Reproduction of the original.

The Bridling of Desire - Pierre J. Payer 1993

The later Middle Ages saw the emergence of an integral theory of human sexuality, a systematic account of its origins, role, and significance in the divine plan. Instead of simply dismissing medieval views of sex as misogynist and guilt-ridden, Pierre Payer urges a re-examination of medieval writers' understanding of sexuality within the context of their cosmological perspective. He traces the developing

consensus about what was thought to be the nature, purpose and morality of sex as conceived by writers and theologians during this period. Concentrating on the positive dimension of medieval thought on sexuality, Payer first examines views on Paradise, the Fall, and original sin and its transmission. There follows an extended discussion of marriage as the sole outlet for legitimate sexual intercourse. He then turns to the broader question of the control of sexual impulses and desires through the virtue of temperance. The book concludes with a description of virginity, which was seen to be the apex of temperance and the ideal of Christian living. Payer has assembled a vast number of textual sources from the late medieval period, presenting to

the reader a variety of opinions, their development, and underlying presuppositions.

Facing the Facts - Stan Jones
2019-08-06

A guide to sex for Christian teenagers describes the physical differences between men and women, the changes that come with puberty, pregnancy, and abstinence.
Sex and the Church in the Long Eighteenth Century - William Gibson
2019-07-25

The Long Eighteenth Century was the Age of Revolutions, including the first sexual revolution. In this era, sexual toleration began and there was a marked increase in the discussion of morality, extra-marital sex, pornography and same-sex relationships in both print and visual culture media. William Gibson and Joanne Begiato here consider the ways in which the Church of England dealt with sex and sexuality in this period. Despite the backdrop of an increasingly secularising society, religion continued to play a key role in politics, family life and wider

society and the eighteenth-century Church was still therefore a considerable force, especially in questions of morality. This book integrates themes of gender and sexuality into a broader understanding of the Church of England in the eighteenth century. It shows that, rather than distancing itself from sex through diminishing teaching, regulation and punishment, the Church not only paid attention to it, but its attitudes to sex and sexuality were at the core of society's reactions to the first sexual revolution.

True Christianity & False Religions - Lloyd A. Davidson
2004

Do you really believe in the only true and living God? Are you tired of false religion and now hunger and thirst after righteousness? Are you deceived and not sure if you are a true Christian? Are you 100% sure that Jesus Christ is indeed alive? You may attend church or religious services but have you ever truly worshipped God? Do you know God for yourself? Did you know that

*Downloaded from
legacy.opendemocracy.net
on 2019-05-28 by guest*

you can be 100% sure you will spend eternity in Heaven the moment Christ enters your body? Is your fiancé or spouse a recipient of the 'Spirit of Truth' (in the Lord), so as to prevent you from ever being divorced biblically? Do you really know the truth and the whole truth about Homosexuality? Do you have divine permission to worship God? Did you know that even if you are confirmed or water baptized you cannot worship God in a church, in a cathedral, in a synagogue, in a mosque, in a temple or as you wish? He can only be worshipped in spirit and in truth with the 'Spirit of Truth', after being born of his Spirit through the atoning blood of Christ his Son. This powerfully inspiring book answers all those crucial questions according to Christ that any sensible person should know before attempting to worship the one and only true God. It also addresses many controversial issues that confront the cutting edge of Christian living in this evolving, secular world, including

solutions to spousal abuse. Before Christ revealed Himself to me, I did not know if Heaven was real and I thought hell was just an illusion. However, after Christ revealed Himself to me, I discovered Heaven is real and hell is no joke. This book expounds to the core, pure religion, salvation and the imperativeness of a totally surrendered heart in seeking God. It offers to every person (without Christ) an opportunity to know God supernaturally and diligently exploit his power and love. Believing in God or Christ is not enough; you must also know them both supernaturally to make it into the kingdom of Heaven. These pages are filled with anointed, intricate, prolific, corrective, expository, edifying revelations (spiritual insights) and teachings that many Christian ministers have not had the courage, tenacity or conviction to address and discuss with clarity and implicit intrusiveness. Virtually, combined with a passionate desire to speak the truth always, it is the equivalent of

the best (simplified) Bible translation for the purpose of personal Bible study, soul winning and revival you have ever laid your hands on. Read and adhered to 'for such a time as this', it will set your mind, body, soul and spirit on divine fire. The teachings and insights will also profoundly permeate your conscience, heart, mind and soul as you ingest every word. Cutting like a two-edged sword, it compels a person to experience the divine presence of the true and living God. This book is definitely the ultimate key to true worship and an urgent wake up call to all of humanity. Every person that believes in God ought to secure a copy of this book or present it as a gift to a non-Christian.

Christian Initiation for Girls -

Sexual Practices & the Medieval Church - Vern L. Bullough 1982

"Sexual Practices and the Medieval Church" analyses the Christian assumptions about sexuality, chronicles the early institutionalisation of these assumptions, and explores the

theological debate of the meaning of marriage and the role of sex in marriage. The theological conception of sex, including issues such as rape, seduction, impotence, and prostitution, is then examined as it came to be developed by canon lawyers and justified by medical and scientific writers. The book concludes with an overview of late medieval sex practices as seen in the literature of the period and in demographic studies. Professor Vern Bullough, the well-known researcher in human sexuality, and Professor James Brundage, a historian of the Medieval period, have combined their scholarly talents to develop an in-depth analysis of sexual attitudes and practices during the Middle Ages. Skilfully blending readability and scholarly thoroughness, this is a volume general readers as well as professionals recognise as a major contribution to the study of medieval sexuality.

A Brief Theology of Periods (Yes, really) - Rachel Jones
2021-05-01

What does the Bible say about

Downloaded from
legacy.opendemocracy.net
on 2019-05-28 by guest

periods? The average woman has 500 periods in her lifetime. And whether yours are mildly annoying, utterly debilitating or emotionally complicated, most of us have at one time or another asked: Why?! This warm, light-hearted, real, honest and at times surprising book gives a biblical perspective on menstruation, as well as a whole lot more. Beginning with periods, Rachel Jones takes readers on an adventure in theology, weaving together wide-ranging reflections on the nature of our bodies, the passing of time, the purpose of pain, and the meaning of life. One thing is for sure: you've never read a Christian book quite like this one. Whether you're in need of hope and help, or are just downright curious, you'll be refreshed and encouraged by this book. As Rachel puts it, "Whoever you are, my aim is that you reach the end of this book celebrating who God has made you, how God has saved you, and the fact that he speaks liberating and positive truth into all of life's

experiences (even periods)".

Mediterranean Crossings -

Umberto Grassi 2020-09

This book investigates the interactions between Muslims and Christians in the late medieval and early modern period from the perspective of sexual and gender transgressions. The first part analyses normative discourses and literary texts in the Arabic, Turkish Ottoman and Spanish worlds, highlighting continuities and fractures. The second part explores concrete interactions between Muslim and Christians, reconstructed through the study of criminal sources from the archives of the Spanish and Portuguese inquisitions. The essays collected here reveal to what extent reflecting on sexual and gender non-conformity constitutes a vantage point for reconstructing the cross-cultural interactions between Christianity and Islam in the Mediterranean world. On the one hand, proscribed sexual behaviours and gendered performances opened the possibility for connections in

semi-clandestine networks of sociability that would have been inconceivable in other settings. On the other, cross-religious sexual and emotional exchanges sometimes favoured processes of religious hybridisation or the development of skeptic attitudes towards institutionalised faiths.

Love, Sex and Marriage -

Cohn-Sherbok Dan 2015-04-21

In all three Abrahamic faiths, Judaism, Christianity and Islam, marriage is part of God's plan for humanity, as illustrated in the Hebrew Scriptures, the New Testament, and the Koran as well as the religious literature of these three traditions

Intended for Pleasure - Ed Wheat 1981

Combines scriptural teachings on love and marriage with the latest medical information on human sexuality to lead Christian couples to a full awareness of the pleasures that can be found in sexual union

Sex, Marriage, and Family in World Religions - Don S.

Browning 2006-02-01

Spanning thousands of years, this new collection brings together writings and teachings about sex, marriage, and family from the Jewish, Christian, Islamic, Hindu, Buddhist, and Confucian traditions. The volume includes traditional texts as well as contemporary materials showing how the religions have responded to the changing conditions and mores of modern life. It reveals the similarities and differences among the various religions and the development of ideas and teachings within each tradition. Selections shed light on each religion's views on a range of subjects, including sexuality and sexual pleasure, the meaning and purpose of marriage, the role of betrothal, the status of women, the place of romance, grounds for divorce, celibacy, and sexual deviance. Separate chapters devoted to each religion include introductions by leading scholars that contextualize the readings. The selections are drawn from a

variety of genres including ritual, legal, theological, poetic, and mythic texts. The volume contains such diverse examples as the Zohar on conjugal manners, a contemporary Episcopalian liturgy for same-sex unions, Qur'anic passages on the equality of the sexes, the Ka-masu-tra on husbands, wives, and lovers, Buddhist writings on celibacy, and Confucian teachings on filial piety. Contributors include: Michael S. Berger, Emory University; Azizah Y. al-Hibri, Richmond School of Law; Alan Cole, Lewis and Clark College; Paul B. Courtright, Emory University; Patricia Buckley Ebrey, University of Washington; Raja M. El-Habti, Muslim Women Lawyers for Human Rights; Luke Timothy Johnson, Emory University; Mark D. Jordan, Emory University

Making Sense of Sex -

William Loader 2013-08-15

This book is about listening to what writers were saying about sex in early Judaism and Christianity -- ancient words surprisingly relevant for today.

It functions as both a summary and a conclusion to William Loader's five previous books on sexuality in a form accessible to those who may not have a background knowledge of early Judaism and Christianity. It also contains a useful subject index to those five previous volumes. In examining thoroughly all the relevant writings and related evidence of the Greco-Roman period, Loader dialogues with scholarship related to each writing in order to make his conclusions as objective as possible. By enabling the reader to listen respectfully to these ancient texts, Making Sense of Sex provides a basis for informed discussion of sexual issues today.

Christians in the Twenty-First Century -

George D. Chryssides 2014-09-11

'Christians in the Twenty-First Century' examines Christianity as it is understood and practised both by active followers and those who regard themselves as Christian. The book opens with an examination of key Christian

concepts - the Bible, the Creeds, the Church and the sacraments - and the major traditions of Roman Catholicism, Eastern Orthodoxy and Protestantism as well as more recent movements. The book continues with an analysis of the challenges presented by the rise of science, new approaches to biblical scholarship, the rise of fundamentalist movements, the ordination of women, secularization, the interfaith movement, and the impact of the electronic revolution.

Contemporary Catholic Health Care Ethics - David F. Kelly 2004-10-28

As David Kelly writes, "Catholic moral theology has not been completely constant over the centuries; it has learned and developed." In *Contemporary Catholic Health Care Ethics* he demonstrates how Catholic health care ethics can—and should—evolve similarly in response to the lightning speed of modern medical advances. Kelly draws on and analyzes the Catholic tradition of

medical ethics—but he does not shy away from criticizing it as well, giving health care professionals, hospital ethics committees, and students a fresh treatment of Catholic health care ethics emphasizing theology, methodology, and application. First discussing the Catholic understanding of the human person, Kelly proposes a Catholic Christian approach to the meaning of human life as it applies specifically to health care. He includes a brief history of the relationship between religion and medicine, and makes strong claims about how theology ought and ought not to be applied in health care ethics. Drawing from the terminology and approaches used by secular bioethics, he suggests how a Catholic perspective on health care can utilize certain secular moral-philosophical positions, even as they apply to the issues of birth control, and end-of life concerns. As practitioners, patients, and families face the difficult decision to continue or stop treatment for dying

*Downloaded from
legacy.opendemocracy.net
on 2019-05-28 by guest*

patients, Kelly compassionately, but practically, explores their concerns in light of American law and ethics. Finally, he provides measured insight on pain management, hospital ethics committees, stem cell research, genetic engineering, and allocation of health care resources. Contemporary Catholic Health Care Ethics is informed, challenging, articulate, and bold—bringing to the extremely important field of Catholic health care ethics a much-needed and welcome voice, unafraid to speak to the most difficult issues of the 21st century.

Sexual Happiness in Marriage - Herbert Jackson Miles 1976

Christianity and Sexuality in the Early Modern World - Merry Wiesner-Hanks 2014-05-22

The book surveys the ways in which Christian ideas and institutions shaped sexual norms and conduct from the time of Luther and Columbus to that of Thomas Jefferson. It

is global in scope and geographic in organization, with chapters on Protestant, Catholic, and Orthodox Europe, Latin America, Africa and Asia, and North America. All the key topics are covered, including marriage and divorce, fornication and illegitimacy, clerical sexuality, same-sex relations, witchcraft and love magic, moral crimes, and inter-racial relationships. Each chapter in this second edition has been fully updated to reflect new scholarship, with expanded coverage of many of the key issues, particularly in areas outside of Europe. Other updates include extra analysis of the religious ideas and activities of ordinary people in Europe, and new material on the colonial world. The book sets its findings within the context of many historical fields- the history of sexuality and the body, women's history, legal and religious history, queer theory, and colonial studies- and provides readers with an introduction to key theoretical and methodological issues in each of these areas.

Each chapter includes an extensive section on further reading, surveying and commenting on the newest English-language secondary literature.

What's the Big Deal? - Stan Jones 2019-08-06

One Million Copies Sold in Series! Christian Book Award: ECPA Medallion of Excellence
Your kids know about sex. But what they've gathered from TV, other kids, or the internet doesn't tell them everything or answer all of their questions. *What's the Big Deal?* was written to help parents provide the answers to their 8-to-12-year-olds. This book explains the basic facts about sex and related issues such as: Why God made adults so that they

want to have sex What God actually says in the Bible about sex and why it's designed for marriage The amazing changes ahead of you during puberty How to respond when you feel sexual pressure from friends, TV shows, movies, and magazines Your kids can read this book with you so you can discuss it together. This provides them the safe space to ask hard questions they might find embarrassing. The book will help kids understand what a beautiful and exciting gift from God sexuality is meant to be. Now revised and updated with: Separate chapters on puberty for boys and girls A chapter on the dangers of pornography An expanded age range (formerly 8 to 11, now 8 to 12)
