No Escape - Joanne Mariner 2001

VI. BODY AND SOUL

## **D. H. Lawrence and the Phallic Imagination**

- Peter Balbert 1989-05-05

Norman Mailer - Robert Merrill 1978

It is easy to hold an opinion about Norman Mailer without having read a single sentence he has written. His tumultuous personal life and provocative opinions on contemporary social issues may at one time have made him, in his own words, the second most unpopular man in America, surpassed only by Richard Nixon. What is difficult is to hold an opinion about Mailer's writing that is not influenced by his image as a public figure. Robert Merrill's *Norman Mailer Revisited*, while acknowledging the unavoidable connection between Mailer's life and his works, screens out distracting gossip and biographical speculation to concentrate on a long overdue assessment of Mailer's aesthetic achievements. Critics assume "Mailer's books will not sustain detailed aesthetic consideration", Merrill writes, but it is "only by making these aesthetic distinctions" that we will "ever arrive at a just assessment of Mailer's importance as a writer?". Three common assumptions about Mailer are that his ideas are more interesting than his art, his personality is more interesting than anything he has written, and his substantial literary gift has been squandered on works that fail precisely because Mailer is too little the conscious artist. By focusing on literary structure and narrative form rather than theme and the influence of Mailer's personal biography, Merrill provides a basis for distinguishing Mailer's most successful work from his frequent failures and for comparing Mailer's creative output with that of his contemporaries. Merrill addresses the gamut of Mailer's literary intentions over the 40-odd years of his career: from trivial publicizing to serious contemplation of world-shaking issues. He recognizes Mailer's uneven accomplishment, ranging from almost unreadable pontification to well-shaped, considered works such as *The*

*Naked and the Dead*, *The Deer Park*, *Armies of the Night*, and *The Executioner's Song*. Merrill speculates convincingly on the reasons Mailer was unable to find subjects to follow up his spectacular success in creating a "nonfiction novel": *Armies of the Night*, winner of the Pulitzer Prize and the National Book Award in 1969, and on the limitations of the genre. In assessing Mailer's entire fiction and nonfiction output, Merrill ultimately places him among the handful of writers who have most influenced both genres since World War II. Many critics agree on Mailer's importance as a cultural icon yet easily dismiss the possibility that he will influence future generations of writers and thinkers. Merrill argues that the literary and artistic merits of Mailer's work will survive his reputation as the "wild man of letters".

**SEX, PRISONERS and GUARDS** - Adam K. Santos 2018-01-13

What makes women and men disregard their oath to security, career, law, marriage and sometimes family to follow their hearts for the prisoner they love? In this humble yet uncensored book you may find your answer.....if there is even an answer. Human attraction, desires, and feelings supersede any law of nature. Gun towers, razor wired fences, the risk of losing their jobs, prosecution, or social standing in the often close knit communities of correctional and law enforcement life.. are no deterrents. Love and passion are the eternal fires that burn deep within our earth and at some point in our lives.....deep within our hearts. Enter a world where secrecy, punishment and codes go hand in hand with romance, sex, and yes even love. *The Cultural Prison* - John M. Sloop 2006-01-08 *The Cultural Prison* brings a new dimension to the study of prisoners and punishment by focusing on how the punishment of American offenders is represented and shaped in the mass media through public arguments. *The Motivational Basis of Sex Differences in the Prisoner's Dilemma Game* - Edwin Alan Hartman

1972

**Norman Mailer** - Richard Poirier 1972*The Prisoner of Sex* - Norman Mailer 1985

Here, by America's foremost candidate for the Nobel Prize, is the book that some fifteen years ago created a firestorm among true believers of the women's liberation movement, and which on rereading and contemplation emerges as one of the most sensible, sensitive and probing works on the ageless dialectic of man, woman, man-woman ever to be written.

*Sex in Prison* - Columbus B. Hopper 1969*Controlling Sex in Captivity* - Matthias Reiss  
2019-12-26

Historiography -- Sources -- Editorial comments -  
- Encounters with the enemy -- Attraction and pity -- Hostile reactions -- Controlling heterosexual desire -- American women during the war -- Initiating contact -- The reasons for loosing the fight against fraternisation -- African Americans -- The failure of the non-fraternisation policy -- Controlling same-sex desire -- Policies on same-sex activities in the Axis and American armed forces -- Same-sex activities in POW camps in the United States -- American reactions to same-sex activities in POW camps.

**Prison Sex** - Christopher Hensley 2002

Sex in prison remains a taboo subject. This comprehensive volume explores prison sex, presenting original research on consensual and nonconsensual intercourse, as well as the effects of conjugal visitation policies and HIV/AIDS management.

Women's Prison - Gene Kassebaum 2017-07-28

A thoroughly researched pioneering work based on personal interviews with inmates and prison personnel and on data compiled from questionnaires and inmate record files, *Women's Prison* reveals that homosexual liaisons are the primary foundation of the social structure of female inmates; shows that homosexual behavior can be a superficial kind of adjustment to particular situational privations; amplifies and broadens the application of earlier findings on men's prisons; opens the way for future studies involving the delineation of homosexual roles in the free community. This study began with both of the authors' interest in gathering data on

women in prison to see whether there were female prisoner types consistent with the reported characteristics of male prisoners. Early in the course of this study it became apparent that the most salient distinction to be made among the female inmates was between those who were and those who were not engaged in homosexual behavior in prison, and further, of those who were so involved, between the incumbents of masculine and feminine roles. It has become increasingly apparent that prison behavior is rooted in more than just the conditions of confinement. Unlike their male counterparts who establish the so-called inmate code, women prisoners suffer intensely from the loss of affectional relationships and form homosexual liaisons as the primary foundation of their social organization. The great majority of homosexually involved inmates have their first affair in prison, returning to heterosexual roles outside prison. *Women's Prison* is a revealing study of social structure and homosexuality for sociologists; of vital interest to social workers, parole officers and chaplains dealing with female inmates as well as penologists and criminologists; and provocative reading for the non-specialist.

Norman Mailer - Philip H. Bufithis 1978Sexual Politics - Kate Millett 2016-02-16

A sensation upon its publication in 1970, *Sexual Politics* documents the subjugation of women in great literature and art. Kate Millett's analysis targets four revered authors—D. H. Lawrence, Henry Miller, Norman Mailer, and Jean Genet—and builds a damning profile of literature's patriarchal myths and their extension into psychology, philosophy, and politics. Her eloquence and popular examples taught a generation to recognize inequities masquerading as nature and proved the value of feminist critique in all facets of life. This new edition features the scholar Catharine A. MacKinnon and the *New Yorker* correspondent Rebecca Mead on the importance of Millett's work to challenging the complacency that sidelines feminism.

Prison Sexual Violence - Daniel Lockwood 1980

This study examines prison sexual violence in adult and juvenile New York State prisons. To an inmate, the formal structure of a prison - its

planned work, recreation, and rehabilitation – may be a thin veneer. The ‘real’ world is the social environment, created by the convict community, and sexual violence is a traditional part of that environment. A range of sexual behaviors, all perceived as threatening and offensive by the targets of aggressors were examined, with discussion on the nature of the overture, the physical and verbal response of the target, his thoughts and feelings, the living patterns resulting from sexual pressure, and how peers and staff react. In this population, sexual aggression is shown to be racially-based: most aggressors were black, and most victims were white, of a slighter build than the aggressor, and perceived as having feminine physical and personality characteristics. About half of the 152 incidents examined involved physical violence, half initiated by aggressors coercing targets; the rest from targets reacting to threats. Both aggressors and targets tended to come from outside and prison social subcultures which used aggression as a primary means of relieving frustration and irritation. After fights, targets reported that aggressors left them alone, that they moved around the prison with less fear, felt better about themselves, and had a higher status among other prisoners. Sexual attacks increased fear, and victims continued to be affected emotionally months after the event. Prison staff did not usually intervene directly in the incidents, nor is there evidence that such intervention would be effective in reducing the problem. The author recommends the provision of program alternatives such as the Alternatives to Violence (AVP) and other conflict resolutions programs. (NCJRS, modified).

Recidivism of Sex Offenders Released from State Prison: a 9-Year Follow-Up (2005-14) - Mariel Alper 2019-05

A collection of data, charts, figures, and highlights showing Recidivism of Sex Offenders Released from State Prison between 2005-2014. The data is broken down by race, age, and sex. The Bureau of Justice Statistics (BJS) used criminal history data and prisoner records to analyze the post-release offending patterns of former prisoners both within and outside of the state where they were imprisoned. This is BJS's first recidivism study on sex offenders with a 9-

year follow-up period.

**Norman Mailer** - Andrew Wilson 2008

This book is a comprehensive study of the work of the American author Norman Mailer, charting his response to critical events in his country's development since 1945. Focusing on Mailer's descriptions of World War II, 1960s counter-culture, the Vietnam War, the Apollo 11 mission and the execution of Gary Gilmore in Utah in 1977, the book analyses the native vernaculars in ten of his most critically acclaimed works. Moving beyond politically orientated scholarship, the author outlines Mailer's New York, American GI, Mid-West and Southern styles, contextualising his prose against earlier American authors, including Henry Adams, Ernest Hemingway and John Dos Passos, and positioning his writing alongside contemporary notables such as Joan Didion, William Burroughs and Truman Capote. Incorporating over forty years of scholarship in the form of articles, reviews and interviews, this book pinpoints the American attributes in Mailer's writing with a view to identifying trends in post-war American literary movements, the Beat Generation, New Journalism and Pop Art among others.

**The Enduring Vision of Norman Mailer** - Barry H. Leeds 2002

Cultural Writing. THE ENDURING VISION OF NORMAN MAILER is Professor Barry H. Leeds' second book about one of America's most respected, most controversial, and most prolific authors. It looks at Mailer from where Leeds' first volume left off and takes him on through his most recent works. "Leeds' ideas are engaging, his enthusiasm infectious, and his prose mercifully free of critical jargon. Recommended for contemporary literature collections"--William Gargan in Library Journal. This is literary criticism with a heart and soul, and with an appreciation of subject which is so often missed in contemporary analysis.

**Existential Battles** - Laura Adams 1976

Criminal Intimacy - Regina G. Kunzel 2008-09

Sex is usually assumed to be a closely guarded secret of prison life. But it has long been the subject of intense scrutiny by both prison administrators and reformers—as well as a source of fascination and anxiety for the American public. Historically, sex behind bars

has evoked radically different responses from professionals and the public alike. In *Criminal Intimacy*, Regina Kunzel tracks these varying interpretations and reveals their foundational influence on modern thinking about sexuality and identity. Historians have held the fusion of sexual desire and identity to be the defining marker of sexual modernity, but sex behind bars, often involving otherwise heterosexual prisoners, calls those assumptions into question. By exploring the sexual lives of prisoners and the sexual culture of prisons over the past two centuries—along with the impact of a range of issues, including race, class, and gender; sexual

violence; prisoners' rights activism; and the HIV epidemic—Kunzel discovers a world whose surprising plurality and mutability reveals the fissures and fault lines beneath modern sexuality itself. Drawing on a wide range of sources, including physicians, psychiatrists, sociologists, correctional administrators, journalists, and prisoners themselves—as well as depictions of prison life in popular culture—Kunzel argues for the importance of the prison to the history of sexuality and for the centrality of ideas about sex and sexuality to the modern prison. In the process, she deepens and complicates our understanding of sexuality in America.
