08-03
by guest

Everett 2023-05-04

Following the 1960's sexual revolution, rock and pop have continued to map the societal understanding of sexuality, feminism, and gender studies. Although scholarship has well established how early rock and roll encouraged and affected issues of sex in the baby boomer generation, this book asks how subsequent pop music has maintained that tradition. The text discusses the gendered performances and biographical experiences of individual musicians, including Patti Smith, Rufus Wainwright, Etta James, and Frank Ocean, and how their invented personae contribute to musical representations of sexuality. It evaluates lyric structure and symbolic language of these artists, and overall emphasizes how pop music, while a commodity art form, reflects the diversity of human sex and gender.

Studfinder - L.B. Dunbar 2021-08-02

Who does that sexy silver fox think he is, sitting in her spot in the Busy Bean Cafe? Over forty,

with zero filter, Rita Kaplan loves her coffee, her hiking boots, and her law practice. Life hasn't always been carefree, though, and Rita's past holds the scars of poor decisions after deep loss. She survived, though, and no smirky silver fox is going to get in the way of her happiness. Even if he knows how to use his drill, screwdriver, and every other tool in his box to tempt her . . . Former arson investigator Jake Drummond could add ex-con to his resume if he had one. Instead, he's serving the final year of his sentence on probation. This involves mandatory AA meetings, hosted by a feisty local attorney, and working on a renovation project, supervised by the same annoyingly attractive whirlwind, who also believes she owns the exclusive rights to a comfy couch in his new favorite coffee shop. Soon she's everywhere, including the few places she shouldn't be--like in his bed and in his heart. Can opposites lower their walls and construct something everlasting . . . or will their connected past lead to demolition for two hearts in need of

Pass Thru Fire - Lou Reed 2008-12-09

Containing a body of work that spans more than three decades, Pass Thru Fire is a stunning collection of the lyrics of an American original. Through his many incarnations-from proto punk to glam rocker to elder statesman of the avant garde-Lou Reed's work has maintained an undeniable vividness and raw beauty, fueled by precise character studies and rendered with an admirable shot of moral ambiguity. Beginning with his formative days in the Velvet Underground and continuing through his remarkable solo career-albums like Transformer, Berlin, New York, Magic and Loss, and Ecstasy-Pass Thru Fire is crucial to an appreciation of Lou Reed, not only as a consummate underground musician, but as one of the truly

Armored Souls: the Complete Collection -

Xavier P. Hunter 2018-11-30

100 tons of walking steel. One human heart. Sgt. Reggie King wakes up from a battlefield injury to find himself physically intact. But the hospital staff insist he's not fit to return to duty. As part of his psychological recovery, they introduce him to a game. Armored Souls is a tank game on steroids. Giant, walking mechs called juggernauts engage in interplanetary wars as noble houses and mercenary factions wage endless battles for supremacy. For the pilots of these juggernauts, the rewards are glory, cash, and XP. What follows is an epic struggle against the forces arrayed against him, from rival gamers to entire factions looking to crush Reggie underfoot. To survive will take all his

military leadership, perseverance, and maybe a little help from some new friends. The Armored Souls series is perfect for readers looking for a combination of The Matrix and Battletech. If you enjoy giant robots blasting at each other and swinging 20-ton swords, you'll love these books. Log out of your life and into Armored Souls.

Sanctified Sex - Noam Sachs Zion 2021-08

Sanctified Sex draws on two thousand years of rabbinic debates addressing competing aspirations for loving intimacy, passionate sexual union, and sanctity in marriage. What can Judaism contribute to our struggles to nurture love relationships? What halakhic precedents are relevant, and how are rulings changing? The rabbis, of course, seldom agree. Underlying their arguments are perennial debates: What kind of marital sex qualifies as ideal--sacred self-control of sexual desire or the holiness found in emotional and erotic intimacy? Is intercourse degrading in its physicality or the highest act of spiritual/mystical union? And should women or

men (or both) wield ultimate say about what transpires in bed? Noam Sachs Zion guides us chronologically and steadily through fraught terrain: seminal biblical texts and their Talmudic interpretations; Talmud tales of three unusual rabbis and their marital bedrooms; medieval codifiers and mystical commentators; ultra-Orthodox rabbis clashing with one another over radically divergent ideals; and, finally,

contemporary rabbis of varied denominations wrestling with modern transformations in erotic lifestyles and values. Invited into these sanctified and often sexually explicit discussions with our ancestors and contemporaries, we encounter innovative Jewish teachings on marital intimacy, ardent lovemaking techniques, and the art of couple communication vital for matrimonial success.
