Colonial Virginians and Their Maryland Relatives - Norma Tucker 2009-06

This copiously documented volume sheds new light on one of the earliest families to settle in Virginia, that of Captain William Tucker of London, and on a number of allied families whose progenitors figured in the early history of the Virginia and Maryland colonies.

The Parish Register of Christ Church, Middlesex County, Va., from 1653 to 1812 - Scholar's Choice Edition - Va. Christ Church Christchurch 2015-02-15

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations.

Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Parish Register of Christ Church, Middlesex County, Va., from 1653 to 1812 - Primary Source Edition - Va. Christ Church Christchurch 2014-02

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

The Parish Register of Christ Church, Middlesex County, Va - National Society of the Colonial Dames 2016-09-15

Excerpt from The Parish Register of Christ Church, Middlesex County, Va: From 1653 to 1812 The church now standing in the parish was built in 1712, and succeeded one, on the same spot, which was ordered to be built in 1666. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Studies in American Historical Demography - Maris A. Vinovskis 2013-09-03

Studies in American Historical Demography is a collection of the best studies in American historical demography. The book discusses some methodological and conceptual considerations in the trends in American historical demography; the demographic history of colonial New England; and the marital migration in Essex County, Massachusetts, in the colonial and early federal periods. The text also describes the historical trends in parental power and marriage patterns in Hingham, Massachusetts; the use of demographic data that are, or may be, retrieved from colonial New England gravestones; and the mortality rates and trends in Massachusetts, Massachusetts. The estimates of the vital rates of the United States black population during the 19th century; the two-parent household; as well as the differential fertility in Madison County, New York, 1865 are also considered. The book further tackles the socioeconomic determinants of interstate fertility differentials in the United States in 1850 and 1860; cohorts of native born Massachusetts women, 1830-1920; and the demographic change and the life cycle of American families. Historians, demographers, anthropologists, economists, and sociologists will find the book invaluable.

The World They Made Together - Michal Sobel 2021-06-08

In the recent past, enormous creative energy has gone into the study of American slavery, with major explorations of the extent to which African culture affected the culture of black Americans and with an almost totally new assessment of slave culture as Afro-American. Accompanying this new awareness of the

African values brought into America, however, is an automatic assumption that white traditions influenced black ones. In this view, although the institution of slavery is seen as important, blacks are not generally treated as actors nor is their "divergent culture" seen as having had a wide-ranging effect on whites. Historians working in this area generally assume two social systems in America, one black and one white, and cultural divergence between slaves and masters. It is the thesis of this book that blacks, Africans, and Afro-Americans, deeply influenced white's perceptions, values, and identity, and that although two world views existed, there was a deep symbiotic relatedness that must be explored if we are to understand either or both of them. This exploration raises many questions and suggests many possibilities and probabilities, but it also establishes how thoroughly whites and blacks intermixed within the system of slavery and how extensive was the resulting cultural interaction.
