[The Works of Charles Darwin: v. 22: Descent of Man, and Selection in Relation to Sex \(, with an Essay by T.H. Huxley\)](#) - Paul H Barrett 2016-05-23

The 22nd volume in a 29-volume set which contain all Charles Darwin's published works. Darwin was one of the most influential figures of the 19th century. His work remains a central subject of study in the history of ideas, the history of science, zoology, botany, geology and evolution.

Oh Shit! I'm Over 50 and Single - P. A. Brook 2017-11-17

You might think I am a psychiatrist, or perhaps a guy Dear Abby, to write a book about what it's like to be single in your 50s. Nope. I was just single in my 50s. And I needed help. Over time and trial and error of many approaches to dating (and lots of therapy), I began to figure things out. Single-dom in middle-age should not be a death sentence to your sex life or happiness. Think Steve Carell's character from *Crazy, Stupid Love*--when most men find themselves bald, significantly uncool, and suddenly dumped, they don't have a Ryan Gosling to usher them through this next phase in life. That's where I come in. *Oh Shit! I'm Over 50 and Single* is any man's--and woman's--answer to that first morning of waking up alone. It gets better. Only slightly, but it does. From chapters like "To V Or Not to V" to "Sprechen Sie Deutsch?" this guide touches on everything from the little blue pill to dating foreign women to sex toys to menopause with a robust selection of personal stories. "I enjoyed your very authentic honesty and your sense of humor. Having been married three times myself (the third being a keeper), I can empathize with the large group of people you're writing for, both men and women. You're a good storyteller and you offer fair and hard-won advice." -- George "Brook's tongue in cheek guide to after-50 dating packs a wallop of

handy tips for the dating weary and dating wary!" -- Kathryn ..".very entertaining. It is information, funny, realistic, and well written. The book is delightful and the endless examples drive home your point time after time." -- Rich

[From Vichy to the Sexual Revolution](#) - Sarah Fishman 2017

From Vichy to the Sexual Revolution explores the factors that led to such radical changes in French notions of gender roles, family structures, and sexuality. Sarah Fishman follows French women's path toward emancipation from winning suffrage in 1945 to the social movements of 1960s, painting a broad view of shifting habits and ideas about love, courtship, sex, marriage, parenting, childhood, and adolescence. She surveys a wide range of sources, including juvenile court cases, inexpensive guidebooks on marriage and childbirth, and popular magazines--*Marie Claire* and *Elle* most notably, where iconic columnists such as Marcelle Auclair and Marcelle Ségol answered readers' letters and dispensed intimate and inspirational advice to millions of women.

Gender Issues and Philosophy Education - Markus Tiedemann
2023-01-31

With this volume a gap in the philosophical didactics is closed. A historical section initially introduces authors who have determined the gender discourse and at the same time a critical discussion. This is followed by an overview of sexual and gender diversity, its basics and differentiations. Theoretical papers then deal with the relevance of gender research for the self-understanding of philosophical education. Finally, practice-specific contributions demonstrate how topics and aspects of the gender problem can be prepared for different age groups and school types. With 2 lesson plans.

The Nurse's Role in Promoting Optimal Health of Older Adults - Jean W Lange 2011-09-02

Awarded a 2012 AJN Book of the Year Award! Why focus on the negative aspects of growing old while most older adults are leading positive, fulfilling, and active lives even while dealing with the changes associated with aging and chronic illnesses? Promote healthy aging; learn what it means to age successfully; and develop the tools and resources that can optimize well-being during the later years in life with the guidance you'll find inside. The author, a nationally recognized expert in the field of gerontology addresses the physical, psychosocial, and spiritual needs of older adults based on a holistic, mid-range nursing theory of successful aging. Contributions from healthcare professionals in exercise physiology, nutrition, pharmacy and elder law help you understand how these disciplines work together to benefit patients.
