

Powers Of Desire The Politics Of Sexuality

Gender, Sex, and Politics -

Shira Tarrant 2015-06-19

Gender, Sex, and Politics: In the Streets and Between the Sheets in the 21st Century includes twenty-seven chapters organized into five sections: Gender, Sexuality and Social Control; Pornography; Sex and Social Media; Dating, Desire, and the Politics of Hooking Up; and Issues in Sexual Pleasure and Safety. This anthology presents these topics using a point-counterpoint-different point framework. Its arguments and perspectives do not pit writers against each other in a binary pro/con debate format. Instead, a variety of views are juxtaposed to encourage critical thinking and robust conversation. This framework enables readers to assess the strengths and shortcomings of conflicting ideas. The chapters

are organized in a way that will challenge cherished beliefs and hone both academic and personal insight. Gender, Sex, and Politics is ideal for sparking debates in intro to women's and gender studies, sexuality, and gender courses.

Judith Butler - Gill Jagger
2008-02-07

Judith Butler's work on gender, sexuality, identity, and the body has proved massively influential across a range of academic disciplines in the humanities and social sciences. Yet it is also notoriously difficult to access. This key book provides a comprehensive introduction to Butler's work, plus a critical examination of it and its precursors, both feminist (including Simone de Beauvoir, Monique Wittig, Julia Kristeva and Luce Irigaray), and non-feminist (including

Erving Goffman, Michel Foucault, Jacques Lacan, and Jacques Derrida). The volume covers such topics as: gender as performance and performativity sociological notions of performance the materiality of the body and the role of biology power, identity and social regulation subjectivity, agency and feminist political practice. A comprehensive introduction to Butler's work, this book also covers melancholia and gender identity, hate speech, pornography and 'race', social change and transformation, and Butler's shifting relation to psychoanalysis. Clearly laid out to cover key themes for a student audience, this text will be an essential read for undergraduates in the fields of gender, psychoanalysis and sociology.

Sexual Politics - Kate Millett
2016-02-16

A sensation upon its publication in 1970, *Sexual Politics* documents the subjugation of women in great literature and art. Kate Millett's analysis targets four

revered authors—D. H. Lawrence, Henry Miller, Norman Mailer, and Jean Genet—and builds a damning profile of literature's patriarchal myths and their extension into psychology, philosophy, and politics. Her eloquence and popular examples taught a generation to recognize inequities masquerading as nature and proved the value of feminist critique in all facets of life. This new edition features the scholar Catharine A. MacKinnon and the New Yorker correspondent Rebecca Mead on the importance of Millett's work to challenging the complacency that sidelines feminism.

Framing the Sexual Subject -

Richard Parker 2023-04-28

This collection brings together the work of writers from a range of disciplines and cultural traditions to explore the social and political dimensions of sexuality and sexual experience. The contributors reconfigure existing notions of gender and sexuality, linking them to

Downloaded from
legacy.opendemocracy.net
on 2019-08-28 by guest

deeper understandings of power, resistance, and emancipation around the globe. They map areas that are currently at the cutting edge of social science writing on sexuality, as well as the complex interface between theory and practice. Framing the Sexual Subject highlights the extent to which populations and communities that once were the object of scientific scrutiny have increasingly demanded the right to speak on their own behalf, as subjects of their own sexualities and agents of their own sexual histories.

Women, Sexuality and the Political Power of Pleasure - Susie Jolly 2013-06-13

This pioneering collection explores the ways in which positive, pleasure-focused approaches to sexuality can empower women. Gender and development has tended to engage with sexuality only in relation to violence and ill-health. Although this has been hugely important in challenging violence against women, over-emphasizing

these negative aspects has dovetailed with conservative ideologies that associate women's sexualities with danger and fear. On the other hand, the media, the pharmaceutical industry, and pornography more broadly celebrate the pleasures of sex in ways that can be just as oppressive, often implying that only certain types of people - young, heterosexual, able-bodied, HIV-negative - are eligible for sexual pleasure. Women, Sexuality and the Political Power of Pleasure brings together challenges to these strictures and exclusions from both the South and North of the globe, with examples of activism, advocacy and programming which use pleasure as an entry point. It shows how positive approaches to pleasure and sexuality can enhance equality and empowerment for all.

Bodies and Pleasures - Ladelle McWhorter 1999-07-22

Sexual identities are dangerous, Michel Foucault tells us. Here, Ladelle McWhorter reads Foucault

from an original and personal angle and takes the reader beyond unexplored norms and imposed identities as she points the way toward a personal politics, ethics, and style that challenge our sexual selves. Copyright © Libri GmbH. All rights reserved.

The Sexual Constitution of Political Authority - Aleardo Zanghellini 2015-04-24

While there is no shortage of studies addressing the state's regulation of the sexual, research into the ways in which the sexual governs the state and its attributes is still in its infancy. *The Sexual Constitution of Political Authority* argues that there are good reasons to suppose that our understandings of state power quiver with erotic undercurrents. The book maintains, more specifically, that the relationship between ideas of political authority and male same-sex desire is especially fraught. Through a series of case studies where a statesman's same-sex desire was put on trial (either literally or metaphorically) as a

problem for the good exercise of public powers, the book shows the resilience and adaptability of cultural beliefs in the incompatibility between public office and male same-sex desire. Some of the case studies analysed are familiar ground for both political/constitutional history and the history of sexuality. *The Sexual Constitution of Political Authority* argues, however, that only by systematically reading questions of institutional politics and questions of sexuality through each other will we have access to the most interesting insights that a study of these trials can generate. Whether they involve obscure public officials or iconic rulers such as Hadrian and James I, these compelling fragments of queer history reveal that the disavowal of male same-sex desire has been, and partly remains, central to mainstream understandings of political authority.

Is the Gaze Male?. - E. Ann Kaplan 1998

Sexual Politics and Popular Culture - Diane Raymond 1990

Almost wherever we look, depictions of sexuality, both subtle and not-so-subtle, are omnipresent. Whatever the medium, popular culture representations tell us something about ourselves and about the ideologies of which they are symptomatic. These essays examine the strategies of power implicit in popular representations of sexuality. The authors--scholars in fields such as sociology, philosophy, biology, political science, history, and English literature--eschew rigid disciplinary boundaries.

Couples, Sex, and Power - Sally Dallos 1997

A variety of evidence, including the authors' own clinical work and their recent research, is presented to consider how symptoms, including sexual problems, may evolve as a way of balancing power in intimate relationships.

Powers of Desire - Ann Snitow
Snitow 1983

Powers of Desire - Ann

Snitow 2019-02-15

This provocative anthology brings together a diverse group of well-known feminist and gay writers, historians, and activists. They are concerned not only with current sexual issues-abortion, pornography, reproductive and gay rights-but they also raise a host of new issues and questions: How, and in what ways, is sexuality political? Is the struggle for sexual freedom a complement to other struggles for liberation, or will it detract from them? Has the sexual revolution diminished or enriched the lives of women?

Queering Anarchism - Deric Shannon 2013-01-11

"A much-needed collection that thinks through power, desire, and human liberation. These pieces are sure to raise the level of debate about sexuality, gender, and the ways that they tie in with struggles against our ruling institutions."?Roxanne Dunbar-Ortiz, *Outlaw Woman* "Against the austerity of straight politics, *Queering Anarchism* sketches the connections

between gender mutiny, queer sexualities, and anti-authoritarian desires. Through embodied histories and incendiary critique, the contributors gathered here show how we must not stop at smashing the state; rather normativity itself is the enemy of all radical possibility.”—Eric A. Stanley, co-editor of *Captive Genders* What does it mean to "queer" the world around us? How does the radical refusal of the mainstream codification of GLBT identity as a new gender norm come into focus in the context of anarchist theory and practice? How do our notions of orientation inform our politics?and vice versa? *Queering Anarchism* brings together a diverse set of writings ranging from the deeply theoretical to the playfully personal that explore the possibilities of the concept of "queering," turning the dominant, and largely heteronormative, structures of belief and identity entirely inside out. Ranging in topic from the economy to disability, politics, social structures,

sexual practice, interpersonal relationships, and beyond, the authors here suggest that queering might be more than a set of personal preferences?pointing toward the possibility of an entirely new way of viewing the world. Contributors include Jamie Heckert, Sandra Jeppesen, Ben Shepard, Ryan Conrad, Jerimarie Liesegang, Jason Lydon, Susan Song, Stephanie Grohmann, Liat Ben-Moshe, Anthony J. Nocella, A.J. Withers, and more. Deric Shannon, C.B. Daring, J. Rogue, and Abbey Volcano are anarchists and activists who work in a wide variety of radical, feminist, and queer communities across the United States.

Sex and Desire in Muslim Cultures - Aymon Kreil

2022-06-30

What have different ideas about sex and gender meant for people throughout the history of the Middle East and North Africa? This book traces sex and desire in Muslim cultures through a collection of chapters that span the 9th to

21st centuries. Looking at spaces and periods where sexual norms and the categories underpinning them emerge out of multiple subjectivities, the book shows how people constantly negotiate the formulation of norms, their boundaries and their subversion. It demonstrates that the cultural and political meanings of sexualities in Muslim cultures - as elsewhere - emerge from very specific social and historical contexts. The first part of the book examines how people constructed, discussed and challenged sexual norms from the Abbasid to the Ottoman period. The second part looks at literary and cinematic Arab cultural production as a site for the construction and transgression of gender norms. The third part builds on feminist historiography and social anthropology to question simplistic dichotomies and binaries. Each of the contributions shows how understanding of sexualities and the subjectivities that

evolve from them are rooted in the mutually-constitutive relationships between gender and political power. In identifying the plurality of discourses on desires, the book goes beyond the dichotomy of norm and transgression to glimpse what different sexual norms have meant at different times across the Middle East. (Hetero)sexual Politics - Mary Maynard 1995

Sexuality and sexual politics have been much debated over the last 20 years. Feminists, in particular, have been responsible for politicising the debate: pointing out how something that is usually regarded as private and personal is, in fact, a public and political issue. The very title of this book signals the debt owed by feminists to Kate Millett whose pioneering work in the field was first published in 1969. The arguments and debates have moved on since then, and, heterosexuality in particular can no longer be taken for granted and must, along with other forms of sexuality, be explicitly

addressed. Discussing sexuality in a diverse range of contexts, from hetero-sensibilities on the Oprah Winfrey show to Women Warriors in the Gulf war, (Hetero)sexual Politics illustrates the diversity and excitement of debates about sexuality in Women's Studies and feminism today, and points to new paths for feminist analysis, thinking and action.

The Right to Sex - Amia

Srinivasan 2021-08-19

A SUNDAY TIMES

BESTSELLER BLACKWELL'S

BOOK OF THE YEAR 2021

SHORTLISTED FOR THE

Srinivasan's work will change

the world' KATHERINE

RUNDELL 'Rigorously

researched, but written with

such spark and verve. The best

non-fiction book I have read

this year' PANDORA SYKES ----

----- How should we talk about sex? It is a thing we have and also a thing we do; a supposedly private act laden with public meaning; a personal preference shaped by outside forces; a place where pleasure and ethics can pull wildly apart. Since #MeToo many have fixed on consent as the key framework for achieving sexual justice. Yet consent is a blunt tool. To grasp sex in all its complexity - its deep ambivalences, its relationship to gender, class, race and power - we need to move beyond 'yes and no', wanted and unwanted. We need to interrogate the fraught relationships between discrimination and preference, pornography and freedom, rape and racial injustice, punishment and accountability, pleasure and power, capitalism and liberation. We need to rethink sex as a political phenomenon. Searching, trenchant and extraordinarily original, *The Right to Sex* is a landmark examination of the politics and ethics of sex in this

world, animated by the hope of a different one.

On Sexuality and Power - Alan Sinfield 2004

This book argues that hierarchies in interpersonal relations are inextricably linked to the main power differentials of our social and political life (gender, class, age, and race); therefore it is not surprising that they govern our psychic lives. Recent writing enables an exploration of their positive potential, especially in fantasy, as well as their danger. The book focuses on the writing of the last thirty years, revisiting also Whitman, Wilde, Mann, Forster, and Genet, and reassessing the very idea of a gay canon.

Between Men - Eve Kosofsky Sedgwick 2015-11-24

First published in 1985, *Between Men* was a decisive intervention in gender studies, a book that all but singlehandedly dislodged a tradition of literary critique that suppressed queer subjects and subjectivities. With stunning foresight and conceptual power, Eve

Kosofsky Sedgwick's work opened not only literature but also politics, society, and culture to broader investigations of power, sex, and desire, and to new possibilities of critical agency. Illuminating with uncanny prescience Western society's evolving debates on gender and sexuality, *Between Men* still has much to teach us. With a new foreword by Wayne Koestenbaum emphasizing the work's ongoing relevance, *Between Men* engages with Shakespeare's *Sonnets*, Wycherley's *The Country Wife*, Sterne's *A Sentimental Journey Through France and Italy*, Hogg's *The Private Memoirs and Confessions of a Justified Sinner*, Tennyson's *The Princess*, Eliot's *Adam Bede*, Thackeray's *The History of Henry Esmond, Esq.*, and Dickens's *Our Mutual Friend* and *The Mystery of Edwin Drood*, among many other texts. Its pathbreaking analysis of homosocial desire in Western literature remains vital to the future of queer studies and to explorations of

the social transformations in which it participates.

Tomorrow Sex Will Be Good Again - Katherine Angel
2022-02-08

A provocative, elegantly written analysis of female desire, consent, and sexuality in the age of MeToo Women are in a bind. In the name of consent and empowerment, they must proclaim their desires clearly and confidently. Yet sex researchers suggest that women's desire is often slow to emerge. And men are keen to insist that they know what women—and their bodies—want. Meanwhile, sexual violence abounds. How can women, in this environment, possibly know what they want? And why do we expect them to? In this elegant, searching book—spanning science and popular culture; pornography and literature; debates on Me-Too, consent and feminism—Katherine Angel challenges our assumptions about women's desire. Why, she asks, should they be expected to know their desires?

And how do we take sexual violence seriously, when not knowing what we want is key to both eroticism and personhood? In today's crucial moment of renewed attention to violence and power, Angel urges that we remake our thinking about sex, pleasure, and autonomy without any illusions about perfect self-knowledge. Only then will we fulfil Michel Foucault's teasing promise, in 1976, that "tomorrow sex will be good again."

The Real Facts Of Life -

Margaret Jackson 2005-08-04

During the last twenty years feminist research into the history of sexuality has made important contributions to the theoretical understanding of the relationship between sexuality and male power. When sexology became established as a science, feminists had for many years been engaged in a struggle to change male sexuality, by waging campaigns against male sexual violence and abuse of women and children; by challenging the institutions of

marriage and prostitution; and by asserting in theory and in practice the right to female sexual autonomy. Despite the excellent research published in this important and fascinating aspect of feminist history, there are still gaps in our knowledge.; "The Real Facts of Life" aims to fill these gaps: Why and when did sexuality become an important political issue for the 19th century feminist?; What was the history of campaigns against double standards of sexual morality?; Why were feminists so divided in their views about sexual

freedom and its relationship to women's emancipation? The analysis of these issues illuminates past and present feminists' ideas and theories about sexuality. Margaret Jackson's main aims in "The Real Facts of Life" are to make a contribution towards understanding the history of the struggle for female sexual autonomy; to provide a revolutionary feminist analysis of the social construction of sexuality and its relationship to male power, and to provide a critique of sexology and the male-defined concept of sexual "liberation".
